Attorney G. Arthur Rathbun reminded the members of the housing association of the fact he feared their incorporation papers might not be accepted by the state and reported they had been returned. Co-partnerships and corporations taking stock in the association had signed the incorporation papers as such co-partnerships and corporations, and Mr. Rathbun had questioned the advisability of this at the time, but was willing to send them in and await word from the secretary of state. It was for this reason the papers were returned. The attorney had a new draft of the papers all prepared, however, and these were properly signed at once and the document submitted to the state authorities. Mr. Nyland announced all who had subscribed for stock had promptly paid the first levy of 10 per cent, recently made.

The president of the club made it known the manner in which autos are being parked on Chicago street had been called to his attention and had to admit the residents of the ctiy were the most frequent violators of the rules. He was of the opinion if the Commerce club members set a good example and obeyed the regulations others would soon do likewise.

At this stage of the proceedings President Nyland popped the question, "Shall women be admitted to membership in the Commerce club?" explaining one or two had approached him and expressed a willingness to join if permitted. Rev. Thompson made a motion women be admitted and it was supported, but when remarks were called for there was considerable opposition. Village President George Hines, R. K. Anderson and Herbert S. Temple were among those to voice a protest against the proposition. When the question was put to a vote those objecting were greatly in the majority.

The parking problem was again brought up, Mayor Hines pleading all motorists drive and park their cars properly. Attorney Rathbun recalled there is an ordinance in Tecumseh in regard to this matter, which provides all vehicles must head straight in when parked but no car shall be left within 30 feet of a fire hydrant. At Monday evening's meeting of the council this ordinance was changed, cars now to be parked at an angle of 45 degrees.

After President Nyland informed the gathering the Commerce club at a previous meeting had decided to again have the Wednesday specials this year but nothing further had been done, a motion prevailed a committee be appointed to raise funds for the project. Fred Rosacrans was named, he to select his own aids.

When the business was disposed of the meeting resolved itself into an open forum for the discussion of anything that might be brought up. Lester Rogers moved the Commerce club see to it that the streets in the business section be sprinkled regularly during the coming summer, but President Nyland declined to entertain the motion, saying it was a matter for the council to look after rather than the business men. President Hines of the village trustees remarked the council furnished the wagon and donated the water last year and probably would do no more this season. A motion was then passed that a committee from the business men look into the matter, and the three who were active along this line last year were reappointed. They are Frank Avery, Thomas McCann and Leon Rosacrans.

Leon E. Temple brought up the question of street oiling in the residence districts and this resulted in much discussion. Mr. Temple favored a committee be appointed to have charge of this, advocating where a street is to be oiled each property owner pay his proportion in advance, as this would prevent such a controversy as developed on one thoroughfare last year. Mayor Hines stated the village owns an oiling wagon and will furnish it free, but will not buy the fluid nor be responsible in any way. The outcome of the matter was that Leon Temple was named as a committee to represent those who desired to have their streets oiled.

An earnest appeal for more generous support of undertakings by Underwood-Orr post, No. 34, American Legion, was made by Attorney Rathbun. He said the local post did not plead for donations, but did request their entertainments be patronized by the business men. Other towns and communities had made very liberal cash donations to their posts of world war veterans, he stated, and the business men of Tecumseh and others should show their appreciation by attending the entertainments put on by the local Legion. Mr. Rathbun informed the gathering the Tecumseh post lost nothing on its first boxing match but suffered a deficit of about $200 on the second, and while no contributions were requested, the ex-soldier boys hoped for better results at the third of the series of shows. The speaker declared we forget too quickly and should bear in mind how much the deeds of our boys on the foreign battlefields meant to us and stand back of them now in all of their worthy projects. He had prepared a pledge which was to the effect the signer agreed to buy a ringside seat and sell one other seat for the next bouts to be held by the Legion, many affixing their names to the paper.

D. T. Hall, secretary of Tecumseh Grange, announced he was ready to become a member of the Commerce club, saying every business man and farmer, every clerk and shopman should be interested in the prosperity of Tecumseh, as upon the prosperity of the town depended the prosperity of the individual. He contended instead of 50 members the club should have 500 and advocated cards be passed at once to all who desired to affiliate with the organization. This was done and not a few new members were secured. Even former residents of this city are interested in the town's prosperity, this being evidenced by a letter received by R. S. Moore from W. R. Brazee, now of Decatur, Ill. The letter was read by Mr. Moore, in which the former Tecumsehite said he noticed by an article in The Herald Mr. Moore was on the membership committee, and if the club did not object the writer desired to join the organization. Mr. Brazee was of the opinion if all boosted Tecumseh could be made one of the busiest and best towns in the state.

It had been intimated the recent adoption of Eastern time was to be a subject for discussion but the meeting broke up before the matter was broached. Groups of the guests did talk the problem over at the close of the meeting.

How Do You Feel—When You Stoop?

Slow and sluggish movements, tired action, backache, rheumatic pains, stiff joints or sore muscles indicate that something in the human system is out of order. In most cases, these symptoms are the result of waste matter or poisonous acids being left in the blood by the failure of the kidneys to properly do their work of filtering and casting out impurities from the blood.

STOPPED HIS BACKACHE

"I am 70 years old. I tried Foley Kidney Pills, thinking I needed them—as my back was hurting and aching all the time. I got so bad that when I would stoop over in the store while at work I could hardly raise up—such an awful catch in my back. After taking just one bottle of Foley Kidney Pills, my backache was entirely gone and I felt good and strong. I think they are the greatest remedy for backache and irregularities of the bladder."—W. P. Tatom, R. F. D. 1, Washington, Pa.

FOLEY KIDNEY PILLS have been used by young, middle-aged and old with complete satisfaction. You will find them different from all other remedies. They act quickly and surely and have given relief in cases of years' standing. If you have cause to suspect your kidneys are weak, disordered or inactive, you should act immediately.

Method of Handling Lumber
Is Big Factor In Its Price

Like handling anything else, there are economical and wasteful ways of handling lumber. Boards and timbers can be stored so the elements will soon make much of the material unfit for use, the wastage being charged up against the usable lumber, making this that much more expensive. Lumber can also be piled and handled in such a way that deterioration will be at minimum, thus lowering the cost of the building material.

We have given the lumber handling problem much serious thought and believe we have solved it. At least we have devised a plan whereby we are keeping the spoilage account very small, this resulting in keeping the cost of lumber down to a marked extent.

Wastage at Minimum

Our method also means better service to our patrons, as our stocks are always in such condition that no valuable time is lost when a customer wants a certain piece of lumber. The plan followed here is productive of quicker service, this also tending to keep the cost at a minimum.

Wastage is practically unknown here, as even the smallest piece of scrap lumber is put to some use, this phase of lumber handling alone being quite an item when it comes to keeping down expenses and therefore the cost of material.

Low Price Plus Service

And we have not stopped in our efforts to increase and improve the service to you. We are constantly giving this question thought that our lumber stocks and general supply of building material may be delivered to the purchaser at as low a figure as possible.

We offer you lumber at as low a price as is consistent with prevailing conditions and in addition you get the benefit of our special service to patrons. Our plant is especially well equipped to handle the bigger jobs, as we can turn them out at a rate that will be a substantial saving to the builder.

Thus the lumber question in Tecumseh resolves itself into this situation: IF YOU DESIRE TO PURCHASE LUMBER AT AS LOW A PRICE AS POSSIBLE AND AT THE SAME TIME HAVE REAL SERVICE AT YOUR COMMAND YOU MUST NEEDS BUY YOUR MATERIAL OF

HAYDEN'S XXXX 1900 XXXX PURE FLOUR
IS RIGHT

The Flower of the Family

They Use It--Not

What makes my dad so cross and gruff
And mother always in a huff?
What makes the baby weep and wail,
and the grub so fearful stale?
What makes the entire family sour?
They don't use "1900" Flour.

They Use It

Our home is happy, glad and bright
From early morn 'till late at night.
The "1900" brand we use,
The kind that all wise people choose.
And Bridget sings of this great flour:
"I knead thee every hour."
—Graham.

The foregoing advertisement, submitted by Ralph Field, was awarded first prize in the past week's ad writing contest conducted by the Wm. Hayden Milling Co. He may take his choice of a 25-lb. sack of "1900" Flour, Professional Baseball and Bat (worth $2.50), $2.00 in trade at the Webster Anderson Co. or Fred Rosacrans & Sons.

Second prize was given Rev. and Mrs. W. A. Rex, and third prize was won by W. L. Coller. The second prize is choice of a 12¼-lb. sack of "1900" Flour, baseball bat (a peach, too!), $1.00 in trade at Fred Rosacrans & Sons or Webster Anderson Co. The third prize is choice of 5-lb. sack of Hayden's Graham, 50c in trade at Satterthwaite Bros., 50c in trade at either of Tecumseh's excellent dry goods stores.

One Week More

Truly the merits of 1900 Flour are recognized in its home town. Up to 9 o'clock Monday morning, April 19, of the third week of the contest, 130 contestants submitted ads for this superlative flour. In all 145 advertisements have been submitted.

Among the excellent advertisements containing drawings this week due credit must be given Miss Beth Widney. The reason that drawings could not be entered is because the drawing could not be reproduced without entailing considerable expense in the making of a cut.

Honorable mention to—
T. C. Harris of Ann Arbor,
Miss Stelzer of Tecumseh,
Lucian Williamson of Tecumseh,
Geraldine Gillespie, Tecumseh,
Donald Wallinger, Tecumseh, and
Sylvina Katherine Sanderson.

Will Coller submitted several ads, each containing original and unique ideas. In fact we have been surprised at the host of original ideas that swamped The Herald office last week.

THOSE WHO DID NOT WIN PRIZES

Do not think that your ad was disregarded because there were very few advertisements that were not good. In granting the prizes we have taken into consideration four points: 1—attraction; 2—holding interest; 3—presenting argument; 4—compelling action. Some of the cleverest ads submitted were excellent in some one of these four points but did not contain all.

WIDOW OF A FORMER TECUMSEH PASTOR DEAD

Her many Tecumseh friends will learn with grief of the death of Mrs. Emma A. Conley at her home in Highland Park, Mich. Her funeral was held Monday afternoon from the Conley Memorial church in Highland Park.

Mrs. Conley was the widow of Rev. Charles E. Conley, who was pastor of the Baptist church in Tecumseh from 1878 to 1885. Later he was pastor in Detroit and director of the state denominational work. Mrs. Conley was his very active assistant and had a host of friends in Tecumseh.

MACON

Obituary—Jacob Harring.

Jacob Harring was born September 16, 1837, at Freehold, Monmouth county, N. J., and passed away at the home of his son in Detroit April 6, 1920, at the age of 82 years, 6 months and 20 days. In 1851, when he was about 14 years old, he moved with his parents, Garret D. and Sarah Harring, to Macon, Mich., where he made his home until about ten years ago, when he went to live with his son in Detroit.

In the fall of '61 or '63 he enlisted in the Sixth Michigan heavy artillery, which was stationed near Mobile and New Orleans, and with his regiment patrolled the Mississippi and Red rivers until mustered out of service at the close of the Civil war.

He was the second of a family of ten children, consisting of five boys and five girls, all but two of whom survive him. He also leaves to mourn their loss his widow, Mrs. Anna Harring, one daughter, Mrs. Dettie West, of Long Branch, N. J., one son, William Harring, of Detroit, two grandchildren and one great-grandchild.

Funeral services were held Thursday, April 8, at the home in Detroit and on Friday the remains were brought to Macon, where funeral services were held at the Presbyterian church. Rev. Rex officiated and burial was in the family lot in the Macon cemetery.

Those present from away were Mr. and Mrs. William Harring of Detroit, Mrs. Chas. Moody of Jackson, Mr. and Mrs. John Bennett of Tecumseh, Alonzo Collins of Dundee, Mrs. Will Smith of Tecumseh, Mrs. Ernest Robison of Ann Arbor, Mr. and Mrs, William Schaeffer of Ypsilanti and Mrs. Ella Cotton of Clinton, Mrs. Art Smith and daughter of Britton, Bradley Scudder of Detroit.

Club Home is Aim of Monday Club

Fund-Raising Plan Started—County Federation to be Invited Here—Program Engaging.

This week's session of the Monday club was this organization's last meeting of the season as a club and the attendance was the largest of the year, in compliment to the out-going president, Mrs. J. H. Smith. Many new names were voted in, among them Mrs. Guy Pocklington of Ridgeway, Mrs. Newton Satterthwaite, Mrs. Geo. Sanford, Mrs. I. W. Boltz, Miss Marian Bills. It was voted to invite the county federation to meet here next spring.

Mrs. F. S. Turner, the in-coming president, named the program committee for next year as follows: Mrs. C. A. Wright, Mrs. W. D. Reed, Mrs. F. S. Dickinson, Mrs. J. D. Shull, Mrs. E. D. Brown and Mrs. Ella James.

Edgar Guest had been chosen as the speaker for gentlemen's evening, subject to his convenience. Next Monday is the only date he could give, so the ladies voted to invite him here on that day for an evening entertainment at the school house auditorium, when each club member will be privileged to invite two guests. As the club now has 135 members, Mr. Guest is assured of a capacity house.

A committee from the club, with Mrs. J. D. Shull chairman, is working for a club house. This committee has decided on the calendar plan to raise money for this purpose and by the opening of the club year they are assured of a tidy sum.

Miss Sena Hosmer gave an excellent paper on the sponge industry in Florida, which she illustrated with many post cards and sample sponges, which she brought home with her on her return last week.

As this was Patriotic day on the club calendar, with Mrs. J. D. Shull leader, she introduced Mrs. Chas. Morse of Adrian, president of the county federation, who, in a charming little speech, reminded the members of the federation meeting in Cement City April 29 and sought to inspire a greater interest in the Woman's Congress at the fair. Several patriotic songs followed:

"The Marseillaise," by the club.

"The Most Beautiful Flag in the World," Ernest Church, with an encore, "My Own United States."

"The Story of Old Glory," Mrs. R. S. Moore.

John C. Ketchum of Hastings, so well known here, was heartily greeted and gave a most interesting and inspiring address on "Selling America." His theme was that all must be salesmen of ideas as well as commodities. His talk was along this line:

Now, instead of being the united nation we were during the war, we are torn with jealousy, unrest, full of alarm. We must go forward in the arts of peace as we did in arts of war. God from beginni[illegible] our land to be leader of all and we must lay our wonderful advance to the fertility of the soil. We have brought during the war to millions of people the same blessed principles we have enjoyed for the last 150 years, free consent of government, equal rights for all and legal self control. Our liberty ends where the other fellow's rights begin. These are the three ideas to be solved, which are peculiarly American and the admiration of the world. America's power seems limitless, shown by the millions of dollars worth of bonds sold and millions of bushels of grain saved when the world needed it. The idea seems to be prevalent that it is immoral to work. H. C. of L. means high cost of loafing rather than its usual meaning. Our production is slumping, that's what ails things now. Then we don't want to fellowship with the foreigner. God send the day when the words "Wop," "Hunkie" and "Chink" will be stricken from our language and we will be brothers in act, but they who will not live by the law should be kicked out and we must not wait for "George to do it." It's your responsibility. Right now you are subject to "house-cleaning-itis." Don your regalia and go at it in the nation as thoroughly as in your homes. Be the salesman with enthusiasm in the person to whom you are selling your commodity of ideas.

He closed with the illustration of Edward Everett Hale's "Man Without a Country."

At the close of the program a delicious lunch was served by Mrs. W. L. Jones' and Mrs. J. W. Beardsley's committees.

BRADLEY OPERA HOUSE ATTRACTIONS

Comedy Saturday Night.

Next Saturday night, April 24, will be comedy night at the Bradley opera house when the management of that popular play house will present two of the screen's greatest comedians on the same bill. Of course the greatest of them all, the one and only Charley Chaplin, will head the bill in the first of the new "Chaplin Classics" entitled "The Floorwalker." The Chaplin classics are considered the funniest pictures of the world's greatest funny man and after seeing them you will say that they are all that is claimed for them.

Taylor Holmes, the past-master of facial expressions, will be presented in the five-act comedy production "Three Black Eyes" which is a farce of New York social life presenting the humorous adventures of a care-free scion of wealth in his rapid flight from a life of ease to the weighty responsibilities of being a hero.

On the very night when he is wishing "bon voyage" to John Barleycorn, Holmes makes his escape to his yatch, from a New York cafe, after the head waiter has forced his exit.

Aboard the yacht "Taro" events happen in quick but comic succession.

The star and everyone in "Three Black Eyes" are to be envied. For most of the scenes shot during the torrid summer weather were filmed aboard the private yacht, "Taro."

They do say a good laugh is the best tonic on earth for big or little, old or young, and according to all reports the laughs will be long and plentiful Saturday evening and you know the old adage, "Laugh and the world laughs with you; weep and you weep alone," and it's a safe saying that a goodly portion of the world will laugh with you at the Bradley next Saturday night, judging from the enormous crowds which have been attending the big special programs there.

"Her Kingdom of Dream," With Anita Stewart, Sunday.

On Sunday evening, April 25, Anita Stewart, who patrons of the Bradley will remember for her charming appearance and excellent acting in "Virtuous Wives" and "A Midnight Romance," will be seen in a magnificent picturization of Louise Provost's powerful novel from "The Peoples Home Journal," "Her Kingdom of Dreams."

The picture was directed by Marshall Neilan, who has directed all of Mary Pickford's new productions, and in presenting Miss Stewart in "Her Kingdom of Dreams" the producers have selected an all star cast for her support. Such stars as Kathlyn Williams, Anna Q. Nilsson, Tully Marshall, Thos. Santschi, Thos. Jefferson, Wesley Barry (whom you will see again in Mary Pickford's big production of "Daddy Long Legs," which is on its way to the Bradley) and many others, all who have been stars in their own pictures are in the cast with Miss Stewart, which gives one of the greatest casts yet seen in any one picture.

"Her Kingdom of Dreams" is in seven big acts, magnificently staged with excellent photography and is one of the really big pictures that will be seen at the Bradley at regular admission prices.

Our special orchestra, which, by the way, is making quite a hit with the big Sunday night audiences, will render new selections during the evening, and a new Sunshine comedy will complete the big program.

"Daddy Long Legs" Coming.

Mary Pickford in one of her latest and biggest productions, "Daddy Long Legs," will be an early attraction at the Bradley. Miss Pickford paid Klaw & Erlanger, the biggest producers of big stage shows in the world and owners of the story, $40,000 just for the rights to make the photoplay of "Daddy Long Legs." You have undoubtedly read this famous story by Jean Webster, most every one has, so watch for the opportunity of seeing Miss Pickford in the screen production.

HOLLOWAY

Bailey-Binns Nuptials.

A very pretty wedding was solemnized at the Presbyterian church Wednesday afternoon, April 14, at 2:30, when Miss Ina May Binns, only daughter of Mrs. Addie Binns, was united in marriage to Charles Bailey. Rev. C. B. Hawkins of Lansing performed the ceremony.

The bride was charming in a beautiful gown of white georgette over white silk. Miss Ruth Curry was maid of honor and wore pink georgette. There were two bridesmaids, Miss Rebecca Bailey, sister of the groom, and Miss Mary Bloomer. Ray W. Binns, brother of the bride, acted as best man. Pawson Bailey, a brother of the groom, sang, accompanied by Miss Winnifred Mitchell, who, immediately after the song played a beautiful wedding march as the bridal couple entered. After the ceremony a reception was held in the church parlors, to which the relatives and intimate friends were invited.

The bride is a popular young lady of this place, having always lived in this community. She is a graduate of Ypsilanti Normal school and has spent some little time teaching at various points. Blissfield was her field of labor during the past year, she having resigned her position there just recently. She is an active member of the Presbyterian church and an enthusiastic worker in the Sunday school. The groom is the son of Mr. and Mrs. Vernon Bailey, who reside on a farm east of Holloway, having moved here from Ohio about three years ago. The couple will reside in Holloway.

Church Notes.

Church services were held as usual Sunday morning, with a very good attendance. Dr. Freeman of Adrian college preached a powerful sermon. His theme was the Inter-Church movement. Christian Endeavor was held in the evening. The topic was "When We Need Courage."

The Ladies' Aid society held a special meeting at the parsonage Wednesday afternoon to talk over financial affairs and fixing the parsonage.

There was a meeting of the church officers held at the church Saturday evening; also a few of the ladies were asked to attend. It was decided to put some new windows in the parsonage, also to paper some of the rooms.

Holloway News Notes.

Edgar Rogers is driving a new Studebaker "Light Six."

Miss Ruth Straddling is assisting in the F. J. Blouch store.

Mrs. Bale of Scofield is visiting her daughter, Mrs. Fred Blouch, and family.

Fred Rogers is here to spend some time at the home of his niece, Mrs. Myrlen Fairbanks.

Miss Florence Schleicher of Ann Arbor visited a few days the first of the week with Miss Carmen Gobba.

Mrs. Fred Kopke spent a few days during the week in Adrian with her daughter, Mrs. Ed Clement and Mrs. Merell Grandy.

Miss Carmen Gobba and guest, Miss Florence Schleicher, of Ann Arbor spent Monday night in Adrian as guests of Miss Ruby Purdy and attended the Cadman concert.

Mrs. W. P. Rainey went to Detroit Wednesday to visit her sister, Mrs. Gale Fisher, and family. Her sister, Mrs. I. W. Calhoun, of Bay City, was also a guest at the Fisher home. Mr. Rainey joined his wife Friday evening, both returning home Sunday.

It is all very well to think of America as the melting pot, but one must remember that some things won't melt unless we make it very hot for them.

A man may be a hearty advocate of peace among nations without cherishing the slightest reluctance toward war among party factions.

Disastrous Cyclone Sweeps Over Ridge Road, Causing a Property Loss Totaling Many Thousands

RESIDENTS' ESCAPE IS MIRACULOUS

More Than Dozen Houses, 16 Barns, Church and Smaller Structures Leveled—Number of Persons Injured, But None Critically—Strip 3 Miles Long and 30 Rods Wide in Macon Devastated.

Although some steps have already been taken to replace wrecked buildings, desolation and ruin still clearly mark the path of the cyclone which last Thursday afternoon swept over the Ridge road, about five miles northeast of Tecumseh, injuring about a dozen persons, destroying no less than 13 houses and 16 barns, demolishing a church and miles of fences, killing much livestock and uprooting a large number of trees. The strip where the greatest damage was done is about 30 rods wide and about three miles long, wreckage being strewn over practically every foot of ground in the devastated territory, the property loss running high into the hundreds of thousands of dollars. Few of the victims had cyclone insurance.

The twister, though lasting but three minutes, was of great violence, leveling houses, barns and whole orchards, buildings being reduced to such fine pieces of kindling that the wreckage can hardly be identified as having been part of a home or an outbuilding on the farms swept by the most destructive wind which has ever raced over Lenawee county.

It was just north of the Henry Karcher place on the Ridge road where the storm began its reign of destruction, and traveling northeast, it wrecked practically everything in it[illegible]. That no one was killed [illegible] more persons injured is considered miraculous, but many of those whose property was swept away saw the funnel-shaped clouds coming and sought shelter as best they could, one family crawling into a vegetable dugout, this probably saving their lives, as their home and barns had disappeared when they emerged from their place of safety.

So far as could be learned with any degree of certainty these are the most seriously injured:

Mr. and Mrs. Michael Horrigan; Mr. Horrigan suffered an injury to his right leg, while his wife is believed internally injured.

Jack St. George has three broken ribs, having been caught under a falling tree.

Leonard Miller sustained injury to his head, many splinters of [illegible] striking him.

[illegible] Miller, his son, was [illegible] cut about the head.

[illegible] far as could be learned these [illegible] the heaviest property [illegible] as the result of the twister's fury:

Ollie Frost, home and other buildings gone.

Lutheran parsonage damaged beyond repair and outbuildings shattered.

Frank Frayer, house and barn destroyed.

David Boyd, home and other buildings wrecked.

Joe Hollubik, everything leveled.

Ed Hanley, house and barns demolished.

Lutheran church practically destroyed.

Jack St. George, house in ruins.

C. A. Aloner, house wrecked and cow and several pigs killed.

Michael Horrigan, home demolished.

Tom Murphy, outlying buildings gone.

Burr Fulkerson, barns destroyed.

H. W. Meyers, roof of house torn off.

Fred Miller, barn blown away and about 30 sheep killed.

Henry and Fred Miller, house gone.

Joseph Harrington, house and barn blown away on one farm, barn on another.

William Young place, barn destroyed.

John Taylor, barns destroyed and house damaged.

Louis Lush, roof blown from house, outbuildings all wrecked and horse killed.

Clyde Gauntlet and Edgar Forsythe, barns demolished.

About three miles north of Ridgeway, in Macon township, is where the cyclone began its wave of destruction, flattening the large barn on the Fred Miller place and killing about 30 sheep. It was in this building that

(Continued on Page Five)

This is the main portion of the Frank Frayer home after the wind had toppled it over. The family saw the destructive cloud approach and with Mrs. Burr Fulkerson and two little daughters, who were visiting them, hastened to get out of the house. They got as far as the little part which is seen erect in the picture, this being the only section of the house which was not wrecked by the twister.

"God's Will No One Should be Killed"

Thus Rev. Frederick Schwede Accounts for Escape of His Family and Other Cyclone Sufferers.

"I believe it was God's will that no one should be killed and but few persons hurt in the storm."

This is the way Rev. Frederick Schwede, pastor of the German Lutheran church on the Ridge road, explains the miraculous escape of those whose worldly possessions disappeared in the cyclone which left such desolation in its wake just north of Ridgeway a week ago today.

A representative of The Herald on his Saturday visit to the scene of the disaster found Rev. Schwede trying to salvage as much of his furniture as possible, being busy in the study of the wrecked parsonage when the news gatherer arrived. After he had told the details of his family's escape, the pastor was asked how he explained that so few persons were injured and none lost their life in spite of the intensity of the gale, he replied:

"You know the Lord has control over all these things and I believe in His great mercy He willed it that no human life should be sacrificed and few persons injured."

Rev. Schwede had been in Detroit the day the twister wrecked his and so many other homes in that vicinity, but learned of the havoc wrought before he arrived home, so was somewhat prepared for the scene which he was to view on reaching the Ridge.

"SAFETY FIRST" CAST GUESTS AT A BANQUET

The Junior class on Friday evening entertained the students who put on the play "Safety First" at a splendid banquet at the high school gymnasium. Besides those of the cast were Lawrence Harrington and Homer Hanham, whose little skit occupied one of the intermissions. At the close of the dinner Russell Abbott, in behalf of the class, presented the teachers, the Misses Donaldson and Brooks, C. W. Price and O. W. Laidlaw, who had so efficiently trained the cast, each a check for $5 as a token of their appreciation. There were 40 in the company who enjoyed the banquet and the games which followed.

Pythian Sisters to Meet Here in 1921

District No. 7 Will Hold Next Annual Convention In Tecumseh—Local Degree Staff Highly Complimented by Supreme Chief.

Next year's convention of the Pythian Sisters of district No. 7 will be held in Tecumseh, the invitation of Josephine H. Hall temple, No. 49, of this city, having been accepted at the gathering of this fraternity held in Adrian Tuesday. The exact date of the 1921 meeting has not been set. About 150 delegates usually attend the district convention and about this number will be guests of the local temple when the next annual session opens in this city.

Tecumseh gained fame in another way at the convention at the county seat, as the degree staff of the local temple did the initiatory work before the gathering and was highly complimented, not only by the delegates from the other towns represented but by the supreme chief of the Pythian Sisters throughout the world, Mrs. Elizabeth Hutchinson, of Woodford, Me. The supreme officer commended the Tecumseh team for the impressive manner in which it had exemplified the ritualistic work, making especial reference to the dramatic way in which Mrs. Frank Snedicor, the most excellent chief, gave her addresses to the candidates. The supreme outer guard, Mrs. Addie Kemp, of Tipton and seven grand officers who were all in attendance at the convention joined with the supreme chief in complimenting the Tecumseh staff.

The convention was presided over by the district deputy, Mrs. Nellie Scattergood, of Alma, more than 150 delegates being present, 30 from this city. A business session was held in the morning, the ritualistic work being done by the local staff in the afternoon.

During the day a collection was taken for the benefit of the victims of the cyclone on the Ridge road, quite a sum being raised.

This convention was the fifteenth annual gathering of the Pythian Sisters in this district, among the towns represented being Tecumseh, Milan, Tipton, Hudson, Manchester, Monroe, Quincy and Waldron. It was held in the armory.

WILLIAM BLY TAKES AN ADRIAN GIRL AS BRIDE

William Bly of this city was on Thursday evening last married to Miss Alma Siegert of Adrian, the ceremony being performed by Rev. John Nicholia at the German Lutheran parsonage. The couple were accompanied by Mr. and Mrs. H. Mattausch, the former a cousin of Mr. Bly and the latter a sister of the bride. Upon returning to the home of the bride's parents, Mr. and Mrs. August Siegert, a wedding supper was served to the immediate family, Mrs. A. S. Thayer, mother of the groom, and his little daughters being of the company.

Mr. Bly is well known in the village as a young man of sterling worth. His wife has been a teacher at the industrial home for girls at Adrian, having been manager at Clark cottage for some time. They are now receiving the best wishes of many friends at their home on West Cummings street.

A. O. Howard Made Farm Bureau Head

Tecumseh Township Perfects Organization—Success Assured by Interest Shown—Handling Wool and Twine Collectively First Step.

Tecumseh township now has a full-fledged Farm Bureau, such an organization having been perfected at a meeting held Friday night at Grange hall in this city. A. O. Howard is the president of the bureau, the object of which is to give the farmers of this community an opportunity to buy and sell collectively and to see that the interests of the agriculturists are looked after as they should be.

The organization meeting was well attended and marked enthusiasm was displayed in the formation of the bureau, which augurs well for the success of the body. These officers were elected:

President—A. O. Howard.

Vice President—D. T. Hall.

Secretary-Treasurer — Ernest Harris.

Directors—Fred Sheldon and H. B. Tallman.

The executive committee is composed of these five men.

It has been decided to devote particular attention to the selling of the wool raised in this commu-

Red Cross Doing Much for Sufferers

Lenawee Chapter Directing Relief Work and Providing For Needs of Storm Victims.

As soon as news of the destruction wrought by the cyclone reached the headquarters of the Lenawee County Red Cross chapter, Miss Mary McKenzie, secretary of the home service department, and other workers rushed to the aid of residents of the Ridge road and since have been on duty every day. Much has been accomplished and much more is to be done, especially after the victims are provided at least temporary homes.

Food and clothing were first provided in abundance, many articles being purchased to meet the emergency needs. The donations of the generous neighbors and others were distribut[illegible] best advantage and the relie[illegible] general was taken charg[illegible] Red Cross represen[illegible] Headqu[illegible] tion of cl[illegible] been establ[illegible] John Teufel home, about a mile beyond the Horrigan farm. Miss Mackenzie requests no more clothing be sent just at present, as the immediate needs of the sufferers have been provided. Beds are also plentiful now, but donations of pillows and bedding and mattresses will be welcomed.

One of the activities of the Red Cross is the taking of a census of the farmers who lost everything to learn how much seed they will need to plant crops this year. These will be furnished by the county chapter, that the victims of the storm may have every opportunity to get back on their feet financially. Repairing of damaged implements is also being looked after by the Red Cross, the work being donated by the hardware store at Britton.

The secretary of the home service department of the Red Cross says workers are still needed in the devastated sector and all who volunteer their services will be put to work.

Britton furnished the Red Cross canteen station 18 home-made pies Wednesday, but they soon disappeared when the hungry reconstruction workers made their appearance.

The canteen was at first located in the home of Arthur Miller, he having given the use of his residence for this purpose. When the reconstruction work was begun in earnest it was more convenient to have the canteen stationed at the Hanley farm and it has been moved to that place, being housed in a tent loaned by the Page fence company of Adrian. Dr. Claflin of Deerfield supervised the erection of the tent, it being due to his zealous efforts it was in use so quickly.

Today women from Clinton are assisting the Red Cross workers at the canteen, Britton having sent helpers on Wednesday. On Tuesday Tecumseh women, led by Mrs. Paul Bowen, were in charge of the canteen.

This City Liberal To Storm Victims

Benefit Picture Show Friday Night at Bradley Opera House, Dance Tuesday Evening.

Tecumseh hastened to the relief of the cyclone sufferers, liberal donations having been sent to the victims of the disaster.

A benefit picture show is to be held at the Bradley opera house Friday evening, the Tecumseh Commerce club promoting this entertainment.

Tuesday evening the Odd Fellows and the Rebekahs held a benefit dance at their own and Witherell hall for those who lost their possessions in the storm, quite a sum being realized.

Saturday morning Howard Matthews, Earl McNeil and Fred Sheldon, all members of the Baptist church, with their families drove to the cyclone district and on seeing the need of those who lost homes and all their possessions decided to do what they could. These men got busy and interested others and Sunday morning started at an early hour to do what they could in helping to rebuild. They joined the several hundred others who worked throughout the day and much was accomplished, the Tecumseh delegation helping Frank Frayer. While there they assumed charge of fitting out the home of Mr. and Mrs. Michael Horrigan and to do what else they were able. This good work was brought to the attention of Rev. W. R. Curits, and he made a plea for help at the community meeting at the M. E. church Sunday evening, and to say the people of Tecumseh responded is stating it very mildly for the M. E. Sunday school room looked like a country store with its contents of furniture, stoves, bedding, dishes and abundance of clothing, all of which is wearable. By the invitation of Mrs. Helen McNeil about 25 ladies gathered at her home Tuesday and sewed from 8 o'clock until late in the afternoon and much work was finished. At this meeting a committee was appointed to look after the distribution of the goods on hand. The committee is as follows: Rev. and Mrs. W. R. Curtis, Mrs. Helen McNeil, Howard Matthews, Mrs. Carrie Bryan and Mrs. Jay Morse.

That evening Mrs. McNeil and Mrs. Morse drove down with all the clothing not needed for Mr. and Mrs. Horrigan, who have no place as yet for their things. This was given over to the county Red Cross station, where it will be put to use in the best possible way. The Horrigans will be outfitted completely in furniture, bedding, stoves and even to table linen and silverware.

The committee in charge wishes to thank every one who was so generous with their gifts and all those who worked so hard at Mrs. McNeil's and especially Rev. Edward Escolme and Henry W. Stevens, who spent the whole day Monday gathering up the goods.

Tecumseh women, under the direction of Mrs. Paul Bowen, served the meals to the workers and others at the scene of the devastation on Tuesday, and the residents of this town in general are giving their liberal support to every movement started in behalf of the afflicted ones.

One lady said: "I paid $3.00 for an ice book last fall and have a few coupons left, but just as soon as they are gone will have you deliver me ice, as I would surely have to pay the same high prices this season if you were not in the business." $1.75 gets one of our books. Mutual Ice Company.—adv.

ADDISON PLAYS HERE ON FRIDAY AFTERNOON

This week's opponents for the Tecumseh high school baseball team will be the Addison nine, which comes for a game tomorrow, Friday, afternoon.

No date has as yet been set for playing off the postponed game with Britton.

The Tecumseh team was defeated at Clinton last Friday, the score being 17 to 12.

MRS. SPLETTSTOESSER IS BRIDE OF CARL GLANCEY

On Thursday last at the Methodist parsonage in Adrian took place the weding of Mrs. Florence Splettstoesser and Carl Glencey, both of this city, Rev. Earl Rice performing the ceremony. The couple were attended by Mr. and Mrs. William Cummings.

Mr. and Mrs. Glancey will reside here, the groom operating the vulcanizing establishment on North Ottawa street. Since disposing of her millinery business Mrs. Splettstoesser has been clerking in the Fred Rosacrans & Sons store.

See a Good Show For a Good Cause

Cyclone Victims Benefti at Bradley Opera House Friday Evening to Offer Feature Program.

The members of the Tecumseh Commerce club, in co-operation with the management of the Bradley opera house, have arranged a big benefit entertainment for the unfortunate ones along the Ridge road who have suffered such enormous losses in the cyclone of a week ago, many of them losing everything they had in this world, not even a change of clothing being left.

These unfortunate people are neighbors—they have helped to make Tecumseh the prosperous little city that it is—they are not asking for charity nor are you asked to give for charity, as at this big benefit performance you will receive full value for the admission charged and in buying this evening's pleasure for yourself you are helping these unfortunate people, for every cent taken in, with the exception of the actual rent for films and other running expenses, will be turned over to the cyclone sufferers.

Friday, April 30, is the night and the main feature of the evening will be the big scenic production, "Sporting Life," taken from one of the greatest English plays ever produced and was one of the big successes on the stage, both in this country and in England.

"Fatty" Arbuckle will be there, too, to help entertain you, in one of his biggest laugh producers. In order to take care of the big crowd which should turn out for an evening's entertainment of this class and for this purpose, the theatre will open at 6:30 for the first show, so get your tickets and get in early and assure yourself of good seats.

Editorial Comment

Homeless and robbed of all material possessions in less than five minutes is a calamity that may take the heart out of any individual. Such a calamity befell not only an individual or family, but an entire community of families when last Thursday a destructive cyclone licked up hundreds of thousands of dollars' worth of property along Ridge road in three minutes' time.

It is in a time of disaster like this when it is found what kind of stuff people are made of, and we have no reason to blush for the behavior of the people who suffered such disastrous loss, nor that of their more fortunate neighbors—the people of the community who so willingly came to the aid of the homeless. Bereft of home and all earthly possessions it takes courage to face the world and again start at the beginning, and we are glad the people of Ridge road are not lacking in courage.

It is also pleasing to note that we live in a community where selfishness does not reign supreme, but where the hand of human fellowship is extended when misfortune befalls a neighbor.

Every Tecumseh home should support the churches of Tecumseh. Every home will be given opportunity to pledge support Sunday when a general canvass will be made by committees composed of men who are interested in the work of teaching [illegible] spreading the gospel.

The churches of Tecumseh pledged to support the great Inter-Church World movement. The members and friends of the various denominations have responded nobly to the cause, and are giving more than ever toward the church work. But the needs of the churches of our city are far in excess of former years and extra efforts are necessary to carry on the work.

The church is the heart of a community and of a nation. Can you imagine what a community or a nation would be without a church? We recognize its great influence for lasting good in our children and see its stabilizing influence on our communities. The Inter-Church World movement means the co-operation of thirty denominations in spreading the good work of the church. It will mean fewer churchless towns and communities in our country and the establishing of more churches in unenlightened lands. It means eventually a better world in which to live. You have the opportunity to become a part of this great movement.

Unless owners and drivers of automobiles pay better attention to the village ordinance governing the parking of machines on the business street the proper authorities may be compelled to adopt drastic measures to enforce the regulations, especially so far as fire hydrants are concerned. On Saturday and Sunday evenings the hydrant near the Bradley opera house was completely blocked, with no opportunity for quick hose connection in case of fire. The sign requesting 25 feet distance for parking machines is plain enough, for one driver was heard to remark: "Twenty-five feet; well we are within 25 inches, that's good enough."

The distance requested by village ordinance is none too much to give proper working space to firemen when needed. The parking regulations are intended for the good of the community, to prevent fire loss and accidents, and every one should be careful not to violate the rules. If such violations continue it is the duty of our officers to make arrests and penalize offenders.

It is good to note that the overall club fad is not spreading as rapidly as a great number of such movements do. American people are apt to jump into any new fad that comes along. A general spread of the overall movement would result in raising the price of that necessity to working men without affecting the cost of other clothing.

A lady asked the other day: "Will we have our streets oiled this year?" Answer: "Of course you will if you want them oiled."

"LADIES NIGHT" IS HELD BY WIT AND WISDOM CLUB

Tuesday evening was "Ladies' night" with the Wit and Wisdom club, but the program was given by the men of the club, who most courteously toasted the ladies and heartily roasted each other.

The company was entertained in the parlors of the Presbyterian church, where a bountiful Bohemian supper at 7 o'clock started the program. This was served cafeteria style, the tables each bearing hyacinths or flowering geraniums by way of decoration.

There were a number of guests present, among them Mr. and Mrs. W. E. Slayton of Adrian. President J. O. Eaton called the company to order and conducted a business session, when it was voted to give $25 to the cyclone victims. The annual banquet was planned for May 11, to be held at the parlors of the Methodist church, the dinner to be served by Miss Anna Carson and her domestic science class from the high school. A committee headed by Rev. W. R. Curtis is to furnish the program.

Rev. W. A. Rex had come home from Flint for this gathering and presided as leader of the impromptu program, on which each man present participated as follows: J. O. Eaton, A. O. Howard, Fred Rosacrans, J. F. Rector, Rev. C. M. Thompson, F. J. Temple, Wilfred Waldron, Rev. W. R. Curtis, O. W. Laidlaw and of the guests W. E. Slayton, R. M. Moiles, J. R. Nyland and P. R. Bowen. "My Bonnie Lies Over the Ocean" started the ball rolling and the above mentioned toasts and roasts were varied by a vocal solo, "No Night There," by Mr. Slayton, with Mrs. Slayton accompanying, and another solo, "The Grecian Bend," by Rev. C. M. Thompson, was very charmingly rendered. Frequently was the departure of Rev. Rex and family from Tecumseh and the club lamented.

The invitations had announced that the men were to come dressed in the latest coiffure and the ladies in the height of fashion, so the new overall clubs were represented by Mesdames Bowen, Hurry and Rector, the latest in shoes by Mrs. E. D. Brown, the ankle watch by Mrs. Service, the length of gown by Mrs. Rex. But, oh, those men! Rev. Rex had all the jewelry he could beg or borrow, Albert Howard all gay in evening dress with a huge gleaming scarf pin, Joe Eaton with a splendid broach, Dr. Brown suffering in his wedding coat and "biled shirt," the contrast complete wtih Fred Rector in a gay kimona.

This very delightful evening is another reason for the club name and fortunate is the guest invited to one of their gatherings.

Mr. and Mrs. Harold McClure drove out from Detroit for a week end visit with his parents, Mr. and Mrs. H. W. McClure.

Mr. and Mrs. Fred Ihrkey of Adrian called on his brother, Chas. A. Ihrkey, and family Sunday while they were motoring to the cyclone-swept territory near Ridgeway.

Mrs. C. B. Cashbaugh, who has been visiting Mr. and Mrs. John Sherman for the past week, returned to her home in Detroit Saturday morning. She spent the winter in Florida.

The Royal Neighbors last week settled the claim of Clifford Head, whose wife had been insured in that order. The check was received just two weeks from the date of the filing of the proofs of death.

Albert Boyce of Columbus, Ohio, has been visiting his sister, Mrs. B. J. Rector, since Saturday. He has just purchased a Mitchell sedan of Albert VanDoren and has been spending the week learning to drive.

Lester Westcott of River Rouge was in Tecumseh for the week end. Mrs. Guy Nemire arrived from Columbus, Ohio, Friday for a few days' visit with her mother, Mrs. B. J. Rector. She will ship her household goods to Columbus, where Mr. and Mrs. Nemire have purchased a pretty home.

Bailey & Barrett will have their first output of "Little Beauty" cigars on the market Saturday. They have four persons at work in their factory, among them Thomas Holdway, who was foreman of the Freeman shop for years, Ed Smalledge and Mrs. Vern Cooper, both of the old Freeman shop.

Joseph Lanning went to Detroit Tuesday to visit relatives.

The fire bell sent out its alarm Sunday morning as the church bells rang their invitation and that was the excuse of many at their non-attendance at the houses of worship. It developed that the blaze was in the roof of the dwelling of Horace Smith on South Evans street, covering a space about as large as a dinner plate, caused by a chimney burning out.

Two divorce decrees were granted in the Lenawee circuit court Monday of especial interest to Tecumseh people. Mrs. Bessie Trombley of this city was given a divorce from James Trombley of Clinton on grounds of cruelty, asserting he was insanely jealous of her. Albert Boyce of Clinton was granted a divorce from Cora Boyce also on grounds of cruelty. These are former Tecumseh people.

Rev. J. J. Preston, the new Episcopal rector, arrived in town in the early hours of Sunday morning, having motored through from his home at Elmvale, Ont., a distance of 400 miles. As there is an embargo on household goods from the Dominion into the States, their furniture cannot be shipped at once and Mrs. Preston and the children will visit in various Canadian towns until the goods arrive here.

A party of Baptist young people gathered at the home of Miss Maude Scofield Sunday to celebrate the birthdays of three of the company: Mrs. Floyd Bryan, Miss Scofield and Leon VanValkenburg. A picnic dinner was served and the day spent in visiting. Those honored were made recipients of gifts. In the party were Marshall Cole and daughter, Miss Lillian, of Adrian and Mr. and Mrs. Herman Cole of Detroit.

Mr. and Mrs. Will Bly were honored by a visit from 25 of their relatives and friends Saturday night, in celebration of their wedding and as a welcome among them to the bride. Cards and music furnished the entertainment and the newly-weds received many handsome gifts of cut glass and hand painted china. In the party were Mrs. Bly's parents, Mr. and Mrs. August Siegert, of Adrian and her sisters, the Misses Elsie and Mabel Siegert, of Detroit.

Honoring the recent marriage of Mrs. Carl Glancey, formerly Mrs. Florence Splettstoesser, Mrs. Will Cummings entertained 14 ladies Monday afternoon and evening. The afternoon was spent in visiting. At 5:30 Mrs. Cummings served a delightful supper and the guests enjoyed the evening hours with progressive pedro, at which Mrs. Jennie Hodges won first prize, Mrs. Arthur Randall second and Mrs. B. W. Mominee the consolation. In behalf of the company Mrs. Chas. Bennett presented Mrs. Glancey with a silver table piece as a token of their love and best wishes.

$2,500 FOR INJURIES HE SUFFERED IN 1916

After nearly four years in the courts, Leon Williamson this week won a verdict over the D. U. R. for damages amounting to nearly $2,500.

While walking along the street in Detroit July 7, 1916, one of the D. U. R. cables broke and he was badly cut and bruised about the head, in fact so injured that his life for days was dispaired of. He was in a Detroit hospital for weeks.

W. H. Gallagher handled the case in the court this week, Clyde Webber, Mr. Williamson's attorney, having been called to the bench.

Mr. Williamson says he is well satisfied with the outcome of the case.

Many Admirers Are Gained by E. A. Guest

Poet-Author-Humorist Gives Much Enjoyed Program Before Monday Club and Guests.

An evening of unalloyed pleasure was the result of the appearance of Edgar A. Guest of Detroit before the Monday club and guests at the auditorium of the high school Monday evening. His entertainment was appealing and a delight to the large audience.

The well known poet-author-humorist was introduced by Mrs. J. H. Smith, president of the Monday club, who said the gifted Wolverine had come direct from his office in Detroit to Tecumseh and declared she felt highly honored in having the privilege of presenting him. Much of the credit for inducing this writer of touching verse to appear in this city was due Mrs. Frederick B. Wood, Mrs. Smith asserted.

Mr. Guest was warmly welcomed by his audience and plunged immediately into one of his favorite pastimes, that of telling jokes. Having rid himself of a variety of these laugh inducers, he admitted he tinkered with rhyme and then covered a wide range of subjects, using some of his well known works and others not so often read, as a medium. His program was varied, ranging from the ridiculously humorous to the sublime, many of his selections being of the commonplace things of life, his lines going home to his hearers in a way that all who were present were much benefitted by having this poet's lesson-bearing verses so effectively presented by the author.

The every day occurrences in home life had a prominent place in the verses given by Mr. Guest, and running through them all was a vein that tended to uplift, to brighten the dark places and smooth the path where it was rough. There is no gloom in this poet's lines, as he can ever see the brighter side, and it is this sterling quality in his lines and the message pleading for the better things that places his works on a high plane.

Among the subjects touched on were: "Mother driving the car," "When baby arrives," "Ma searching for her pocketbook," "The furnace door," "Old wooden tub," "Girl who has to be coaxed to sing," "Mischievous boy," "Apologetic hostess," "The Stick-together family" and "The home."

CYCLONE NEWS NOTES.

A new roof has been completed on the German Lutheran church.

Temporary homes have already been provided the Hanley, Frayer and Hollubik families.

Peter Lamkin has loaned the Hanley family a small structure in which they are making their home.

Charles Lambertson donated the use of his Republic truck all day Tuesday for delivering bedding, etc.

On Saturday 35 youths from Adrian, Boy Scouts and students of the college, assisted in clearing up wreckage.

In places whole orchards were leveled, huge trees being uprooted and hurled aside as if by some giant hand.

Britton, Ridgeway, Milan, Clinton and other nearby towns have done much for the relief of the storm victims.

All business places in Milan were closed Monday, all the merchants going to the relief of the cyclone-swept community.

It is said when the wind struck the creek known as the Macon a spout of water could be seen drawn up as the storm progressed.

The wind carried the auto owned by Michael Horrigan quite a distance from the house and when the car landed it caught fire.

On Monday two schools in the vicinity of the devastated territory were closed that the students might aid in clearing up the wreckage.

A neighbor has donated a home to Ollie Frost and family and it will be moved to the Frost farm to replace the house destroyed by the elements.

Miss Madge Elsinger of Chicago, field secretary for the Red Cross, has arrived to assist the Lenawee county chapter in their work on the Ridge.

Among those who carried cyclone insurance were Michael Horrigan, Ed Hanley and Frank Frayer, most of the other victims not being thus protected.

All of those injured in the cyclone are on the road to recovery, Mrs. Michael Horrigan, the most seriously hurt, making favorable progress.

At one of the houses toward the end of the sector over which the twister swept, a piece of scantling was driven so far into a cement wall that it cannot be budged.

Friday morning visitors to the devastated territory found dead chickens strewn along the road for a long distance, but by the next day these had all been cleared away.

Many cans of fruit, quantities of beans, flour, salt pork and potatoes were sent the Red Cross headquarters Monday by the people of Milan to be given the sufferers.

Miss Mary Mackenzie, of the Red Cross, wishes to be notified when contributions are made the unfortunate people on the Ridge so the Red Cross will not duplicate their work.

Some conception of the terrific force of the wind can be gained from the fact that the C. A. Abner house was blown 40 feet into the field and then shattered into thousands of fragments.

The disastrous storm did not delay the marriage of George Hollubik, son of Mr. and Mrs. Joe Hollubik, who lost everything they had. The groom's wedding attire, as well as that of his bride, who was visiting the Hollubiks, was blown away, but other garments were provided and the ceremony was performed, according to the original plans, at the Catholic church in Milan Tuesday.

Mr. and Mrs. Michael Horrigan are temporarily making their home with Mr. and Mrs. Ed Barrett. A house is being erected for this couple on their farm and their barn has been repaired somewhat.

Post card views of scenes in the devastated section of Ridge road are on sale at Coller's music store, the pictures being very clear and showing effectively the ruin wrought by the fury of the wind.

One of the freaks of the storm is presented at the parsonage of the German Lutheran church. Practically all the shingles were blown off one side of the roof of this house, while the other portions seemed little affected.

Women from Britton, who have formed sewing clubs for the relief of the cyclone victims, have been in Tecumseh soliciting stocking legs, discarded clothing, etc., which can be made over for use by those who have lost everything.

The almost unbelievable force of the wind is indicated by what it did at the Horrigan farm. Mr. Horrigan stated Wednesday the cyclone carried a heavy beam from his place about 40 rods to the woods and drove it into the ground 10 feet.

Among the first persons to come to the relief of the storm victims was Rev. Wm. Combellack of Ridgeway. He labored ardously with the other men in the effort to bring order out of chaos and in providing temporary shelter for those who had been bereft of homes.

The storm passed within about 80 rods of Burr Fulkerson, he being on his way home from Milan at the time. He was three miles from his residence when the cyclone swept over the Ridge road as he could see barns reduced to fragments from where he was driving.

The Lenawee County chapter of the Red Cross had representatives on the scene soon after the news of the disaster reached headquarters. Food and clothing were hastened to the relief of the victims and in many ways the value of the Red Cross in time of need was demonstrated.

Hundreds of motorists visited the storm-swept territory Sunday and to aid in the relief of the victims toll was collected from the spectators. Receptacles were provided and each auto party was given opportunity to contribute to the fund. Reports say about $2,000 was obtained in this way.

On Tuesday 46 workmen from Adrian factories were present to help with the reconstruction work. The men were taken to the Ridge road in vehicles furnished by the industries of the county seat and were paid their usual wages by their employers. They were sent out through the efforts of the Adrian Chamber of Commerce.

The neighborly spirit always so pronounced in the farming districts, was strikingly demonstrated as a result of the storm. Those who had lost their all were welcomed into the homes of the more fortunate and steps were immediately taken to search the ruins for such articles of furniture and wearing apparel as could be salvaged.

Work of clearing up the wreckage was started early Friday morning, and by Saturday morning organized gangs were busy. Such portions of the wrecked buildings as were left in a dangerous condition were razed; trees that had blown over were dragged out of the way and the debris cleared up as quickly as possible. When one place had been given attention the next one was visited.

A picture show for the benefit of the storm victims will be given at the Bradley opera house Friday evening under the auspices of the Tecumseh Commerce club. Manager Ed Mark of the Bradley will donate the use of the theatre and also furnish the picture, while the Commerce club members will see to it that a large number of tickets are sold. The Herald donates the advertising space in this issue for this worthy cause.

In several places rebuilding operations have already been started. Men have been repairing the German Lutheran church, neighbors are erecting a home for Frank Frayer and family out of lumber he had on hand and with which he intended to construct a granary, and at other farms temporary shelters are being arranged, as those whose homes were swept away prefer to stay on their premises if possible, as most of them have their stock to take care of.

When the storm struck the Hanley farm Mrs. Hanley and her little son were in the dining room of their home, being rendered unconscious by flying wreckage. When they revived, after the cyclone had accomplished its work, they discovered their home was in ruins, the large barn demolished, the garage missing and their auto rolled over and over by the wind for about 40 feet and smashed, the granary hurled 30 feet, scattering several hundred bushels of oats over a wide territory.

Henry Karcher and three other men were working on the road when they saw the threatening cloud appear and they sought such places of safety as were available. Mr. Karcher says he ran to a wire fence at the side of the road and lying flat on the ground hung to the wires. He declares it was a terrific gale, tearing some of the finer wires off the fence and it was all he could do to retain his hold. The team they had been working with was blown over and he believes that is all that saved it from being hurled to death.

Leah Boyd, 15-year-old daughter of Mr. and Mrs. David Boyd, who were victims of the cyclone, is suffering from injuries received Sunday afternoon when she was knocked down by an automobile said to have been driven by a Tecumseh man. The accident happened in front of the Boyd farm, the young lady being picked up by Harry Abbott and Albert Foster of Tecumseh. Though she suffered no broken bones, Miss Boyd was severely bruised. Her father has been confined to his bed as a result of the shock of the storm and the accident to his daughter.

HOLLOWAY

Church Notes.

Prof. Obee occupied the pulpit Sunday morning, Sunday school following the preaching service. A contest was announced and sides were chosen, the leaders being Miss Olive Bloomer and Merle Kerr.

A Sunday school conference was held at the home of Mr. and Mrs. Bert Wooten Tuesday evening.

The Presbyterian parsonage is undergoing some repairs. The new pastor, Rev. Howenstine, is expected to be here to begin work next Sunday.

Birthday Party.

In honor of the birthday of Mrs. Carl Brosamer the following guests were entertained at her home: Mrs. Harvey Droullard of Detroit, Mr. and Mrs. Harvey Lewis of Lenawee Junction, Mr. and Mrs. S. J. Wilson and Mr. and Mrs. Marshall Droullard. After an evening at cards, light refreshments were served.

Holloway News Notes.

Chas. Fowler drove to Toledo Saturday.

Mr. and Mrs. Webster Kay of Detroit called at J. L. Calhoun's Sunday.

Miss Phida Voorhees has been engaged as teacher for the coming year in district No. 3.

Mr. and Mrs. W. M. Calhoun and daughter, Kathryn, called on relatives in Britton Sunday.

A great many from this vicinity drove to Macon to see the terrible ruins left by the cyclone.

Donald Dibble was operated on for appendicitis at Bixby hospital, Adrian, Tuesday evening.

Miss Martha Schwab is home from her school duties at St. Joseph's academy on account of illness.

Mr. and Mrs. S. J. Wilson and George Wilson visited Sunday in Toledo with Mrs. Frank Lanning and son, Wyman.

Mrs. Robinette had an exciting runaway Saturday morning. While returning from Tecumseh her horses became frightened just north of the J. L. Calhoun home. A broken harness made them unmanageable and when they reached the corner they were beyond control. Mrs. Robinette and son, Frank, who was with her, were thrown out, but she pluckily hung to the team until they stopped. The buggy was slightly damaged from coming in contact with a telephone pole and the harness was badly broken. Charles Atwell, who happened along in his car, took them home, while Will Calhoun led the horses home. Luckily no one was seriously injured, although they were badly shaken up.

Extravaganza "His Cairo Love"

Play by Local Authors and Presented by Home Talent Makes Big Hit.

"Something different" (as advertised) properly characterized the play, "His Cairo Love," presented as a benefit for the Ladies' band at Bradley opera house by home talent last evening. Sparkling with spicy musical hits and pretty costumes, enhanced with beautiful stage settings, the clever extravaganza entertained a large audience.

The opening scene represented the terrace of the Bermuda Country club at tea time, the musical program of the first act being as follows:

"Little Baby"—Opening Chorus.

"That Naughty Waltz"—Dorothy Taylor and Dick Ellis.

"Bring Back the Memory of Lilac Time"—Mrs. E. C. Heilman.

"Who Played Poker"—Geo. A. Rathbun.

"I Might Be Your Once-in-a-While"—Vera Hodges.

"I'll See You in Cuba"—Finale.

All the songs were well rendered and received hearty encores. Mr. Rathbun, as club steward, appeared in darky costume, and in this character made his usual hit.

Between the two acts appeared Dr. H. H. Hammel, also costumed as a colored steward, who announced the benefit play to be presented tomorrow night for cyclone sufferers. The audience responded liberally in purchasing tickets from the canvassers.

A clever monologue by Dr. Hammel followed, in which he was ably assisted by Mrs. K. A. Braman. The team made a decided hit.

Applause greeted the rise of the curtain upon the second act, and the audience gazed in admiration upon a beautiful oriental scene—the court of Mylo, princess of Cairo. Here Miss Alma Kloffenstein, as Princess Mylo, reigned supreme. Her court was joined by the shipwrecked party of Americans, for whom a feast was given.

The musical program for the final act was given as follows, each number receiving hearty applause:

"Harem Life"—Opening Chorus.

Selection—Court Guards (W. S. and Fred Dickinson, Andrew Taylor and Glenn Tansley.)

"My Desert Flower" — Gordon Bailey as Prince Omar.

"I'm the Guy Who Guards the Harem"—Dr. H. H. Hammel, as Rosco, the ship's steward.

"Karavan"—Ernest Church.

"My Cairo Love"—Harold Lowry.

"The Magic of Your Eyes"—Gordon Bailey.

A beautiful oriental dance by Miss Kloffenstein and Marion Jones and Teressa Deery, flower girls, was a pleasing feature in the second act, as was also a reading, "The Highwayman," by Mrs. K. A. Braman.

The authors of the piece, Miss Alma Kloffenstein and Dr. H. H. Hammel, are deserving of credit for their handiwork. In fact the entire cast deserves credit for clever work.

W. L. Coller was the "beauty artist" and to his artistic taste is due the attractiveness of various "make-ups."

The orchestra, under the direction of Clare Camburn, furnished excellent music, adding greatly to the enjoyment of the evening.

IS GIVEN SURPRISE ON HER 71ST BIRTHDAY

The children of Mrs. Nellie Ousterhout did not forget her 71st birthday Sunday and planned a surprise, which worked well. In the morning they began to casually drop in and by noon sixteen had arrived, bringing a picnic dinner. The day was happily passed with "mother" in visiting. Present were Mr. and Mrs. A. E. Atkinson, Mrs. May Bauler and son, Arthelo, Mrs. Ella Stewart and son, Gayle, all of Toledo; Ed Ousterhout of Battle Creek; Mrs. R. W. Poole and grandson, Lyle Retter, of Adrian; Mr. and Mrs. Will Ousterhout and son, Bert, Mr. and Mrs. Charles Dixon and Lyman Ousterhout.

DISASTROUS CYCLONE SWEEPS OVER RIDGE

(Continued from Page One.)

Leonard Miller and his son were injured. One sheep was found alive in the wreckage of the barn.

The parsonage of the German Lutheran church was shifted on its foundation and so badly twisted and otherwise damaged it will have to be torn down and rebuilt. The pastor of the German Lutheran church, Rev. Frederick Schwede, was in Detroit on the day of the storm, but his wife and little son were at home. Mrs. Schwede was in an upstairs room cleaning house, and happening to look out of the window saw clouds of peculiar formation racing northeast. She feared a heavy windstorm and calling her son to her side they hastened downstairs, but the gale had arrived and she could not open the stair door. It is the belief of her husband this is all that saved her life and that of their child. The house was twisted and shifted about four feet on its foundation, most of the furniture was wrecked, drawers were hurled out of cabinets and cupboards, paper torn from the walls and destruction in general wrought. The sheds on this place were also wrecked. This family is being housed at the Henry Karcher home until they can find permanent quarters.

The Lutheran church just a little to the north of the parsonage is much damaged. The steeple was found blocking the road when the blow was over and had to be cut in two and cleared away before traffic could pass. The roof was also demolished and the structure otherwise damaged. The building was 58 years old, the pastor stated. It is announced the structure will be repaired at once, in fact work has already been started.

Jack St. George, who is about 80 years of age, had just returned home after being absent two days when his house was reduced to fragments. He was injured when a tree fell on him, three ribs being fractured. He was rescued from his perilous position by neighbors and taken to the home of Clarence Sherman.

Mr. and Mrs. Ollie Frost saw the destruction which the wind was causing and taking their two children hastened to a vegetable cellar a short distance from the house and reached the dugout just in time. They had no more than got inside when gravel stones came whistling in almost like bullets and they had to protect their faces from the missles. Mr. Frost says the storm raged fiercely but only for about three minutes and when they believed it safe to leave their retreat discovered their home had been blown to thousands of pieces, their barn gone and practically all of their chickens killed. The house is said to have been lifted from the foundation and landed in the field across the road and then shattered, the ruins scattered over a wide area. The heavy kitchen range was found a number of rods from where the house had stood. Their furniture was hurled in every direction and little of it is fit for use.

C. A. Abner's home was swept off its foundation, hurled about 40 feet and completely shattered, as were several of the barns and other buildings. Several pigs and a cow were killed.

Seeing the windstorm approaching, Mr. and Mrs. Michael Horrigan tried to seek safety in the cellar, but before they could get down the steps were buried in the ruins of their home. Had it not been for their pet collie it is probable they would have perished, as coals from the range set fire to the wreckage. The dog ran quite a distance to the Henry Smith place. Mr. Smith had attempted to close the barn door in the teeth of the gale and was blown into a ditch, about 60 feet away, in a semi-conscious condition. Here the dog found him and tugging at his clothes started toward the Horrigan home. Smith soon revived and noticing the actions of the collie followed him to the Horrigan home and reached there in time to rescue the couple. Both were pinioned beneath heavy timbers and with the ruins ablaze were in danger of being burned to death. Mrs. Horrigan had lost consciousness and both were taken to the home of a neighbor. Mr. Horrigan suffered an injury to his right leg, but his wife is more seriously hurt, it being feared she was injured internally. The flames completed the destruction.

At the Joe Hollubik place every structure was leveled, house and barns being completely wrecked. Mr. Hollubik was not at home, but his wife and four small children were in the house when they saw the storm clouds approach and hastened out and were on their way to a neighbor when the buildings on their place were swept away. None of them was hurt.

Frank Frayer's house was tipped over and partly wrecked and some of the outlying buildings destroyed. The home had to be razed and the family is living in a shanty temporarily. Mr. Frayer had lumber on hand with which to erect a granary, and on Saturday neighbors were busy building him a home out of this material. This family also saw the twister coming and sought refuge in a shed, none of them being hurt.

Ed Hanley's house and barn are in ruins, the buildings on the Tom Murphy farm are wrecked as are those on the David Boyd place. At Burr Fulkerson's the outlying structures are leveled and the roof of the home of H. W. Meyers was carried away. Mr. Fulkerson was in Milan at the time and his wife was at the Frayer home.

The ruin-bringing wind did its first damage in Lenawee county at the Aubrey Pocklington farm just north of Britton, reducing his garage, then it lifted and resumed its destruction on the Ridge road, lifted again and landed next in Washtenaw county, but the loss there was not as heavy as in this county.

The house of Henry and Fred Miller, next to the Abner house, was wiped out by the twister, being so widely scattered little of it can be found.

On one of Joseph Harrington's farms the house and barn were destroyed while on another only the barn was demolished. It was at the tenant farm where Henry Smith was attempting to close the barn door when he was blown into a ditch about 60 feet away and where the Horrigan's dog located him when it sought help for its owners.

The Snoody family, new owners of the place best known as the William Young farm, are minus their barn as a result of the terrific gale.

The tenant on the Van Silas farm. John Taylor, his wife and daughter, as well as two neighbors, saw the funnel-shaped cloud coming their way and sought shelter in a well where they could stand on a ledge. But they were not entirely safe here, as a large tree fell over the well. None of them were injured, however, and they were rescued later by some neighbors. When they viewed the scene the barns and other outbuildings had disappeared, the windows in the house were shattered and the furniture much damaged and considerable of the stock killed.

Louis Lush's farm did not escape, the roof being torn off a new house, all the window panes broken, the barns all destroyed and one horse killed. The family found refuge in the cellar.

On the Edgar Forsythe and Clyde Gauntlet farms the outbuildings were blown down and some damage was done on the farm of Mrs. Mary Clark.

Lady Maccabees Have Enjoyable Meeting.

The Lady Maccabees enjoyed one of the best times ever at their meeting Tuesday evening. At the social hour which followed the losers in the recently closed contest were the entertainers and to say they did it up brown is putting it mildly. Early in the evening the dining room doors were closed and not a "winner" was even permitted to peek in. At the appointed time these doors were thrown open and a pretty scene was presented, with the elaborate decorations in the colors black, red and white. The tables had been placed in the form of a double triangle and with the colors of the order, place cards and center piece of red roses and peach blossoms truly was pleasing to all. An elaborate three course banquet was served with covers laid for 54. A trio, consisting of Mesdames Ellery Brown, Fay VanNest and Ernest Taylor, favored with several musical selections and Mrs. O. B. Lenardson gave a reading. One candidate was initiated into the order. Many words of praise were given Mrs. Fay VanNest and her helpers for the splendid time afforded.

How to judge this new Mitchell

Style is not the sole attraction in this new Mitchell. Nor all the costly details of finish.

For the chassis construction has its appeal to the mechanically inclined, and its dependability to those who like to take mechanics for granted.

While no basic changes have been made—because of the success of the recent Mitchells—nevertheless we want to point out the numerous refinements and improvements that have been incorporated.

It is your distinct advantage to know this new Mitchell before you make any choice—to know its beauty, its responsive performance, its roominess and comfort, its sturdy construction and its moderate price.

Then make comparisons, if you wish. See if you can find a like car at a like price. To even approximate all that Mitchell offers will cost you much more, we think.

Orders should be placed early, so as to insure early delivery.

A new style body on an improved chassis

THIS new Mitchell [illegible] stride. And everyone [illegible] knows our latest offering [illegible] it.

Here is a great triumph of Mitchell engineers and designers. Their harmonious effort brings a matchless car at a moderate price—details of style not found elsewhere, betterment in materials, and above all, sincerity of purpose in construction.

Mitchell introduces to car design a logical advancement.

All tendencies of recent years, as you know, have been toward [illegible] lines. Yet many awkward [illegible] remained.

Someone had to conceive the final step—to bring the radiator into harmony with other body lines. It alone remained straight up-and-down.

It has been Mitchell's opportunity to introduce this inevitable feature—

[illegible] result must be seen to be appreciated fully—for it appeals not only to the eye, but to one's sense of logical proportions of a swift moving object, like an automobile.

Some will say that this is a minor thing—that it is not radically different.

That is true. In this new Mitchell we do not offer the freakish, nor something to appeal to passing fancy. What is offered is a basic development, just like the slanting of the windshield, just like the many other items which make today's cars so different from those of five years ago.

We want you to see this new car and pass judgment. We want you to observe its new lines. And to examine its superb finish. Then we know you'll agree that this new Mitchell offers more for your money.

To the Prospective Girl Graduate:

You are coming to one of the most important milestones of your life. Graduation marks the transition from girlhood to womanhood. You anticipate great pleasure on "That Day." Undoubtedly the question, "What kind of a dress will I have?" has already entered your mind. You picture yourself in a charming white gown; a spirit of June loveliness speaking from every frill, ruffle or tuck, to you, "sweet girl graduate." Oh, if those hopes could only be realized! They can, with just a little of our advice in the selection. First of all, imagine a gown of filmy, white net or crisp, white organdy flouncing boasting of ruffles and tucks; soft, white satin encircling the waist, neckline outlined in dainty flowers, and girlish sleeves. It scarcely takes three yards and is wide enough for the whole pattern; the net is $3.00 a yard and the organdy is 50c less a yard. Perhaps an embroidered organdy would appeal to you; made with a tunic or combined with plain white organdy. This is $1.75 a yard, and a beautiful pattern indeed.

Another fabric expressing the Graduation idea is white Georgette Crepe—also Crepe de Chine; both so sheer and fine, lending themselves nicely to any style of drapery. Loops of gros grain ribbon add a pretty note; or a twisted satin girdle hanging down in true party fashion. Can you resist it? Both are forty inches wide; the Georgette Crepe is $3.50 a yard and the Crepe de Chine is $3.00 a yard. Possibly you might like a plain white organdy or a dainty white voile, so charming in simpilicity. Both are forty inches wide; the organdy from 50c to 98c a yard, and the voile from 40c to $1.00 a yard.

Then aside from the dress, you must have a Shadow-Proof petticoat to wear underneath; white silk finished sateen, soft and lustrous like satin, answers for this. We have them ready made at $2.50 and $3.50, or the material at 90c a yard. Wash Satin at $1.75 and $2.50 a yard, or Sari Silk at 69c a yard makes other dainty lingerie you will need. Hosiery is another suggestion. We have many beautiful qualities; fine, snowy white, all silk, or silk and fibre, from $1.50 to $2.50 a pair.

Now, Miss Graduate, we hope you will say: "My dress is planned." Come in and see these materials for yourself; we will aid you in any way that we can, for we are anxious to have you stylishly and becomingly dressed as you yourself want to be on that day of days.

How much should I gi e to make this a better wo

A CERTAIN man in New York filled out income tax report.

It showed an income so large that his tax 53%. *And his total gifts to church and ity for the year were $148.*

Think of it—thousands spent for luxuries and pleasure for himself; and $148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

—less than we spend for daily papers
—less than a local telephone call
—less than a third of the day's car fare
—less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than $20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America —to you— this week asking you to use them as the channel through which a certain definite part of your income can be be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because *you* passed through?

United Financial Campaign April 25th to May 2nd

The INTERCHURCH World Movement *of North America*

The publication of this advertisement is made possible through the cooperation of thirty denominations.

SCHOOL NOTES.

George Shea of the fourth grade has returned to school after three weeks' absence.

The first grade has been interested in the progress of a beautiful moth which was hatched this week. Some very good stories concerning it were written by some of the pupils.

Last Friday afternoon Miss Leola Hardy, while running down the stairs, fell and sprained her back. Dr. Conklin was called and reported no serious injuries.

The Freshman class in agriculture began work this week on mechanical drawing. This is in preparation for work in farm carpentry which will occupy the rest of the term.

Mr. Laidlaw is planning a three day trip to Lansing for the farm crops and animal husbandry classes. The intention is to stop at a number of places of interest on the way up and spend a day at the agricultural college, leaving a day to return.

May 21 is the date set for the May party given in the high school gymnasium.

The Juniors gave a party last Friday night in honor of the cast and the teachers who directed it. A delightful two course supper was served at 7 o'clock in the sewing rooms. Following the supper Russell Abbott, president of the class, presented each of the directors with $5 checks from the class in appreciation of their help toward the play. The remainder of the evening was spent in games.

Preparation for two tennis courts have been started this week in the high school park.

The track team has started spring practice in the gymnasium, preliminary for the annual county track meet.

The baseball game played at Clinton last Friday afternoon resulted in a victory for Clinton by a score of 17 to 12. The weather was anything but baseball weather and as a result there was some loose playing on both sides. Tecumseh got away to a good lead but failed to hold it, although the team got 14 clean hits. Roy VanWinkle got three hits out of four times at bat and was followed closely by Sam Sisson, who secured four hits out of six times at bat. The team showed some good fielding when it is considered how little chance there has been for practice. Addison comes here this week Friday and we hope to put the game on the right side. Roy VanWinkle has been chosen captain of the team.

Community Board Named in Lenawee

Mrs. John D. Shull of Tecumseh Appointed on Body to Succeed War Board—Activities Varied.

This city is represented on the Lenawee county community board just appointed by Governor A. E. Sleeper, Mrs. John D. Shull of Tecumseh having been named a member. The board, which was created by an act passed by the 1919 legislature, is for the purpose of promoting community activities.

The members of the board for this county, who were nominated by the Lenawee County War Board, are as follows: Rev. Thos. J. Hopkins, Adrian; Miss Fannie M. Rich, Adrian; Mrs. Fred B. Smart, Adrian; J. N. Sletten, Adrian; A. E. Illenden, Adrian; W. H. Burns, Blissfield; Mrs. Alma Tate, Clinton; Mrs. J. A. Meredith, Hudson; Henry F. Harris, Morenci; Mrs. John D. Shull, Tecumseh.

Under the act of the legislature creating the community councils, the organizations will be in three units, state, county and local. The state unit is the state community council commission consisting of 26 members, which has general supervision over the subordinate bodies, controls all state-wide campaigns for raising money for patriotic or humanitarian purposes, and acts as trustee for any state patriotic funds already expended.

The county unit consists of a community board of from six to ten members with local duties similar to the state-wide duties imposed on the commission. The duties of the county boards are defined in the act as follows:

"To assist and co-operate with the commission in all its authorized activities in such manner and to such extent as said commission may require; to consider and investigate all matters of local character which in their judgment involve or affect the welfare of their respective counties or the people thereof in whole or in part; to advise, consult and co-operate with county, township, city, village and school officers with regard to such matters; to recommend action and policies to the commission; to initiate plans and policies for voluntary efforts designed to promote public interest and welfare in their respective counties or parts thereof; to promote such plans and policies through organization, publicity, advice and supervision; to co-operate in such behalf with similar efforts and projects initiated or carried on by or through other agencies, voluntary or official, within such counties; to promote the erection of community houses or other memorials for soldiers and sailors; and to organize community councils as hereinafter provided."

It is provided the local units of the state board shall consist of all the eligible organizations in that territory that desire to affiliate with the council. Such eligible organizations might include a woman's club, [illegible] Grange, a commerce club, a sheep breeders' association or a body of men, women, boys or girls seeking to perform any common service for the welfare of the public or for any portion or class thereof. Each affiliated organization will have a member on the board of such community council.

These boards are to succeed the war boards in their various communities and are to continue the helpful activities of the latter organizations, which are soon to go out of existence. Practically all of the counties in the southern half of the state have formed community councils and the work of organization is to be pushed rapidly.

The first state board was to be named by the governor, consisting of 26 persons selected for that purpose by the state reconstruction conference. The county boards were also to be appointed by the governor, he to name such persons as were nominated by the county war boards. These appointed members, however, were to hold office only until their successors are elected, and that election is to be held this year—the community councils electing new county boards, and the new county boards electing a new state commission. By this means the entire organization is effectively kept out of politics, and its personnel is determined by the people themselves. It was at the state reconstruction conference held in Lansing in 1919 that the scheme was conceived.

The act provides that the state commission and the county boards shall consist of equal numbers of men and women. All officers and members of the commission and boards serve without pay, but the legislature appropriated $10,000 to defray the expenses of the commission for clerical help, printing, postage, etc.

The first election of county boards will be held in May, when representatives of the community councils will choose a new county board, and in June the county boards will meet to elect the state commission.

BRADLEY OPERA HOUSE ATTRACTIONS

Lion Comedy Saturday.

On Saturday evening, May 1, the Bradley opera house will start the new month with one of the big programs for which it is famous. You know the kind of programs to look for there on Saturday nights, so we will not go into details, but wish to say that Ethel Clayton in "The Girl Who Came Back" is the big feature for the evening, with one of the famous "Lion" comedies to balance the program. "A Lion in the House" is the comedy and the way these big kittens ramble over the screen makes the showing of a "Lion" comedy an event you cannot afford to miss.

Regular admissions on Saturday and Sunday evenings.

Marguerite Clark Sunday.

Dainty, magnetic Marguerite Clark is coming to the Bradley Sunday evening, May 2, and in a charming play that just fits this little favorite. "Let's Elope" is the picture and imagine a husband helping his wife to elope with another man. He didn't want to lose her either, but he knew a thing or two about women.

Imagine Marguerite Clark as the erring heroine of this sparkling comedy and you can easily picture the crowds that will flock to "Let's Elope." This production, first and foremost, features the charm of Marguerite Clark, one of the best loved stars in motion pictures, and it also features a brilliant story of real life that rocks with laughter and queer twists of delicious comedy.

The comedy for Sunday evening is one of Mack Sennett's latest. "Back to the Kitchen," with Louise Fazenda and featuring the famous Mack Sennett cat.

Special orchestra Sunday evening.

WANTED—Family washing, plain sewing, mending at 502 East Chicago st. 4-29

COMMUNITY FINANCIAL DRIVE WILL BE HELD ON SUNDAY AFTERNOON

Sunday afternoon will be made the financial canvass as was outlined by the co-operating churches last fall. It will function in the Inter-Church World Movement. It will be conducted by men chosen from each of the co-operating churches. They will go out two and two. No two of the same denomination will work together. Every home that has not got a card in the window saying: "This Home Supports the Churches of Tecumseh" will be canvassed. No one will be imposed upon, simply given the opportunity to give. Cards will be handed each one in the canvass upon which may be stated what you desire to give, and to whom it shall go and for what purpose it shall be used. Owing to many great world needs a heavy budget is apportioned to each church, the objects being such as the best people of the town will be proud to support. The money will be used for the following purposes: Rebuilding of ruined France; help for the hungry Armenians; homes for the homeless; the gospel for Africa, China, India, Russia and many other dark lands; hospitals for neglected districts; educational work, foreign, and also in America; religious and social work among the foreigners in America, etc. Some money will be used in our own town. None but the selfish refuse to help some in such a cause. If you must be away that afternoon, see the pastor or committee of the church you desire to give through and make your pledge before hand, and get a card and have it in your window to save the time of the canvassers. It is hoped that all who can will go to church Sunday morning, make their pledges and get cards before the canvass starts. This will help out very much. To find people from home and no pledge will mean another call. Tecumseh village and three miles out will be canvassed.

JOYFULLY OBSERVES EIGHTIETH BIRTHDAY

Mrs. Sarah Lamkin on Friday, April 23, was 80 years of age. On that day she received many kind greetings from her friends and relatives. On Saturday came the celebration proper, when her children and grandchildren made her a surprise visit at the home of her son, Ira, and family where she has resided since last June. A bountiful pot luck dinner, with all the good things on the menu from chicken to ice cream, was served to 22 guests and the day passed all too quickly.

In the company were Mrs. Clara Helm of Vermontville, Mrs. Adelaide Kintner and daughter, Margaret, of Painesville, Ohio, Miss Dorothy Kintner of Oberlin, Ohio, Miss Helen Kintner of Tiffin, Perry Lamkin of Detroit and Mrs. Nettie Butrick of Adrian.

NEIGHBORHOOD CLUB SEWS FOR THE STRICKEN ONES

The Neighborhood club lived up to its title Wednesday when it met with Mrs. Raynor Benedict and sewed industriously for those stricken ones on the wind-swept Ridge. Sixteen ladies accomplished a great deal, making much new material up and repairing the loads of garments they had gathered up. In the goods they made were five pairs pillow cases, five dresses for children, three gingham aprons, four petticoats and six holders. They halted work only long enough to partake of their picnic dinner and at this meeting accomplshed more than at any such gathering before. Mrs. Benedict is to take the goods to the Ridge and present it to the sufferers as she knows they need it.

LOCAL AND PERSONAL

Jessie Exelby of Dearborn was in town yesterday.

William Fletcher has been quite ill but is improving.

Jessie Nichols is a new employe at the New York Central freight office.

Robert Collins, son of Mr. and Mrs. James Collins, is ill of diphtheria.

Albert Boyce has sold his residence on South Union street to W. F. Fisher.

Mrs. John Pyle and little daughter, Nanetta, are visiting relatives at Rockville, Ind.

Mr. and Mrs. Wendall Willett drove to West Unity, Ohio, today to attend the funeral of a relative.

Dr. and Mrs. L. G. North arrived Tuesday evening from a several months' stay in St. Petersburg, Fla.

Mr. and Mrs. F. M. Mulvaney are enjoying a visit from their daughter, Mrs. Minnie Bryan, and baby of Portland.

Ed Schreder has resigned from his position as chief clerk at the New York Central freight office where he has been employed for five years. Saturday he begins work as shipping clerk for the Quaker Oats Co.

John Nemire of Columbus has been in town this week, coming to drive home with Albert Boyce.

Mrs. James A. Davis of Detroit came today to visit her mother, Mrs. P. C. Snell, and sister, Mrs. Franc S. Gillespie.

The Home Guards will meet at the M. E. church Saturday afternoon instead of with Mrs. Harper as previously announced.

The Atheletic association of the high school is this evening to entertain the boys and girls' basket ball teams at a banquet at the "gym."

Mrs. Sarah Lamkin, who resides with her son, Ira, and family is recovering nicely from a stroke of paralysis, under the care of Dr. N. D. Trask.

Wood & Fletcher have purchased a Republic truck of the Big Chief garage to use in connection with their business of conducting the Daisy market.

Ira Webster was over from Adrian Tuesday. He has sold his residence in that city and gone to live with his daughter, Mrs. Leon Yenor, about five miles from Adrian.

Miss Beatrice Gilmore suffered a heart attack at the school house Friday. Dr. H. R. Conklin was called and the young lady was carried to her home nearby. She has since been quite sick, but is much better now.

Mrs. Robt. Rulison of Eaton Rapids has been the guest of Mrs. Geo. Church since Monday. She had represented the Eaton Rapids Pythian Sisters at the convention in Jackson Monday and accompanied Mrs. Church to Adrian Tuesday for the district meeting held there.

Tickets for the memorial banquet to be given by the Woman's Auxiliary of Frederick E. Pieper Post, 176, American Legion, at Clinton Saturday, May 1, can be secured at this office, the number of tickets for Tecumseh being limited to 15. Needless to say the banquet will be worth attending.

The Westminster Guild will give their annual men's evening and May party at the Presbyterian church May 10, as Rev. W. A. Rex can be present on that date. This will also be in the nature of a farewell for Mrs. Rex. The regular meeting of the Guild will be with Miss Ethel Keyser on Tuesday, May 18.

Miss Eyrcil VanWinkle enjoyed a birthday Monday which fact became known to her Sunday school class and the members helped her celebrate that evening. Ten young ladies were in the group who surprised her at her home. Games and the serving of light refreshments employed their time and Miss Eyrcil received many pretty gifts.

Yesterday James Kent received word of the sudden death of his father, Joshua E. Kent, which had occurred at the home of his nephew, Scott Jackson, in Dundee. Mr. Kent had visited here only a week ago and had been in the best of health, so his death comes as the greater shock. Besides Mr. Kent there survives one daughter, Mrs. E. L. Hamblin, of Waverly, Iowa. Joshua Kent was quite well known in this vicinity, through his frequent visits with his son and family. James Kent went to Dundee today and Mrs. Kent goes tomorrow for the funeral.

B. J. Pulver, Guy E. Belding, H. S. Temple and E. H. Ahrens, representing the board of directors of Tecumseh Home Building Association, accompanied by Fred Rosacrans, made a trip to Adrian yesterday morning to inspect some of the homes built in our county seat on the housing plan of that city.. They were cordially received by Mr. Aspinwall, managing the Adrian building operations, and two other interested gentlemen, shown several of the new homes and given much valuable information. Contractors here are to figure on plans and it is likely operations will be started soon.

The Flint Daily Journal of Monday gave Rev. W. A. Rex prominent mention on the occasion of his first appearance in the Civic Park church, where he preached at both services Sunday. An excellent likeness of the former Tecumseh pastor accompanied the article. There is a Sunday school of 200 members already organized, a Boy Scout and Girls' Scout troops and Sunday evening more than 50 attended a young people's meeting. Rev. Rex has one assistant in the work and another is to be added soon. He has been fortunate enough to secure a house for his family out at the park and will move them to the new home in a few weks.

MORE THAN 150 COUPLE ATTEND BENEFIT DANCE

A dance was given Tuesday evening at the Witherell and I. O. O. F. halls for the benefit of the cyclone victims. Both halls were crowded with dancers, it being estimated there were more than 300 in the crowd. These musicians donated their services: Pianists, Mrs. W. L. Coller, Mrs. Jack Stalter, Mrs. Thomas Deniston, Misses Leota Lancaster of Clinton and Ella Mathias; violinists, Archie Boyd, Tom Deniston; cornets, Clare Camburn, Lester Coller; xylophone, Poley Hause of Clinton; traps, W. L. Coller, Maurice Coller, Jack Stalter.

Many came from Macon, Milan, Britton and Clinton. Lunch was served to the dancers.

Mrs. Albert Foster and Miss Alma Tansley arranged this party and worked energetically for its success, netting $150 for the unfortunate Maconites.

These ladies wish to thank the owners of the halls, which were donated, the musicians, and all who so kindly helped them in this undertaking.

CHILD CONSERVATION LEAGUE IS ORGANIZING MOTHERS OF TECUMSEH

Mrs. Mary J. Wright, field secretary, is here to interest the mothers of Tecumseh in the work of a league which has for its object helping parents train their children physically, morally and intellectually, laying special emphasis on training for social purity. It provides for their welfare by means of systematic educational and advisory work in the acquirement of definite knowledge and broader culture relating especially to childhood and its needs.

The Child Conservation League is a national organization, incorporated under the laws of the District of Columbia, and by co-operation with organized womanhood the league seeks to do those practical things through enforcement of laws designed to better the condition of man. The president of the league is Dr. Winfield Scott Hall, the eminent authority on sex hygiene and social purity. On its advisory board are many famous men and women, among whom are Judge Ben Lindsey, President G. Stanley Hall, Luther Burbank, Edwin Markham, poet and social reformer, Prof. O'Shea of the University of Wisconsin, Mrs. May Wright Sewall, lecturer and publicist, and Prof. Zeublin, also publicist and lecturer.

Much interest is being shown by the ladies of Tecumseh in this good work, and it is hoped that a splendid circle of the league may be organized here. The field secretary will call upon the mothers and answer any question.

FARM BUREAU HEAD A. O. HOWARD MADE

(Continued from Page One)

nity and to the purchasing of the twine needed by the farmers of Tecumseh township.

The local farm bureau is a part of the state organization, having membership through the county body. All of the Tecumseh bureau's buying and selling activities are done through the county organization, and the county body acts through the state association, the collective way of dealing giving the farmer better price advantages and is to his benefit in many ways. Not only in the buying and selling of products will the tillers of the soil act together, but it will be the aim of the state organization to strive for legislation of benefit to the farmers and to see that their interests in general are properly looked after.

As the state organization will represent such a large number of producers, it will be able to secure prices and other advantages which the individual farmer could not gain, and the agriculturist who is a member of the bureau will reap benefits which the non-affiliated agriculturists cannot secure. The township unit gives each community opportunity to handle its home affairs to its own best advantage, affiliation with the county and state bodies bringing benefits obtainable only by concerted action. The state bureaus are already being formed into a national organization.

While the farm bureau idea is comparatively new in Tecumseh township, the local farmers are deeply interested and are joining the organization in large numbers, the prospects being it will be decidedly successful.

The county bureau held a meeting in Adrian Monday, A. O. Howard and D. T. Hall being the delegates from Tecumseh. This gathering was largely attended, being presided over by A. E. Illenden, president of the Lenawee County Farm Bureau. It was announced the county organization now has 2473 members, and that at present, the treasury contains $3,900. A new constitution and by-laws, to conform with the state organization, were adopted.

It was decided the first Monday in December be the date for the annual meeting of the county farm bureau, the executive committee to hold a session the first Monday in each month.

A. E. Illenden of Adrian was unanimously elected president; Elmer Beamer of Ogden, vice president; R. C. Rothfuss of Adrian, treasurer, and V. B. Colgrove of Medina, treasurer. The following were named to serve for two years on the executive committee: M. C. McMann, Deerfield; C. M. Case, Adrian township; V. B. Colgrove, Medina; L. W. Coller of Macon, John Hawkins of Rollin and Otto Wagner of Riga were made members of the executive committee for one year.

Home Is Missing When He Returns

Joe Hollubik Dazed When He Learns All Buildings on His Farm Were Destroyed.

One of the pathetic incidents resulting from the cyclone was the case of Joe Hollubik, who returned home from Blissfield after a short absence to be informed all his possessions were in ruins.

Mr. Hollubik returned to Ridgeway Friday morning and was walking toward his place on the Ridge road expecting to reach his home soon and be welcomed by his wife and children. Long before he came in sight of where his home had stood neighbors informed him his residence and all the outbuildings had been blown away, but he did not seem to grasp the meaning of what they said or was so dazed by the shocking news he could only mumble a few words and continue on his way.

His wife and the four small children who were at home were not injured and it was a touching scene when they met. The Hollubik place was one of those where the cyclone did its greatest damage. It was formerly the Tom Boyd farm.

One of his older sons was to have been married on Tuesday to a young lady from Toledo, who had been visiting his parents and her wedding attire was lost in the storm.

ESTHER T. RAYMOND AND FRED RENTSCHLER WED

Mr. and Mrs. Fred Rentschler of Pontiac spent Sunday with relatives here.

The foregoing personal is of more than passing interest to the couple's many Tecumseh friends, as Fred took the responsibilities of a benedict only on Saturday. That afternoon at the home of Mr. and Mrs. C. T. McGrath in Detroit took place the marriage of Fred Rentschler and Miss Esther T. Raymond of this place. The Rev. Knight, pastor of the Baptist church of Pontiac, of which Mr. Rentschler is a member, officiated. The bride wore a traveling suit of blue with hat to match. The couple were unattended.

They returned on Monday to Pontiac, where the groom has purchased a cozy bungalow and has it nearly furnished.

Both young people are graduates of our high school and favorites with the younger crowd of the town. Mrs. Rentschler was left motherless when but a babe and was reared by her uncle and aunt, Mr. and Mrs. Frank Pratt, to whom she is like a daughter. Fred is the oldest son of Mr. and Mrs. Jacob Rentschler. Since completing his education he has been connected with the business life of Pontiac, recently purchasing an interest in an immense laundry.

The best wishes of their many friends accompany them to their new home.

OBITUARY

Mrs. Albert Hyde.

Anna McCully Hyde was born in Palmyra, Mich., February 7, 1840, and was married in Moscow, Hillsdale county, September 25, 1863, to Albert Hyde of this place. Coming here immediately after her marriage, she lived here until two years ago, when she went to Detroit to reside with her daughter, Mrs. Albert Blood. She passed away Wednesday afternoon, April 21, 1920, after a few weeks' illness, due to advanced age.

Funeral services were held in Detroit Friday morning and the remains brought here by auto, short services being conducted at the grave at 11 o'clock by Rev. W. R. Curtis.

Relatives accompanying the remains from Detroit were Mr. and Mrs. Albert Blood, Mrs. Ella Russel, Harry Russel, Florence and Harold Blood.

During the long years spent in this city, Mrs. Hyde, through her quiet, unassuming life won many friends who appreciated the sweet character and sincerely sorrow with the two daughters, Mrs. Russel and Mrs. Blood, in their bereavement.

Rev. C. M. Thompson Tells Community Service Congregation to Hold on to Jesus Christ.

"Jesus Christ, the supreme cornerstone," was the theme of Rev. C. M. Thompson's sermon Sunday evening at the Methodist church at the community service. It had been planned to hear Dr. J. W. Will of Hillsdale, who occupied the Presbyterian pulpit that morning, but he found it impossible to remain, so Rev. Thompson filled the vacancy.

Fred Dickinson conducted the song service and Rev. Edw. Escolme the devotionals. Rev. W. R. Curtis explained further the Inter-Church World movement and told of the town canvass to be made at once. This was first planned as a part of the community program and now fits in with the working of the new movement. Not only the city is to be canvassed but every home in each direction for three miles from the corporation.

Mr. Dickinson sang as a solo "No Night There," the choir joining in the chorus. Rev. Curits solicited the aid of his hearers for the sufferers in the cyclone district in Macon township, saying the M. E. church would be open Monday to receive any contributions of clothing, food or household goods.

Rev. Thompson took his text from Ephesians 2:20, "Jesus Christ himself being the chief cornerstone." He said: "This is the central fact of our faith and the struggle for this faith will be around Jesus Christ. Hold on to Jesus Christ for without Him we are lost. So long as the churches hold onto Jesus Christ they will prosper.

"Paul compared the spiritual temple with the most beautiful one erected to Diana. The design of the spiritual temple was made by the Supreme Architect with the foundation of Jesus Christ. No human mind could conceive of this plan, but God himself planned it on the site of the ruined world. There must be unity in this temple as God intended. We are brothers of the faith, and we appreciate the spiritual kinship developing here, as we are in harmony to work for the Inter-Church World movement.

"Holiness is written upon the design of God's house, the people set apart for holy things, their sins purged from them. Unity and holiness are the main factors in God's temple. The holiest public institution is the church of the living God, we are the habitation of God through the spirit. The great temples pale into insignificance with God's temple of which we are a part."

Next Sunday evening the Community service is to be held in the Presbyterian church.

MEN FROM CITY WILL REPRESENT TOWNSHIP AT TWO G. O. P. GATHERINGS

Tecumseh township was among those to send a full delegation to the Republican county convention at Adrian, and G. Arthur Rathbun, a delegate from this city, was made a member of the committee on resolutions. The gathering was largely attended, harmonious and optimism most pronounced over the outlook for the party's success at the coming election.

When County Chairman Frank A. Bradish called the gathering to order there were full delegations present from all but two townships, Hudson and Rollin. Clarke E. Baldwin of Adrian was named temporary chairman and Mrs. Edith Smith of Raisin temporary secretary. Mr. Baldwin, in his address, declared the Democrats never could run the government and probably never will be able to, and was confident the American voters would send a Republican to the White House next fall. He warmly welcomed the many women delegates present and credited most of them with having better judgment than the great majority of male voters.

The resolutions adopted reaffirmed the Lenawee county Republicans' allegiance to their party and predicted a G. O. P. victory in the approaching ballot contest. Especial mention was made of the representative in congress from the Second Michigan district, Earl C. Michener, of Adrian. Charles Evans, John R. Vine and Ernest Bryant were praised for their excellent records as members of the state legislature.

Judge Burton L. Hart and Representative Evans gave addresses, the latter scathingly arraigning the Wilson administration as wishy-washy.

G. Arthur Rathbun of Tecumseh was chosen as the delegate from this township to the state convention at Kalamazoo, and R. K. Anderson of this city was selected to represent the township at the district convention at Jackson.

VICTIMS OF CYCLONE ALSO REQUIRE GRAIN AND POTATOES

Workers to Take Part in Reconstruction Activities Most Welcome—American Legion Invited to Extend Aid—Injured Ones Continue to Improve.

Cash.

Reconstruction workers.

These are the present urgent needs of the victims of the cyclone which brought such wide-spread desolation and ruin on the Ridge road two weeks ago today.

With the first excitement of the disaster worn off, there is a decline in the interest shown by a sympathetic public in the fate of those who were so ruthlessly dealt with by the wind. While the people close to the devastated territory and for miles around have been exceedingly liberal to the storm sufferers there is still much that can be done for them. Especially are workers needed to replace the more necessary structures on the farms that were swept of all buildings. Gangs of men can be employed to advantage for some time to come and that some systematic means will be found to bring this about is the hope of the Red Cross workers and others who are making it their business to

Union Services to Mark Mothers' Day

Public Invited to Exercises at St. Peter's Episcopal Church Sunday Afternoon—G. A. R. to Attend in Body.

Union Mothers' day services will be held at St. Peter's Episcopal church Sunday afternoon, to which the public is most cordially invited. The exercises will begin at 4 o'clock.

The local members of the Grand Army of the Republic are to attend in a body. They will meet at the post rooms at 3:30 and march to St. Peter's church. Other organizations of a similar character and fraternities are invited to be present.

The sermon will be by Rev. J. J. Preston, rector of St. Peter's church. Music appropriate to the occasion will be a part of the program.

Tecumseh's union Mothers' day services are in compliance with a proclamation issued by Governor A. E. Sleeper, in which he calls upon all people, young and old, to observe the day. He suggests by wearing a red flower for the living mother and a white for the dear departed, we will symbolize our love and reverence for the mothers of the nation. Absent sons and daughters are urged to take this occasion, if possible, to visit the mother in the old home, or, where such a visit is impossible, that they send a message of cheer and greeting. By this may mothers know that in the rush of affairs they are not forgotten. The state's chief executive further requests the United States flag be displayed on this day in the homes and other suitable places as a fitting expression of a desire to pay homage to American motherhood.

Federation Meets Here Next Year

County Organization of Woman's Clubs Accepts Invitation of Tecumseh Monday Club.

A gathering of interest to every club woman in the county was the meeting of the Lenawee County Federation of Woman's Clubs at Cement City Thursday. Of the 300 present five were from Tecumseh, Mrs. J. H. Smith, Mrs. F. B. Wood, Mrs. J. D. Shull, Mrs. R. S. Moore and Mrs. Ella James.

Among the good things advocated at the meeting, Mrs. E. S. Tate of Clinton, chairman of the committee on corrections and charities, recommened the appointment of a woman as one of the county superintendents of the poor, the erection of a hospital for tubercular patients at the county infirmary. Another petition of Mrs. Tate and one that every parent in Tecumseh will endorse, was that the organization join in combatting the prevalent tendency toward dressing school children in fancy clothing.

Mrs. J. D. Shull proposed a subscription for the relief work among the cyclone sufferers, which amounted to $24.50.

The Federation will be guests of the Tecumseh Monday club for its 1921 meeting.

The following are the new officers elected:

President—Mrs. C. F. Morse, Jasper.

Vice President—Mrs. A. K. Dean, Addison.

Secretary—Mrs. William Abbott, Hudson.

Treasurer—Mrs. L. Miller, Cement City.

Basketball Teams of "High" Feast

Pleasurable Program Given at Function in Honor of Athletes—Ts Are Awarded.

On Thursday evening the two high school basketball teams were banquetted by the Athletic association in the domestic science rooms, the domestic science classes, under Miss Carson, teacher, preparing the spread and serving.

The tables were laid in the form of a great T with a basket ball in a tripod of orange and black, the school colors, at the intersection. Dainty place cards and hand-printed menus and programs were at each place on the prettily laid tables.

A most pleasurable program of toasts followed the banquet, with O. W. Laidlaw toastmaster. Each in the party received a share of jokes and fun in the following program:

"The Whistle"—Homer Hanham.
"The Toss-up"—Miss Brooks.
"The Baskets"—Miss Helen McIntyre.
"Rooters"—O. W. Laidlaw.
"Final Score"—C. W. Price.

Those honored by invitations were: Forwards—Henlen McIntyre, captain; Cecile Clark, Arlene Gillespie, Leslie Abbott, Lawrence Harrington, Harold Sisson. Centers—Jeanette Hall, Frances Alderdyce, Homer Hanham, captain. Guards—Marian Harrington, Margaret Marsh; Charlotte Arner, Sam Sisson, Leroy VanWinkle, Glen Crittenden. Time keeper—Glen Tansley. Score keeper, Wesley Clark. Referee—John Larsen.

Miss Brooks, the girls' coach, presented the regular team with their honor Ts and C. W. Price, the boys' coach, performed this office for them.

MEMORIAL DAY WILL BE OBSERVED IN TECUMSEH

This city will observe Memorial day, Sunday, May 30, in a fitting manner, a parade and other features which usually are a part of the demonstration to be on the program.

Clarke E. Baldwin of Adrian will be the orator of the day, but the place of holding the exercises has not as yet been selected. It will be announced later.

Arrangements for the day are to be made at a meeting to be held at the council building Friday evening, and a large attendance is hoped for.

The Memorial day sermon will be preached at the Methodist church on Sunday, May 23, by Rev. C. M. Thompson. All organizations are urged to be present and the public in general is also invited to attend the services.

Celebrate Their Golden Wedding

Mr. and Mrs. Myron Conklin Host to Many on Joyous Occasion—Receive Numerous Gifts.

Just fifty years ago last Saturday, May day, took place the wedding of Myron Conklin and Miss Virginia Webster and in their home on North Union street, on the golden anniversary, they received their friends in celebration. The setting was fittingly handsome. Great bunches of golden jonquils and tulips were used in decoration in the living rooms, while in the dining room the table held white sweet peas and yellow candles gleamed from crystal holders, tied with great bows of white at the four corners.

Attending the doors were Miss Teressa Deery and Webster Conklin. In the receiving line were the bride and groom of long ago, with their two sons and wives, Mr. and Mrs. Erwin Conklin of Detroit and Dr. and Mrs. H. R. Conklin. A constant stream of friends entered the home congratulating this estimable couple and wishing them many more years of such happily wedded life.

MR. AND MRS. MYRON CONKLIN.

Among the visitors were Mr. and Mrs. George Bangs of Adrian, Miss Camilla Hayden of Ann Arbor.

In the dining room dainty refreshments were served by the granddaughters, Mrs. Ellsworth Collins of Macon, Miss Irene Conklin of Detroit, and Miss Georgianna Conklin, while Mr. Conklin presided at the punch bowl.

A table filled with gifts of flowers, golden pieces of money, etc., and a plate heaped with letters and telegrams of congratulation, also testified to the loving thoughtfulness of their hosts of friends.

Mrs. Conklin was born in Darlington, Ind., May 19, 1850, and came to Tecumseh with her mother when but 6 years old. Her mother in 1863 built the house in which was held the anniversary celebration and which was the home of Mrs. Conklin the larger part of her life.

Mr. Conklin was born Feb. 28, 1843, in Scottsburg, N. Y., coming to Tecumseh when a young man. The couple were married at Elmwood, Ill., at the home of Mrs. Conklin's sister, Mrs. Amelia Hoag Webb, the brother-in-law, Rev. T. E. Webb, performing the ceremony. After a few months they returned to Tecumseh and lived a number of years on their farm northwest of town, coming back to the homestead in this city in 1883.

The years have dealt kindly with Mr. and Mrs. Conklin, their life has been spent quietly amidst the large circle of friends, and both are in fairly good health to enjoy many more years together.

TO MAKE MEMORIAL DAY PLANS FRIDAY EVENING

At 7:30 o'clock on Friday evening there will be a meeting at the council building which it is hoped will be largely attended. Plans are to be made for the proper observance of Memorial day, Sunday, May 30.

The members of the G. A. R., American Legion and citizens in general are urged to take interest in this meeting and show it by being present.

LOCAL N. Y. C. AGENT IS TRANSFERRED TO MONROE

A. B. McLachlin, for years New York Central agent at this station, has been transferred to Monroe in the same capacity. He will go as soon as his successor arrives here, probably on Saturday, but his family will remain until after school closes for the year.

Mr. McLachlin has very efficiently handled the New York Central business here since January 15, 1906. In September, 1917, he also was given the work of the D. T. & M. branch of the N. Y. C. and in October, 1918, the D. T. & I. work was also combined under the one agent, so he has had no time to idle.

Mr. and Mrs. McLachlin and children have made many warm friends in Tecumseh who sincerely regret their departure, but appreciate the advance this means for Mr. McLachlin.

Community Raises $5,487 for Missons

Tecumseh and Vicinity Makes Good Showing for Inter-Church World Movement—Canvass Successful.

In Tecumseh and the surrounding territory there has been raised $5,487 for mission work, this being the total sum secured under the Inter-Church World Movement plan.

The workers who canvassed the city and outlying districts Sunday afternoon got pledges totaling $728, this being in addition to the quotas which the several churches had been alloted under the Inter-Church Wrold Movement plan and which will be paid by the membership of these congregations. The sums gained by the various churches through the efforts of the special canvass are as follows: Baptist, $234.20; Presbyterian, $214.90; Methodist, $143.50; Episcopal, $74.70; Inter-Church World Movement from persons not regular attendants at any church, $87.70.

About 60 men took part in the canvass, meeting at the Baptist church previous to starting the work. It was an inspiring sight to see so many of the community's ablest men gathered in the cause of the church and God's work, determined to gather funds with which to spread the gospel of Jesus, and that they labored zealously was evidenced by the splendid results obtained.

While the town and the immediate vicinity were thoroughly canvassed, in a number of instances the people were not at home and these will be called on at some later date. In most places the solicitors were most courteously received.

City Must Retain the Eastern Time

Council Tables Plea for Resumption of Central Schedule—Contract With Electric Co. Signed.

Having adopted Eastern standard time, Tecumseh will have to retain it for the remainder of this summer. This is the verdict of the council, which on Monday night tabled a petition requesting this city revert to Central time.

Another important matter disposed of was the formal passage of the franchise and contract with the Tecumseh Electric Company, the details of the agreement having been published in these columns April 22. George Church, representing the electric company, made a plea that one change be made in the contract. He contended the clause which gave the council permission to deduct three times the value for every light that failed to burn was unjust, requesting a reduction in this rate. The trustees were of the opinion the clause was needed as a whip over the electric company and reminded the corporation's representative that though lights have been out the city has never exacted the penalty. The clause was not altered.

The petition requesting the resumption of Central standard time in Tecumseh was signed by business men, rural mail carriers, restaurant owners, post office employees, many women and quite a few farmers. After it had been read by President Hines Trustee Hendershott said the petition asking for the adoption of Eastern time had been signed by five times as many persons as the second one and he could see no reason for taking heed of the plea. His motion that it be tabled prevailed, Trustees Kempf and Campbell being the only ones to oppose it.

The committee on water reported the plea of the taxpayers on Brown street, who had requested water service, were entitled to this convenience, but because of the extreme expense of the job, especially during the present period of high prices, it is practically out of the question to do the work.

The Puritan Gravel Company has asked permission to tap the water mains at their own expense to supply them temporarily, and there was no objection to this. The company will drill its own wells later.

Complaint had been made of the condition of the alley in back of the stores on the north side of Chicago street, west of Evans. The property owners are to be notified that the premises must be cleaned.

Village Attorney Rathbun presented the parking ordinance in its revised form and it was adopted. It stipulates cars must be parked on the right hand side on Chicago street at an angle of 45 degrees; that the vehicle coming at the right of the driver of another vehicle has the right of way.

Tecumseh Grabs Game With Britton

Score is 19 to 6—Local Team Meets Addison Here Next Monday Afternoon.

It did not require any special efforts on the part of the Tecumseh high school baseball team to defeat Britton Monday afternoon, as the local nine scampered around the sacks almost at will, taking the contest by a score of 19 to 6. This was the game that had to be postponed a week ago Friday on account of rain. The contest scheduled with Addison last Friday also had to be postponed, this to be played off next Monday afternoon.

Crittenden, Sisson [illegible] Winkle were the battery for Tecumseh, Gill, Smith and Lowe officiating for the visitors. It was a case of too much Crittenden for the Brittonites, as they could not get hits when they would have done the most good, their 10 safe drives coming at inopportune times. Tecumseh made 19 hits, the majority figuring in the scoring. Crittenden not only heaved a splendid game but also gave a good account of himself while at bat.

Gill started to hurl for the visitors, but was lifted after four Tecumsehites had crossed the plate in the first inning. Smith succeeded him. After the local high had sewed up the game, Sam Sisson did the pitching, occupying the box during the last two innings.

Coach Crampton is striving assidously to make Tecumseh high a winning team and that his trained efforts are bringing results is seen in the victory of Monday. Encouragement is a big factor in making a team successful and the people of Tecumseh can show their appreciation of the endeavors of the team and coach by attending the games. The next one is Monday afternoon.

WANT STREET OILED? GET BUSY IMMEDIATELY

Prospects now are that quite a few streets will be oiled in Tecumseh this summer, as several petitions for this improvement have already been filed with L. E. Temple, who is the general chairman for securing the fluid.

Mr. Temple advises all who want their streets oiled to place their petitions before him at once in order that he may purchase the dust layer at the lowest possible price. The fluid is also scarce and therefore difficult to obtain, so immediate action is advisable.

The residents of a block that is to be oiled should select a block chairman, who will notify Mr. Temple he or she will be responsible for the price of the oil. The general chairman will then order the oil, the residents paying for it by the gallon instead of per foot frontage, the fluid being furnished at cost. It is spread by the village.

So if you want your street oiled this summer get busy and get in touch with Mr. Temple, who is giving this matter his earnest attention.

This is to certify that we, the undersigned, and the churches we represent highly appreciate both the noble services of the men and co-operation of the people around and in Tecumseh in the community financial canvass conducted last Sunday.

BLANCHARD COUNCIL ADDS 18 MEMBERS TO THE ORDER

Tuesday was a banner night for Blanchard Council, No. 34, R. & S. M., when a large class took the super-excellent degree and the local lodge entertained many from out of town. The candidates were L. W. Coller of Macon, Everett Exelby, Ernest W. Taylor, Earl R. Taylor, Chester Pilbeam, Alex Gibson and Guy Pocklington of Britton, Oley Mahrle of Clinton, Charles Nobles, Charles C. Wilson, H. S. Waring, Fred VanTine, John W. Avery, Rev. W. A. Rex, W. J. Morse, Otto Garlinghouse, Frank S. Turner and Charles W. Price.

A banquet was enjoyed by about 100 previous to the lodge session. Among those present were Park Arnold of Elyria, Ohio, 20 brothers from Clinton and many from Manchester, Britton and Holloway.

The Manchester men brought an invitation to the Tecumseh Council to visit them soon and confer the degree on a class of 50.

Editorial Comment

Improvement—keeping progress with the times — should be the watchword of every one. This includes the private individual, business man, manufacturer, the church, the school and the municipality. It is the object of the management to keep The Herald a leader in its class. While The Herald is only a weekly, yet it was the first newspaper that published photographs of the disastrous results of the recent cyclone that ruthlessly swept away homes and property of residents on Ridge road. That this feature and the detailed account of the disaster was appreci- believe the people of the community was evidenced by the great demand for copies of The Herald. We believe the people of the cammunity now fully recognize in The Herald a worthy representative. This is evidenced by the steady growth of its subscription list.

In connection with the newspaper the management has added a complete job printing department and now it is not necessary for any Tecumseh concern to send out of town for any kind of a job that can be done in an up-to-date job office. We not only have the equipment, but experienced printers to handle such jobs. This department has grown in the past three months and will continue to grow larger and larger as the users of printed matter become acquainted with and gain confidence in the ability and equipment of this establishment.

Recognizing the value of illustrations in advertising and the expense in connection with the securing of cuts, The Herald has contracted for a casting machine and a special news feature and advertising cuts service. This service will provide paper matrices from which cuts are cast with the machine. Instead of having heavy cuts sent to them by mail, merchants can secure the light matrices and save both in postage and cost of making cuts. This newly added equipment and service is bound to please our advertisers as soon as they become acquainted with it.

It is the object of The Herald to serve the community to the best of its ability.

With the canning season rapidly approaching American housewives are facing a sugar famine. Sugar is scarce in this country and the price is high. Profiteering and scarcity are responsible to some degree for the outrageous price and the American housewife will be compelled to pay from 30c to 36c per pound for a commodity that retailed at 5c per pound before the war. Blame for existing conditions is also laid to President Wilson and Attorney General Palmer. In 1918 the government equalization board bought the entire Cuban sugar crop for 5½c per pound and allotted it to dealers throughout the United States and abroad. On July 29, 1919, representatives of the Cuban government and sugar planters offered the entire crop to the equalization board at 6½c a pound. That would have meant a retail price of not exceeding 13c a pound. The board transmitted the communication to President Wilson, but he failed to act. The reason is contained in the following statement by Mr. Palmer:

"I am authorized to state that the President desired to buy this crop as he had power to do under the Lever act, but, fearing that the law would automatically expire because of an early ratification of the peace treaty, he delayed the purchase pending an extension of the powers. He asked for this extension early in August, but it was not granted until October, too late to purchase the Cuban sugar. If the President had purchased the sugar, and the peace treaty had ended the Lever law, he would have had a vast amount of sugar on hand, which he would have had no power to distribute."

It is charged by the investigating committee that Attorney General Palmer brought on a great deal of the trouble by permitting the Louisiana sugar growers to charge 17 and 18 cents a pound for their product, guaranteeing the sugar men the net profits enjoyed in a normal year.

No matter where the blame lies the American people are up against a proposition that is serious, especially when it comes to preserving fruits and foods for winter consumption.

Tecumseh will continue to have two kinds of time. A numerously signed petition to change back to Central time was turned down by the village council Monday evening. The action of the council is based upon the fact that the petition asking for the earlier time contained many more signatures than the one acted upon Monday evening. The last petition contained many who signed for the change of time, realizing that two kinds of time are one too many. A great trouble with most people is the readiness with which they will place their signatures to petitions. It is done thoughtlessly by many and regretted afterward. It is a good plan to first stop and think before affixing your name to any kind of paper.

There is no indication of a lessening of the tension on the news-print situation. Investigation has established the fact that America has been extravagent in the use or misuse of print paper and a shortage of wood pulp is the result. City dailies have again advanced the price of their papers, and the chances are that country publishers will be compelled to follow suit. Our advice is for every subscriber to pay up now—pay now for all your reading matter for at least a year to come.

This new style idea creates a sensation

THE first thing a person notes when he sees the new Mitchell is its graceful harmony of lines. Then he analyzes.

He sees that the radiator, instead of its old-time bluntness, is now at a slight angle, corresponding with the windshield, doors, louvers. All this gives a suggestion of action, of motion, of fleetness.

Then one notes the finish of this car, at a distance and up close. Scrutiny shows all the details that one usually associates with the most expensive cars. The Mitchell is able to add these costly extras because it builds its own bodies, and puts the profits in the car instead of paying them to an outside builder.

Then lift the hood of this Mitchell Six. Note the accessibility of the engine and all parts. Let us point out all the improvements in the chassis.

Then if you wish, let us drive out on pavements and country roads. You'll again be surprised, for there is roadability in this car—a smooth, responsive power, a well-balanced body, comfortable seats, unusual room.

In every particular this new Mitchell, represents values not found elsewhere. We urge comparison. We know you'll save money when you invest in this new Mitchell. Come in today.

"That's My Home"

THE planning and building of your home is of no interest whatever to your neighbor, but to you it is a very important task—an achievement that you will want to be able to point to with pride, and say—"that's MY home!"

Here is a home that will enable you to do that—a home of which any man could well be proud. It is of English type with five rooms, though from the outside it appears much larger.

Downstairs are three rooms—living room, dining room, and kitchen. Upstairs there are two large bedrooms, each with a roomy closet adjoining. The bath room is conveniently located, and as it is directly over the kitchen, the same plumbing is permitted for both rooms.

This is a Trowbridge & Ackerman home, being designed by those noted New York architects. And this is but one of 200 home designs from which you can make your selection.

Other equally beautiful homes of four different architectural types—Colonial, English, Western, and Southern, and ranging in size from three to eight rooms, are shown in portfolios.

You should have one of these portfolios to help you in the planning and selection of your new home. And if you wish we will obtain one for you.

Turn your home building dreams into realities and start action immediately on your new home.

Ford

THE UNIVERSAL CAR

The Ford Sedan with electric starting and lighting system and demountable rims with 3½-inch tires all around, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is ideal for social functions, the theatre, or parties; carrying the children to school, or for touring. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability. We solicit your order for one. Come in and see it.

Mr. and Mrs. Fred Smith were week end visitors with his father, John B. Smith, and his brothers and sisters here and at Clinton. This is Fred's first visit in the old town in six years.

While Alfred Boyd, youngest son of James Boyd, was loading hay in a car on the New York Central Saturday morning a hay hook pierced his hand. Dr. H. H. Hammel was called, helped extricate the hook and cared for the injured hand.

Mrs. Charles Deery was in Brunersburg, near Defiance, Ohio, over the week end, a guest of her sister, Mrs. Andrew Hiler, and family, who were recently bereft of their home in a cyclone. She found the little family beginning life all over again in an old house which Mr. Hiler secured as a temporary shelter. The storm came on after dark and that made it the more terrible. They could not see through the pitch blackness, but could hear the cries of fright and screams of the dying after the terrific roar and crash of the storm had subsided. They luckily escaped with only minor bruises and consider themselves indeed fortunate. Mr. Hiler has already begun work on a new home, having carried tornado insurance. Mrs. Hiler, as Agnes Riley, is well known here as a bright, cheerful little lady and that same cheerful spirit has materially helped in tiding the family through their shocking experience.

APPRECIATES VALUE OF HOME-TOWN PAPER

Realizing the far-reaching influence which the home-town newspaper has in the growth and progressiveness of a community, "Philadelphia-Made-Hardware," a magazine published in that Pennsylvania city, comes out with a strong endorsement of the country weekly. A copy of the publication has been received by Satterthwaite Bros. of this city and they have brought the article to the attention of the publishers of The Herald. The caption is "Use Your Home-Town Newspaper," and the article reads as follows:

No matter what size the town is, the home newspaper is an important factor in its prosperity. It reflects the life of the place, and keeps everybody informed of what is happening. The town would be a dreary spot without it.

One of the most interesting features of the local newspaper is its advertising. Live advertising helps to make it a live, interesting, readable publication. The right kind of advertising will bring you results, build up the reputation of your store and bring the people in to buy the things you have to sell.

The newspaper is faithful to the interests of the merchants. It is always a booster of the buy-at-home policy. Tradesmen, therefore, should do everything they can to back it up in this good work by making their advertising so regular in appearance and so full of news of their respective stores that there will be some sound reason for the buy-at-home argument.

If your paper is a live one, help it along. If it is weak in the knees, help the editor to put ginger into it. If it is a dead one, get the corpse decently buried and encourage some real newspaper man to start one in its place—one that will be a credit to the community—and then see that you support it. But while there is a newspaper in your town, stand back of it with your advertising, your influence and your moral support.

SENIORS ENTERTAINED BY MISS CECILE CLARK

Miss Cecile Clark was hostess for her classmates, the Seniors, at the home of her parents, Mr. and Mrs. Albert Clark, on East Pottawatamie street Friday evening, when a three course dinner was served daintily by the Misses Dorothy Clark, Margaret Turner, Geraldine and Helen Westcott and Marian Williamson.

Green and white carnations were used in decoration and the place cards were tied with ribbon of the same hue, these being the class colors. Mrs. Mattis catered.

Guests beside the class and teachers were Mrs. O. W. Laidlaw and Miss Muriel Halladay.

MRS. RUSSELL HOST TO SUNDAY SCHOOL CLASS

Mrs. Thomas Russell very pleasantly entertained the members of Miss Kyle's Sunday school class Tuesday evening, 33 being in the party. The devotionals were led by the president, Mrs. J. J. Orr, the class then singing "Nearer My God to Thee" and "Work for the Night is Coming." The scripture lesson was from Romans, eighth chapter. Selections on the victrola were a part of the musical features of the program. There was an interesting colloquy, "Mistaken Philanthropy," by Mrs. J. Wyrill, Mrs. Grant Schreder, Mrs. Martha Nye, Mrs. J. W. Cupples, Mrs. J. J. Orr, Mrs. H. S. Waring and Mrs. Willis Smith. Miss Kyle's readings from Edgar A. Guest's writings were effectively presented, she giving "Boy O Mine," "Do It Well," and "May the Worst Man Win."

A quartet composed of Mrs. Stella Billings, Mrs. A. Helzerman, Mrs. J. J. Orr and Mrs. R. J. W. Bowen pleasingly sang "One More River to Cross."

Mrs. J. W. Cupples and Mrs. John Wyrill had charge of the program.

The class will meet Tuesday, June 1, with Mrs. H. B. Tallman, when a picnic dinner will be served at noon. Autos will be at the church to convey the members to the Tallman home.

The party who took the crosscut saw from D. F. Austin's back door had better return the same at once and save trouble as he is known.—adv. 5-6.

JOSEPH W. HOWELL ACTIVE IN INTEREST OF INDIANS

The Macon and Tecumseh friends of Attorney Joseph W. Howell of Washington are watching with interest his work for the Indians in Oklahoma. He is now in Pawhuska, Okla., where as special assistant to the attorney general of the United States, he is representing the government in one of the most important of the Indian cases yet brought before the courts. The government stepped in with an injunction in 1917 to prevent the sale for taxes of certain lands owned by the Indians. This has been appealed from one court to another on the grounds that the United States was not a proper party to such a suit and that it was a case for the state courts to settle. But the former Macon man held that the lands had been assessed much too high and is trying for a square deal for the Red Man.

Mr. Howell is enthusiastic over Oklahoma, to which state he has made frequent trips since 1902, when he became prominent in the handling of Indian affairs, spending much of his time in that state of late years. He intends to locate his family in Oklahoma soon.

The 15 new members received last Sunday makes a total of 68 received so far this conference year. Fifteen of this total are transfers from other charges, the remaining 53 have been received on confession of faith and into preparatory membership.

Our League enjoyed the visit of the Clinton League Sunday evening. They can come again.

The centenary pledges for the first year are all due by June 1, and should all be paid in May.

The May party of the Ladies' Aid last Tuesday evening was a fine social event and much enjoyed by the large number present.

The Inter-Church financial canvass last Sunday was a great event in Tecumseh church life. To see over 50 stalwart men from the four churches co-operating assembled and eager for the work was an inspiring sight of itself. And then the good fellowship cultivated and the splendid financial results achieved are calculated to inspire heart and hope in the corporate church life of our town. All who aided in the canvass and who so kindly and generously contributed have our heartiest thanks.

One of our most influential citizens came out to the wagon last Saturday and said: "Floyd, it is too cool to begin yet but like all on this street you can count on us. I am a good friend of your competitors and have lived in several different towns but I have never had the service and been used as well as you have used us. If I could buy a book for $1 elsewhere and you were charging $2 I would not change from you. Circles 4 and 5 Are Royal Hosts

Ladies of M. E. Church Delightfully Entertained at May Party.

A very pretty party was given Tuesday evening at the M. E. church when Circles 4 and 5 were hostesses to the other circles of the Ladies' Aid society and every woman of the church was to be a guest. The quaint little invitations bore this jingle:

"May fourth the day,
M. E. church the place,
Time from seven to nine.
A quarter then bring;
There'll be stunts and things;
The evening you'll say was fine."

The lecture room was filled with 30 little tables, each decorated with pink and white May baskets and lighted candles in crystal holders. Streamers of pink and white and flowers of the same color were used lavishly in further decoration, making the room a handsome background for the gathering of ladies. These decorations were the work of Mrs. Roberts and Mrs. W. D. Willett. The guests were received by a committee composed of Mrs. W. D. Reed, Mrs. C. M. Thompson, Mrs. E. M. Lewis and Mrs. H. R. Conklin. After visiting a few minutes the guests were ushered to the lecture room and found their places by means of pretty little cards, to music by Miss Georgianna Conklin. At each table was a hostess who courteously attended her guests, after grace by Mrs. C. M. Thompson.

The menu of sandwiches, coffee, ice cream and cake was served by the Misses Mary Ellen Newsom, Gertrude and Margaret Turner, Marjorie Field, Lucile Martin, Georgianna Conklin, Mildred Courtad, Genevieve and Gertrude Wright.

Much fun followed when potatoes, napkins and toothpicks were handed round with which to make dolls. That it has not been long since Miss Kathryn Reed made doll dresses was evident by the beauty she turned out, and as a reward for her labors she was presented with a beautiful potted hyacinth, which she gracefully presented to Mrs. C. M. Thompson as a token of the love of the ladies of Circles 4 and 5. The judges awarding the gift were Mrs. Havilla F. Haskins, Mrs. K. A. Braman, Mrs. H. W. Whaley and Mrs. Stewart.

The following program was given as arranged by Mrs. H. R. Conklin and Mrs. W. D. Willett:

Violin solo—Mrs. Howard Matthews, accompanied by Mrs. W. G. Waldron.

Reading, "A Martyred Mother"—Mrs. J. A. Collins.

Vocal solo—Mrs. Haskins, accompanied by Mrs. Ella Hodges.

Reading—Mrs. Braman.

Winding the May pole—Mildred Courtad, Gertrude and Genevieve Wright, Lucile Martin, Georgianna Conklin, Marjorie Field, Mary Ellen Newsom and Gertrude Turner, to a march played by Mrs. A. B. Harding.

The general chairmen were Mrs. G. R. Newsom and Mrs. A. W. Pocklington, and to their efforts are the Methodist ladies largely indebted for a delightful evening.

DONATIONS OF CASH ARE NEEDED MOST

(Continued from Page One)

look after the needs of those upon whom the elements descended so relentlessly.

One plan proposed is that all the posts of the American Legion in Lenawee county each donate one day's work by their members, this system of relief work being advanced by the Adrian world war veterans. They are setting a good example by being on the job on the Ridge today, about 100 strong, aiding in the clean-up and in rebuilding demolished structures. They were conveyed to the ruin-strewn sector in vehicles furnished through the efforts of the Chamber of Commerce in the county seat. The workers come equipped with hammers, saws, shovels, rakes, etc., and dig into the work with vigor. They are deposited in squads at the places where help is most needed. Women from Sand Creek were in charge of the Red Cross canteen today.

The Morenci post is to do likewise some day next week and those favoring this plan hope the other Legion organizations in the county will follow suit. In all cases the employers of these ex-soldiers and sailors are expected to pay the men their regular wages while they are serving in this cause of helpfulness. The posts welcome former soldiers and sailors on these expeditions whether they are members of the organization or not.

Tecumseh women are again to be in charge of the canteen, which is stationed at the Ed Hanley farm, some day in the near future. Adrian women were the workers Wednesday.

Cash donations may be made through Miss Mary Mackenzie, secretary of the home service department of the Lenawee County Red Cross chapter. Contributors or those in charge of donations may notify Miss Mackenzie by mail or phone and she will call.

The greatest need in grains is barley and oats and those desiring to share their supplies with the storm sufferers may notify the Red Cross secretary or leave the donations at some central location where more than one may be called for at the same time. Contributions of potatoes may be handled the same way.

Workers are necessary not only to help clear away the debris but also to erect buildings and reset fences, many of those blown down being in good condition. Volunteers will be welcomed, meals being furnished by the Red Cross and through donations of the neighbor housewives.

All of those injured in the storm are on the road to recovery. Mr. and Mrs. Michael Horrigan are now occupying their temporary home, completed only a few days ago. Mrs. Horrigan, who at first was believed to have been seriously injured when she and her husband were pinioned beneath falling timbers, is able to be up and around. Leah Boyd, who was knocked down by an auto the Sunday after the storm, is also on the gain. She is again able to be up.

Joe Hollubik, who lost everything, has had some more bad luck. He stepped on a nail last Friday but paid little heed to the injury at the time. Now blood poisoning has developed. The wound is in the ball of the right foot. He was taken to Britton Tuesday by Miss Mackenzie, Dr. Lusty treating the injury and directing Mr. Hollubik to remain in bed until the wound heals somewhat.

C. A. Abner and family, whose house was wrecked, have moved to a farm east and north of Britton. They were renting the place they occupied on the Ridge.

Heard on the Ridge.

Mrs. Will Young is on the sick list.

Mike Horrigan was in Adrian on business Tuesday.

Cash donations made by the people of Adrian now total $986.27.

Mr. and Mrs. Burr Fulkerson are staying at the home of Ray Litchard.

Mrs. Joseph Hollubik is spending a few days in Toledo with relatives.

Miss Isabell Frayer is staying with Mr. and Mrs. S. C. Easlick at Milan.

Chas. East was called to Hillsdale Wednesday by the illness of an uncle.

Ollie Frost and family are moving in the Geo. Ransom house near Ridgeway.

Mrs. Ellen Young was in Adrian Thursday and Friday taking teachers' examination.

The temporary house occupied by the Horrigans has been bedecked with a coat of paint.

George Miller and family of Adrian were Sunday guests of his parents, Mr. and Mrs. Fred Miller.

Mr. and Mrs. Leonard Larkin and children of Hudson were guests of Will Young and family Tuesday.

Martin Miller returned to his home at Breckenridge on Saturday, his two grandchildren, Alice and Clare Fulkerson, going with him.

There are many donations at the Tecumseh Methodist church which will be conveyed to the needy ones when they are ready to receive them.

Clinton sent a truck load of donations Tuesday. There were several hundred pounds of flour, furniture and bedding, as well as $26 in cash.

C. W. Moench, a member of the Adrian post of the American Legion, was on hand Tuesday to help clear away wreckage. He also donated the use of his auto.

Jack St. George, who was injured when a tree fell on him, is now at the home of his granddaughter, Mrs. Clarence Sherman, northeast of Tecumseh. He was supplied with necessities by the Red Cross when his needs became known.

A featherbed, sweater and wash basin were found back of the barn on the John Teufel farm after the storm had passed but as yet it has not been learned who owns them.

L. E. Temple & Co. have been materially assisting the farmers whose machinery was damaged by the twister. Two of the Temple trucks have been making trips to the Ridge bringing damaged machinery to the company's place of business in Tecumseh where it is repaired free of charge. Ranges are also being repaired in this way. More implements are to be brought here and put in shape to use. They are returned to the owners by the Temple vehicles, the men donating their time as do the mechanics who make the repairs.

Wm. Kniffen of Adrian was aiding the cyclone victims Tuesday. He formerly resided on the Ridge and felt it his duty to come to the relief of his formers neighbors. He was leading Michael Horrigan's team back from the Gabe Mills farm where the animals have been kept since the twister passed, and the minute the horses set foot on the Ridge road they reared and became very uneasy, instinct telling them they were back in the territory where they had been in peril such a short time ago. He said he feared the horses would fell the effects of the storm for some time.

The Dorcas class entertained the members of the Bible class of the Christian church at the church Thursday afternoon. After all had assembled an interesting program was given in the auditorium, after which the guests were invited to the parlor of the church, where small tables were arranged and a dainty lunch was served. All report a fine time and declare the Dorcas ladies to be royal entertainers.

"Kicked Out of College" is the name of the play to be given Friday evening at Lenardson's opera house by the Seniors. The class this year consists of fourteen members, namely: Clara Smith, Gladys Underwood, Florence Beal, Velma Swick, Sarah Gettus, Lucile Lowe, Mary Adams, Helen Croll, Gladys Craig, Elmer Myer, Irvin Miller and Graham Gunder. Be sure to attend the play they are to give and see them adapt themselves to their respective parts.

HOLLOWAY

Church Notes.

The new pastor, Rev. J. C. Howenstine, of Pandora, Ohio, arrived Saturday and began his duties Sunday morning, also conducting services in the evening. His wife was unable to come at present on account of sickness.

The contest in the Sunday school began Sunday morning and will continue until the last of June. The leaders are Miss Olive Bloomer and Merle Kerr. The colors are white ribbons for Miss Bloomer's side and blue for Mr. Kerr's. New members county 20 points, attendance 10, and visitors five.

Miss Marguerite Hollenbeck was the victim of a surprise one evening last week at the home of Mr. and Mrs. L. J. Wilson. Cards and music were enjoyed by the company.

Making It Easy

It's pretty easy for the farmer to jump in his automobile and run to town when he has a little business at the bank, but it is easier to just drop a note in the mail and let the carrier bring it in. This bank will give your mailed instructions the most particular attention and we want all our customers to feel at liberty to hand us any desired directions by mail with the assurance that the same will be attended to promptly and carefully. Mail your checks for deposit, your orders for bank drafts, your remittances for notes due, or your bank book to be balanced.

Read the Want Ads. They are always interesting.

Ten miles used to be a long way

WHAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out *how much it is costing them* to keep a car. And the man who is doing the greatest amount of figuring is the man with the *moderate-price* car.

II

There still seems to be a notion in some quarters that *any* tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see *his side* of the proposition—finding out what *he* wants in a tire and *giving him that.*

III

Large or small, U. S. Tires are built to *only one standard* of quality—the standard that produced the *first straight side* automobile tire, the *first pneumatic* truck tire.

Every tire that bears the name "U. S." is built the *best way* its makers know how. It isn't the car, but the *man who owns the car*, that counts with the oldest and largest rubber concern in the world.

IV

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

SCHOOL NOTES.

During the speed test in typewriting which was held last Friday, Nora McClure won the highest honor by attaining the speed of 64 words per minute.

The baseball game which was to have been played here last Friday night with Addison was postponed until Monday, May 10.

Last Thursday evening the basketball teams were entertained at a banquet given in the domestic science rooms. The dinner was efficiently served by the Junior and Senior cooking classes. Toasts were given by Helen McIntyre, Homer Hanham, Miss Brooks, Mr. Price and Mr. Laidlaw, the latter being toastmaster. Following the toasts the teams were presented with T's, which they have well earned. Mr. Larsen, the boys' referee, was among the guests.

The eighth grade on Friday studied the picture, "Sir Galahad," and the legend of the Holy Grail preparatory to the study of Lowell's poem, "The Vision of Sir Launfal."

The second baseball game of the season, which showed great improvement over the first, played here Monday with Britton, the final score being 19 to 6 in favor of the home team. Glen Crittenden pitched in place of Robert Collins, who is ill with diphtheria, and we're here to tell you that Glen surely did play fine. The battery of the Britton team was Gill, Smith and Lowe; that of the home team was Crittenden, S. Sisson and VanWinkle. The umpire was from Deerfield.

The ninth grade is studying Scott's "Lady of the Lake." As the books have not arrived the work is all done in class, but the students are at least getting the story well in mind.

The eighth grade spent a very enjoyable week debating. Thursday two inter-class debates were given with judges from Mr. Laidlaw's public speaking class. One question was "Resolved, That the picture shows should be open on Sunday." It was supported in the affirmative by Mary Boltz, Grattan Hastings and Julia Gilmore; on the negative were Lucian Williamson, Geraldine Gillespie and Katherine Patterson. The decision was in favor of the negative. The other question was "Resolved, That Michigan is more valuable to the union than California." The affirmative debaters were Webster Anderson, Raymond Taylor and Eyrcil VanWinkle; the negative debaters were George Deery, Margaret Turner and Lawrence Gray. The decision was in favor of the affirmative. The speakers did very well, indeed, having clearly defined, well proven arguments.

LEGION CO-OPERATES IN SALVATION ARMY DRIVE

Beginning May 10 and continuing for ten days, the Salvation Army will conduct a drive for funds to carry on its various activities during the coming year. The money sought is for the Home Service Fund of the Army, a total of $10,000,000 being needed to successfully continue the work which this organization has been doing.

The campaign is to be carried into every community in the United States, the organization having the co-operation of the American Legion posts in the various cities. Underwood-Orr post, No. 34, of Tecumseh is to lend its assistance to the drive and will be grateful for all encouragement given by the people of this city and vicinity. Liberal donations are hoped for.

Attention is called by the Salvation Army to the fact the funds desired will mean food for thousands who hunger; refuge for girls who stumble and see no haven but the grave; homes for children of the unfortunate; a chance for the "man who is down but not out."

John Linton has sold the railroad restaurant to James Teagarden and Philip Fassnut, the latter of Detroit. The present tenants, Mr. and Mrs. Wm. Willette, will move to Standish, Mich., and help Mrs. Willte's parents with their farm work.

Henry Bissell is as cozy as can be in his little home just back of the C. F. Smith house. He has improved it with the addition of plumbing, new cement porches and more to follow. He has not forgotten Old Glory either, as his front windows show.

Mrs. Mary Marshall, who returned from Bay City with her grandchildren, Mr. and Mrs. Martindale, is confined to her chair and would enjoy visits from her old home friends immensely. The family are living at the old home on South Maumee street.

The Willing Workers of South Saline sent a committee here Tuesday to buy silver, linen, dishes, toweling, etc., for the unfortunates on the Ridge. At Gaston's they bought $150 worth of knives, forks, teaspoons and tablespoons, dividing them into portions for 14 families. In the committee were Mrs. McMann, chairman, Mrs. Boyd, Mrs. Wm. Higgins and Miss E. Gordon.

Word has just been received of the death of Thomas E. Caldwell at St. Mary's hospital, Tuscon, Ariz. Mr. Caldwell has been in the west for some time, having been compelled to seek a change of climate through ill health. He was a former Tecumseh man, the father of Miss Eleanor Caldwell, and brother of Miss Martha Caldwell, He is survived by another brother, Will, residing in New York City.

The Herald has received a picture postcard from Dr. and Mrs. P. B. Hardy on which they say: "We landed in Wellington, N. Z., after a very fine voyage of 22 days. This is a very beautiful country devoted mainly to raising sheep, dairying and politics. We shall visit the hot springs country before proceeding to Australia." The postal shows a view of the boat harbor and Mount Victoria at Wellington.

That old time ways are obsolete and not fast enough for the present day business men has been again proven this week when Chas. Williamson moved by truck the green house from the corner of Evans and Logan streets to his lot, part of the Dunn property on West Pottawatamie street. Old Dobbin patiently walking around a post has been succeeded by a motor truck and the building was moved in a hurry.

The Northwest Circle of the Ladies' Union of the Baptist church met with Mrs. Alvah Knight Thursday afternoon to organize. The following officers were chosen: President, Mrs. Alvah Knight; secretary-treasurer, Mrs. Jay Morse. After a short business session the remainder of the afternoon was spent in visiting. The next meeting will be held with Mrs. W. R. Curtis, May 27. It will be a 10-cent social.

Mr. and Mrs. John Goudy have moved into their home recently purchased by Albert Reattoire on South VanBuren street, which they have completely remodeled. Mr. and Mrs. Lynn Harris now occupy the house just bought by her mother, Mrs. Martha Boyd, and vacated by Mr. and Mrs. Goudy, and Horace Smith and family are to next week move into Dr. John Murphy's residence, the old Hayden place, recently occupied by Mr. and Mrs. Harris.

St. Peter's Guild held an interesting business session Tuesday at the parish house, many matters coming up for discussion. The meeting was well attended. The report of the treasurer showed the Guild to be in an unusually good financial condition.

The banquet given by the woman's auxiliary to Frederick E. Pieper post, American Legion, at Clinton last Saturday evening was a most pleasing affair. The menu was exceptionally good, the appointments attractive and the social feature enjoyable. It was a successful affair in every respect.

Henderson & Bond turned the Liberty theater over to the American Legion for Monday night's performance as a benefit for the cyclone victims. The Legion men sold tickets on Saturady and a considerable sum can be handed over when collected. The show was a good one and the special music added greatly to the pleasure of the entertainment.

Last evening the Royal Neighbors gave a pleasant entertainment honoring their oracle, Mrs. Carl Glancey, a recent bride. A Bohemian supper was served at 6 o'clock and after the lodge session a program was given. Later, Mrs. Will Cummings, the vice oracle, in behalf of the Neighbors, presented the bride with a cut glass salad bowl and a silver butter dish.

Next month is the month for roses and brides and in this connection The Herald takes pleasure in calling attention to the fact that its job rooms are equipped to furnish high grade stationery. Engraved or printed wedding announcements, invitations, at home cards or anything along this line can be supplied in a variety of patterns. You are invited to call here before placing your order.

You Are Invited.

Lettuce Grown on Field Scale.

Lettuce is being grown on a field scale in the Imperial and Salt River valleys of California, fields of from 30 to 40 acres being not extraordinary. At the height of the production season—January and February—it is not uncommon for 26 carloads of lettuce a day to be shipped to the middle western and eastern markets. This lettuce, grown under irrigation, is produced by hand labor and is of extra fine quality. The industry was developed on a commercial basis about three years ago and during the past two years has been one of the leading agricultural occupations of the state. These localities also produce carrots, peas, cauliflower and table beans on a less extensive scale.

BRADLEY OPERA HOUSE ATTRACTIONS

"The Flame of the Yukon" Saturday.

In presenting Dorothy Dalton in the big eight-reel feature production, "The Flame of the Yukon," at the Bradley opera house next Saturday, May 8, the management is presenting the first and only eight-reel picture that Miss Dalton ever appeared in and it is a story of the frozen north when men braved the dangers and forces of nature to win fortunes and where beautiful women staked their greatest gift against man's gold. The atmosphere of Alaska in the days of the famous gold rush when there was "no law of God or man" in the mining camps is depicted in dramatic fashion.

Miss Dalton has been seen at the Bradley in many very interesting and wonderful photoplays but none better than "The Flame of the Yukon," which is billed as eight big reels of thrills and action that fairly lift you from your seat.

One of the famous Sunshine comedies completes the Saturday night program. No extra charge will be made for this extraordinary program but it is advisable to go early as Miss Dalton's reputation in common pictures is well enough known here to fill the theater, let alone the extra drawing power of an extraordinary picture like "The Flame of the Yukon."

"Who Cares?" Sunday Evening.

In keeping with the exceptionally fine programs being presented at the Bradley on Sunday evenings, the management has booked for this coming Sunday, May 9, dainty Constance Talmadge, the girl with the personality, in one of her latest comedy-dramas, "Who Cares?" With each succeeding Constance Talmadge picture we think that she has reached the acme of screen art, but no sooner does her next picture appear than we discover that we have been sadly mistaken. The next one is far better than the previous one. There seems to be no limit to Constance's ability to perfect her art.

In her newest Select picture, "Who Cares?" she is fascinating, superb, excellent, unsurpassable—no word can describe how splendid her work is in this picture. It is quite impossible to imagine anything better than Constance in "Who Cares?" but you never can tell. As impossible as it seems, she's liable and most likely will make her next picture even better than this one. There's no limit to a star's ambition. "Who Cares?" is a picture different from most of the recent Talmadge successes. It is a story of youth and age, somewhat daring in theme, but optimistic and uplifting as a whole, and affording Miss Talmadge a splendid comedy-drama role. The spirit of youth and spring are the motivating forces behind the story which, despite the fact that it is a problem plot, is delicately and beautifully handled. It is a compelling story with freshness, buoyancy and tensity.

Mr. and Mrs. Carter De Haven will be seen in one of their new and latest two-reel comedies, "In a Pinch," and our special orchestra will balance up the big Sunday evening program.

For Sale--Real Estate

Why rent and waste your good money when you can own a comfortable home in one of the best neighborhoods, only one block from business section. Modern and dwelling practically new. Get busy for this is a real bargain and can be sold on time.

Billy Fisher's house on West Chicago street is one of the best now listed for sale in town. All modern, with hardwood floors, garage and at a figure several thousand dollars cheaper than a new house would cost.

Just the house for the man not afraid of work is James Boyd's property on West Logan street. House partially completed and now Mr. Boyd's ill health forces him to leave this climate. Bound to be sold and will go very cheaply.

The Heck house on Maiden Lane is still for sale; an excellent location; partially modern; a good investment.

$2,000 buys home in factory district. New bath, electric lights, new garage, 88 feet frontage.

A comfortable home with electric lights. Large garden, much fruit and garage for only $1,200.

Two lots with comfortable dwelling on East Chicago street for $1,500.

The Dr. Fisher house on West Chicago street. Only a block from business section and easily arranged as double house.

Small house on West Kilbuck—$850. This has dandy big garden.

A brick house in excellent condition near the shops, new Marshall furnace, laundry in cellar and modern in every way. Going at an easy figure.

Comfortable house on North Pearl, with lights. Small barn and large garden. City water in lawn.

Also a well built barn to be removed from lot.

Mrs. Delia Carpenter's house on South Wyandotte. House with modern conveniences, double lot and garage. Only $2,100.

Another all modern home in the factory district. Going at a low figure.

Cozy home on West Cummins street. New house, with city water and electric lights, also garage.

The old Stretch house, corner Chicago street and Maiden Lane. Two family house; modern. Rents for $35.

List your property.

Trustee Moore moved the adoption of the following resolution:

RESOLVED, That the Tecumseh Electric Company be granted a franchise by this Village, the terms and conditions of which shall be in terms and form as follows;

The Village of Tecumseh ordains:

Section 1. That authority is hereby given the Tecumseh Electric Company, of Tecumseh, Michigan, and its successors and assigns, to use the streets, alleys, and public grounds, within said Village, for the purpose of erecting and maintaining poles and wire lines to supply and conduct electric current for lighting, heating and power purposes to individuals, companies or co-partnerships within the village of Tecumseh, subject to the following regulations:

Section 2. Poles erected under the provisions of this ordinance shall be located under the direction of the street committee of said village; and at any time it shall be necessary to move any of said poles or wire to some other location the Common Council reserves the right to order and enforce the removal of said pole or wire by serving on said company a copy of said order at least ten days before said council shall take other means of enforcing such order.

Section 3. Poles, wires and other material to be used in preparing or reconstructing or extending said electric lines shall be erected and and in its proper place within a reasonable time after being distributed upon the public streets, alleys or public grounds of said village, and if the said electric company shall fail to so construct, erect or remove such material within a reasonable time, the said street committee may remove or cause the removal of the said material at the expense of the said electric company and may recover reasonable compensation therefor in an action at law.

Section 4. When it shall be necessary in the erection, extending or repairing said electric lines to make an excavation that shall in any way interfere with or remove any sidewalk, crosswalk, curbing or pavement heretofore or hereafter to be built by said village or authorized by said village it shall be done under the supervision of the street committee, or by some person by said committee authorized to superintend the said excavation and replacing the same in its normal condition at the expense of the said electric company.

Section 5. All poles erected under this ordinance shall be of sound timber and shall be straight as near as may be and not be less than five inches in diameter at the top; and all poles to be of a length not less than thirty feet within the fire limits of said village, and in other portions of said village at a length of not less than twenty-five feet.

Section 6. All wire used in repairing, renewing or extending any of the lines erected or hereafter to be erected or rewired or extended by said electric company at any place within said village, shall be of insulated wire and all wire heretofore erected owned and operated by said electric company that have been or that shall hereafter become bare or naked or be without proper insulation, to such an extent as to be unsafe to person or property shall be removed from all public streets, alleys, or public grounds, in said village and replaced with insulated wire within the period of one year from the passage of this ordinance.

Section 7. The said electric company shall have the right to trim or cut the limbs from trees growing in any of the streets, allays or public grounds or said village, under the supervision of the street committee of said village, as shall obstruct, hinder or interfere with the operation of said lamps.

Section 8. The provisions of this ordinance shall be and become of force and effect from and including the third day of May, 1920, and shall be and continue in force and effect for the full period of three years from said 3rd day of May, 1920, unless revoked by the council of said village for the forfeiture of the foregoing provisions.

Upon vote taken:

Ayes — Hanna, Hendershott, Moore, Kempf, Pulver, Campbell.

Nays—none.

Trustee Moore moved the adoption of the following resolution:

Resolved, That the President and Clerk of this Village be and hereby are authorized and directed to enter into a written contract with the Tecumseh Electric Company, the terms of which contract shall be in manner and form as follows;

THIS AGREEMENT made and entered into, in duplicate, this 3rd day of May, 1920, by and between the Village of Tecumseh, of the first part, and the Tecumseh Electric Company, of Tecumseh aforesaid, party of the second part,

WITNESSETH, said second party hereby agrees to light and keep lighted from the hours of darkness till the hours of daylight, for every night during the term of this contract, such places, streets and at such points as the Common Council of said Village shall designate within the corporate limits of said Village, with not less than eighty-two (82) Series Mazda Lamps, of 32 candlepower, 40 candlepower, 60 candlepower, 80 candlepower, 100 candlepower, 200 candlepower, 250 candlepower and 350 candlepower each, as said Council may designate and require, at a rate 25 per cent higher than the following rate of compensation per month to second party, viz: For each 32 candlepower Mazda lamp one and 50-100 dollars; for each 40 candlepower Mazda lamp one and 60-100 dollars; for each 60 candlepower Mazda lamp one and 75-100 dollars; for each 80 candlepower Mazda lamp, two dollars; for each 100 candlepower Mazda lamp two and 25-100 dollars; for each 200 candlepower Mazda lamp, three and 50-100 dollars; for each 250 candlepower Mazda lamp, three and 75-100 dollars; and for each 350 candlepower Mazda lamp, four and 50-100 dollars, payable monthly.

Said second party shall furnish current for the Ornamental Post Lighting System on a meter rate of 25 per cent higher than 3½c per kilowatt, based on an average run of not less than four hours per night; but maintenance of these lamps and this system to be done by first party.

Second party agrees to keep all of said lamps except ornamental system in good working order for the giving of the full amount of light contracted for, immediately replacing all lamps which may be broken or for any reason shall deteriorate below the candlepower prescribed, and during the term of this lease to furnish such additional lighting or lamps that said Council may require at the rates above set forth.

Bills for street series lighting shall be reduced by a sum equal to three times the price charged per lamp for each lamp which shall fail to give light for the period of three hours during any night, as established by the written statement to that effect of two citizens in this Village, filed with the Village Clerk with the right in said company to be heard controverting such statement, provided, no such reduction shall be made for lamps failing for a reason beyond the control of second party, but no bills shall be paid for lamps which fail of service. Series lamp renewals, when needed, to be made by second party.

Second party in the conduct of its business shall be subject to all ordinances now in force, or that may hereafter be enacted, to regulate the erection and maintenace of its poles and wires in the streets and alleys of said Village, and all ordinances regulating the excavating and use of the streets and alleys for any purpose, so far as they may apply to the work of the nature performed, or to be performed by second party, and shall at all times keep its wires properly insulated to prevent injury or damage to persons and property.

Second party further agrees to save harmless and indemnify first party from all judgements, damages, costs and expenses which first party may incur or become liable for by reason of the acts or negligence of second party, its agents, employees or servants, in the construction, operation or maintenance of poles, wires or machinery or apparatus in any of its various forms, second party further agreeing to pay all such judgements, damages, costs and expenses within thirty days from date of notice that first party has incurred or become liable for the same.

Second party further agrees to furnish light to light the several apartments of the Council Building of the Village of Tecumseh, and the Water Works Power Plant of said Village and meters to be therein installed, at a rate not to exceed 25 per cent higher than five cents per kilowatt.

Second party, as part of the consideration hereof, hereby agrees to furnish private customers within said Village, commercial lighting current, during the term of this contract, at rates not more [illegible] per cent higher than the following monthly rate, viz: 9c per kilowatt for the first forty kilowatts; 6c per kilowatt in excess of forty kilowatts and not in excess of sixty kilowatts; and 5c in excess of sixty kilowatts, with a discount of 10 per cent on all bills paid on or before the 10th day of the succeeding month, but the minimum bill for such lighting to be $1.00 per meter per month.

Second party shall have the privilgee of changing the system of lamps or lighting for one more improved at any time it can satisfy the Council that another is more desirable and no more expensive.

This contract shall continue and be in force from its date until the 3rd day of May, A. D. 1923, and is subject to the terms of the extension of the franchise this day granted to second party by first party to expire on said 3rd day of May, 1923.

In witness whereof the parties hereto have caused this instrument to be executed by its proper corporate officers and caused its respective corporate seals to be hereto affixed, on the day and year first above written.

Geo. B. Hines,
President of the Village of Tecumseh.

W. L. Coller,
Clerk of the Village of Tecumseh.

President of the Tecumseh Electric Company.

Secretary of the Tecumseh Electric Company.

Upon vote taken:

Ayes — Hanna, Hendershott, Moore, Kempf, Pulver, Campbell.

Nays—None.

Trustee Pulver moved adoption of following amendment to an ordinance entitled, "An ordinance relating to automobiles and motor and machine vehicles."

The Village of Tecumseh ordains:

That an ordinance entitled "An ordinance relating to automobiles and motor and machine vehicles," as passed May 3rd. 1915, is hereby amended by adding two new sections thereto to stand as Section (2C), and (2D) which will read as follows:

Section (2C). All automobiles and motor vehicles driven upon Chicago street of this village shall be driven upon the right hand side of said street, and when parked or left standing upon said Chicago street shall be parked and left standing upon the right hand side of said streets, at an angle of forty-five (45) degrees with the curbing, sidewalk or terrace; and all ordinances or sections thereof in any way contravening this section are hereby repealed.

Section (2D). Any person operating or driving an automobile, motor vehicle or other vehicle within the corporate limits of this Village, shall, at the intersection of a public highway, keep to the right of the intersection of the center of such highway when turning *to* the left; and when such vehicles approach an intersection of two or more public highways the vehicle approaching from the right of the driver shall have the right of way.

Ayes — Hanna, Hendershott, Moore, Kempf, Pulver, Campbell.

Nays—None.

Motion made and supported that the petition to have the time changed from Eastern standard to Central standard time be laid on table.

Yeas — Hanna, Hendershott, Moore, Pulver. Nays—Campbell, Kempf. Motion carried.

Motion made that we now adjourn. Carried.

Rev. Oliver Gives Stirring Discourse

Tipton Pastor Says New Christian is Needed—Community Service at Paptist Church Next Sunday.

It was a hopeful message which Rev. S. N. Oliver of Tipton brought to the large congregation which attended the community service Sunday evening at the Presbyterian church. He took issue with those who declare the church of the past is not qualified to solve the problems of the present day. He voiced the opinion that it is not a new church which is needed but men within the old church with hearts that are imbued with the spirit of Jesus Christ.

Five pastors were on the platform during the service, Rev. F. M. Purdy of Clinton, Revs. C. M. Thompson, Edward Escolme and W. R. Curtis of this city and the preacher of the evening. Rev. Curtis presided, congregational singing being a feature of the meeting. The scripture lesson was read by Rev. Purdy, he being introduced by Rev. Thompson. The pastor of the local Methodist church led in prayer.

While the announcements were being made Rev. Thompson called attention to the lecture to be given at the high school this evening by Dr. Preston Bradley. He also reminded those desiring to contribute to the sufferers in the cyclone on the Ridge Road donations may be left at the M. E. church, from where they would be conveyed to the needy. Cash contributions are the most needed, he said. To emphasize the importance of the Inter-Church World movement and encourage liberal contributions to this cause, Rev. Thompson read a letter sent out by Roger W. Babson, the great statistical authority, urging business men to back the movement. It was stated in the letter that prosperity prevails wherever the word of God was freely preached and it was good business to help finance the campaign. Rev. Curtis told briefly what had been accomplished in the canvass of the town Sunday afternoon, a more detailed account of which will be found elsewhere. The announcement was also made the community service will be held at the Baptist church next Sunday evening.

"The New Christian" was the topic on which Rev. Oliver preached. He declared men have said the old church would not be the one to meet the problems confronting us in this reconstruction period, refuting this with the statement it is not a new church but a new Christian that is essential.

In part he said:

"The new Christian should act out the Christian life. He must be a man of action, one who lives as Jesus would have us live. The kind of Christian needed is the man who acknowledges God as the supreme being. The new Christian must be a patriot, as this is the hour when true patriotism is needed.

"America is losing her soul because she is losing out of her life the God who made her great. This country needs Christian citizenship to save her from revolution. The only thing that will save America is education and the gospel, for without these she will be worse than the heathen who has never had these privileges. God has a mission for you and I, for young and for old." He closed his discourse with a fervent prayer.

The benediction was by Rev. Escolme.

Read This If Your Kidneys Need Help

Men and women past 30 years of age, and even younger, who work at confining, indoor occupations are susceptible to weakened, inactive or sluggish kidneys that fail to properly cleanse and purify the blood. Symptoms of diseased kidneys are puffiness under the eyes, sallow skin, floating specks, dry mouth, biliousness, nervousness, backache, rheumatic pains, swollen or stiff joints, sore muscles. Many bed-ridden sufferers owe their condition to their failure to take heed of the first warning of kidney trouble.

Black Silk Stove Polish is *different*. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish

is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Iron Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

Four Special Advantages for Better Cultivation

With our John Deere Walking Cultivators you can easily and accurately regulate depth of cultivation—do the kind of work that most effectively destroys weeds and conserves moisture. These cultivators carry a simple, reliable depth-regulating device. Just a turn of a tail bolt regulates the depth—it's easy, quick and accurate.

An adjustable arch adapts these cultivators for different width of rows—permits a variation of 16 inches in tread of wheels.

A hugging device holds the rigs parallel with the row, no matter how the shovels are set—does away with the tiresome work of keeping rigs from drifting to or from the row.

The lifting springs handle light or heavy rigs with the greatest ease. You will like the way they differ from the springs on any other walking cultivator.

You appreciate what these advantages mean toward accomplishing better cultivation more easily. Can you afford to do without them? Come in and investigate all of the advantages that make our John Deere Cultivators especially good bargains for you.

We can furnish these cultivators carrying the famous John Deere Method equipment—slip point hoof shovels and sweeps.

Drive for Funds To Start Tonight

AMERICAN LEGION CONDUCTS CAMPAIGN FOR SALVATION ARMY.

R. K. Anderson Directs Effort, Harold Lowry Being Treasurer for Tecumseh—Liberal Contributions are Requested.

Beginning this evening Underwood-Orr post, American Legion, will begin its drive in the interest of the Salvation Army's Home Service fund and the local world war veterans will appreciate the hearty support of the people of Tecumseh. R. K. Anderson, as commander of the local post, will direct the campaign, naming other Legion men as his aides. Harold Lowry has been made treasurer for this city.

The campaign will be continued through Friday and Saturday, although most of the work will be done evenings. The quota for Lenawee county is $6,000, which would make Tecumseh's share about $400, but it is hoped more will be raised.

A house to house canvass will be

MRS. JOSEPH HOWE TO BE BURIED IN TECUMSEH

The remains of Mrs. Joseph Howe of Kalkaska will arrive here this afternoon and be taken to the home of her sister, Mrs. Arthur Gove, where the funeral will be held tomorrow at 3 p. m., Rev. Thompson officiating.

Mr. and Mrs. Howe and children went to Grand Rapids before the holidays so the mother could receive medical treatment. They have resided since with the daughter, Mrs. Hazel McClelland, and it was at this home the final summons came.

Ada Shurtz was born 57 years ago and grew to womanhood and was married in this city, she and Mr. Howe coming from some of the old families of the town. The family moved to Kalkaska 16 years ago. Surviving are the husband and six children: Mrs. McClelland and Fay Howe of Grand Rapids, Mrs. Bernice Priest and Ray Howe of Fremont, Mich., and Reta and Paul at home, besides the one sister, Mrs. Gove, and three brothers, W. W. Shurtz of Tecumseh and Thomas and Henry Shurtz of Manchester.

Happily Wedded Fifty-Five Years

Mr. and Mrs. Henry J. Sweet Observe Occasion Quietly—Residents Here Nearly Half a Century—Both Hale and Hearty.

Fifty-five years of happy married life is experienced by few couples, but Mr. and Mrs. Henry J. Sweet of North Maiden Lane have had this great pleasure. The congratulations of their friends have been pouring in on them all this week, for on Tuesday, May 11, they had been wedded a half century and five years.

In 1865 Henry James Sweet, then in the service of his country, went to his home in Ohio for a furlough and while off duty, on May 11, he married Miss Sarah Nubelia Smith, the ceremony being performed at West Springfield, Pa. The soldier left his bride to return to the struggle for the union and continued serving his flag during the last six months of the war. That duty ended, he returned home where the life in the little home began in earnest. After four years the family, then with two children, came to Franklin, Michigan, where they resided on a farm for two years, finally locating in Tecumseh. For 47 years Mr. Sweet was in the employ of H. Brewer & Co.

Five children blessed the home, Mary, now Mrs. J. L. Brown of Ft. Wayne, Ind., Earl, residing at Anecortis, Wash., Clarence, who died several years ago, Mrs. Ethel Mathias, who lives at home, and Gertrude, now Mrs. J. G. McIntyre of Detroit.

The years have dealt kindly with Mr. and Mrs. Sweet. They have lived their lives quietly in their circle of close friends and are both active and hope for many more happy years with their loved ones.

On Sunday Mrs. Mathias entertained a party of nine at dinner in their honor and next Sunday the couple will be guests of Mr. and Mrs. George Ziehr in further celebration.

The oldest daughter, Mrs. Brown, arrived Monday night from Ft. Wayne to be with her parents over the happy day.

MRS. JOSEPH ROBBINS IS CLAIMED BY DEATH

Word was received Tuesday of the death of Mrs. Joseph Robbins, which had taken place the night before at the home of her daughter and husband, Mr. and Mrs. J. E. Newburn, in Cleveland. Mrs. Robbins had been very ill since the death of her husband in February.

She was born March 28, 1837, living at Niles, Mich., when a girl. March 29, 1857, she married Mr. Robbins and soon after located in Tecumseh, where for many years Mr. Robbins conducted a jewelry business. For a half century this highly esteemed couple reside in this city where they made for themselves a large circle of friends who sincerely regretted when through old age and poor health they were forced to break up their home and go to Cleveland to reside with their daughter. Mrs. Robbins was a devoted attendant at the Presbyterian church as long as her health would permit.

The remains are to arrive here on the 1 o'clock train today and be taken directly to the cemetery where short services will be conducted by Rev. W. A. Rex.

It certainly does try a girl's nerve when she braces herself to receive the shock of proposal, and the shock fails to materialize.

Plans Are Made For Memorial Day

SUNDAY, MAY 30, SOLDIERS' DAY IN TECUMSEH.

Attorney Clarke E. Baldwin to Deliver Memorial Address—Committees Appointed to Arrange for Proper Observance of the Day.

Committees to arrange for the proper observance of Decoration day, which this year falls on Sunday, were selected at a public meeting held at the council building Friday evening. At this meeting were representatives of the three wars—Civil, Spanish-American and the world war—and the heroes of these three conflicts are to be honored by the nation on this day.

From remarks let fall from members of Beers Post, the G. A. R. boys, whose ranks are thinning fast, are beginning to feel that Memorial day activities should be lifted from their shoulders, for they are aging rapidly and the responsibilities do not rest as lightly as in years gone by. The American Legion falls heir to the task and on the shoulders of the younger soldiers the responsibilities should rest.

The meeting was called to order by President Geo. Hines, who, on motion, was elected chairman of the meeting. R. K. Anderson, commander of Underwood-Orr post, American Legion, was chosen secretary.

Chairman Hines stated the object of the meeting to make preparation for the proper observance of Memorial day.

On motion the following officers and committees were chosen:

President of the Day—J. D. Shull.

Marshal—Earl Updyke, with authority to appoint assistants.

Committee on Program—Mrs. F. B. Wood, with authority to appoint assistants.

Committee on Music—H. W. Stevens, J. M. Ingersoll.

Committee on General Arrangements—R. K. Anderson, Ernie VanVleet, Chas. Hanna.

Committee on Flowers—A. VanValkenburg, with authority to appoint assistants.

Committee on Decorations—H. C. Daniels, Chas. Berry, J. Morse.

Committee on Transportation—Jas. Smith, Bert Gray, Perry Hayden, Leon Williamson.

Committee on Finance—John Schreder, Geo. Hines, Mrs. J. D. Shull.

Committee on Place of Meeting—H. W. Stevens.

Mr. Stevens informed the meeting that the old soldiers had the Presbyterian church in mind and that he thought there would be no difficulty in securing that church for the observance.

Committee on Decorating Place of Meeting—Lester Heesen, chairman.

J. D. Shull informed the meeting that Attorney Clarke E. Baldwin had consented to give the oration of the day and that he would be here at 1:30 that day.

On motion 1:30 was adopted as the hour of holding the Memorial exercises.

Secretary Anderson was instructed to invite all fraternal organizations to attend in a body. The High School Cadets, Boy Scouts and school children are also expected to take part. Citizens in general are appealed to and it is expected that all citizens will take part, in the exercises and march to the cemetery.

Tecumseh Ladies' band will furnish the music.

GUSTINE M. SISSON DIES AFTER A LONG ILLNESS

After having been in poor health with anemia several years, Gustine M. Sisson passed away Suntine M. Sisson passed away Sunday evening at 8 o'clock. Pneumonia had developed that afternoon. Last fall Mr. and Mrs. Sisson sold their pleasant home on East Pottawatamie street, planning to seek a change of climate to benefit Mr. Sisson's health. Not desiring to leave Tecumseh until the end of the school year, when the oldest son, Harold, would graduate, the family moved to the home of Mr. Sisson's father, George Sisson, on North Evans street, where they have spent the winter.

Gustine M. Sisson was born in Macon January 2, 1876, and there he grew to manhood. On March 9, 1898, he married Miss Della Hendershott, also of Macon, and for the next six years they resided on a farm near that village. In 1904 they came to Tecumseh and until about a year ago he followed his trade as a cigar maker. He was a member of the local aerie of Eagles and the cigar makers' union.

Surviving are the wife, two sons, Harold and Sam, the aged father, two brothers, Edward of Detroit and Otis of Tecumseh, and one sister, Mrs. Alice Beneway, of Grand Island, Neb.

The funeral was held from the home yesterday afternoon, Rev. C. M. Thompson officiating.

The funeral was held from the home Wednesday afternoon, Rev. C. M. Thompson officiating. Appropriate hymns were rendered by Mrs. R. T. Meade and Mrs. Ella Hodges. The bearers were members of the cigar makers' union: J. C. Mahaney, Ed McKinney, Frank Kennedy, C. A. Stalter, Clarence Gates and Lafe Stevenson.

Present from out of town were Ed Sisson, son, Harry, and daughter, Edna, of Detroit, Mr. and Mrs. Tead Sisson of Adrian, Clarence Conklin of Jasper and many Macon relatives.

TECUMSEH LADY MACCABEE HONORED AT CONVENTION

A large party of Lady Maccabees were in Adrian yesterday for the meeting of the Lenawee County association. In the election of officers for the year Mrs. Ida Freeman of this city was made lieutenant commander. The staff of Tecumseh Hive, No. 784, performed the initiatory ceremony. There were [illegible] delegates present from the various hives in the county.

Committee Ready To Receive Cash

All Money Raised for Cyclone Sufferers Should be Turned Over to Men Named by Red Cross.

"We are now ready to receive the cash collected by the various organizations and individuals for the relief of the cyclone sufferers on the Ridge road."

This is the statement issued by the committee of three appointed by the Lenawee County Red Cross Chapter to receive and distribute the funds raised in various parts of the county to help re-establish those who were deprived of their all by the twister which recently swept through Macon township. The committee is composed of J. H. Smith of Tecumseh, C. D. Zeluff of Britton and T. C. Kennedy of Adrian. It was named by Harry A. Fee, the chairman of the Lenawee County Red Cross Chapter.

All money raised for the relief of the wind storm victims is to be turned over to this committee. The members are making an investigation of the particular needs of all who suffered losses as a result of the cyclone, and the available funds will be apportioned to the best advantage. The scene of the disaster was visited Wednesday afternoon by the committee and other trips will be made in an effort to get all the information possible before the distribution of the money is made.

All clubs, societies, organizations and individuals who are now in possession of funds intended for the cyclone victims are requested to turn the money over to this committee at once. It is necessary the committee know how much cash is available before distribution is begun, as it is desired to make the donations accomplish a maximum of good. Money raisa maximum of good. Money collected or raised for the twister victims may be handed any of the members of the committee. Reconstruction work is going forward on the Ridge, though volunteer workers and cash donations are still greatly needed.

The Red Cross canteen is being operated whenever there are enough workers on hand to warrant it. Women from neighboring towns assist in serving the meals.

SCHOOL NOTES.

The following will represent the local high school at the interscholastic shorthand and typewriting contest to be held at Lansing high school May 15: Norma McClure, Blanche Colson, Charlotte Arner and Welma Nye. The contestants will be accompanied by Miss Cooley, commercial instructor.

The girls' outdoor basketball team is practicing now. The team is being coached by Miss Brooks, who coached the successful girls' team last winter. The first game of the season will be played with Addison next Saturday.

The physical training class of the ninth and tenth grades took a 40-minute hike Monday morning.

The new tennis courts are in process of construction and are expected to be finished the latter part of this week.

Some interesting oral reports were given in Miss Bosworth's ancient history class on Caesar, Cicirio and Pompey.

Before giving the football squad their T's Monday morning Mr. Price eulogized them, saying it was the highest honor that the high school could bestow upon the players. The following are the wearers of the T: R. VanWinkle, H. Hanham, L. Harrington, M. Waring, Captain G. Crittenden, R. Abbott, A. Palman, K. Hall, B. Updike, B. Ousterhout, G. Orr, H. Duncan, W. Cleveland and E. Hensen.

The baseball game between the local high school and the Britton high school at Britton last Friday was a hotly contested battle. Were it not for Crittenden's exceptionally good pitching the local nine would have finished on the rock of defeat. The score was 10 to 9 in favor of the local team. Batteries: Tecumseh, Crittenden and VanWinkle; Britton, Smith and Lowe.

The local nine plays Clinton this Friday at home.

Past of Heat is "Roasted."

Mr. A. in chemistry: "The zinc is then het in the air."

Mr. Price: "What did you say is done to the zinc?"

Mr. A.: "The zinc is het."

Mr. Price: "What is the past of heat?"

Mr. A. (unthoughtfully): "The past of heat is roasted."

200 CHICKS AND BROODER CONSUMED BY FLAMES

Fire destroyed a brooder and the 200 baby chicks that it contained at the Charles F. Patterson chicken farm shortly before 11 o'clock this morning. It is believed the gasoline heating apparatus in the brooder exploded and set the structure ablaze.

The building was 10x10 feet in size and the chicks were White Leghorns.

Rollo Wilkins discovered the fire while at work in his garden nearby. He saw flames coming out of the building and gave the alarm. The fire department was summoned but the blaze had completed the destruction before the apparatus arrived. None of the other buildings were damaged, as this brooder was quite a distance from the others.

WIT AND WISDOM CLUB HAS ITS ANNUAL FEAST

It was a very happy gathering at the Methodist church Tuesday evening, the occasion being the annual banquet of the Wit and Wisdom club. Small tables made pretty with white and yellow jonquils and narcissus filled the lecture room in which the same colors had been used in further decoration. The elaborate three-course banquet was prepared and served most gracefully by Miss Anna Carson's older classes in domestic science. The girls were dressed in white middies with scarfs of yellow

President J. O. Eaton introduced O. W. Laidlaw as toastmaster, and a splendid one he makes with an inexhaustible fund of jokes and stories which were responded to in kind. As this was the final meeting of the twenty-fifth year of the club's organization, the history was given by Mrs. F. D. Rector, one of the older members and always most deeply interested in the study work of the club. Of the charter members still remain Mr. and Mrs. Chas. Kemp, Mr. and Mrs. Fred Rosacrans, Mrs. C. A. Slayton, Mrs. A. O. Howard and the Misses Nannie Kyle and Alice Wimple. There have presided sixteen presidents, four of whom were men. The organization has lost 21 members by death.

Following the history, these numbers were given:

Piano solo — Mrs. W. G. Waldron.

Reading, "The Young Man Waited"—Rev. W. A. Rex.

Whistling solo — Miss June Brooks, accompanied by Miss Georgiana Conklin.

"Florida Fudge"—Dr. L. G. North.

Vocal solo—Mrs. Havilla Haskins.

The retiring president here turned the meeting over to the incoming presiding officer, Mrs. J. F. Rector, and she announced her committees as appointed for the beginning of the next year's work. The picnic committee has for chairman Mrs. J. O. Eaton, and they will arrange for the annual outing, which is the club's next meeting.

Fortunes await the inventor of a lifeboat that will float on a sea of trouble.

A brilliant orator is one who always uses the right word in the right place at the right time.

We're just awful sorry our competitors feel so badly about our getting the ICE BUSINESS, and we had just about decided to quit and let them put the price up again. But after reconsidering the matter we decided to stick and let the people have the ice worth the money. MUTUAL ICE COMPANY.—adv.

OBITUARY.

Thomas E. Caldwell.

Thomas Edwin Caldwell, who died in Tucson, Ariz., May 5, 1920, was born in Tecumseh October 15, 1876. His life, until after finishing high school, was spent here, and during his later years, with the exception of a short residence in Toledo, his home was in the west.

Surviving him are his wife and daughter, Eleanor, sister, Martha Caldwell, of Tecumseh and brother, W. R. Caldwell, New York City.

Services were held at the home Thursday at 4 o'clock, Rev. W. A. Rex officiating, with burial at Brookside.

Editorial Comment

Rapidly thinning are the ranks of the veterans of the Civil war—the boys who in 1861-65 fought for the preservation of their beloved country. What few remain of these heroes are becoming more feeble each year and it is only a question of a short time that the last one of these grand men will be borne to the final resting place.

One day a year, May 30, has been set aside to pay homage to the veterans of the historic war. For many years the surviving heroes have faithfully paid homage to the hero comrades that had answered the final summons. Proudly, with martial step, they marched to the cemeteries each Memorial day to strew flowers on the graves of their departed comrades, until age and its accompanying infirmities compelled them to accept conveyances to make the annual pilgrimage.

Now the boys of '61-'65 feel that the responsibility of the annual observance should rest upon younger shoulders. Since their war activities there have been other wars and they look to veterans of the Spanish-American and world wars to keep solemn this one day of the year. The old vets in their last days with us wish to see Decoration day, and the love for Old Glory established more firmly in the hearts of the citizens.

Why not make Decoration day, 1920, a memorable one. Fraternal orders should respond to the invitation extended [illegible] societies to make the Decoration day march to the cemetery one of the grandest Tecumseh has seen in years.

That the many speculative stories that have been going the rounds to the effect that farm production in Michigan is going to be seriously reduced in 1920 are true, is shown by a survey of the state just made by the Michigan State Farm Bureau. This survey extended from one end of the state to the other and, while its results are only approximate, the figures are extensive and were gleaned in [illegible] from the [illegible] authorities possible.

Reasons for this decreased farm activity are given mainly as inability of farmers to obtain competent labor, high cost and attraction of high wages in cities which is drawing hundreds of people from country districts.

The figures obtained in the survey were that the farming sections of Michigan lack 24,900 farm hands this year; that there are approximately 11,537 farms in the state that will not be worked this summer; that the percentage of decrease in cultivated lands in 1920 from 1919 is 15.8. In addition to the loss in production these idle lands will cause there will be depreciated production on farms that are being operated. Many acres are being seeded down, and in practically every section crops are being planted that entail the least amount of work to harvest. Farmers are not gambling, as in years gone by, that the needed labor will appear at harvest time. Wages are being reported everywhere as being higher than ever paid before, but the farmers are making it manifest that they will not and can not compete against city factory wages.

In particular the dairy industry of the state is being affected by the acute labor problem, not a county in the state reporting any increase in dairy cows. On the other hand, reports from every district show that dairymen are reducing the size of herds. With the demand for milk as a food product vastly increased the production in Michigan the last year has decreased to the extent of 11.3 per cent.

Every indication points to the fact that farmers who are planning maximum production this year and will be able to harvest their crops will be well paid for their labor, for the increasing demand for food supplies that idle farms and city factory activities will produce is bound to keep the price of their products up.

The supply and demand of gasoline has reached a point where the experts must look about for other fuels for automobiles. Gasoline is rapidly becoming a luxury, with luxury price. And kerosene, the common coal oil of our youth, offers no easy road out of the dilemma. Kerosene has doubled in price since the war, and if any considerable number of auto engines were made to burn this product, it would soon soar to prices higher even than gasoline.

Some of the experts are talking about fuel oil, the refined residue after the gasoline has been removed. But here again we are up against it; all products of petroleum are going higher and higher. We see that in the steadily increasing price of crude oil today.

The far-sighted, however, are strongly considering alcohol. That is a fuel, the supply of which can be made inexhaustible forever—anyhow, as long as the sun shines and the rain falls and the soil continues fertile. The main thing is to invent extraction processes that will produce it cheaply. Then all the scrap of the farm, as well as cultivated vegetation, can be thrown into the vat and made to give up its alcohol.

The automobile, the tractor and the truck are as important to the rural districts as is the motor to the city. In some of our farming states, they are of much higher importance.

It will be a great day when the farmer can "raise" his own alcohol for 10 to 15 cents per gallon and have motor vehicles, the engines of which—carburetors and sylinders—are built especially for the use of alcohol as a fuel.

The committee on street sprinkling in the business district evidently succeeded in securing the necessary $40 per week subscription from business places to temporarily lay the dust. At any rate the water wagon made its first appearance on Friday. Forty dollars a week for say 26 weeks—$1,040—would properly oil a much larger territory and lay the dust for the entire 52 weeks of the year.

MEN'S EVENING AND MAY PARTY ENJOYABLE EVENT

The husbands and a few friends of the members of the Westminster Guild were their guests Monday night when their annual gentlemen's evening and May party was held at the Presbyterian church. Potted plants and cut flowers beautified the two long tables spread for the bounteous Bohemian supper which was served at 7 o'clock to over 50 people. Rev. W. A. Rex arrived from Flint just as the banquet was finished and was greeted by three cheers and a "tiger," most lustily given, with Fred Dickinson yell master. Again cheers were given for Mrs. Rex, whose birthday it was.

Mrs. Frank Nyland, the Guild president, in a few well chosen words of appreciation for the faithful work of Mrs. Rex in behalf of the Guild, presented her a very pretty spoon. Mrs. Rex responded feelingly.

The evening was spent in visiting and wishing Rev. and Mrs. Rex the best things of life in their new home in Flint.

DRIVE FOR FUNDS WILL START [illegible] NIGHT

(Continued from Page One.)

made by the members of the Legion, everyone being given an opportunity to contribute. Each person donating to the cause will receive a receipt which will show he has been enrolled as a friend of the Salvation Army's Home Service. A copy of this receipt goes to the county chairman and one to the local treasurer.

The members of the local post of the American Legion and those throughout Michigan are supporting the Salvation Army in this fund drive in recognition of the praiseworthy work this organization [illegible] the boys in khaki while they were serving Uncle Sam. They appreciated the quality rather than the quantity of the relief work provided by the Salvation Army and the spirit in which the service was rendered.

Donations may be made at either of the local banks and the workers will thankfully receive large or small contributions.

During the coming year the Salvation Army expects to give temporary relief to more than a million men and women. The Army acts quickly when it is convinced the case is a deserving one. It operates on the theory that it is better to give aid immediately and cheerfully—and take the risk of being imposed upon at rare intervals—rather than spend great sums of money and many weeks on hair-splitting investigations.

Giving a helping hand to a million persons from Maine to California and from Washington to Florida is a tremendous undertaking. Only an organization that is efficiently and thriftily maintained can carry the plan through. It is a man-sized job. For this work the Salvation Army asks nationwide financial aid. A big sum of money is required; that is true. But the dividends are precious.

Approximately 300,000 meals will be given to men, women and children outside the Salvation Army's own institutions. To 500,000 transient and temporarily unemployed men, sleeping accommodations may be given. This is in addition to the 2,500,000 beds supplied by the Salvation Army homes and hotels.

Besides the foregoing is the vast volume of temporary relief, which includes the distribution of free clothing, shoes, wood, medicines and infants' garments. And next winter the organization will distribute about 3,000,000 pounds of coal. While the Salvation Army believes that "charity is more crushing than defeat," this coal distribution is emergency relief—hurry-up assistance to families in desperate straits.

In connection with the relief work of the organization there is the care of the sick. Whenever the officer making her daily round of visits comes across a bedridden man or woman, she takes off her bonnet and stays awhile. She makes a cup of tea, fixes luncheon and dinner for the family if there is no one else to do it, and cleans up the tenement home. The following day she will come again to care for her patient. The Salvation Army lassies have practical training in the care of the sick.

Class in Farming Makes Study Trip

Auto of One Member of Party Stolen but Car is Recovered and Thief Nabbed.

Twenty students of the agricultural classes of the Tecumseh high school, accompanied by the teacher, O. W. Laidlaw, and Perry Hayden, enjoyed a delightful and exciting trip to Lansing over the week end. They made the trip in four automobiles, leaving Friday morning. They went by way of Jackson and returned by way of Ann Arbor. The places of interest visited were: The Wycoff Holstein farm near Napoleon, the Probert Jersey farm near Jackson, the Isbell seed farm near the same city and the Parnall Guernsey herds near of the Prison City. At Lansing they visited the Capitol, the Reo factory and the Michigan Agricultural College. On the way home they visited the Shorthorn and Percheron farm at Okemos, the Brown Swiss farm at the same place, the Clumney stock farm near Howell and the Brookwater farm near Ann Arbor.

At Mason they greeted Supt. Reed and tell of his surprise at seeing them. At Lansing came the exciting part of their venture. Floyd Whitmore had driven his father's new Oldsmobile and while the boys were in the "Y" building Friday evening the machine was stolen. This spoiled the fun and the lads scarcely slept a wink that night. The drivers of the other three machines drove in every direction from the city looking for the stolen car while the boys thoroughly scoured Lansing. The police were notified and it was not until 3 p. m. on Saturday that word was received of the finding of a new Olds some five miles out of Kalamazoo. The numbers proved it to be the Whitmore car and Mr. Laidlaw went for it, driving it back to Lansing that night.

A lad only 15 years old was picked up in Grand Rapids Saturday for stealing an auto in Kalamazoo that day which he had driven to Grand Rapids. He confessed to the theft of the Whitmore car in Lansing, abandoning it outside Kalamazoo and returning to the Celery City and pilfering another auto. He is being held now awaiting trial.

The boys' luggage was in the car, but upon its reutrn was found to be minus Gladwin Orr's leather coat and John McKendry's gloves.

The party arrived home Sunday evening.

Ford

THE UNIVERSAL CAR

The Ford Coupe is essentially the motor car for physicians every day of the year because of its up-to-dateness in every detail—large sliding windows, it is a breezy open car in fine weather and in rainy, stormy, cold weather it is closed—dust-proof and water-proof—with broad seat heavily upholstered, it is a most comfortable car. Equipped with electric starting and lighting system and demountable rims with 3½-inch tires, and carrying all Ford merits in economy, in operation and upkeep. Not only ideal for physicians but for salesmen, real estate men and everyone who wants a dependable two-seated car. Won't you come in and look over the Ford Coupe?

Mothers' Day at Methodist Church

Mothers' day was fittingly observed in this church at the morning service.

The pastor preached two sermons; the first an illustrated one to boys and girls on the topic, "Respect for Mother;" the second was a discourse on "The Mothers of Great Men." The choir rendered an apropriate anthem. The decorating committee, Mesdames Brown and LaPointe, tastily displayed an array of potted plants and pinned a bit of white ribbon upon each person present, in honor of mother. All present greatly enjoyed the service.

Christian Church Notes.

The Mothers' day service last Sunday was well attended. There were 146 present at Sunday school.

The church building is being renovated this week.

Mrs. Henderson of Lansing, a talented reader, will give an entertainment at the church Friday evening of this week under the auspices of the Dorcas class.

The Dorcas class will hold its regular social and business meeting Thursday afternoon, May 20, at the home of Mrs. Chas. McCarbery.

Regular services next Sunday.

M. P. Church Notes.

Mothers' day services were heartily enjoyed Sunday, many attending to pay tribute to mother.

The services Sunday will be held at regular time. A good attendance is desired for the C. E. meeting.

OBITUARY.

Edmund R. Smith.

Edmund R. Smith, a highly respected citizen and life-long resident of this township, died very suddenly Friday. He had gone to the garden to plant some seed and when his granddaughter, Miss Pearl Smith, who lived with him, went out a few moments later to summon him to dinner she found him lying on the ground. Kind friends carried him to the house, where he expired in about an hour, not regaining consciousness.

He was one of eight children of the late James and Amelia Smith, having been born in Ridgeway township April 16, 1842. He passed away May 7, 1920, aged 78 years and 21 days.

February 3, 1871, he was united in marriage to Miss Eliza A. Hoagland, who passed away April 11, 1916. To this union two children were born, Arthur J., who died June 20, 1909, and Anna M., who died December 11, 1919. He is survived by three grandchildren, Miss Pearl, Leon and Earl Smith. He also leaves two sisters. Mrs. Hannah Harrington, of Ridgeway and Mrs. Harriett Hoagland of Blissfield, and three brothers, George U., Elbert and Gilbert Smith.

Mr. Smith was a Civil war veteran, serving his country the last few months before the close of the conflict.

He was of a quiet disposition with a keen love for the beauties of nature and took great delight in beautifying his home.

The funeral services were held Monday at 10:30 at the home, Rev. J. C. DeRemer officiating. The pall bearers were C. F. Smith, G. L. Gripton, W. L. Exelby, Louis Feldman, C. D. Zeluff and Pirl Robison. The remains were laid to rest in the Ridgeway cemetery.

Those from away attending the funeral were Mrs. Hannah Harrington and son, Morris, and Mr. and Mrs. Joseph Harrington of Ridgeway, Mrs. T. V. Hoagland, Mrs. Clement Hoagland, L. C. Hoagland and son, Neil, and Clarence Gilson of Blissfield, Mr. and Mrs. Stephen Ball, Harry Ball and Mrs. Bert Bachman of Dundee, Mr. and Mrs. Frank Overmyer and Mrs. Emma Miller of Rea, Mr. and Mrs. Elbert Smith and Mr. and Mrs. Ray Smith of Cone and Frank Hoagland of Raisin Cetnter.

Britton News Notes.

Mrs. Wm. Brisbin is ill.

Mrs. Ella Hodges of Tecumseh spent Friday with Mrs. W. J. Clark.

Mr. and Mrs. Wm. Brisbin entertained a company of relatives from Tecumseh for dinner Sunday.

Miss Mary Cheever has moved into her new home which she recently purchased of Mrs. Matilda Pocklington.

Miss Gladys Oliver has been suffering considerably the past few days having injured a foot by stepping on a piece of tin.

Fifteen Lady Maccabees were in Adrian Wednesday attending the county association meeting. They report a fine time and carried home one of the honor banners.

The high school baseball team lost its second game of the season to Tecumseh last Friday on the home diamond. Smith hurled for the home team and Crittenden for the visitors. Until the fourth inning the game looked to be an easy walk away for the Tecumsehites. At this stage of the proceedings Donald Exelby, Gill, Myers and Gunder found the ball for safe ones. Before the visitors could tighten up Britton had forged ahead with five men across the plate. Thereafter the result was in doubt until Tecumseh scored the winning run in the ninth, making the score 10 to 9.

SERVICE

That word has been Our Motto for years

We have heard many farmers make this statement: "I have been everywhere. Can you get such a repair for me? My friends have said if you want any kind of a repair go first to Temple."

Today we are obtaining repairs for many machines. The owners even do not know the name of the manufacturer. They simply tell us about the repair needed and leave it up to us to get it. They little realize the work or the information involved in order to hand it over to them when they call.

Last fall we remodeled our repair rooms and today have the best stock of parts for Farm Machinery, Automobiles and Tractors found in Michigan. Better still, we are using a system of keeping track of the same which is identical to that used by many leading manufacturers of automobiles, farm machinery, etc.—an idea from each in order to get, have in stock, know where to find it instantly, to keep the stock up where it belongs and be able to give the correct price.

When in need of any repair call and tell us all about it and if it is obtainable we will have it for you in a very short time. If it is for one of our regular lines we may have it in stock.

Please take in consideration the strikes, the slow movement of freight, the extra heavy express and mail and you are certain of delays. To avoid delays look over your machinery, automobile or tractor now, place the list with us and we will do our best to have it here in time.

Farmers' Exchanges Successful.

County farm bureaus in New Hampshire are conducting exchanges with excellent results. One hundred and twenty-five farmers attended a meeting to organize an exchange in Belknap county and in 15 minutes raised $2,300 of the $3,000 capital needed. The members of the Grafton county bureau will purchase 50 tons of limestone this spring through their exchange. Hillsboro farmers have pooled orders for fertilizers and have placed them with dealers. Merrimack county farmers in four weeks unloaded five cars of grain and 800 tons of lime. The February business of the exchange in Rockington county amounted to $8,800. Stratford county farmers have formed a co-operative grain company and purchased a mill. The capital stock is $15,000 in shares at $25 each. In all, 40 tons of fertilizers and 90 tons of limestone have been ordered.

MOTOR TRAIN VISISTS TECUMSEH MAY 19

(Continued from Page One)

dorsed by the governors of a number of states and by the chief executives in many cities.

Demonstrations and mass meetings will feature the week's activities. The demonstrations, carried on by trains of motor trucks, will visualize the value of the highways in meeting the ever-increasing needs of quick, sure and economical transportation for short distances. At the mass meetings speakers will present facts and figures to show why those most concerned should back to the limit practical plans for making the highways an integral part of the country's transportation system.

It is planned to have the demonstration trains of motor trucks start on territorial tours simultaneously from the 100 cities participating. Four trains will leave Detroit. Taking different routes, they will work their way through the richest rural communities of Michigan to Lansing. The latter part of the week they will return to Detroit by still other routes.

These trucks will blanket the country with the ship by truck message. Arrangements for shipments will have been made in advance. In one city they will take up loads for another. From the farms they will gather loads for the city markets. Rural merchants will furnish loads for the delivery to the farms. In this way the value of the truck will be proved in a practical way.

In many sections of the country, especially where good roads are the rule, the ship by truck movement has already established itself in a substantial way. In Seattle, for example, hundreds of trucks are operating over the fine thoroughfares leading out of that city in every direction. They handle several hundred tons of freight every 24 hours. This business has become so well organized there that tariff schedules have been drafted, regular hours of service provided and bonding arrangements made to protect shippers against loss.

"The motor truck as a feeder to the railroad can touch parts of the country the railroads never would reach," said one of the good roads advocates, "as its limits are not set by rails, but by the highways. It can encourage greater production on the farm by insuring quick transportation for perishables. In this way it will bring fuller markets. This will mean greater income for the producer and yet a reduction of living costs to the consumer.

"It is this message which we want to bring home to our communities. That this may be accomplished quickly and effectively the big national drive for the week of May 17 to 22 has been planned. As the trucks can operate most efficiently on hard surfaced roads —although truck transportation has been proved practical even on dirt roads—the theme of the campaign will be better roads, for better transportation, for better living."

In the party which will visit Tecumseh May 19 there will be a number of speakers on good roads and truck transportation and two of these will give addresses here. F. W. Fenn, secretary of the National Automobile Chamber of Commerce, and Pyke Johnson, secretary of the good roads department of the National Automobile Chamber of Commerce, will do the speaking in this city. Music will be furnished by the band accompanying the motor truck trains and the meeting will be made highly interesting.

The auto train which comes here leaves Ann Arbor the morning of the third day after it departed from Detroit. It will stop at Manchester, Saline, Clinton and then in this city. From here it goes to Adrian.

Governor Sleeper by proclamation has called on the people of Tecumseh and other parts of Michigan to co-operate in the "Ship by Truck-Good Roads Week." He urges all farmers, merchants and others interested in transportation matters and the betterment of our highways to meet during that week in their respective communities to consider the serious problems which are apparent in our commonwealth as to the transportation of produce and supplies.

Making It Easy

It's pretty easy for the farmer to jump in his automobile and run to town when he has a little business at the bank, but it is easier to just drop a note in the mail and let the carrier bring it in. This bank will give your mailed instructions the most particular attention and we want all our customers to feel at liberty to hand us any desired directions by mail with the assurance that the same will be attended to promptly and carefully. Mail your checks for deposit, your orders for bank drafts, your remittances for notes due, or your bank book to be balanced.

Designed by Famous Architects

A great many houses are like Topsy—they "just growed up." There was no thought of good architecture, or beauty in their design.

This cannot be said of this friendly looking little four-room Western home, for it was designed by the noted architects—Trowbridge & Ackerman, of New York.

There is just room enough here for the small family. Downstairs is a large living room and a conveniently arranged kitchen. Upstairs are two bedrooms, each with a roomy closet adjoining. Besides the bath room and a handy linen closet, there is also a large sleeping porch, which adds practically a third bedroom. Individual designs of CURTIS Woodwork in the Western expression were also designed by Trowbridge & Ackerman for this home, and others like it.

We have a service of 200 homes designed in four different architectural types—Colonial, English, Western, and Southern, and they range in size from as few as 3 rooms to as many as 8. Come in and tell us your needs and we will show you homes to suit you from every standpoint of comfort, beauty and convenience.

Mothers' Day

BEAUTIFUL SERVICE AT ST. PETER'S SUNDAY.

Churches Unite in Paying Homage to American Motherhood—Excellent Sermon by Rev. Preston.

Mothers' Day was observed in Tecumseh when the churches of our city united in a beautiful service held at St. Peter's church Sunday afternoon at 4 o'clock.

The service, the Episcopal evening prayer, was conducted by the rector, Rev. J. J. Preston. The vested choir, assisted by Mrs. S. C. Taylor of Sault Ste. Marie and Harold Lowry, rendered some excellent music appropriate to the occasion, the solo, "Mother Machree," by Mr. Lowry being exceptionally pleasing and effective. The church was filled with a large congregation, veterans of the Civil war occupying places of honor in the front pews.

Rev. Preston took his text from a portion of the 25th verse of the 19th chapter of St. John, "Now there stood by the cross of Jesus his mother."

Mr. Preston pointed out that abnormal conditions arising out of the war had opened up new fields of activity for women. Their outlook upon life had undergone a great change and the result was a situation that required very careful and judicious handling if all that was highest and best in American womanhood was to be preserved and blended with the hopes and aspirations of the new age.

The speaker said that he was not among those who would restrict the exercise of those rich gifts with which God has endowed our womanhood exclusively to the home. There were countless fields of activity in which they could engage and in which they could render a lasting and invaluable service to their fellow beings as well as to the state. But that did not mean that home would not continue to be in the future as it had been in the past the one center from which she can bring the greatest and highest influence to bear in uplifting and moulding the national life and character.

The services on Mothers' Day ought to emphasize and bring out clearly the glory and the beauty and sanctity of motherhood. Mr. Preston left his hearers in no doubt as to his attitude towards any lax divorce laws. If you legislate so as to make holy wedlock a mere civil contract at the mercy of uncontrolled temper and undisciplined desire you go straight in the face of the teaching of Jesus Christ. You rob the home of its sacredness. You rob mother of her dignity. You destroy the safeguards of national security. You are taking a course among rocks and shoals that will inevitably end in moral and spiritual disaster. The foundations of national glory and strength are set in the homes of the people and they will only remain strong and unshaken so long as the home life of the country is healthy and virile.

Race suicide is a grave menace to our American life and a decreasing birth rate and divorce go together. If such conditions continue it might be possible that before many years it would be increasingly difficult for the genuine American stock to retain the balance of power in this country. The alien element is becoming a very strong factor in our social and industrial life.

"Defend Your Homes"—that was the call that had led men to enlist voluntarily by thousands. Today the clarion call "Defend Your Homes" should rally Americans everywhere around the sacred citadel of family life which is the one supreme bulwark of national endurance and national freedom.

FRANKLIN

Charley Brown of Clinton called on Fred Case Sunday.

Mr. and Mrs. Sam Thompkins returned to Fred Case's last week.

Mr. and Mrs. Thompson and Mrs. Olin Robison were Tecumseh visitors Monday.

Mr. and Mrs. Olin Robison moved into C. L. Wisner's tenant house last week from Adrian.

Word comes from Battle Creek that Mrs. Myra Tripp has suffered another paralytic stroke and is very low.

Mrs. Bob Johnson went to the hospital at Ann Arbor recently for an operation. Mr. Johnson is with her and will remain for a time. Their children are with their grandfather, Henry Nixon.

Mrs. Lorenzo Daniels spent Monday with S. N. Wisner and family. Sunday she went to Webberville to visit her sister, Mrs. Thomas Frear, who recently fell from a step ladder, breaking her wrist and some of the bones of the hand.

The Sunday school party given for class B Saturday night at John Pawson's was a very pleasant affair. About 75 people were present and nearly $23 were realized from the sale of the boxes, which were filled with good things to eat.

Mrs. G. W. Allen and Katherine of Tipton and Earl Allen and children spent Sunday with Frank Fisher and family. Mrs. Allen had received a box of delicious California candied and dried fruits and nuts from Cecil Billington and the party proceeded to "discuss" them. Mr. Fisher continues to improve.

Mr. and Mrs. John Pawson entertained Sunday her sister, Mrs. Florence Moore and brother and wife, Mr. and Mrs. Willard Whelan, and son of Onsted, and brother-in-law, Glen Houck, and three children of Cement City. Other callers were Mrs. E. J. Whelan, Mrs. A. B. Wisner and Mrs. Clarence Merritt.

HOLLOWAY

Milo Carpenter was here Sunday visiting relatives.

Ray Binns spent a couple of days recently in Ypsilanti.

Mr. and Mrs. W. M. Calhoun and Kathryn called at Royal McElroy's near Britton Sunday afternoon.

Mr. and Mrs. A. H. Lewis visited over Sunday with their daughter, Mrs. Lynn Judson, and family in Detroit.

Miss Martha Schwab, who has been at home sick for some time, returned Sunday afternoon to her duties at the academy in Adrian.

Mrs. Young left the telephone office Saturday, May 1, and Mrs. Raymond moved in. Miss Laura VanCilus is assisting Mrs. Raymond.

Mr. and Mrs. Howard Becker and son were visitors at Metamora Saturday. Mr. Becker's mother returned with them for an indefinite visit.

Visitors at J. L. Calhoun's Sunday were Mrs. Rector and Miss Madeline Boyce, Mrs. Mary Benedict, Mr. and Mrs. Sam Boyce, daughter, Marjorie, and son, Wilbur, of Tecumseh.

Rev. J. C. Howenstine and family came Saturday and will move into the parsonage as soon as their household goods arrive. Rev. McNutt was here Sunday, a guest at the E. R. Rogers home, and during the afternoon conducted a drive for the subscriptions for the coming year.

Tuesday the Red Cross ladies took charge of the canteen at the Macon cyclone district. The following ladies served the dinner: Mrs. W. P. Rainey, Miss Ella Rainey, Mrs. John Brewer, Mrs. Anna Riley, Mrs. J. L. Calhoun and Mrs. F. J. Blouch. Mrs. Carrie Whitmarsh of Adrian was also one of the party. The gentlemen furnishing cars were Dr. J. W. Nixon, J. P. Schwab and Charles Atwell.

LOCAL AND PERSONAL

Little Merville Dean Mattis is very ill with bronchial pneumonia.

Mr. and Mrs. Harlow Brownson have been visiting Battle Creek relatives.

Charles Sherer accompanied the remains of Thomas Caldwell here from Tucson, Ariz., yesterday.

The condition of Robert Elliott, who has been critically ill with heart trouble and pneumonia, is materially improved and his family and friends are much encouraged.

Mr. and Mrs. Ed Berry, Mrs. Vera Hodges, the Misses Alice Owens and Clare Keller, John Keeney, Otto Garlinghouse and Percy Bowen enjoyed a picnic supper at the Bowen cottage, Sand lake, Sunday evening.

Homer Whaley goes to Saginaw next week to attend the Masonic Grand Chapter and Grand Council. W. S. Dickinson goes to the same city the following week, May 25 and 26, for the annual meeting of the Grand lodge of Masons.

Eight of the members of Raisin Valley Encampment, I. O. O. F., plan to go to Adrian tomorrow night for a meeting of Lenawee Encampment No. 4, when the grand patriarch will be present and a class, of which Albert Foster is to be one, will receive the Royal Purple degree.

R. S. Moore has purchased of Brown & Co. the old hide house next to the Moore office and is tearing it down. He will later erect large coal sheds on the lot. This building was the old skating rink, the scene of many good times but of late years was a sorry looking structure and this move of Mr. Moore makes the whole block look much better.

Events are becoming numerous for the high school students just now. Together with "cramming" for finals come the junior reception for the seniors tomorrow night at the home of Miss Gertrude Turner, the annual May party at the "gym" May 21, the senior reception for the juniors May 25 at the lake, and the county field meet in Morenci May 28.

Mrs. Mary Stelzer was most happily surprised last week when gifts of flowers, etc., began to arrive from her children, until by Sunday the whole 14 had remembered mother on Mothers' day. Potted plants and cut flowers made up a large part of the beautiful array, but one son's gift was a big, fat chicken and others sent money with which to buy more flowers later. This thoughtfulness was sincerely appreciated by Mrs. Stelzer, who is being congratulated on having such a fine family.

BRADLEY OPERA HOUSE ATTRACTIONS

"Daddy Long Legs."

The supreme event of the season at the Bradley opera house will be the presentation of Jean Webster's greatest story "Daddy Long Legs" with Mary Pickford (Mrs. Douglas Fairbanks) this coming Sunday and Monday, May 16 and 17. It is doubtful if any other photoplay shown in Tecumseh is as well known as "Daddy Long Legs" which was published in the Ladies Home Journal and in addition to that the book has reached a sales record of over one million copies.

"Daddy Long Legs" has been produced on the speaking stage by Klaw & Erlanger and was on the road for several seasons, playing all of the larger cities and in order to produce the story in pictures, Miss Pickford paid the firm of Klaw & Erlanger $40,000 for the screen rights to "Daddy Long Legs."

Humor, with tears that tread upon smiles, is the keynote of "Daddy Long Legs" and with Miss Pickford as "Judy Abbott" nothing is left undone to make this the greatest picture of Miss Pickford's wonderful career, and as one writer said after seeing the picture, "You may have seen funnier films than the first two reels of "Daddy Long Legs" but the writer never has."

"Daddy Long Legs" was originally booked at the Bradley for Sunday evening only, but at the request of hundreds of patrons of the Bradley the picture will be held over for Monday evening, too, which will give you a double chance of seeing it.

Owing to the enormous amount Miss Pickford was obliged to pay for the rights to "Daddy Long Legs" and the big rental the Bradley has to pay for a picture of this kind, the price will be a trifle more than you would have to pay for a common program picture, but folks, its worth it. A picture like "Daddy Long Legs" only comes once in a life time, and besides it's a whole evening's entertainment.

Charles Ray, Saturday.

Saturday evening the idol of the screen, Charley Ray, will be seen at the Bradley in one of his newest plays, "The Sheriff's Son," a real Charley Ray story with a punch and plenty of action in very foot of film. Most of our readers know Charley Ray and the excellent kind of a picture we can look for when one of his new photoplays is advertised and "The Sheriff's Son" at the Bradley Saturday night is one of his very best.

A new Mack Sennett comedy, "Up in Alf's Place," completes the program and it is billed as one of Sennett's best comedies, with Charley Murrey, scores of the Sennett bathing beauties and plenty of action.

The Saturday night crowds at the Bradley come from miles around and pack that popular playhouse to the roof, go early if you want a seat.

Some people are always looking for a new kind of mistake to make.

Rev. W. R. Curtis Believes Its Application Will Solve Our Problems—Community Service at M. E. Church Next.

"Loving our fellow man" was the theme running through Rev. W. R. Curtis' sermon at the community service Sunday night at the Baptist church. This was the culmination of the winter's study of the Men's Brotherhood of that church, and proved how interesting these gatherings must be when each has a chance to have his say about the social problems at present confronting the town and country. The text was "And this commandment have we from Him, he who loveth God love his brother also." Rev. Curtis said: "Let our gospel be 'in the world, of the world and for the world.' We are more concerned about how to die than how to live, but our great problem should be how to touch humanity.

"The church seems to have departed from teachings of Jesus. This is why we have felt it necessary to take up his social teachings. Love is the only hope for the present world condition. If we would deal with men as with our own brothers it would solve every trouble. The blood-thirsty program of war was for selfish gain."

He described Henry Ford's plan of dealing with his workmen, where the wages were raised, the men given shorter hours, yet the profits from the business waxed larger.

"The greatest need is for a more adequate religion," declared the speaker, who continued: "The nation of Russia is burning down while her preachers talk about going to heaven and nothing about men's lives. The church of only creeds belongs to a dead class. Cannot we put ourselves into closer relationship to humanity to serve the people of the world for whom Christ died? The greatest need of a church is a job, something to do for Tecumseh.

"The unity of the Christian forces in America will answer this call of humanity. The poor man in the church is not at home or satisfied. The people have lost faith in a class church.

"The kingdom of God is surely at hand. The problem of the foreigner amongst us, the labor and capital problems, love will solve them all. Heaven we have always deemed as away off up yonder, but the ideal of Jesus' life was the kingdom of God on earth. If society cannot be saved by social example of Jesus, how can it?"

Preceding the sermon the devotionals were conducted by Revs. Edward Escolmé and C. M. Thompson. The latter announced that J. H. Smith has now been made chairman for this township for the relief of the cyclone victims of the Ridge. Rev. Thompson also announced the community service next Sunday night will be held at the Methodist church, with an out-of-town speaker.

Coughing at Night Can Be Checked

Bronchial coughs, coughs that hang on after recovery from influenza or grip, asthmatic coughs, coughs caused by a distressing tickling in the throat—coughs that cause one not only to lose sleep but to disturb the rest of others—all such coughs can be relieved by Foley's Honey and Tar.

The Experience of Two Men

L. W. Day, 65 Campbell Ave., E., Detroit, Mich., writes: "Foley's Honey and Tar is great. It relieves one with bronchitis very quickly. My complaint in that line has almost gone and I hope never to have it again."

Chas. Hoffman, Eagle Hotel, Oneida, N. Y., writes: "I have been troubled with tickling in my throat and cough for the past three months. I can highly recommend Foley's Honey and Tar as a 60c and 35c bottle gave me relief."

F. B. WOOD TO REPRESENT THE LOCAL DEMOCRATS AT TWO CONVENTIONS

Frederick B. Wood of Tecumseh will be a delegate to the state and district conventions of the Democratic party in Michigan, being elected to attend these meetings at the county convention held in Adrian Thursday. W. D. VanTuyle is the delegate from Clinton, John Fitch from Franklin, W. E. Swick from Macon, G. C. Pocklington from Raisin and Ben J. Beasley from Ridgeway. Mr. Wood was also made a member of the committee on resolutions at the county convention.

The gathering of the Lenawee Democrats at the county seat was well attended. In the addresses the administration was extolled, President Wilson being praised in glowing terms and the Republican methods were bitterly denounced. Edward Frensdorf of Hudson, the temporary chairman, was especially vitriolic in his arraignment of the Republican administration in Michigan, the state officers from the governor down being referred to in scathing terms.

L. H. Porter of Madison called the assemblage to order, Mr. Frensdorf being chosen temporary chairman and John A. Osborne of Madison temporary secretary. Quite a few women were among the delegates. The report of the committee on resolutions reaffirmed the Lenawee Democrats' allegiance to party, entire satisfaction over the Wilson administration and pointed out the shortcomings of the Republican policies. A resolution offered by F. B. Wood provided the delegates to the state convention also be the delegates to the district meeting.

Get Thorough Cultivation Without Hard Work

When you use a cultivator you want thorough cultivation first of all. But you want to get this result in the shortest possible time and with the least possible labor.

We want you to see why using the John Deere KC Cultivator does away with the necessity for hard work, and at the same time gets the most thorough results.

Here are just a few of its features that will appeal to you.

Using it, you can meet every field condition without stopping to make adjustments. No wrench is necessary. Cultivation at even depth and distance of cultivation from the row are accurately regulated by means of handy levers.

Because of its parallel shift rigs, its shovels always face squarely to their work. They never track or trail in dodging on crooked rows. No uncultivated spots are left. You get thorough cultivation over all of the field.

The rigs shift quickly in response to slight pressure on the foot levers. Guiding the rigs is as natural as walking.

We want you to get into the seat of this cultivator and see for yourself how handy and reliable it is. We've never seen its equal for time-saving, labor-saving, weed-destroying work in the field.

Don't fail to come in early and get acquainted with the "K C."

DR. PRESTON BRADLEY CENSURES AMERICAN EXTRAVAGANCE.

Closing Number of High School Lyceum Course Highly Entertaining—Another Series of Programs to be Given Next Season.

Dr. Preston Bradley of Chicago, after repeated postponements, gave the final lecture of the High School Lyceum course Thursday evening at the high school auditorium. The course has been so eminently successful that the high school has decided to give entertainments again next year. Supt. E. E. Crampton announcing this in his introduction of this eloquent preacher—and those listening to his lecture claim it was a fitting climax to this course. The attendance was not very large.

The entertainer took for his subject "The United States of Tomorrow." He spoke first of the vital problems now pressing for attention. He claims there is definite propaganda now at work to make us forget the war so as to arrange for the next one. "This is the most critical hour in United States history," he declared. "Civilized influences are holding down the safety valve. Things never looked so black as now." A contractor on the new church his congregation is erecting told him it would not be three months until there will not be a hammer sounding in Chicago. The first place this great revolution will strike will be on the farm. In spite of all, the greatest thing on earth is a thought; the greatest influence, the thinker. Every leader in the war has been repudiated by the people. The only leader possessing world-wide power or influence is Trotsky. "The one thing we want most is to be comfortable. Why, we've even taken the hell out of religion," asserted the Chicagoan.

Dr. Bradley was a chaplain in the service, working in six countries during the war. He left 175 boys of his own church lying in France. In speaking of the war he said: "You think you helped the cause by saving a little sugar! We feel it's over when it's just begun. We forget too quickly what the boys did. We didn't have a long enough sojourn in Gethsemane. But France won't forget. If we did not so soon forget we would not have been so quick to turn things to peanut politicians. These are not new problems commanding the attention of Americans today. Many centuries before Jesus Christ there was a democracy with the two motifs—God and Freedom the constructive ideals. The day of the pioneer is gone. War is the last resort of the animal instinct of the human race. The injection of the primitive is that which saved decandent races.

"Right now comes the problems of the boy who worked to win his education versus the boy who spent his hours shooting craps in the alley. The latter now is trying to take away what the first has saved. That is one cause of this H. C. of L., or rather the high cost of waste. The man who takes advantage of this situation to make dishonest dollars is a thief. A silk shirt for a man is a contempible piece of waste. The feeling, 'We can have just as good as they have,' is what is ruining many. There never was an hour when American labor had so much money. No matter what emergency, man can save something each day, but people are spending money like drunken sailors—and yet the land is filled with strikes and more strikes."

He lamented the fact that the peace conference broke up in a row, when our men ought to have fought it out, and continued: "That is why France is mobilizing today and England getting ready. When the time can come that will put men above parties and principles above politics America will be saved.

"Although about the only Irishman in Chicago not a Democrat or on the police force, I am for the commander-in-chief of this nation, who, although an invalid lying on the portico of the White House, is still my president until next March. He was the man revered above all others during the war and was saluted before the king of England. He was the man who went in with open hands with nothing to win.

"The reaction has come. We got a baptism of fire. The hour will come when you will see its truth. We must face the future unafraid. but, oh! the task we have! The country is full of pessimists who are knocking out the good work of the philanthropist. Every town would be better off for a few well-conducted funerals.

"The golden rule must be our motto. We must go ahead to Jesus for the world has never yet caught up with Him—and crown Him King of Kings.

"Our task now is to find the man for our leadership and as always we will be God-directed. We are going to follow His gleam and save mankind at last."

May 24 to 29 Is to Be Clean Up Week

COUNCIL ORDERS ALL PREMISES CLEARED OF RUBBISH.

Town Officials Will Act if Owners Fail to Obey and Make Levy—Wednesday Band Concerts Given Financial Aid, also Memorial Day Committee.

Tecumseh is to have a clean up week, the council voting at its meeting Monday evening in favor of such a campaign.

The dates are from May 24 to May 29, when all property owners are ordered to purge their premises of all rubbish, etc.

There is a sting to the resolution as adopted by the trustees, as those who fail to comply with the clean up order will be forced to pay for the work after the village authorities have it done, the cost being assessed against the property.

The resolution fixing the week from May 24 to 29 as clean up time was offered by Trustee Hanna and received the unanimous support of the council.

A request from the manager of the Wednesday entertainments during the summer months asked the council for a contribution of $100 with which to help defray the expenses of the band concerts and other programs given for the amusement of the public. The plea called attention to the fact the band stand and platform used required repairing and more funds would be needed this year than last. The Wednesday entertainments being considered of much

Stricken While He's Shoeing Horse, Dies

Murrey Richardson of Tipton Is Claimed by Death Without Warning—Was Resident of Tecumseh at One Time.

While busily shoeing a horse, Murrey Richardson of Tipton suffered a stroke Monday, fell to the floor and was dead before medical aid could arrive.

Mr. Richardson seemed to be in his usual health and was at work, in partnership with Robert [illegible], at the blacksmith shop. He was shoeing a horse and the task was nearly done when he fell over. He was taken to his home across the street and Dr. Tuttle, who was in the village at the time, was summoned, but he was dead before the doctor arrived.

Mr. Richardson was born in Cambridge township near Springville May 30, 1877, and died May 17, 1920. He is survided by the widow and four children, three girls and one boy, and a number of brothers and sisters. He also leaves a large circle of friends, having lived in Cambridge, Tecumseh and Franklin his entire life.

The funeral was held Wednesday at 3 o'clock, with burial in Tipton cemetery.

FIRST OF FREE SHOWS TO BE HELD ON JUNE 9

The first free show of this summer's series will be held June 9.

It is planned to have the Tecumseh Ladies' band furnish the music.

SUBSCRIPTION PRICE GOING UP

HIGH COST AND SCARCITY OF NEWS PRINT MAKES INCREASE OF RATE IMPERATIVE.

The newsprint situation has become so acute that The Herald is at last compelled to make a readjustment in its subscription rate and method of collection.

Commencing July 1, 1920, the rate of subscription will be $2.00 per year, $1.00 for six months and 60c for three months.

To comply strictly with print paper conservation names of subscribers will be taken from the list at expiration of the subscription, unless credit for a limited period is requested. All subscribers will receive notice previous to the expiration of their term of subscription.

All subscriptions received up to July 1, 1920, will be accepted at the present rate. It will be a saving to all to take advantage of the time limit, for paid-in-advance subscriptions will be filled.

The price of print paper has advanced $4.00 per hundred pounds since our last shipment and the outlook is that it will go still higher. The advance in cost of newsprint since the war has been from $2.50 to $15.00 per cwt. Can you blame publishers for asking an advance of 50c on subscription rates?

Lumber Dealers to Meet Here June 19

County Organization Will Gather to Discuss Various Phases of to Discuss Various Phases of Business.

There will be a gathering in Tecumseh on June 19 of the lumber dealers of the county, the meeting being for the purpose of discussing various phases of the building material business. A supper will be served.

The decision to meet here was reached at a session of the lumber dealers held at Adrian Saturday, which was attended by F. M. and J. M. Mulvaney of this city. They extended the invitation for the next gathering to be held in Tecumseh, which was accepted. The organization is known as the Lenawee county section of the Michigan Retail Lumber Dealers' Association.

Gussenbauer's tea room was the scene of the meeting at the county seat, a banquet being a feature. There was an informal discussion of operation of lumber yards, present market conditions, credits and other topics of particular interest to the lumber dealers at this time. Fourteen concerns were represented.

VOLUNTEER WORKERS AND CASH ARE STILL NEEDED

Reports from the Ridge road, where the cyclone did such great damage several weeks ago, are to the effect donations of cash and volunteer workers are as much needed as ever.

T. C. Kennedy of Adrian, J. H. Smith of Tecumseh and C. D. Zeluff of Britton, the committee appointed by the Lenawee County Red Cross Chapter to disburse the cash contributed for the relief of the storm sufferers, wish to emphasize the fact they are anxious to receive the various sums raised for the victims and urge those in charge of funds to turn them in at once.

NEWLY WEDS PURCHASE RAILROAD RESTAURANT

In Adrian on Monday took place the marriage of Mrs. Lena Robinson and Philip J. Fassnacht of Detroit. Judge Harry L. Larwill performed the ceremony at his office at the probate court. The couple were attended by Mrs. William Willette and Miss Caroline R. Kaiser. The bride wore blue satin with beaded georgettte and her attendants suits of blue.

Mr. and Mrs. Fassnacht have purchased of Mr. and Mrs. Willette the railroad restaurant at Tecumseh Junction, which they are now conducting. Mr. and Mrs. Willette left for Sterling Tuesday morning, where they will take charge of the latter's father's farm.

EPISCOPAL LADIES

Meet and Reorganize Auxiliary—Officers and Committees Chosen.

At a meeting of ladies of St. Peter's Episcopal church, held at the Parish house Tuesday evening, the Ladies' Auxiliary, a society that has been inactive for some time, was reorganized.

The meeting, which was largely attended, was called to order by Mrs. L. C. Hayden, president of the Ladies' Guild, and then turned over to Miss Louise Phelps, who explained the purpose of the meeting. A pledge was made to help in the work of hospitals and schools in the west and south and other work will be taken up as soon as the needs of these institutions are known.

Miss Phelps, the president, appointed the following officers as her assistants: Vice president, Mrs. L. B. Schneider; secretary, Mrs. L. E. Temple; treasurer united thank offering fund, Mrs. E. H. Ahrens; chairman of work room, Mrs. Floyd Freeman, who will appoint her assistants.

The next meeting of the Guild will be held Tuesday, June 1, when plans for summer work will be arranged.

Tecumseh Snags a Pair of Games

High School Baseball Team Defeats Clinton and Addison—Plays Latter Again Friday.

It has been a very successful week for the Tecumseh high school baseball team, as it won from Clinton on Friday and Addison Wednesday, both contests taking place on the local diamond. The score with Addison was 10 to 2 and with Clinton 16 to 8.

Tecumseh meets Addison again Friday at that place and if the local boys cop that game they will go into the finals at the field meet at Morenci May 28 as they will be the winners for this section of the county. Their opponents would probably be Blissfield. If Coach Crampton's lads lose to Addison Friday these two teams and Clinton would all be tied for the baseball honors for this portion of the county.

Crittenden and VanWinkle were the battery for the victors in the Wednesday game, B. Stopher and Binns officiating for Addison. The local hurler allowed the visitors only five widely scattered hits, errors aiding Addison to both runs. The home nine made every bingle count, scoring at least once in each of the six innings in which hits were made. Numerous errors were made by the opposition, the visiting third baseman contributing several very costly ones. Eleven safe hits were garnered by the local men, these coupled with the misplays of Addison left little doubt as to the outcome after the second inning. Pricker umpired the contest.

It was primarily due to the errors by the opposition infield that Tecumseh won by such a large margin from Clinton. Up to the last half of the fifth inning the visitors seemed to have everything their own way, having scored twice in the first and once in the third. Tecumseh forced a score in in the fourth, but the big rally was not staged until in the fifth. With two men out VanWinkle hit safely, stole second and third in quick succession and scored on a wild throw. Then a series of four hits and some fumbles by the Clintonians resulted in four more local players registering at the final station. The sixth was practically a repetition of the preceeding inning as far as the Tecumseh end of it was concerned, as a quartet of bingles and a liberal sprinkling of errors aided five more of Coach Crampton's braves to scamper around the sacks. The opposition staged a feeble rally in the seventh, three swats and some help from Tecumseh sent a trio of tallies across. The home nine got another marker in the seventh and followed this work with four runs in the eighth. The losers shoved two men all the way round in the ninth.

Metzger, the Clinton hurler, was going strong up to the fifth inning and had his teammates continued their excellent support, the result would have been different. Wells did the receiving for the visitors.

In Crittenden, who occupied the mound for the victors, Tecumseh has an effective heaver, one of his best points being a level head. VanWinkle, catcher for the home team, is quick to take advantage of the bungling of the opposition. It was he who started the rally which brought Tecumseh in the lead and which indirectly resulted in the home aggregation making a strong finish.

Tomorrow the Tecumseh team plays Addison high in that place.

PLACE ORDERS FOR OIL NOW, URGES L. E. TEMPLE

L. E. Temple, oil purchasing agent for the people of Tecumseh, advises those who want some of this dust allaying fluid this summer to place their orders with him at once. He expects a message any day now inquiring how many gallons are wanted and he will order only the quantity for which he has been requested. Place your order with him at once, as it is likely only one shipment will be obtainable.

Rep. Chas. Evans Again Candidate

Responds to Urging of Many Friends to Enter Race—If Elected Will be One of Five Candidates for Speakership of House.

Representative Chas. A. Evans of Franklin township, in an interview the other day, admitted that in compliance with the wishes and earnest urging of many friends he will again become a candidate for nomination and re-election as representative from this district to the state legislature.

Mr. Evans has won considerable popularity and prominence during his service in the legislature, not only with his constituents but also with members of the house and state officials. It was through his initiative that many good laws were enacted and bills detrimental to the people at large were not allowed to survive. His ability and integrity in Lansing has been recognized and rewarded with honor positions on committees. In fact his popularity as an intelligent member of Michigan's law-making body has grown to such an extent that his colleagues at Lansing have urged him to become a candidate for speaker of the house should he again be sent to Lansing.

Mr. Evans, also being urged by friends of his district, has consented to become one of five candidates for the speakership, providing he is re-elected to office. His success would mean an honor for Lenawee.

This estimable couple has just celebrated the fifty-fifth anniversary of their marriage. The climax to the observance was a gathering at the home of Mr. and Mrs. George Ziehr, Sunday, when this long-wedded couple were honor guests.

SALVATION ARMY DRIVE FOR FUNDS CONTINUED

Tecumseh not having contributed its quota toward the Salvation Army Home Service fund, Underwood-Orr post, American Legion, will continue to accept contributions through Saturday.

A little over $300 has been secured in this ctiy but as the local quota is $400 and a larger sum than this is desired the campaign will be extended.

Donations may be made to Harold Lowry at the Lilley State bank or Glenn Bowen at the Tecumseh State Savings bank.

WESTMINSTER GUILD HAS A PLEASURABLE SESSION

Miss Ethel Keyser opened her home Tuesday evening for the meeting of the Westminster Guild, with Mrs. John Snow and Miss Edith Gray assisting as hostesses.

Miss Hessie Orr conducted the devotionals and Mrs. Farnk Nyland, the president, a short business session. As the secretary, Mrs. J. D. Service, is soon to move from town, Miss Marian Bills was made her assistant. It was also decided to meet at the Presbyterian church next Tuesday afternoon to complete quilts upon which the ladies have been working at their meetings.

Mrs. J. H. Smith was leader of the study portion of the meeting, when the last chapters of "A Crusade of Compassion for the Healing of the Nations" were discussed by the Misses Bills and Hosmer.

The hostesses served refreshments at the close of the study and an hour was passed pleasantly in visiting.

Much Wool Being Shipped from Here

Farm Bureau, Through Tecumseh Co-Operative Association, Meeting With Success in New Venture.

Wool shipments from this city have been quite large since the Farm Bureau has gone into this business through the Tecumseh Co-Operative Association. More than 5,000 pounds have already been handled and the prospects are when the farmers get better acquainted with the plan the business will increase to a marked extent.

The biggest receipts for one day were last Wednesday, when 3,000 pounds were taken in. There is another large clip in Franklin township which is to be brought here soon, and a Clinton farmer has many pounds which he has intimated he will sell through the local agency.

A new arrangement has been made which gives the wool owner an opportunity to realize on his clip as soon as it is delivered to the Tecumseh station. County Agent Carr was in town Saturday and arranged with the Tecumseh State Savings bank to advance those bringing wool three-fourths of the estimated value of the clip if money is desired at once.

The wool when brought to the Co-Operative store is weighed, baled and sent to Lansing, where it is sorted and sold through the State Farm Bureau. Those in this vicinity having wool to dispose of are invited to do so through the local agency of the Farm Bureau.

Editorial Comment

On the first page we make announcement of an increase of subscription rates. The increase is 50c per year—very modest considering the advance of the price of print paper. Four years ago The Herald was printed on paper costing 2½c per pound. A year ago the price of print was 5½c a pound; the next lot was purchased at 8½, while at present The Herald is being printed on paper that cost 11½c per pound. Now the quotation is 15c and 16c per pound, which absolutely prohibits printing a weekly newspaper at the rate of $1.50 per year. We will be compelled to pay the top price for our next shipment of print, although the paper was ordered some months ago when the price was 4c lower than at present. But the paper situation is such that wholesalers and jobbers will not deliver except on market price on day of shipment.

While many small city publications either raised their subscription rates to $2.00 per year or suspended publication entirely a year ago, The Herald managed to continue at the existing rate. That was due to a happy combination of foresight and good fortune.

Of course, The Herald desires to keep a good, representative list of subscribers. However, even at the increased rate, it must ask all subscriptions to be paid in advance. Every subscriber will be notified of expiration of term of subscription and if renewal is not made the paper will be stopped.

The home newspaper is conceded as one of the best assets of a community if it is conducted along progressive lines. Tecumseh has as good or better paper than any city its size in Southern Michigan.

Clean up.

This is the order of the village trustees.

The edict of the powers that be sets aside the week from May 24 to 29 as the official clean up time in Tecumseh and the order of the council also provides a penalty for those who fail to take heed. Any property owner who neglects to have his premises cleared of rubbish during clean up week will be compelled to pay the costs of the job the next time he pays taxes, as the village authorities will have the work done and assess the expense against the property.

This is not the proper way to conduct a clean up campaign, but it is the way the council has voted it shall be done. The more successful and satisfactory plan would be for the village to furnish the vehicles for carting away the rubbish. This is the method pursued in most of the cities and towns where clean up days are held and proves markedly successful. The town should provide the wagons for hauling away the rubbish accumulated during the winter, the property owner placing it where it is convenient to load into the vehicles.

Although the council is not following the best plan, our civic duty should cause us to obey the order of the village authorities as it is only too apparent a clean up is needed, not only in a number of alleys in the downtown district, but also in several localities in the residence section.

Street oiling, the best method of laying dust, is gaining converts daily. At the council meeting Monday evening Village President Hines and Trustee Pulver came out strongly for this way of keeping the streets dustless and in good repair, both having realized the great benefits derived. Both officials favored oiling every street in Tecumseh.

President Hines said he believed the village could not spend its highway repair fund to any better advantage than by oiling all the streets in town. He contended the money invested in oil would soon be saved in reducing the cost of upkeep of these thoroughfares, and was supported by Street Commissioner Kennedy. It was pointed out once a street is placed in good condition and then properly oiled the cost of keeping it in repair is very low, it being estimated the thoroughfare would not need a load of gravel for about six years. The cost of materials for keeping the streets in repair and the wages which have to be paid for having the work done are at present a heavy and constant drain on the village funds. Oiled streets would reduce this to a minimum, declared those who have studied the problem.

Trustee Pulver, when street oiling was first and improperly done in Tecumseh, vigorously opposed it. Now, having been convinced of its practicability, is an enthusiastic advocate of this method of laying the dust. He told the other member of the board of trustees that while he emphatically approved putting oil on all the streets in town, he would not favor doing it at the present time, as the taxpayers are already bearing a heavy financial burden.

Properly oiled streets is what The Herald has advocated for Tecumseh for a long time and it is gratifying that this policy is now winning the endorsement of the village authorities. Reduction in the cost of maintaining the streets is not the only advantage of oiled thoroughfares, a dustless town being of even greater importance as far as the health of the community is concerned.

We are firm believers in oiling the streets and are hopeful it will be but a short time when all the members of the council will take the broader view of this question and make Tecumseh a dustless city.

Ford
THE UNIVERSAL CAR

The Garden farmer will find the Ford Model T One Ton Truck an especially valuable factor in his business because of the flexibility as well as the reliability of the service given by this splendid truck. The worm-drive of manganese bronze carries all the power of the motor to driving the Truck, and there are combined in larger and heavier form all the elements which have made the Ford Model T Car the greatest motor car in the world in point of service. The Ford Truck with its worm-drive is most economical in operation and maintenance. There is very little, if anything, to get out of order at any time; there is the simplicity in control; there is the convenience in the flexibility of the car, it will turn in a circle of forty-eight feet; it accommodates itself to narrow alleys, and it "stands the gaff" of hard work day after day, and month after month, to the great satisfaction of the owner. There is hardly a line of business activity where the Ford One Ton Truck is not really a necessity. Come in and talk it over.

Dr. and Mrs. I. D. Loree were over from Ann Arbor Sunday, bringing the ashes of the late Mrs. Abbie Fisher for interment in the Fisher lot in Brookside.

Mr. and Mrs. H. S. Bredow are no longer managing the local A. & P. store, closing their connection with that firm Saturday evening. Mr. Bredow will go on a rural carrier route June 1. Mrs. Fessler was sent from Jackson to take over the business for the A. & P., and W. W. Brockway of the Adrian store will come next Monday as manager.

A. B. McLachlin was home from Monroe over Sunday.

Mrs. Alexander Richards, who suffered a broken arm a week ago, is improving nicely, although still bruised from her fall.

Mr. and Mrs. F. B. Wood, Mrs. MacDonald, Mrs. R. S. Moore, Mrs. J. R. Keeney and Miss Jennie Gillespie went to Ann Arbor yesterday for the May Festival.

The Lenawee County Bankers' association met in Gussenbauer's tea room, Adrian, Thursday evening. Representing the local banks were J. H. Smith, F. C. Snell, F. J. Temple, Frank S. Turner, Herbert Temple, George Isaacson, Harold Lowry and B. J. Pulver. In July the association meets again in Adrian, the guests of the Exchange bank of Clayton.

Motor Train Makes a Brief Visit Here

Ship By Truck-Good Roads Boosters Make Demonstration With Speakers and Band

With sirens screeching and a band playing, more than a dozen motor vehicles arrived in Tecumseh Wednesday afternoon, coming to impress upon this city the significance of Ship by Truck-Good Roads Week, which is being nationally observed from May 17 to 22. Truck trains similar to the one visiting this place are starting from virtually all important cities to bring home to the public the need of motor truck transportation and better highways. The trucks made but a brief stop here, then going to Adrian.

The Detroit tour, which arrived here yesterday, is run under the auspices of the Detroit motor truck dealers who have entered their trucks, and the Firestone Ship by Truck bureau, to bring home to the people throughout the state of Michigan the wonderful possibilities of motor truck transportation and to boost good roads.

An army and navy band furnished lively music and nationally known speakers addressed meetings on motor truck transportation and good roads. The army, navy and marine corps were also represented by interesting exhibits and recruiting trucks with detachments of uniformed men.

Governors of 15 states, including Governor Sleeper of Michigan, issued proclamations calling upon the citizens of their states to observe National Ship by Truck-Good Roads week.

Cities and towns all along the route are giving the tourists an enthusiastic welcome according to P. M. Gunsaulus, of the Firestone Ship by Truck bureau, and chairman of the tour committee.

National organizations which have officially endorsed National Ship by Truck-Good Roads week activities are as follows: U. S. Chamber of Commerce, A. A. A., National Automobile Chamber of Commerce, National Automobile Dealers' Association, Motor Accessory Manufacturers, the Farmers' Grange, Trailers' Association, Manufacturers' Association. Bureau of Education. National Press Rep. and the U. S. Army and Navy Recruiting Service.

F. W. Fenn, secretary of the National Automobile Chamber of Commerce, was the principal speaker on motor truck transportation and several well known good roads boosters spoke on good roads and what program was necessary to put Michigan on the map as a state with real truck highways, that start somewhere and go somewhere.

Ship by Truck-Good Roads week is accomplishing a tremendous good in Michigan as well as nationally and is the first organized effort to demonstrate nationally the wonderful possibilities of motor truck transportation and good roads.

The motor caravan [illegible] Tecumseh again early this morning, enroute back to Detroit.

S. Turner, Dr. and Mrs. H. R. Conklin, Mrs. L. C. Hayden, Miss Edith Shull, Mrs. Chas. Bidwell, Mrs. J. W. Owen.

Rev. and Mrs. W. A. Rex started Monday evening for Philadelphia where Rev. Rex will attend the General Assembly of the Presbyterian church as a commissioner from this state. They will also visit at New York City and Washington, planning to be gone two weeks. Mrs. Helen Clark and Mrs. DeSpelder are caring for the little people at the manse while Rev. and Mrs. Rex are away.

Miss Morita Kerr, daughter of Mr. and Mrs. Thomas Kerr, died Saturday afternoon at her home near Holloway, aged 18 years. She had been ill for some time with tuberculosis, having but two months ago returned from New Mexico to which state she had gone in hopes of improving her health. Surviving are the parents, one brother, Merle, and a sister, Zura. The funeral was held Tuesday with burial in Brookside.

The Woman's Foreign Missionary society of the Methodist Episcopal church met with Mrs. Harry Scott last Thursday. Mrs. C. M. Thompson presided and Mrs. Alva Waring led the devotionals. The organization reviewed the last chapter of the study book, "Crusade of Compassion." Jeanette Hall favored with piano selections and Mrs. J. O. Eaton gave a paper on "The Needs of the Missionary." Mrs. Lydia Coreyell had charge of the mystery box. Little cakes and tea was served by the hostess. The June session will be held at the Eaton home.

The remains of Mrs. Joseph Robbins, who had died in Cleveland, were laid in Brookside cemetery last Thursday, beside the grave of her husband, who had preceded her in death only three months. Short services were conducted by Rev. W. A. Rex. The bearers were C. F. Patterson, W. T. Eccles, W. W. Whiting, F. B. Wood, R. K. Anderson and F. S. Turner. Those acompanying the remains from Cleveland were the daughter, Mrs. J. E. Newburn, and husband. Others present from away were Mrs. Georgian Baynall of Detroit, Mr. and Mrs. McCalb of Jackson and Mrs. William Cowan of Blissfield.

Eighteen of the Friends young people went to the Raisin Center church Tuesday evening to hear Miss Myrtle Allen, the field secretary of the young people's activities of the Ohio Yearly Meeting. They attended at the invitation of the Raisin Center C. E., who also had invited the Christian Endeavor societies of Rollin and Adrian. An excellent program was given, Tecumseh's portion being a song by the group. Each president also gave an outline of the work of his society. Afterwards they played games, ending with a peanut hunt when all sat down and devoured their find. The Tecumseh party report a truly delightful evening.

Mrs. Hugh McElroy visited in Adrian Sunday.

Mr. and Mrs. Leon Temple and Mr. and Mrs. Bert Vanes wree in Toledo yesterday.

On June 5 Thomas Elliott, sr., his son, Thomas, and James Elliott, sr., sail from New York for a three months' trip to Europe. The take the LaTouraine of the French line. After a week or more in Paris they will tour the western battle front and spend a few weeks in the British Isles.

The girls' basketball team of the Tecumseh high school played its first out of doors game of the season yesterday with Addison. Quite a few of the neighboring town's residents and students accompanied the visitors to Tecumseh and stood loyally by their team, but the Addison young ladies were outclassed, the score being 60 to 8 in favor of the local girls. They play just as well on the slippery ground as in the gym, and the teamwork was wonderful. The loss of the captain, Helen McIntyre, and Cecil Clark, who is also a senior, is already being lamented, for not before has there been the local interest in basketball.

There were about forty who enjoyed a delightful social at the farm home of Mr. and Mrs. Dean VanValkenburg Friday evening. The B. Y. P. U. arranged the party and invited the other young people's organizations of the town, but on account of other social engagements not many from the other churches attended. The guests were dressed in "hard times" outfits, which caused much fun. The supper was furnished in boxes, the shadows of the owners being sold at auction by Alva Knight, auctioneer. The shadow of Mabel Lockwood brought the highest amount. Later came stunts of all descriptions, supervised by Rev. W. R. Curtis and Mrs. Alva Knight. Especially interesting was an initiation ceremony. The guests sang until they were hoarse and thus closed their good time. The party netted the B. Y. P. U. $17.65, besides a royal good time.

L. A. Schroeder, general passenger agent of the New York Central, and C. C. Merrill, traveling passenger agent, were here from Toledo yesterday interviewing the officers of the Commerce club and many business men for the federal government in regard to a 33 1-3 per cent raise in freight rates. They assert there are 250,000 carloads of merchandise in transit which are held up by strikers, that if the freight rates are raised the railroads will have more money with which to pay their men and thus get them back to work. In this manner, they explain, cheaper prices will reign as the merchant will be able to get his goods and the scarcity will be no more a cause for the H. C. of L. The reception of the argument by the business men is to be filed in Washington with similar data from other towns and be given consideration in the final decision.

benefit to the town as a whole, the trustees voted the sum requested.

Fifty dollars was voted to help defray the expenses of a proper observance of Memorial day.

A request from Manchester for the rental of Tecumseh's oil spreading wagon brought on a long discussion. Trustee Pulver suggested renting the vehicle to the neighboring town at a nominal figure, about $10 a day. Alderman Moore thought [illegible] too low, as the wagon cost $900. With the exception of Trustee Hendershott, the other members of the board were in favor of renting the machine, the only difference of opinion being the rate of rent to charge. Alderman Hendershott objected to renting the wagon at any price, declaring it was bought for this city's use. The remark was made that Tecumseh has a wagon to spread the oil but has no oil, while the nearby towns have oil but no appartaus to apply it. A motion was finally made that $15 rental be charged for every day the wagon was in actual use, and this passed.

Residents in the vicinity of the arc light near the Friends church requested an arc light be substituted, this matter being left in the hands of the lighting committee.

Attention was called to the fact the big bridge on the north edge of the town was in need of repair, tar and blocks being required to place it in good condition. It has not been tarred for about six years. The committee on streets was authorized to take the proper steps.

The big pipe which runs under and is attached to this bridge has caused the structure to sag somewhat, Trustee Campbell bringing this to the notice of the other members of the board of trustees. A plan for having this pipe supported by piers instead of being attached to the bridge is to be investigated.

Ed Packard, in a communication, informed the trustees he desired to lease or buy the lot just east of the North Branch school, which the village owns, he had been informed. None of the aldermen were positive the town had property there, although Trustee Moore was of the opinion the village had owned this lot for a long time. The buildings and grounds committee was instructed to look into the matter.

NEWLY WEDS ARE GIVEN RECEPTION ON VISIT HERE

Mr. and Mrs. Fred Rentschler motored here from Pontiac Monday, spending the night with his parents, Mr. and Mrs. John Rentschler. That evening a party of over 60 neighbors and friends made merry at the Rentschler home, giving the newly weds a reception. The rooms were decorated with a color scheme of green and white, as were the tables for supper, which were prettily laid. A four-course banquet was served and the hours spent in visiting and congratulating the young couple.

The honored guests received many handsome gifts of silver, linen, china and cut glass and a splendid rug. Mrs. D. I. Oliver of Pontiac was one of the guests. Mr. and Mrs. Rentschler returned to Pontiac Tuesday, accompanied by Mrs. Frank Pratt.

Senior Reception a Very Pretty Affair

Home of Mr. and Mrs. Turner Gay for Annual Function—Program Meritorious—Dancing Closing Feature.

On Friday evening the large home of Mr. and Mrs. F. S. Turner on West Chicago street was a gay and beautiful place, the occasion being the annual reception of the Seniors and teachers, with Miss Gertrude Turner hostess.

The lawn was lighted with Japanese lanterns. The hall was effectively trimmed with green and yellow, the colors of the class of 1920. The first thing attracting attention on entering was the word "Welcome" across the center. Boughs of green with their white blossoms were freely used in the living rooms. The Junior colors, pink and white, made the color scheme in the living rooms. A fresco of flowering boughs ran around the room with strands of pink and white interlacing to form a canopy over the heads of the guests, with the illumination through shades of pink. These elaborate decorations attested the ability of the committee of which Miss Turner was chairman, the others being Malcolm Waring, Edward Nyland, Sydney Hall, Ralph Comfort, Wilma Nye and Georgianna Conklin.

Through the rooms were spread small tables, at which the 86 guests and host were seated. A delicious banquet of three courses was served gracefully by ten Sophomore boys. The committee having charge of the banquet were Mildred Courtad, Marjorie Field and Gertrude Wright.

The banquet over, a delightful program of music and toasts was given, the numbers having been arranged by this committee: Eva Wright, Dorothy Chandler, Lenore McLachlin and Wendell Cleveland.

Russell Abbott, the president of the class of 1921, with a few words of hearty welcome opened the program and introduced Mildred Courtad as toastmaster. With jokes and stories she announced the numbers as follows:

Response to the welcome—Paul Harwood.
Anticipation—Naomi VanWinkle.
Participation—Ralph Comfort.
Piano solo, "The Second Mazurka"—Bernice Rogers.
Realization—Marjorie Field.
Consummation—E. E. Crampton.
Whistling solo, "Spring Awakening"—Miss June Brooks.

Lester Coller took a photograph, by flashlight, of the party on the lawn and the balance of the evening was spent in dancing. An orchestra composed of Archie Boyd, Miss Gladys Underwood of Britton, Roland Hause of Clinton and Clare Price of Hillsdale furnished the music while the guests were eating and for the dancing.

Several guests from out of town enjoyed the delightful party, among them being Mr. and Mrs. Arthur Pino of Manchester and Miss Hildreth Gasner of Adrian.

The invitation committee was Jeanette Hall, Leola Hardy and Ernestine McAdam.

The entertainment committee was Naomi VanWinkle, Glen Crittenden, Marian Harrington and Julius Welnitz.

Mr. and Mrs. N. A. Howland and Mr. and Mrs. Ernest Pangborn were at the Hoosier cottage, Sand lake, Sunday. Dr. Frank Howland and son of Adrian were their guests.

The Tecumseh Independents have been forced to cancel their Decoration day game with the Bloomer Girls, but will play Brooklyn here that day, Sunday, May 30, at 4 p. m.

Leon Waldron was one of the many thrown out of employment in Detroit last week, so visited his parents, Mr. and Mrs. J. K. Waldron, over Sunday. He has gone to Flint, where he takes a still better position.

The old soldiers and ladies of the auxiliary of Beers Post, G. A. R., will meet at the post rooms Sunday evening at 7 o'clock and from there will proceed in a body to the Methodist church to attend the annual Memorial sermon to be delivered by Rev. C. M. Thompson. Services begin at 7:30.

Floyd Bell has been returned to Tecumseh by the New York Central, having been transferred from Morenci, where he was station agent, to this city, where he takes A. B. McLachlin's old job, the latter having been given the Monroe station. Since the departure of Mr. McLachlin, C. W. Berry has been acting agent. Mr. Bell will move his family here as soon as he can find a house.

Four of the typewriting class of the high school, the Misses Norma McClure, Blanche Colson, Charlotte Arner and Wilma Nye, were in Lansing Saturday where they entered the state typewriting contest at the Capital City high school. The girls were accompanied by their teacher, Miss Cooley. Supt. E. E. Crampton drove to Jackson with the girls early in the morning and met them that evening in Eaton Rapids, bringing them home that night.

Sixty friends of Mr. and Mrs. Harry Dewey met at their home west of town Thursday evening, honoring their recent wedding. Guests came from Cambridge, Brooklyn, Clinton and many went from here, while Mr. Dewey's sister, Mrs. Wm. VanDusen, was present from Detroit. A bountiful pot luck supper was served and the evening passed happily in music and visiting. Mr. and Mrs. Dewey were the recipients of some beautiful and useful gifts.

Mrs. R. S. Moore invites the townspeople to view the beauties of her tulip bed, not to steal them. Many of the handsome flowers disappeared during the past week. as have also many from other gardens. One splendid bed of hyacinths vanished likewise and the owner is justly indignant. These people buy the expensive bulbs and endeavor to make their lawns and surroundings beautiful, when along comes some sneak and wantonly tears up the plants and walks off with the flowers. If the miscreants are caught they will be dealt with severely.

Elman Service was 5 years old Tuesday and he won't forget the event right away nor will his little guests. His mother, Mrs. J. D. Service, entertained 16 little people in celebration. They played games and later did full justice to the ice cream and birthday cake. In the party were Josephine and Geneva Crampton, Russell Thurlby, jr., Maxwell and Mary Audrey Smith, Virginia Wilson, Catherine and Virginia Whaley, Frances and Julia Rex, Helen Rosacrans, Frederick Dickinson, Helen and Jean Hodges, Eleanor Beard, Miss Jeannette Kimball of Clinton and several of the mothers. The young man was made happy with a splendid assortment of gifts.

Card of Thanks.

We wish in this manner to thank our friends for their many kindnesses during the illness and since the death of our loved one. Also we thank those who sent the beautiful floral pieces and loaned their autos, and Rev. C. M. Thompson for his words of sympathy and consolation.

Swat the Money Germ

There's lots of talk now about swatting the fly, and boiling the water, and fumigation and sanitation to prevent the spread of contagious diseases.

But did you ever think how dangerous currency and even silver coin might be? Your coins and paper money usually pass through a great many hands before you get them. Whose hands? Were they clean? You don't have to ask these questions if you deposit your funds in the bank and when you go to spend anything write a new, clean, sanitary check.

Get Thorough Cultivation Without Hard Work

When you use a cultivator you want thorough cultivation first of all. But you want to get this result in the shortest possible time and with the least possible labor.

We want you to see why using the John Deere KC Cultivator does away with the necessity for hard work, and at the same time gets the most thorough results.

Here are just a few of its features that will appeal to you.

Using it, you can meet every field condition without stopping to make adjustments. No wrench is necessary. Cultivation at even depth and distance of cultivation from the row are accurately regulated by means of handy levers.

Because of its parallel shift rigs, its shovels always face squarely to their work. They never track or trail in dodging on crooked rows. No uncultivated spots are left. You get thorough cultivation over all of the field.

The rigs shift quickly in response to slight pressure on the foot levers. Guiding the rigs is as natural as walking.

We want you to get into the seat of this cultivator and see for yourself how handy and reliable it is. We've never seen its equal for time-saving, labor-saving, weed-destroying work in the field.

Don't fail to come in early and get acquainted with the "K C."

Immortality Topic of Uplifting Sermon

Rev. H. J. Johnson of Manchester Gives Reasons for Belief in Hereafter.

In proof of the fact of immortality, Rev. H. J. Johnson of Manchester, at the community service Sunday night quoted I Corinthians 15:19, "If in this life only we have hope in Christ, we are of all men most pitiable." The service was held at the Methodist church, with Rev. C. M. Thompson presiding. In introducing Rev. Johnson, the local pastor spoke most appreciatively of his friend's work here during the recent Lenten services and at the close invited Rev. Johnson's admirers to meet him.

Rev. Johnson differed with Paul's theory that the Christian is pitiable if immortality is a false theory, for it always pays to live the Christlike life, to be pure and just, even if man is snuffed out. "Nobody has ever yet been able to prove the doctrine of immortality," he said. "The Christian takes it on faith, just knowing it is so. As we cannot give the troy weight of love neither can we give the linear measurement of sympathy. A man cannot demonstrate his own existence, or the existence of God, nor the fact of beauty or harmony.

"The idea of immortality is innate in the human soul, placed there by the Almighty. From the lowest cannibal to the highest cultured, all through the ages, all have believed in a future existence. That we pass from this life into a broader one has been accepted as a truth, the dictum of science. If there is no heaven then are we most pitiable.

"You can't convince me that you are to live only 80 years. It has taken a million years to form the wing of an insect, do you think God is through with man, the most wonderful of his handiwork, in 80 years? Why did God make this home for us, hung among the stars, bathed in an atmosphere of harmony and light, at which he spent centuries in the making if he is going to let us be snuffed out in 80 years? Man has desires, aspirations and capacity for a further, greater life.

"The miscarrying of justice is another proof of another life to come. Every injustice demands that there be another life in which to right these wrongs. For instance, the graft which grinds out the life of the poor demands there be another state of immortality. Some day when our prison bars will break our souls will rise on wings of truth to realms of glory. Let's lay our hearts on our God, a new hearth and heaven wherein dwellest righteousness."

Rev. W. R. Curtis and Rev. Edward Escolme took charge of the opening services, when a vocal solo was rendered by Mrs. Havilla Haskins.

HOMES ARE BEING SOUGHT FOR NUMBER OF YOUTHS

If there are any homes in Tecumseh or vicinity which need the happiness and cheer which a healthy, alert and intelligent boy brings, such lads are available.

The State Public School at Coldwater has a number of youths answering the above descriptoin whom this institution desires to place in good homes. Otto E. Luedders, the school's state agent, has been in Tecumseh and other parts of Lenawee county the past week in an endeavor to find families which would take in some of these boys. He says the lads range from 7 to 9 years in age, are bright, active boys and would bring joy to any couple. There are also twin boys, Roy and Ray, 10 years of age, for whom a home is wanted.

Any family interested in any of these boys may communicate with County Agent Fitch at Adrian, or write direct to the State Public School, Coldwater.

Are You Suspicious of Your Health?

One may not be actually sick, yet feel so tired and languid, low-spirited and ambitionless, that he can not truthfully say he is in good health. The kidneys work all the time, night and day, and it is no wonder that they become weak, sore or diseased. Nearly everybody suffers from kidney trouble or bladder ailments. Nature gives warning signals by backache, lameness, stiff joints, sore muscles, rheumatic pains, puffiness under the eyes and blurred vision.

RELIEVED HIS BACKACHE

"It gives me great pleasure to recommend Foley Kidney Pills as in my case they relieved me of a severe backache that had bothered me for several months. A few bottles fixed me up in good shape."—Jos. G. Wolf, 734 S. Jackson St., Green Bay, Wis.

FOLEY KIDNEY PILLS

give quick and permanent relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. When the kidneys are properly functioning, they filter and cast out from the blood the impurities that cause aches and pains and in the end may lead to serious illness. If you have any cause to suspect that your kidneys need help, you will make no mistake in taking Foley Kidney Pills.

ANNUAL MAY PARTY DELIGHTFUL FUNCTION

Thirty-five couples attended the annual May party given by a group of the young business men of the city Tuesday evening at Witherell hall. The large room had been beautified with boughs of ironwood and willows, making a covering for the walls and the pillars. Coller's orchestra was hidden behind a hedge of the same greenery and discoursed sweet music for the pleasure of the dancers, among whom there were several from out of town—Miss Helen Morgan of Detroit, Miss Jeannette Kimball of Clinton, Miss Mildred Elkington of Adrian and Harold Smith of Palmyra.

The dancers appreciated the excellent lunch served at which Mrs. Mattis catered.

W. L. Jones was general chairman, with Lester Heeson and Glen Tansley supervising the decorations.

LOCAL AND PERSONAL

E. Berry is in Tennessee on a business trip for the H. Brewer Co.

Mrs. Elma Murry was in Jackson Tuesday and yesterday on business.

John Keeney was in Ann Arbor last evening for the May festival concert.

Little Majel Jones, who has been very ill with pneumonia, is improving nicely.

Mrs. Joseph Platt, who is very ill at Bixby hospital, Adrian, was much worse yesterday.

Little Dorothy Babcock is quite ill with bronchitis, this being the little girl's fifth attack.

Mrs. Donald Wright was called to Fremont, Ohio, Tuesday by the serious illness of her father.

Mrs. Lizzie Britton arrived yesterday from St. Johns to assist her brother, George Hawkes, in his packing.

Mr. and Mrs. Russell Thurlby entertained as supper guests Tuesday evening Mr. and Mrs. Eugene Service, Mr. and Mrs. Will Cubitt and Miss Lellah Wuerthner.

Mrs. B. L. Duncan of Waterloo, Ind., and Mrs. J. E. Ott of Clyde, Ohio, are visiting their sister, Mrs. J. R. Duncan, and husband and Mr. and Mrs. W. S. Dickinson.

Earl Packard has been laid up for the past week with a carbuncle on one hand. Sunday while he and Mrs. Packard were visiting in Adrian he had to have it lanced.

Merton Sanford of Woodstock, who was tried in Judge Hosmer's court Thursday for setting traps too close to muskrat holes, was found guilty and fined $5, with $23.10 costs.

The public is cordially invited to the Methodist church Sunday evening to hear Rev. C. M. Thompson preach the Memorial day sermon for the G. A. R. and allied organizations.

Mr. and Mrs. M. P. Wemple of Union City have visited the former's cousin, Mayor George Hines, and family since Saturday. At the same home has also been a guest, Mrs. Frank Stevenson of Columbus, Ohio. The visitors went on to Onsted today to call on other friends.

The Lenawee-Monroe County Association, O. E. S., will convene at Palmyra on June 30 and the Tecumseh chapter will take a large part in the proceedings. The local chapter has been requested to provide the organist and Miss Ethel Keyser will be at the instrument. Mrs. Frank Snedicor, associate matron of the Tecumseh lodge, will give the response to the address of welcome. It is hoped there will be a large attendance.

In his Memorial day proclamation Governor A. E. Sleeper says: "I earnestly appeal to the people of Michigan for hearty co-operation in plans for the observance of the day in their respective communities, and for special provision this year for the comfort and convenience of the old soldiers. Age is telling on them physically but the same undaunted spirit is there as of yore. On that day flags should be displayed at half-staff until noon and then hoisted to the top of the staff."

Miss Nannie Kyle has received from her brother, Tom R. Kyle, of San Francisco, Calif., who is now at Jaurez, Mexico, a post card view of that city and also a copy of the Universal, a newspaper published in Spanish at that place. On the post card he says: "We are now out of the U. S. once more. We are having it very warm down here." One of the outstanding features of the newspaper sent is that it has the famous Happy Hooligan comic page, the conversation of the characters being in Spanish. The first page of the second section of the paper as well as the last, which is the comic, are in colors, just like the big Sunday papers in this section of the United States.

BRADLEY OPERA HOUSE ATTRACTIONS

Big Circus Here Saturday.

It is just like going to the circus to see Miss Shirley Mason in the big circus picture, "The Elephant Man," which will be presented at the Bradley opera house next Saturday night, May 22. Miss Mason is one of the most charming of screen actresses and her appearance at the Bradley in this wonderful circus picture should be an event of more than passing importance. No picture of the circus has been so vividly produced—with its great tent filled with people, a performance going on in three rings, and a thrilling storm scene. The little rider and the elephant man are the central figures in a wonderful love story.

Nothing appeals more powerfully than a story of the circus. No one ever grows too old for the elephants and the gilded wagons, and at some time in his life nearly every man who was a real boy has fallen head over heels in love with the star rider and you certainly will fall in love with little Miss Mason.

"The Elephant Man" is billed as a picture that will delight the little ones and thrill the grown-ups and is so real that you can smell the sawdust. Every man, woman and child, no matter how young or old, will enjoy this wonderful circus production. Take the kiddies; it's the treat of a lifetime for them.

"A Wonderful Night" is the title of the big two-reel comedy which is on the same program. Saturday night only.

Madge Kennedy, Sunday.

Sunday evening, May 23, the Bradley will offer the girl with the eyes and the smile, dainty Madge Kennedy, in "Day Dreams." Here are the proper elements of romance, the girl, the man and the dream that came true and with them has been blended a delightful comedy-drama packed tight with lively adventure, and all woven into an evening's entertainment that will delight any picture fan.

The most amazing thing about Madge Kennedy is that she is always talked about—by critics, exhibitors and the public who frequent the theatres. Her success has been instantaneous and ever since her first appearance on the screen in "Baby Mine" people have packed the theatres every time one of her pictures is shown.

"A Roaming Bathtub," one of Sunshine's big two-reel comedies, is also on the Sunday program and knowing Sunshine comedies as all patrons of the Bradley do, you can easily imagine the "real comedy" that title might suggest.

The special orchestra will furnish the usual high class program of selections for Sunday evening.

"Honest Milling Made It Famous"

According to the orders being received, the use of "1900" Flour is increasing daily. The business of this company has shown a steady increase in volume since "1900" was born and there's a reason.

We have aimed to mill only the very best flour that our 87 years' experience, millers that "know how" and up-to-date equipment can produce, from the choicest wheat.

From the moment that the wheat itself enters the mill until the finished flour leaves the packer every process is watched carefully to insure a uniform product.

For these reasons we believe that you will find in "1900" just what you have "always wanted" in a flour.

Ask any neighbor.

Alumni Reunion Is to be Held June 11

TO BE MADE THE SOCIAL EVENT OF SEASON

Committee of About 50 Striving to Have Record Attendance — Function Will be at High School —Program, Big Feast and Dancing Planned.

The annual alumni reunion of the Tecumseh high school will be made the social event of the season this year. It is to be held at the high school building Friday, June 11, the reception hour being from 6:30 to 7:30 in the auditorium, and a real dinner (mind you, a "real" feed) at 7:30 p. m. in the gymnasium. An evening of genuine enjoyment that will be hard to forget is being looked forward to by every member of the alumni.

Immediately following the banquet will be held the usual business meeting, election of officers for the ensuing year, and then the toasts, roasts, speeches and music.

After all has been "eaten and said" the big floor will be cleared of tables and chairs and dancing and visiting will make the balance of the evening pass quickly, the dance, of course, being for only the alumni members and guests.

The executive committee for the year 1919-20 consists of Frank Snell, chairman; Leon McLachlin, first vice president, Florence Osburn; second vice president, Harold Lowry, treasurer; Pauline Bredow, secretary; Percy Bowen, corresponding secretary; Grace Gillespie, Mamie Brown, Lester Heesen, Jay Morse, and Perry Hayden, acting president. Tecumseh Stores to Be Closed Monday

It has been decided by the merchants of Tecumseh to observe Monday, May 31, a legal holiday, and as a result the stores in this city will be closed that day.

Only the groceries and meat markets will be open until 10 o'clock in the forenoon, as they must be prepared to accept incoming goods arriving by train, but their places of business will be closed after that hour for the remainder of the day.

Housewives are urged to do their shopping Friday and Saturday.

BIRD LECTURE INTERESTS TROOP 1 OF BOY SCOUTS

The Boy Scouts of Troop 1, Tecumseh, enjoyed a most interesting visit to the studios of Elmer H. Lockwood, naturalist, of this city Monday evening.

The visit was made for the purpose of bird study, but the collection was so interesting, from the smallest mounted insects to the giant moosehead with its stately antlers, that the Scouts found it difficult to concentrate their thoughts on "mere birds." Nevertheless, Mr. Lockwood made the visit so interesting by his explanations and talk on "The Migration of Birds" that every Scout felt amply repaid for going.

Mr. Lockwood's collection of birds, insects, animals and butterflies represents the work of a life time and is being added to almost daily. No doubt every Socut will remember this visit as one of the most educational phases of "Scouting."

SUBSCRIPTION PRICE GOING UP

HIGH COST AND SCARCITY OF NEWS PRINT MAKES INCREASE OF RATE IMPERATIVE.

The newsprint situation has become so acute that The Herald is at last compelled to make a readjustment in its subscription rate and method of collection.

Commencing July 1, 1920, the rate of subscription will be $2.00 per year, $1.00 for six months and 60c for three months.

To comply strictly with print paper conservation names of subscribers will be taken from the list at expiration of the subscription, unless credit for a limited period is requested. All subscribers will receive notice previous to the expiration of their term of subscription.

All subscriptions received up to July 1, 1920, will be accepted at the present rate. It will be a saving to all to take advantage of the time limit, for paid-in-advance subscriptions will be filled.

The price of print paper has advanced $4.00 per hundred pounds since our last shipment and the outlook is that it will go still higher. The advance in cost of newsprint since the war has been from $2.50 to $15.00 per cwt. Can you blame publishers for asking an advance of 50c on subscription rates?

Righteousness Will Solve World Crisis

Rev. C. M. Thompson Makes This Assertion in Sermon to Civil War Veterans—Rebukes Profiteers and Sabbath Breakers.

If righteousness is permitted to sway the hearts of men it will solve all the perplexing problems which now confront this nation. This is the message which Rev. C. M. Thompson brought to the members of the Tecumseh post of the Grand Army of the Republic in his Memorial sermon to this organization at the Methodist Episcopal church Sunday evening. There were a dozen survivors of the conflict of '61 to '65 in attendance, also several members of the Beers post auxiliary and a congregation that should have been larger. Sev-

Tecumseh Girls Win The Basketball Cup

Establish New Record for Local High School by Taking Every Game Played.

This city may well take pride in the girls' basketball team of the local high school, as it has won the cup which is offered as a trophy to the most successful aggregation.

The Tecumseh team won every game it has played, the most recent victory being against Addison at that place last Friday. The score was 32 to 10.

In E. E. Crampton and Miss June Brooks, coaches for the girls' team, the local young lady basketball players had experienced and sagacious leaders.

Independents Play First Game Sunday

Meet Brooklyn in Memorial Day Encounter After Exercises Are Completed.

At 4 o'clock Sunday aftrenoon the Tecumseh Independents will open their baseball season in this city, having as their opponents the fast Brooklyn nine.

The time for calling the first game of the season is somewhat later than is customary but this is done that the fans may first attend the Memorial day exercises which will be held earlier in the afternoon.

Much practicing has been done by the local Independents in preparation for the season and they are ready to give a good account of themselves. Brookyln, too, has been priming itself for the coming encounter and is confident of victory. The result is expected to be a most spirited game.

The game scheduled with the Bloomer Girls for Monday, May 31, has been cancelled, as the team could not come that day.

For Sunday, June 6, Jasper will be the opposing aggregation, this combat also to take place at Athletic park in this city.

Splendid Program for Memorial Day

Record Turn-Out Hoped For—Exercises at Presbyterian Church at 1:30 Sunday—Clarke Baldwin Speaker.

Tecumseh will pay tribute to its departed war heroes on Sunday afternoon when this city will observe Memorial day in a more impressive manner than in the past.

The program will be given at the Presbyterian church at 1:30 o'clock after which the line of march will be to Brookside cemetery where the graves of the honored dead will be decorated.

For the sake of the few survivors of the battles of '61 to '65 it is hoped the attendance at the exercises will be much larger than usual. All the fraternal organizations have been invited to participate and a number have responded. They are to meet at the K. of P. hall at 1 o'clock and proceed to the church in a body. It is expected these organizations will be represented: American Legion, Odd Fellows, Masons, Knights of Pythias, Eagles, school children, cadets, Boy Scouts and in all probability the Woodmen.

John D. Shull will be president of the day. Attorney Clark E. Baldwin of Adrian will give the oration and has intimated he will have a patriotic message.

The program at the church will be as follows:

Prayer.

Lincoln's speech at Gettysburg —Mrs. W. D. Reed.

Solo, "The Last March"—Mrs. R. S. Moore.

Reading, "Decoration Day on the Place" (James Whitcomb Riley)—Miss Marjorie Field.

Quartet, "Tenderly Now We Remember Our Heroes"—Mrs. E. C. Heilman, Miss Metta McKinney, W. S. Dickinson and Ernest Harris.

Address—Clarke E. Baldwin of Adrian.

Cornet solo—Clare Camburn.

Mrs. F. B. Wood will be the accompanist.

FORMER TECUMSEH MAN EXPIRES AT LANSING

Will Raymond received word Sunday of the death of his brother-in-law, Frank M. Bell, which had occurred that morning at his home in Lansing. Mr. and Mrs. Raymond and their nieces and nephew, Mrs. A. J. Montgomery and Mr. and Mrs. C. B. Mize, attended the burial services, which took place Tuesday at West Rome. Mr. and Mrs. Bell were former Tecumseh people, both prominent school teachers and widely known. Mr. Bell was a member of the first class to graduate from the local high school.

Surviving are the wife, who is very feeble, and three sons, Frank of Cedard Springs, Mich., Alvah of Mason and Floyd of Milwaukee.

Three months ago Mr. Bell suffered a stroke of paralysis and had since been an invalid.

CATHERINE HENDERSON IS TO BECOME A BRIDE

The engagement of Miss Catherine Henderson, daughter of Mr. and Mrs. James Henderson, formerly of Tecumseh but now of Adrian, was announced at a pretty party given by Mrs. Henderson Thursday afternoon. The Kappa Kappa Gamma, the fraternity of Adrian college of which Miss Henderson is a member, were the guests together with the alumni. The decorations were crystal baskets of daffodils and snapdragons tied with tulle, while the tea tables were adorned with baskets of sweet peas tied with the blue of the fraternity.

Miss Henderson was on Saturday night honored by her fraternity with a party at their rooms at the college, when dancnig was on the program and refreshments served. The girls presented her an electric grill.

She is to be wedded to Roy Wilcox soon.

Human Fly to be Here on Saturday

Death-Defying Athlete Will Climb Masonic Temple at 7:30 P. M.

Harry H. Gardiner, considered the most fearless climber in the world and known as the human fly, is to give one of his spectacular demonstrations in Tecumseh.

He will be here Saturday night, May 29, and will scale up the front of the Masonic temple at 7:30 o'clock to thrill the people of Tecumseh and vicinity, as residents for miles around will no doubt desire to see this remarkable man perform.

THE HUMAN FLY

As He Appears When He Begins His Stunts.

Gardiner has staged his astounding antics in all of the largest cities of this country, having clambored up some of the highest buildings in America.

Known from coast to coast as a man without the least semblance of fear and accomplishing feats which no one else dares to attempt, his visit here is expected to bring a huge crowd to town. Those who have seen him in action in nearby cities say his demonstration is marvelous and worth going miles to witness.

Gardiner is brought to Tecumseh under the auspices of the American Legion through his personal acquaintance with Dr. H. H. Hammel. The Human Fy had legal business in Toledo to look after and when Dr. Hammel learned of this he induced the athlete to give a demonstration here on one of his open dates.

Salvation Army Given $480 Here

This city, sustaining its reputation for going over the top in financial campaigns, has repeated its previous exploits along this line in contributing toward the Salvation Army's Home Service Fund. A total of $480 was subscribed, Tecumseh's quota having been fixed at $400.

The American Legion had charge of the campaign here, and R. K. Anderson, commander of Underwood-Orr post, says he is well satisfied with the way the people of the city have responded. On behalf of the Legion and the Salvation Army he thanks all who contributed to the cause.

LAMONT HARRINGTON AND MARIAN BROOKS WEDDED

Miss Marian Brooks, one of the twin daughters of Mr. and Mrs. A. L. Brooks of this city, on Saturday became the bride of Lamont Harrington, also of this place, the ceremony being performed by Rev. Thos. Hopkins at the Baptist parsonage in Adrian. The couple was attended by the twin sister of the bride and her husband, Mr. and Mrs. Garland Gove.

After a short wedding trip Mr. and Mrs. Harrington will begin housekeeping in the Shaw place on South Ottawa street. Mrs. Harrington graduated from the high school last June, and has since been working in the telephone exchange, where by her courtesy and good nature she has won many friends. The groom was a member of the Red Arrow division and saw much hard service during the war. He and his bride are popular in the city and have the best wishes of the community.

Tecumseh High Nine Opposes Addison in Deciding Game—Many Going to Morenci Friday.

It will not be known until after the baseball game this afternoon between Tecumseh and Addison whether the local high school team will be the one to meet the winners from the other end of the county in the field meet at Morenci tomorrow. As the result of the local team losing to Addison 15 to 14 at that place last Friday it made these two nines and Clinton all tied for the lead in this district.

On Tuesday Clinton won from Addison 12 to 11 at the former place and Wednesday Tecumseh [illegible] Clinton 7 to 4 at Adrian. Coach Crampton's players are this afternoon battling with Addison here. If Tecumseh wins this city's school team will be the one to meet Blissfield at Morenci Friday. If Addison should be victor it will make the three teams tied again.

The local nine is determined to grab this afternoon's clash and will strive energetically to down the Addison boys. Collins is selected to do the hurling for Tecumseh as Crittenden is to rest in anticipation of holding down the mound tomorrow at the field meet. Lucas is to umpire today's game.

The high school will be closed tomorrow to permit the students to attend the field meet. Many plan to go to Morenci from here, with the following entering the track meet: Lavern Murphy, "Jakie" Howe, Leroy VanWinkle, Russell Abbott, Malcolm Waring, Charles Skinner, Homer Hanham, Lawrence Harrington, Glen Crittenden.

The day's program begins at 10 a. m., with a 100 yard dash, baseball throw, hurdle, shot put, mile race, 220 rod dash, running broad jump, 440 rod dash, pole vault, relay race, baseball game.

D. F MOORE, A FORMER TECUMSEHITE, KILLS SELF

David Franklin Moore, formerly of this city, committed suicide early Tuesday morning in Jackson. A couple of years ago Mrs. Moore, then Mrs. Earl Hedge, resided here. Soon after she secured a divorce from Hedge and married Moore and in the few months of their married life they have separated four times. Recently things have not been going smoothly in the Moore home and the husband told his wife to go ahead and apply for a divorce. On Monday night when he came home from work he found she had taken his advice. He became despondent and both the man and wife wept bitter tears. He went to his room and partially packed his effects. Later Mrs. Moore heard groans and found him lying on the floor with an empty carbolic acid bottle beside him. The wife called the police and Moore was taken to the W. A. Foote Memorial hospital, where he died in a few minutes.

He was 26 years of age, the son of James and Lydia Moore. He was born near Wampler's lake and had until the last three years resided in that locality.

The funeral will be held from the home of his mother, Mrs. Will Marks, at Clinton this afternoon at 4:30, with burial in the Clinton cemetery.

Mr. Moore was a brother of Virgil Moore of this township.

Editorial Comment

Several subscribers have asked the reason of the high cost of news print; also if we could guarantee to furnish The Herald a year even at the increased rate of $2.00.

We will answer the last question first. While we can not absolutely guarantee issuing a paper each week for the next year, it is practically certain from recent information that The Herald will appear regularly. In fact, although the scarcity is still serious, the prospects for securing print looks a little brighter. Few people realize what the country publishers were up against during the past year.

The scarcity of news print is due to several circumstances. For the past ten or twenty years the metropolitan dailies have grown enormously and paper was used without thought of the supply of the raw material. At the recent investigation into the print paper situation some rather astounding facts were revealed. One senator made the statement that if the metropolitan papers would cut out only their comic supplements it would mean a solution of the whole problem. The comic supplement of the Chicago Sunday Tribune consumes more than 43,000 pounds of paper for each issue. Another statement made was to the effect that sixty thousand cords of wood are ground into pulp each year to keep one New York daily supplied with print and this means that 6,000 acres of timberland must be cleared each year to keep the presses of this one paper running.

Profiteering was charged, a Michigan publisher asserting there was no shortage of print and that he could buy all he wished if he would pay the price. This publisher must be an exception, for many others were willing to pay the price but could not get the goods.

We are more inclined to lay the cause to shortage of raw material and the labor situation. An effort is being made to induce the United States government to make an appropriation for an experiment in finding a substitute for wood pulp—some crop that could be grown each year. Such an outcome would relieve the raw material shortage permanently.

"Are the people of Tecumseh as loyal to home industries as they were thirty years ago?" This question was asked the writer by one of our citizens a few days ago. The friend at the same time pointed to an out-of-town bread wagon in front of one of our stores unloading foreign product.

Thirty-one or two years ago Tecumseh was quite famous over the state for its loyalty to one of its products—the cigar. It was practically impossible at that time for traveling men or visitors in town to purchase anything but a Tecumseh made cigar. As a result the products of the various cigar factories became famous to smokers the state over, for they were good cigars, and they were good enough for Tecumseh lovers of the weed and the factories were kept busy.

This situation remained for a number of years, but eventually the outside product made its appearance more and more until now almost any kind of cigar can be purchased in town. However, the Tecumseh product is still in favorite demand.

Tecumseh has two bakeries, the products of either comparing favorably with those of other cities. Our bakeries produce good bread—better than some of the shipped in product. Yet there seems to be a demand for the outside product or our stores would not handle it.

Tecumseh mills are producing the best of flour and the home consumption is excellent. Yet there is a certain demand for outside products.

We doubt very much that this condition is due to lack of loyalty to home institutions. We would lay the cause to thoughtlessness. But it is good to think of these things. The more prosperous we make our home institutions the more prosperous will be our town and community. Another thing, the fellows that ship in products do not help support churches, schools and public welfare enterprises. They do not pay taxes in our town.

That the drys have not won a lasting victory in our land was evidenced Monday when Gov. Smith of New York signed the Walker bill, authorizing the manufacture of 2.75 per cent beer.

Show your respect and veneration for the G. A. R. boys by your presence at and your participation in the Memorial day observance next Sunday.

FRENCH CHILD THANKS MONDAY CLUB FOR AID

The following letter is from the French child whom the Monday club is assisting. Mrs. J. D. Shull has acted as the club's correspondent and it is to her the letter is addressed. Mrs. F. C. Dickinson translated the letter, which was written in French:

Dreuil-les-Amiens,
26th April, 1920.

Very Dear Madame:

I received a check from you this morning through the agency of "The Fatherless Children of France." I thank you with all my heart, dear benefactress, and I am very grateful for your generous attention.

I am very happy to be the little protege of an American friend, that was my great wish, for my dear papa died yonder, near by St. Mehiel, in October, 1918, with a large number of your fellow countrymen, whom likewise I will never forget, for my dear papa loved them greatly.

I will be still happier if you will kindly let me give you some news concerning myself, for it is with great pleasure that I receive news from you.

It is with this hope that I close, while thanking you again and permitting myself to address you with my grateful love and many affectionate kisses.

Your little French friend,
Nellie Dumeige.

Many thanks, dear madame, for the interest which you take in my little girl. I am profoundly touched and beg you to believe in my respectful and thankful feelings.

G. Dumeige.

RIGHTEOUSNESS WILL SOLVE WORLD CRISIS

(Continued from Page One.)

eral patriotic selections were sung and Mrs. Havilla Haskins gave an appropriate vocal solo.

American flags and boughs of apple blossoms were used in decorating the front part of the church. Post Commander George Keyser was in command of the aged soldiers as they marched into the church to the seats which had been reserved for them at the front. The commander and Past Commander H. C. Daniels were given seats of honor to the left and right of the pulpit. Rev. Edward Escolme was leader for the responsive reading and Rev. W. R. Curtis offered prayer. Rev. Thompson read the scripture lesson.

"The Supreme Need of the Nation in the Present Crisis" was the theme of Rev. Thompson's discourse. He said it is a world crisis brought on by the world war and the evidences of it as seen here are in what may be called our extravagance, the high cost of living and the prospective food shortage. The speaker declared our extravagance has brought on an era of silk shirts and silk stockings, mostly silk stockings. "It is this wave of extravagance which has caused the high cost of living, or rather the costs of high living," asserted the pastor. The profiteers were severely censured, being termed a contributing cause of the present crisis. Presidential year is always a critical period, Rev. Thompson explained, this adding [illegible] our greatest menace is within ourselves," he contended. At this point in his sermon the Methodist minister gave out his text, which was "Righteousness exalteth a Nation and Sin is a Reproach to a Nation."

He declared the supreme need of this nation in this crisis is righteousness, and by this he meant justice, the square deal and fair play. Righteousness will solve the problem of extravagance and righteousness in the hearts of our national leaders will safely see us through the present threatening times, it was stated. The speaker maintained this nation has sinned against God in not taking mandatory over Armenia.

Being a firm believer in the League of Nations, Rev. Thompson gave it as his opinion this covenant is as essential to the welfare of the world as the Monroe Doctrine. He continued:

"This nation was founded in righteousness. It was in the interest of liberty, justice and equality that this nation was formed. It was for these principles that you veterans fought. If the slaves had not been freed this nation would not be standing now. The world war was for the same principles, world democracy or righteousness. So long as this nation has "righteousness" as its motto, so long will it stand. The nation must stand by the public schools, the churches and prohibition.

"One of the greatest sins of today and one that is breaking the heart of the churches is Sabbath breaking. Preachers will not discourse to empty pews and the Christian people may as well wake up to this fact. The great need at present is righteous leaders. A man with a clean soul is needed in the White House. We should have men whose hearts are filled with righteousness, who are for the pure the good and the just."

The benediction was by Rev. Thompson.

A change has been made in the time table of the New York Central railroad, the evening train north leaving here at 5:32 instead of 5:55 as in the past. The change went into effect Monday.

Mr. and Mrs. James Collins have purchased Mrs. Delia Carpenter's property on South Wyandotte street, now occupied by Mr. and Mrs. Merton Nobles. This Mr. Collins and family will make their home upon the removal of Mr. and Mrs. Nobles.

Tecumseh lodge, No. 190, K. of P., at its session last Thursday evening initiated three into the final rank of the order, the work being followed by refreshments and a smoker. Those becoming knights were Albert Foster, Robert Lowry and Bert Aten.

Rev. Edward Escolme, pastor of the Friends church, is in Cleveland attending the commencement exercises at the Bible Institute, of which he is a graduate. He finished his course of study in this Institute in 1916. Rev. Esclome expects to return Friday.

High school graduates may secure the latest thing in high grade visiting cards in The Herald job printing department. We have just put in a new supply of the very latest patterns, including the attractive paneled cards, and solicit your order. Nothing but new and the latest type styles are used.

Mrs. Albert Foster, Mrs. E. E. Blesing, Mrs. P. C. Snell, Miss Alma Tansley, Mrs. Jennie Hodges and Mrs. Franc S. Gillespie were in Adrian Friday evening for the meeting of the Rebekahs. Mrs. Lizzie Palmer, assembly president, and Mrs. Henrietta Yarick, assembly marshal, were the honor guests with members present from Weston and Britton lodges.

The third annual hill climb of the Wolverine Motorcycle club of Detroit will be held Sunday, May 30, at Jerome Hill near Somerset. Speed kings from Detroit, Grand Rapids, Jackson, Battle Creek, Ann Arbor and Toledo will take part and motorcyclists in this vicinity are invited to join in the sport. Everybody is welcome. The program is to begin at 11 a. m.

Honoring the tenth birthday of her little daughter, Louise, Mrs. Frank Nyland had as guests Saturday afternoon twelve little girls. They amused themselves with games until 5 o'clock, when Mrs. Nyland, assisted by Mrs. Leslie Bower, served a nice birthday supper. Miss Louise received many pretty gifts. Among the guests were Itha Willnow, Frances Rex, Catherine Heesen, Esther Brewer, Meredith Jones, Lillian Sutfin, Wilhelmina and Julie Anderson, Doris Rockwood, Mary Waring, Helen Nyland and Frances Gillespie.

Marian, the little daughter of Mr. and Mrs. Hoyt Whelan, hurt her arm badly while at play Friday. Dr. N. D. Trask was called and supposed at first that the injury was of the muscles, but to make sure on Saturday the little patient was taken to Clinton for an x-ray examination. This showed a tiny splinter of bone broken and on Sunday Dr. Trask, assisted by Dr. J. W. Beardsley, set the fracture. Although the little lady has suffered much pain she is patient and is coming on nicely. She will have a somewhat stiff elbow probably as a result.

Norman Long has been an unlucky lad of late. Last fall his bicycle was stolen from the high school bike sheds. Soon after a blue serge coat, then a stocking cap went the same route. The bicycle and cap were recovered, but not the coat. Last week his new Cyclone bicycle disappeared and is still lost and the little fellow, who lives with his uncle and aunt, Mr. and Mrs. Wilfred Waldron, is walking the long miles to school. If it was taken as a joke, Norman can't see it and would be delighted to find his wheel in the bicycle shed again.

School May Party Largely Attended

Decorations Artistic, Music Spritely and Gaiety Reigns Supreme at Delightful Function.

With a much larger attendance that formerly, decorations decidedly attractive and music of the irresistable kind, the annual May party of Tecumseh high school, held at the gymnasium Friday evening, was a brilliant success. There were many more dancers and spectators present than last year, those on the floor in addition to the students being the instructors, members of the board of education and invited guests.

The school gymnasium had been greatly beautified for the happy occasion. Streamers of tissue paper in the colors of the various classes were draped from the railing of the gallery to the bower, in the center of the room, occupied by the orchestra, and Japanese lanterns accentuated the festive spirit prevailing. Apple blossoms, willow boughs and Judas blossoms were used profusely as decorations, the whole presenting a scene of striking beauty, being enhanced by the attractive frocks of the feminine dancers. The refreshment stand, at which punch and wafers were served, was at the north end of the building back of a trellis of boughs.

Among the numerous spectators were parents and other relatives and friends of the pupils, and not a few were envious of the young people who were having such a delightful time while their elders had to be content as mere onlookers.

Coller's orchestra played, furnishing music that made the dancing easy. Some new selections were on the program and a number of the pieces that have already established their popularity were rendered, all being executed with dash and distinctiveness.

In addition to the popular one-step, waltz and two-step there were circle two-steps, these being directed by O. W. Laidlaw, instructor in agriculture. It was a gay function and brought a full measure of pleasure to all attending.

Guests from out of town included Miss Mary Barrett of Flint, Bernice Semark of Clinton, Ethel Randall of Macon, Marjorie Dixon of Adrian, C. H. Smith of Hillsdale, C. W. Way of Clinton, Margaret Bertram of Adrian, Emma Joseph of Jackson.

O. W. Laidlaw was chairman of the committee on decorations, having as his assistant chairmen from the various classes, the following: Russell Abbott, George Newsom, Sam Sisson and Dale Bowen. Principal C. W. Price was chairman of the dance committee and Miss Carson and members of her seventh grade class in domestic science were in charge of the refreshments.

The seniors of the high school entertained the juniors and faculty at Wampler's lake Tuesday. Miss Carson and her domestic science class put up dainty individual lunches which were served on the picnic tables in the grove. The usual water sports were on the program and many stayed for the dance in the evening.

The high school tennis teams were in Blissfield Saturday accompanied by their coach, Miss June Brooks. Their contests with the Blissfield teams resulted in victory in both singles and doubles for the girls and defeat for the boys. The teams were composed of the Misses Helen McIntyre and Cecile Clark, and Dale Bowen and Thomas Meade, jr.

FIEND FOR FIGURES FURNISHES FULL FACTS

Glenn Tansley, time keeper for the basketball games played by the girls' team of the Tecumseh high school and a stickler for statistics, has done some figuring which will be of interest to those who have followed the very successful career of the young lady athletes coached by Miss June Brooks.

Mr. Tansley's records show that in the eight games played by the Tecumseh girls, all of which they won, the scores were as follows:

T. H. S.	27	Britton	11
T. H. S.	18	Battle Creek	16
T. H. S.	42	Adrian	4
T. H. S.	67	Morenci	0
T. H. S.	27	Olivet	19
T. H. S.	28	Britton	12
T. H. S.	60	Addison	8
T. H. S.	32	Addison	10
Total	319		80

Figured down to a fine point he finds tht time played totaled 288 minutes, and the local lassies averaged 1 3-10 points per minute, while their opponents averaged less than 1-3 points per minute.

The girls' basketball team of East Lansing says to it belongs the state championship, but Statistician Tansley presents figures which show the aggregation to the north has only an almost imperceptible stronger claim on the title than the Tecumseh young ladies.

East Lansing averaged 1 4-9 points every minute of play in its first nine games. This averages only one point more eveyr quarter played than Tecumseh's score. "Can East Lansing rightfully claim the state title on such a small margin?" queries the local fiend for figures.

LOCAL FIGHT FANS TAKE INTEREST IN JACKSON GO

Boxing fans of Tecumseh and throughout Southern Michigan are manifesting interest in the fistic show which will be held at the auditorium building at the fair grounds in Jackson June 4. For several weeks the matchmakers of the Central City Athletic club have been planning a series of boxing matches which would bring together top-notchers of all the various fighting weights.

The main go June 4 will bring together Chuck Wiggins of Indianapolis, claimant for the light heavyweight boxing championship of America, and Ted Block of Detroit, one of the leading middleweights of the country. Wiggins is now the heavyweight champion of Australia. Although weighing but 170 pounds he decisively defeated the three best heavyweights in the Antipodes all of whom outweighed him by twenty pounds or more.

The light heavyweight title in this country is now unsettled, as both Chuck Wiggins and Battling Levinsky of New York claim the belt.

In Block, Wiggins will meet a tough foeman with a hard punch and a surprising ability to take punishment.

In the semi-final Joe Burton of Jackson will meet "Sailor Bill" Lawler of Battle Creek. Two heavyweights will meet in the six round preliminary. James Dever of Jackson, who was recently appointed boxing instructor at the Michigan Agricultural college, will referee all bouts.

Ann Arbor Grotto Gives Fine Program

Visits Tecumseh F. & A. M. Lodge and Secures Number of New Members.

A number of the members of Tecumseh Lodge, No. 69, F. & A. M., had a very pleasant time Thursday evening, when between 20 and 30 prophets of Zal-Gaz Grotto, No. 84, M. O. V. P., E. R., of Ann Arbor paid them a visit and put on an entertainment of music, songs, monologues and other features that was exceedingly enjoyable.

Lester C. Rogers, worshipful master of Tecumseh lodge, introduced the Grotto members to the audience and welcomed them to Tecumseh.

The entertainment was under the direction of Monarch Stanchfield of Zal-Gaz Grotto and he and his fellow entertainers kept things lively for about an hour and a half. There was snappy music by the Zal-Gaz orchestra of six pieces, selections by the Grooms trio—cornet, saxophone and trombone; splendid violin solos by Prof. Julius Schmitt of the University school of music; flute solos by Carl Lutz; comic songs by John Schwer; a negro impersonation—monologue and songs—by Howard Grooms, and saxophone solos. These, interspersed with rapid fire humorous comments and introductions by Monarch Stanchfield, composed the main program.

There was also a speech by Monarch Stanchfield, who, in behalf of Zal-Gaz Grotto, presented Howard Groom of Ann Arbor and Guy Davidson of Tecumseh with handsome mementoes for the good work they had done in securing candidates for the big ceremonial initiation that was put on at Ann Arbor Monday evening.

Short talks were made by Homer Whaley and H. S. Temple of Tecumseh, Wm. Esslinger, Ed Smith, Past Monarchs Shankland and McLachlin and others in the interest of Grotto fellowship and principles and the big ceremonial.

Following the entertainment all present were treated to a hot frankfurt supper in the dining room and cigars were passed.

The main object of the visit and entertainment was the securing of candidates for the big class of 126 neophytes who were initiated into Zal-Gaz Grotto Monday evening and six Masons affixed their names to petitions: Homer Whaley, W. F. Fisher, Louis S. Schneider, Karl M. Schneider, Dr. H. H. Hammel and Gordon Bailey.

The Grotto men left for home near the midnight hour, pleased with their reception and its success.

BRADLEY OPERA HOUSE ATTRACTIONS

"U-35" Saturday Night.

Next Saturday evening, May 29, the manager of the Bradley opera house is offering his patrons one of the [illegible]est sensations the screen has ever produced. The German submarine, the "U-35," was considered the kaiser's pet boat and was equipped with machines for taking moving pictures of any ships they might be able to destroy. Later, when this submarine was captured by the British these films were developed and pictures made from them and are being shown now by permission of the British admirality.

Here is an historical three-reel super-feature that will make you "stand on your head" with thrills and excitement. Nothing that we can say, no superlatives that we can use, would actually describe the thrills that are contained in this wonder picture. Fifteen merchant ships were destroyed by this submarine, and the films show the destruction of all of them, authentic views taken from the deck of the submarine, showing their sinking by torpedo fire, by shell fire, by bombing and scuttling, the turning of crews adrift, helpless on the broad Atlantic; shows the capture of captains, the overturning of lifeboats and in fact every incident of the cruise of the "U-35." It is a chapter in a most hectic period of modern history.

This big super-feature is being shown in addition to the five-act production, "The Firefly," starring handsome Wallace Reid and is presented at regular admissions so that all may have a chance to see.

"The Sporting Duchess" Decoration Day and Monday.

The third of the big English Drury Lane theatre productions, "The Sporting Duchess," will be presented at the Bradley for two nights commencing Sunday (Decoration day) and continuing Monday, May 30-31. "The Whip" and "Sporting Life," both companion plays to "The Sporting Duchess," have already been seen at the Bradley by capacity houses and this, the third and best of the three, should also be seen by hundreds.

Dainty Alice Joyce is being starred in the production, which was produced at a cost of over $200,000. In seven big acts, "The Sporting Duchess" is an evening's entertainment in itself but the management, in keeping to his saying, "The most of the best for the least," is also showing on the same program one of Mack Sennett's latest comedies, "Salome vs. Shenandoah," with the famous crosseyed screen star, Ben Turpin, in the leading role.

A special orchestra will furnish the music on both evenings.

Mr. and Mrs. George Ziehr have moved into apartments in Fred O'Dell's house, corner of Union and Pottawatamie streets, thus vacating Mrs. B. J. Rector's house for her occupancy.

Mrs. Anna Wright Udell, who has been visiting Mrs. A. C. Bryan, left yesterday for her home in Olympia, Wash., in repsonse to a telegram telling of the serious illness of her daughter.

Mr. and Mrs. K. A. Braman were in Jackson Monday to meet her mother, Mrs. W. H. Hendrix, who arrived that evening from Calgary, Alberta, Canada. Mrs. Hendrix comes for an extended visit, to be joined by Mr. Hendrix in August.

Mrs. Wm. Cummings, who submitted to an operation at Bixby hospital in Adrian last Saturday, is doing nicely. The operation was performed by Dr. H. H. Hammel and surgeons from Ann Arbor. Miss Beth Satterthwaite from here is the nurse.

Mrs. Lee McConnell returned from Ann Arbor Monday night. She had been to see her husband, who was operated upon a few days before at the homeopathic hospital. She reported both Mr. McConnell and Louis Kehoe as recovering nicely.

J. R. Tinsley, pressman at the macaroni plant, Monday forenoon caught his right arm under a roller, bruising and burning the member from his fingers to his elbow. He was taken to Dr. J. W. Beardsley for treatment but will be laid up several weeks.

On Sunday Mr. and Mrs. Chester Kaynor and Fred Westgate and family came over from Adrian and took Mr. and Mrs. Thomas Hanley over to Ann Arbor where the party made Mr. and Mrs. Eli Moore a surprise visit. At dinner there were 17 seated at the tables. One interesting feature of the feast was the serving of a quart of pears which were canned 40 years ago and were as delicious as when first put up.

Mrs. H. K. Hay enjoyed a birthday Sunday in a happy way. She and Mr. Hay were told to be ready for a trip out of town at noon. Clark Gallup came for them, but only took them to his home, where awaited them Mr. and Mrs. A. J. Montgomery, Alva Spayde, Miss Bess Spayde and Mr. and Mrs. Mervin Fergason. After a delicious picnic dinner the party motored to Jackson where they called on Mr. and Mrs. F. D. Teachout.

ALUMNI REUNION IS TO BE HELD JUNE 11

(Continued from Page One)

president, Mrs. Eunice Davidson Hall, who was taken by death last winter, will be keenly felt at this year's reunion. This is the second time we have lost our president before the term expired.

The members of the association and their guests will be welcomed by the reception committee, as follows: Dr. and Mrs. H. R. Conklin, Miss Lucy Train, Miss Alice Wimple, Supt. and Mrs. Crampton, Mrs. Chas. Bidwell, former superintendent, Miss Leila Snell, Faunt Lenardson.

Secretary Pauline Bredow will be on the job to secure your "John Hancock" on the "dotted line" before you are allowed to "stuff."

Toastmaster and chairman program committee—Sena B. Hosmer.

Chairman music committee—Grace Heck Moore.

Chairman decorating committee—Lester Heesen; helpers, Harold Lowry, Jay Morse, Perry Hayden, volunteers.

Chairman tables and chairs committee—Floyd G. Heesen; helpers, Ivan Spitler, Fay Croll.

Chairman silver committee—Doris Kloffenstein Hunt.

Chairman dishes committee—Margaret Haire.

Chairman linen committee—Vera Shaw Hodges.

Nominating committee for 1920—Lester Heesen, '98; Franc Gillespie, '92; Carl Schneider, '14.

Chairman of dance committee—Harold Lowry, '17.

The work of the 1920 reunion will depend in no small measure on the work of the "Boosters" committee. This committee is composed of a member of every graduating class, Franc Gillespie, '92, being chairman. Those on the committee are: 1919, Muriel Halladay; 1918, Kathryn Reed; 1917, Lillian Kennedy; 1916, Parker Comfort; 1915, Leila Snell; 1914, Karl Schneider; 1913, Byrde Stone; 1912, Ivan Spitler; 1911, Gretel Conklin Collins; 1910, Mar[illegible] Rosacrans and Ethel Service; 1909, Lydia Babcock; 1908, Florence Keyser Osburn; 1907, Fred Dickinson; 1906, Roy [illegible]; 1905, Wilfred Waldron; 1904, Walter Morden; 1903, Otto Garlinghouse; 1902, Don Wright; 1901, Mrs. C. A. Barber; 1900, Mrs. H. S. Temple; 1899, Anna McClure Mead; 1898, Lester Heesen; 1897, Mrs. Charles Williamson; 1896, Mrs. Floyd Waring; 1895, Pauline Bredow; 1894, Charles Williamson; 1893, Edith Ingersoll; 1892, Grace Gillespie; 1891, Julia Hicks Anderson; 1890, Mrs. E. D. Brown; 1889, Mrs. M. J. Keyser; 1888, 1887, 1886, 1885, Sena B. Hosmer; 1884, May Farley; 1883, 1882, 1881, 1880, Alice Satterthwaite Patterson; 1879, Mrs. Will Raymond; 1878, 1877, Fred Wood; 1876, Mrs. Joseph Keeney; 1875, Allie McCowan; 1873, 1872, 1871, Percy Bowen ('08); 1870, Dr. North; 1868, Mary Anderson; 1867, 1866, Mrs. A. W. Mills.

It will be the work of the individual members of the "Boosters" committee as given above to see that the correct address of every member of their class is given Percy Bowen, corresponding secretary, by Friday, May 28.

It is to be regretted that more interest has not been shown in our alumni association. Nevertheless, every member who in the last few years has forgotten his "alma mater" now has an excellent opportunity to redeem himself by getting out and boosting for the 1920 alumni reunion.

Not only be on the docket yourself, but see that every other member of your class is.

Six years ago there were over 400 alumni at the reunion; last year about 130. Why, under the sun, can't we this year, with at least 150 new members, make as good or even better showing than in 1914. In neighboring towns, and for that matter, in all good towns, the alumni association reunion of the high school is looked forward to and always considered the social event of the year.

Now, ask yourself this question, brother alumnus: What plausible reason is there for this not being the case in Tecumseh, "Biggest Little Town on Earth"?

Remember that nearly 50 of the livest wires in our alumni are working tooth and nail to make this reunion one that you'll never forget. So mail in your reservation card to Percy Bowen as soon as possible. Tickets on sale at both banks. Boy Scouts will meet afternoon trains.

SEE YOU ALL LATER.

(Signed) The Executive Committee, T. H. S. Alumni Ass'n.

Junior Reception.

The Juniors were genial entertainers Thursday evening at the home of Donald Exelby with the Seniors as their guests of honor. The decorations were very elaborate. The dining room, as Senior room, was attractive in their colors, old rose and green. The centerpiece for the table was a huge bowl filled with red roses placed upon a mound of green. Old rose paper festooning extended from the corners of the table to and over the chandelier that hung above the table and were again fastened from the candlestick holders to the chandelier. The favors at this table were red roses. The drapes separating this room from the living room, in which had been placed two large tables for the faculty and juniors, were also old rose crepe paper. The centerpiece for the other tables were yellow roses arranged upon a huge mound of green. Favors here were yellow roses and the drapes were yellow and blue. The place cards were very neat and as soon as all were ready and the candles lighted, the Juniors cleverly called the names of the guests and as soon as they presented themselves were shown to their respective places. The elegant three-course banquet was served by four sophomores, Sam Tamblyn, LaMar Brown, Laurence Zeluff and Carl Exelby. Mrs. A. J. Underwood catered for the supper, while Mrs. Linas Zeluff had charge of the decorations. Ernest Combellack, president of the Juniors, gave the welcome and introduced the toastmaster, Superintendent E. M. Shumar, who announced the excellent program.

A delightful time followed socially, interspersed with music until a late hour.

Baccalaureate Address.

Sunday evening at the Christian church the first of the commencement exercises were held and at this time the baccalaureate sermon was preached by Rev. Ronald Tamblyn of the First M. P. church of Detroit.

The decorations consisted of potted plants and ferns and as the orchestra played the class and faculty marched to their places, when the following program was given:

Invocation and Scripture Reading—Rev. J. C. DeRemer.
Music—Orchestra.
Solo, "This is My Task"—Mrs. Sam Gibson.

Mr. Tamblyn took for the subject of his remarks that were so helpful to all, "Our complete genealogy," using this subject, first, to prove the divinity of Jesus Christ and man's relation to Him. He showed, secondly, the unending struggle for supremacy over fleshly human limitations and the high ideals and principles by which we might be uplifted when we listen to the Son of God speaking to the son of man.

His closing remarks were words of advice to the class, in which he admonished them to overcome all feelings of weakness, for the world has no place for cowards.

You may choose either of two paths—that of serving Mammon or the Son of God. Selfishness is for Mammon, while unselfishness is for God. Choose wisely your course.

Every kind of progressive work is opening up. The opportunity could not be better, so the world is expecting great things of you. Men and women for right leadership are needed and here is an honor and a privilege opportunity gives to prove you are sons of God.

After another selection by the orchestra the benediction was pronounced by Rev. DeRemer.

Save Time by Cultivating Two Rows at a Time

One man can do the same grade of work with our **John Deere Two-Row Cultivator** that he can do with a single-row machine.

He can operate it just as easily as he can operate a single-row machine.

And he can cultivate twice as many acres in a day.

Don't fail to consider fully that big advantage.

Using this two-row machine with three horses hitched to it, you can do as much high-grade work as two men and four horses can do with two single-row cultivators.

If you have at least 50 acres to cultivate, you need this thorough-working, time-saving machine. It will cut your labor cost in half. It will help you counteract a labor shortage in your busiest season. It will enable you to get your cultivating done in time to attend to other pressing matters.

Come to our store and look this cultivator over. We want you to see for yourself that it is just as easily operated, just as thorough-working and just as durable as a single-row machine.

You will then better appreciate its big advantage in saving time and labor.

Don't fail to investigate this Two-Row Cultivator

MACON

Ladies' Banquet.

The ladies' banquet given at the M. E. church parlors Friday evening, May 21, was an effort to give the ladies of the community a pleasant and restful evening. The men, who so kindly aided and served supper, contributed largely to this opportunity for the ladies for once to be excused from the kitchen. The dignified waiters, in their conventional white coats, proceeded as if "to the manor born."

At a signal from the orchestra the ladies marched from the auditorium to the dining room. After grace by Rev. Wm. Combellack 140 ladies sat down to a two-course supper. The Britton orchestra furnished the music.

The supper was followed by a fine program, with Mrs. [illegible] dershot acting as toastmaster. Readings by the Misses Dorothy and Theresa Combellack and solos by Mrs. Halladay and Mrs. J. W. Howell were followed by an interesting and profitable address by Miss Harriett McKenzie of the State Normal, the theme being the obligation of everyone for unselfish service to the community and to the world. The evening closed with the oft repeated regrets from the guests that the address had not been longer.

The arrival of the gentleman from Dundee who assisted the Britton orchestra was delayed through a misunderstanding and as a result the supper was not served until a much later hour than advertised.

Mrs. J. L. Jackson Dies.

Miss Eunice Elvira Wood was born in Erie, N. Y., March 18, 1844, where she spent the years of her youth, and passed to the Great Beyond May 17, 1920.

In 1861 she was united in marriage to John L. Jackson of Macon. Here they spent the greater part of their lives. To them were born four children: Mrs. Cora Higdon, Mrs. Sarah Burdette and a small child preceding her in death. The husband, one daughter, Mrs. Vern Randall, of Jackson, two granddaughters, Mrs. Geo. Sodt of Waldron and Miss Mildred Randall of Jackson, and three great-grandchildren are left to mourn her death.

Funeral services were held in the M. E. church Thursday afternoon, with burial in the Macon cemetery. Rev. Johnson of Manchester spoke words of cheer and Mrs. J. W. Howell sang words of comfort.

Memorial Services.

Memorial services will be held in the Macon cemetery on Sunday afternoon, May 30. The program will be given at 2:30 o'clock. Revs. Wm. Combellack and B. A. Warren have been secured to deliver the addresses. Good music will be furnished and the decorations of the graves of our soldiers will follow the program. The veterans of the three wars are requested to take their places on the platform.

TIPTON

Fred Preston of Jackson was in town Monday.

There will be no services next Sunday morning at either church.

Dr. and Mrs. Hause and family spent Sunday at the home of S. L. Wyman.

Mr. and Mrs. Earl Burtless of Jackson were calling on Tipton friends Sunday.

Mrs. H. G. Daniels and children are spending the week with her parents, Mr. and Mrs. Stanley Murrey, at Jerome.

Some of those from a distance here for the funeral of Murrey Richardson were Charles Richardson of Owosso, Mrs. Vie Mills and son, Howard, of Grand Rapids.

League services at the M. E. church at 8 o'clock. Henry Hockstra leader. No organization has been perfected and it is desired all young people join in these meetings and make it a community league.

Decoration day services will be held at the Congregational church Sunday, May 30, at 2 o'clock. Rev. Hopkins of Adrian will deliver the address. The flower committee requests all having flowers and as many as possible to bring them to the church and help arrange flowers for the soldiers' graves on Saturday afternoon.

Sunday evening about 7 o'clock the village was the scene of much excitement. A party of automobilists were driving through from Toledo, there being three machines, and when a short distance east of the village the driver of one of the cars lost control of it. The vehicle started for the fence but collided with a tree. No one was hurt but the auto was damaged somewhat and taken to a local garage. After an hour's delay the party was able to continue on its way.

Good for Asthma and Hay Fever

Pungent, clean and wholesome pine tar, and tasteful, demulcent honey, together with other simple, old-fashioned and homely ingredients—the kind our grandmothers used for cough syrups—go to make Foley's Honey and Tar the splendidly satisfying cough remedy that has gained for it such a desirable reputation.

Relieved Him of Asthma

J. M. Woodworth, Ore Hill, Conn., writes: "I have used Foley's Honey and Tar for the past ten years and it is the only medicine I ever used that relieved me of asthma. I would not be without it. You may use this testimonial in any way you see fit to advertise Foley's Honey and Tar."

Foley's Honey and Tar COMPOUND

HAS RELIEVED THOUSANDS of sufferers from hay fever and asthma after health resorts and change of climate have failed. It promptly checks coughs, colds and croup. It soothes and heals raw and inflamed surfaces.

Foley's Honey and Tar tastes good and will not injure the most delicate stomach.

Commissioners' Notice.—State of Michigan, County of Lenawee, ss.

In the matter of the estate of Daniel Gratz, deceased.

The undersigned having been appointed by the probate court of said county, commissioners to receive, examine and adjust all claims and demands of all persons against the estate of said deceased, do hereby give notice that we will meet for that purpose at the mill of D. Gratz & Son, in the township of Raisin, Lenawee county, Michigan, on the 29th day of June, 1920, and on the 20th day of September, 1920, at two o'clock in the afternoon of each of said days.

And that four months from the 20th day of May, 1920, are allowed by said probate court for the creditors of said estate to present their claims to us for examination and allowance.

Dated May 20th, 1920.

Price of Lumber Drops.

Now is the Time to Build

Here is welcome news to those who plan to build.

The price of building materials has dropped and the decrease has taken effect here.

Some lines have dropped considerable, others less, the average decline being 8 per cent.

WE IMMEDIATELY REDUCED OUR PRICES AND ARE NOW SELLING LUMBER AT THE LOWERED FIGURE.

The lowered price is on our best stocks as well as on the lower grade materials. Shingles, lath and lumber in general underwent a price cut and now is the time to build.

We have a good supply of all kinds of building material.

Coal Prices Certain To Become Higher!

As encouraging as is the news that lumber prices are on the decline, the reports regarding coal are not favorable.

Already very high, coal is certain to advance in price and the increase will go into effect soon. Your time to order your next winter's supply is now.

We are well supplied with practically all grades of coal and can fill your orders promptly.

That fuel will go higher is not a myth but a stern certainty and the prudent ones will act before the advance takes place.

Mr. and Mrs. G. H. Tansley have entertained Mrs. Lizzie Palmer of Lansing and Mrs. Henrietta Yarick of Adrian, officers of the State Rebekah Assembly, since yesterday. They served a party of friends at dinner in honor of these ladies last evening. The ladies go to Addison this afternoon to meet with the Addison Rebekahs.

A half dozen of the business men were helping on the Ridge road Monday, putting up fence, laying walls and doing their bit toward repairing the damage done by the cyclone. They enjoyed every minute of the day even if digging post holes and laying cement blocks is hard work, and Jim Jones and Gene Rosacrans can do that sort of work with the best of 'em.

Last evening the Tecumseh Rebekahs met in special session to receive the president of the State Rebekah Assembly, Mrs. Lizzie Palmer of Lansing, and the assembly marshal, Mrs. Henrietta Yarick of Adrian. Several were also present from Britton. The degree was exemplified, the president conducted a school of instruction and after the session a pot luck supper was served to about 60.

The oil fever is not confined to our neighbors on the east as seepage of the fluid has been discovered in the low, marshy places around Prospect Hill. An Ohio corporation, known as the Prospect Hill Development Co., has been formed and plans to drive a well on the Jas. Wheaton farm, in July. Miss Metta McKinney is expected home from Detroit for the Memorial holidays. Her mother, Mrs. James McKinney, who recently had an operation on one of her eyes for the removal of a cataract, is improving splendidly and now can distinguish objects.

Mrs. Frank Pocklington, well known in this vicinity, passed away about noon Wednesday at the home of her son in Detroit. The remains will be taken to Ridgeway where the funeral will be held in the Methodist church Friday afternoon at 3 o'clock, Eastern time. Mrs. Pocklington was formerly a resident of Ridgeway.

Miss Helen Hall happily entertained the members of her Sunday school class with their teacher, Mrs. Frank Nyland, Tuesday evening. The girls played out of doors until dark, when, after a short business meeting, Mrs. John Hall served ice cream and cake, the candles on the cake proving it was Helen's thirteenth birthday. She received many pretty gifts.

Ray Pocklington, a Britton resident and well known here, was injured yesterday while at work at the farm he recently bought about 12 miles south of Adrian. He has been remodeling the dwelling, doing much of the carpenter work himself. He was near the roof when the ladder slipped, he falling head first to the ground. A doctor from Lyons, Ohio, was summoned and rendered first aid. Then Mr. Pocklington was taken to the office of Dr. Mackenzie in Adrian and the x-ray used to determine the extent of his injuries. His right arm was dislocated at the elbow, his face cut badly and his body was bruised. He was in town this morning.

Soldier Dead Paid Impressive Tribute

MEMORIAL DAY EXERCISES ARE LARGELY ATTENDED

Clark E. Baldwin Forcefully Eulogizes Heroes of Civil War—Program Ably Given—Graves Are Flower Bedecked.

Sunday seemed made on purpose for a Decoration Day. The spring flowers were in their supreme beauty, having come in such great quantities after the long, cold winter, exemplifying the "Great Awakening."

Nearly every grave in Brookside cemetery had been remembered and covered by loving hands with nature's beauties. Especially were the graves of the nation's defenders beautiful with the flags waving above the flowers.

At 2 o'clock the Presbyterian church was filled with citizens to join the Civil war veterans and America Legion men in the usual Memorial Day exercises. There were thirteen of the older men, led by Commander George Keyser. These were followed by the ladies of the T. B. A., then 21 members of the Legion, with Commander R. K. Anderson at their head. Boy Scouts occupied the remaining seats, they being in charge of Rev. W. R. Curtis and O. W. Laidlaw. Quite a company of lodge men were also present.

J. D. Shull, as president of the day, presided, giving a splendid opening address, after the invocation by Rev. C. M. Thompson. Mr. Shull spoke of the similar exercises being held in France honoring America's boys lying over there.

NORTHWEST CIRCLE HAS A BUSINESS SESSION

The Northwest Circle of the Baptist church met Thursday afternoon at the home of Mrs. W. R. Curtis for its monthly business meeting and social hour. During the business session Mrs. Jay Morse and Mrs. Henry Beard were appointed a committee to make arrangements for an ice cream social to be given some Wednesday night in June in the old postoffice building. Mrs. Ernest Harris and Mrs. Jay Morse were appointed social committee to provide entertainment for the monthly meetings. During the next six months every member must earn $1 and at the close of that time tell how they earned it. More important business was transacted and at the close of the meeting light refreshments were served by the [illegible].

The next meeting will be with Mrs. Henry Beard June 24.

All in all it will pay people for miles around to come to Tecumseh that day to do their shopping.

The free show is to be of a high order and the music will be furnished by the Tecumseh Ladies' band.

Advocates a Life Full of Service

Rev. W. J. Cross of Mackinaw City Speaker at Community Service at Presbyterian Church.

Rev. W. J. Cross of Mackinaw City, who supplied in the pulpit of the Presbyterian church Sunday morning, was the speaker in the same edifice that evening at the Community service.

Rev. C. M. Thompson presided with the other clergymen taking part in the opening services. Rev. W. R. Curtis announced that next Sunday night he would preach the baccalaureate sermon at the Baptist church. Rev. Thompson made it known that on Sunday, June 20, in the Presbyterian church Dr. Thompkins, a college friend of Dr. H. R. Conlkin, would give an illustrated lecture on the missionary work in China in which he has taken an active part for several years. Mrs. Billings sang as the offertery "The Home Land."

Rev. Cross used the text from John 15:5, "I am the Vine, Ye are the Branches." He spoke first of the unexpected things of Jesus, both things He did and said. Those before Him were of so different motives. He had to blaze His own trail, but now has a great host of followers on the so well beaten highway. He is all powerful but wrote no literature, left no Christian empire when He could so easily have done so.

Many evangelists have won more in one night than Jesus did in his life time, but He chose to so mould and fashion a few to conduct His kingdom and leave the truths for the coming genrations. No institution of learning ever turned out such men. They planted His truths all over Europe, part of Asia and Africa.

Today He is as interested in His vineyard as then, in the changing of workmen, the pruning of the branches, but still the vine remains, the living body, as full of power as ever. All we need is a great revival of Christian love. Of the branches many are pruned off and forgotten but if the vine were stripped of branches it would not prove the falacy of the church, it wouldn't be lost.

Only on the new growths come the fruit so it is that no one can be a fruit-bearing Christian unless growing. The praying person, the sanctified, will be purged. We as Christians need this purging. There is no use coming to church or carrying on Christ's work unless we pray. May God grant that ours be a consecrated life, a fruitful service.

MOTHERS OF TECUMSEH ORGANIZE A CHILD CONSERVATION LEAGUE

The Tecumseh Circle of the Child Conservation League of America was organized at a meeting held at the library on Friday evening, May 28, under the direction of Mrs. Mary J. Wright of Milwaukee, Wis., field secretary for the league.

The organizaztion of this circle is in conformity with the request of the government that child conservation be made a matter of supreme importance.

Its object is mainly educational, with a wide range of subjects relating to the care and culture of children, always seeking to cooperate with and assist the work of the Children's Bureau at Washington.

The officers elected here were as follows:

President—Mrs. F. B. Wood.

Vice President—Mrs. D. F. Wright.

Secretary—Mrs. O. L. Feight.

Treasurer—Mrs. J. F. Elliott.

Press Reporter—Mrs. W. D. Willett.

Director Bureau of Exchange—Mrs. E. E. Howard.

State Road Through Here to be of Gravel

Federal Government to Pay Half of Cost—Work Likely to Start Soon.

Bids are now being advertised for on the federal and state improved highway to be constructed through Tecumseh and it is learned the road is to be of gravel. The sealed proposals must be received by the board of county road commissioners of Lenawee county at Adrian by 1:30 p. m. June 16 and it is likely the work will begin soon after that date. Half of the cost of the construction of the highway is to be paid out of the national road improvement fund, a quarter by the state and a quarter by Covert bonds on the county.

The stretch bids are being asked for is 9.179 miles long, extending from Ridgeway township along the LaPlaisance Bay pike through Tecumseh on Chicago street northwest on the pike to the angling road to the Tecumseh-Franklin township line, then northwest on the pike through Franklin and Cambridge townships to the Jackson county line.

The road is to be 16 feet wide.

Independents Open Season as Victors

Take Sunday Game from Brooklyn and Win from the Jackson Herals On Monday.

About a thousand persons saw the Tecumseh Independents play their first ball game of the season at Athletic park Sunday afternoon and witnessed the downfall of the Brooklyn nine. The local men scored 10 times while the visitors sent but nine tallies across. It was an exciting contest. Howe and Harris were the battery for the Tecumseh team. Hile Bricker, a member of the local nine, suffered an injury to his ankle.

The Jackson Heralds were the opponents for the Monday game and proved no match for the Independents, the score being 18 to 4 in favor of the home nine. It developed only three of the regular players of the Jackson team came to Tecumseh and the game was sort of a disappointment to the local players, as they had been given to understand they would have real opposition. Crittenden and Drewyor officiated for the home aggregation, which played errorless ball. Paul Hunt strained the ligaments in his right foot in the contest. One of the enjoyable features of the afternoon was music by the Tecumseh Ladies' band.

Next Sunday afternoon the Independents will meet the Jasper nine here. This is said to be a salaried team and a close encounter is anticipated.

MEETS AT FARM HOME.

The pleasant farm home of Mr. and Mrs. H. B. Tallman was the gathering place of Miss Kyle's Sunday school class Tuesday, the occasion being the annual picnic and as usual it was a jolly affair. Most of the ladies went in costume, from the teacher, who had added a striking necktie to her garb and carried a splendid Cuban fan, the lady of the Paris gown; "Ty Cobb" Helzerman; "Fred Merkle" Nobles; circus women Nye, Waring and Bowen to "Samantha" Cutting in the 100-year-old gown. After the fine dinner it was noticeable these dressed-up characters seemed uncomfortable, but a call from Lester Coller and his camera started things going again. Later came a business meeting of the class and a short program. In the absence of the president Miss Kyle presided. The address of welcome was winningly given by little Miss Nye and was responded to in kind by Mrs. F. E. Snedicor.

There were several songs by the company and Mrs. Stella Billings gave two delightful solos. Before coming back to town the ladies found the scales in the barn and proved the combined weight of the group to be 4,256 pounds, with an average of 147 1-7 pounds.

Mr. Tallman was gaily decorated by the members and though his cheeks bore a hectic flush, he seemed to have retained his appetite despite the visit of the ladies.

The class holds its annual meeting with Mrs. J. W. Cupples October 6.

DIES FOLLOWING STROKE.

Frank Fuller passed away Saturday night at the home of his daughter, Mrs. Myron J. Roberts, on North Oneida street. On the preceding Monday he had suffered a stroke of paralysis at his home in Ionia and Mrs. Roberts went to his bedside. Knowing she could care for him much easier in her own home, she brought him to Tecumseh Friday, but he did not long survive. Mr. Fuller, who was 64 years of age, is survived by the daughter, one son, Royce C. Fuller, of Ann Arbor, and one brother, J. Fuller, of New Mexico. The remains were taken to Ionia Monday and the funeral was held in that city Tuesday morning from the Methodist church. Accompanying the body were Mr. and Mrs. Roberts, her uncle, who had arrived but too late to see his brother alive, Royce Fuller and Mr. and Mrs. Lewis, all of Ann Arbor.

Mr. Fuller was a member of the Knights of Pythias and Modern Woodmen and brothers from the local lodges acted as bearers.

BACCALAUREATE SERMON GIVEN SUNDAY EVENING

In the Presbyterian church at 7:30 Sunday evening will be preached the baccalaureate sermon for the graduating class of the Tecumseh high school, Rev. W. R. Curtis, pastor of the Baptist church, to be the speaker.

Special music will be provided by Mrs. Ella Hodges and Mrs. Eugene Rosacrans and the occasion will be made most interesting.

The public is invited to attend.

Local Girls Win The Tennis Title

Tecumseh High Gets Sixth Place in County Field Meet—Clinton is Winner.

Athletes from the Tecumseh high school won sixth place in the annual field meet, held at Morenci Friday. As has been previously announced, the girls' basketball team from this city easily acquired the county championship, and the Tecumseh girl tennis players won the title in the singles and doubles. Abbott of this city finished third in the mile run. The local baseball team lost to Blissfield, 7 to 2. It defeated Addison here last Thursday afternoon 15 to 5, thus qualifying to meet Blissfield.

Clinton was the winner at the meet, making 30 points. There was a large attendance, many going from Tecumseh. The contests were exciting, furnishing the spectators much sport. It is the second year that Blissfield has won the county baseball championship.

The result of the meet follows:

DEATH COMES SUDDENLY FOR MRS. JOHN LOWRY

Mrs. John Lowry, a prominent resident of this city, passed awey Tuesday morning at 2 o'clock, aged 59 years. For some months she had been a victim of aenemia but the end came suddenly.

Mrs. Lowry was born in County Antrim, Ireland, coming to this country with her parents when but 4 years of age. The family settled near this city and here she had resided since. She became the wife of John Lowry in 1885 and to them were born three daughters and one son, Mrs. Sadie Jones and Miss Nina Lowry of Hillsdale, the latter a teacher in that city, and Mrs. Margaret Carr and Harold Lowry at home to comfort their father. Four brothers also survive: James and David Boyd of Raisin township, Robert Boyd of Clinton and William Boyd of Bath, Mich.

Mrs. Lowry was a devout member of the Presbyterian church and was always strict in her attendance and church obligations. She also belonged to the Royal Neighbors.

The funeral service is to be held from the home on West Kilbuck street this afternoon at 1 o'clock, the Rev. W. A. Rex to officiate.

SENIOR PLAY CAST.

The Senior play, to be given next Monday and Tuesday nights at the high school auditorium, is a Greek production, "Pygmalion and Glaatea." The cast is as follows:

Pygmalion—Homer Hanham.

Galatea—Helen McIntyre.

Daphne—Blanche Vogel.

Chrysos—George Newsom.

Myrine—Dorothy Martin.

Leucippe—Marcus Fisher.

Mimos—Donald Chandler.

Agesimos—Ralph Hodges.

These young people are working hard to make their effort successful and hope for packed houses both evenings.

PLEASURABLE BANQUET.

The "Friends Successful," a class of the Friends Sunday school, held its first annual banquet Monday evening on the porch of the home of one of the members, Miss Naomi VanWinkle.

The porch was very prettfly decorated in green and white, the class colors. There were streamers of green and white crepe paper from the corners of the porch. White lilacs were also used for decorations. There were four tables laid for the guests. At each the color scheme was carried out. On each table a bouquet of lilies of the valley was the centerpiece.

A bounteous three-course menu was served by Misses Eyrcil VanWinkle and Martha Comfort.

An entertaining program followed:

Introduction of toastmaster—Mabel Lockwood.

Response—Russell Comfort.

These toasts were given:

"Our Class" — Naomi VanWinkle.

"Organization and Aim"—Elwyn Hensen.

Solo—Naomi VanWinkle.

"Progress"—Elizabeth Comfort.

Piano solo—Elma Muhn.

"Tribute to Teacher"—Amos Wilson.

Solo—Edward Escolme.

Song—Class.

The rest of the evening was spent in music and games.

CITIZENS.

A lady was asked by one of our competitors why she would not take ice of them.

She replied because Floyd Owens brought ice to my mother when she was on her death bed, nights, Sundays and at all hours.

He replied: "Well, if you rather take ice of a nigger than a white man, go to it."

Now folks, while I cannot help my color, I can my character. I was born here and reared here. Tried to be white on inside. And these things I have never done:

First—Never insulted any young lady.

Second—Never did any bottlegging.

Third—Never made creamery butter out of milk powder, salt and water.

Fourth—Never brought sorrow to any happy home.

If it takes these kind of tactics to make a white man, count Old Gov. Owens out.

And I don't know of only one white man in "The Biggest Little Town on Earth."

Respectfully,
FLOYD OWENS.

Gardiner Refuses To Risk His Life

Human Fly Climbs to the Second Floor of Masonic Temple and Finds Brick Crumbly—Goes to Top of Flag Pole

After making a number of attempts to climb the top story of the Masonic temple Saturday evening, Harry H. Gardiner, the human fly, announced it could not be done, as the brick were so crumbly he could get no solid hold. He declined to risk his life and returned to terra firma.

To convince the many who were on the streets to see his demonstration that he could sustain his reputation as a climber he easily made his way to the top of the flag pole in the center of the street at the main corners. When he reached the top he was cheered.

The human fly had no trouble in getting to the window ledges of the second floor of the Masonic temple, quickly climbing up the front of the building. His method of scaling the wall was watched with interest and there was some disappointment when he decided not to chance a fall to the sidewalk after he reached the second floor and found the brick in such poor condition for his stunts.

Previous to his performance the American Legion boys sold tags to strengthen their treasury about $125 being secured.

I. O. O. F. NAME OFFICERS.

Tuesday evening took place the semi-annual election of the local lodge of Odd Fellows, resulting as follows:

N. G.—Will Cubitt.

V. G.—Herbert Richart.

Representatives—J. A. Collins and Ed Koernig.

Alternates—John Wyrill and Eugene Service.

BICYCLE THIEVES BUSY.

Some miscreant thoroughly mixed up the bicycles around town Sunday night, evidently exchanging wheels until they found a new one. Monday morning complaints began to come to Marshal Mominee of stolen bikes and strange ones left instead.

Roy Mark's bicycle was found at Will Martin's home, the latter's at Harlow Brownson's, while Brownson's showed up at Ed Packard's in Brownville. Ed Heilman's was among the missing but he did not realize it until the marshal and Ralph Field presented him his own bike. Ralph's wheel was over at Geo. Cole's, while his was also located at the Packard place. The [illegible] recently purchased by [illegible] is still missing.

Tuesday [illegible] reported his wheel also had been stolen and he had to walk to work.

ROBERT PLATT EXPIRES.

Robert Platt, well known here because of his visits with his sister, Mrs. James Aten, and brother, Joseph Platt, passed away Tuesday evening at the home of his sister, Mrs. C. E. Ridgeway, in Detroit. He had been ill for some time withh pernicious aenemia and had resided at his home in Royal Oak until a few weeks ago, when, upon his having become so much worse, he was removed to the Ridgeway home.

The funeral is to be held today at Mt. Clemens, where the interment will also take place.

Mrs. Aten went to Detroit yesterday morning but on account of the serious condition of Mrs. Joseph Platt, Mr. Platt was unable to accompany his sister.

Editorial Comment

Tecumseh soldiery, the memory of the heroic dead and the survivors of America's three great wars, were shown due respect and honor at the Memorial ceremonies Sunday, when a large concourse of our citizens gathered for that purpose.

The G. A. R. boys are passing. A mere handful of the survivors of the Civil war remain and these will soon pass beyond to meet the Great Commander. But Memorial day, with its beautiful ceremonies, will remain as long as our nation exists, and the yearly pilgrimage to the city of the dead will continue in honor of the memory of those who fought for the preservation of the union and its beloved flag.

In one instance we believe Tecumseh is lacking in due respect for the heroes who gave their lives for their country. We refer to Monument park. Here in earlier years was erected a splendid monument to honor fallen heroes. In late years the park has been neglected; in fact it has been maltreated, and such a state of affairs does not look well as to our patriotism.

Since the new high school building has been erected the park has been used as a playground for the pupils of our school. While we are very much in favor of playgrounds and know that such a place is a necessity, it would seem that the people of our school district can afford to provide a suitable place without infringing upon the sanctity of Monument park. Let's keep the old park sacred.

Another [illegible] spot that should [illegible] is the lot [illegible] the first [illegible] erected in memory of the [illegible] Lenawee county. This historic spot should be kept in such condition that one [illegible] pride in showing it to strangers who are interested in [illegible]. A care—m[illegible] ming sh[illegible] place i[illegible]

Tecum[illegible] clean-up week proved a fizzle. Some property owners or occupants cleaned up their premises; others did not. There was no concerted action to obey the mandate of village authority and there was no evidence of enforcing the request. Different methods will be necessary to obtain satisfactory or desired results.

SOLDIER DEAD PAID IMPRESSIVE TRIBUTE

(Continued from Page One)

He is confident that God does everything right. He said the life of the nation has been loyally cared for by the veterans, whom we now have represented in the G. A. R., the Spanish-American and the World war survivors, and those to come, the Boy Scouts.

Mrs. W. D. Reed read the notable speech of Lincoln before the battle of Gettysburg and Mrs. R. S. Moore charmingly sang "The Last March." James Whitcomb Riley's "Decoration Day Down on the Place" was pleasingly read by Miss Marjorie Field. A quartet composed of Miss Metta McKinney of Detroit, Mrs. E. C. Heilman, W. S. Dickinson and Ernest Harris sang "Tenderly We Remember Our Heroes," which was followed by a selection by the Ladies' band.

Mr. Shull, with a few appreciative words, introduced the speaker, Clarke E. Baldwin, of Adrian, the popular attorney, who by his praise of the Civil war veterans and reference to their loyalty through the bitter years, won renewed love in the hearts of his auditors.

He spoke of the 150 of the nation's heroes buried in our own cemetery and of the day set aside to keep green their memory and honor those of the ranks remaining. The speaker was a staunch friend of the late Henry C. Smith and was in Washington much while "Our Henry" was congressman. He had much business in the pension department and even then it was very evident there was a "north and south" feeling. "They spend more time in Washington trying to find technicalities than looking up the justice of the cases. We can't pay the debt of gratitude we owe you, but I am glad you are to have an increase in pension at once," said Mr. Baldwin. He continued:

"We live according to man law, paying no attention to laws laid down by God. We paid no attention to the evils of alcohol, but had to have man law to regulate it. As regards the present unrest, it came from disobeying God's laws. We'll have trouble if we don't take a definite stand.

"I'd like to see on Decoration Day these pastimes done away with, especially when it comes on Sunday."

He strongly commended Abraham Lincoln, saying, "He stood firm in the great storm. He saw the light and stood by until the storm was over.

"The immense loss of life and property in the World war was so needless. This nation must wake up and be alive to the situation for the future. We don't want any more war and questions must be decided by the League of Nations or some other court. Every other nation is looking to ours for the future prospect of war. The greatest lesson taught by the war was that of giving. Anything can be started now and it will be oversubscribed in two days. It was a hard lesson and a hard one to teach it.

[illegible] must preserve this great nation [illegible] those who have gone before."

The exercises closed with a cornet solo, "The Holy City," beautifully given by Clare Camburn. Mrs. F. B. Wood was accompanist for the musical numbers and had arranged the whole splendid program.

The procession then formed to wend its way to the city of the dead. Little Miss Eva Mark on her Shetland led, closely followed by Marshal of the Day Earl Updike and his aides, Floyd Bryan and E. H. VanVleet, on horseback. Next came the Tecumseh Ladies' band in its white uniforms, a firing squad from the military training class of the high school, many school children of the lower grades with flags, a Republic truck handsomely decorated with flags and bunting in which the Ladies band was to ride on the return trip, the flower truck with its load of flowering geraniums and girls in white. Then a long string of cars bearing the officers of the day, the G. A. R., ladies of the auxiliary, Legion men and citizens. Many of the autos were trimmed with flags and the effect of the whole was touching in the extreme and showed that Tecumseh never forgets her loyal sons of the different wars.

At the cemetery the ranks broke and on the graves of the honored dead were placed flowering plants by the Boy Scouts. This service of love completed, the crowd gathered at the soldiers' lot, where the final exercises were given by Commander Keyser, assisted by Comrades J. D. Shull and H. C. Daniels, with several selections by the band. Closing the beautiful ceremonies was the salute given by the firing spuad, led by George Newsom.

Probate Order. State of Michigan, County of Lenawee, ss. Probate Court for said County.

At a session of the probate court for the county of Lenawee, holden at the probate office in the city of Adrian, on the 20th day of May, in the year one thousand nine hundred and twenty.

Present, Hon. Harry L. Larwill, Judge of Probate.

In the matter of the estate of Wright Doty, deceased.

On reading and filing the petition of Thomas Conlin, administrator with the will annexed upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, That Monday, the 21st day of June next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered, That a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulating in said county of Lenawee, for three successive weeks, previous to said day of hearing.

HARRY L. LARWILL,
(A true copy.) Judge of Probate.

Sure Death to Corns

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it lands on a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.

"Gets-It" Spells "Finish" for Corns

Soon, it is almost ready to fall off. You help it just a little by lifting it off 'twixt thumb and finger. You don't even feel it, because there is no hurt left in it. Millions have proved it the cleanest, surest, safest and most pleasant method. "Gets-It," the never failing, guaranteed money-back corn remover costs but a trifle at any drug store. Mf'd by E. Lawrence & Co., Chicago.

Sold in Tecumseh and recommended as the world's best corn remedy by B. J. Pulver and C. A. Wright & Son.—adv.

Price of Lumber Drops
Now is the Time to Build

Here is welcome news to those who plan to build.

The price of building materials has dropped and the decrease has taken effect here.

Some lines have dropped considerable, others less, the average decline being 8 per cent.

WE IMMEDIATELY REDUCED OUR PRICES AND ARE NOW SELLING LUMBER AT THE LOWERED FIGURE.

The lowered price is on our best stocks as well as on the lower grade materials. Shingles, lath and lumber in general underwent a price cut and now is the time to build.

We have a good supply of all kinds of building material.

Coal Prices Certain To Become Higher!

As encouraging as is the news that lumber prices are on the decline, the reports regarding coal are not favorable.

Already very high, coal is certain to advance in price and the increase will go into effect soon. Your time to order your next winter's supply is now.

We are well supplied with practically all grades of coal and can fill your orders promptly.

That fuel will go higher is not a myth but a stern certainty and the prudent ones will act before the advance takes place.

Mary Pickford

In the Dearest Play of all

"POLLYANNA"

At The Bradley

Sunday and Monday

Mary Pickford
Artcraft Pictures

Hundreds of people packed the Bradley on both nights that Mary Pickford was showing there in "Daddy Long Legs" and everyone, both old and young, was highly pleased and entertained by the charming story from Jean Webster's world famous novel, "Daddy Long Legs."

Next Sunday and Monday, June 6 and 7, the managemtnt of the Bradley will offer for your entertainment a play and story that is far more widely read and is known by every man, woman and child in the country and that is "Pollyanna" from the story by Eleanor H. Porter, and of course dainty little Mary Pickford will be seen in the leading role. No actress in the country could play these parts as does Miss Pickford.

No one who saw "Daddy Long Legs" will miss "Pollyanna" and many who did miss "Daddy Long Legs" and heard afterwards what a wonderful picture they missed will be sure to see "Pollyanna."

Because this is her second production under the new arrangement of individual release, every effort has been put forth by Miss Pickford to make "Pollyanna" a bigger and better picture than anything she has ever done before.

Work was begun by the little star on September 15 and the production was not complete until the middle of December. Neither expense or time were spared in the attempt to make "Pollyanna" one hundred per cent. perfect.

In order that a real New England village might be photographed, Director Powell took the entire company 200 miles from Los Angeles to Independence, a town a mile high in the Sierra Nevada mountains and the only typically New England hamlet in the west which had never before "posed" for a movie camera.

When it was found impossible to locate a house that would answer for the home of Aunt Polly, Miss Pickford ordered one built. The set was completed at a cost of $10,000 and consisted of front, side and back, with half a roof. This is said to be the largest single dwelling ever built for a motion picture.

During the making of the County Fair scenes more than 400 people appeared at one time before the camera. Only a few of these were professional players. Most of them were country folk who had come to Independence in response to an "ad" stating that the Pickford company would hold an old-time county fair. As a result "real" people were secured instead of the actors, who at best could only pretend to be real.

Two cameras were used during the filming of "Pollyanna," and a trifle more than 100,000 feet of film were shot, which were cut to six reels, or approximately 6,000 feet.

However, "footage" and "sets" and "locations" have all been secondary matters with Miss Pickford so far as expense was concerned. Her great hope has been to give the public a picture with a soul, a picture that will not entertain for the moment only, but that will live in the hearts of the people always.

In order that everyone might have a chance to see "Pollyanna" the management has arranged to keep the picture here two nights instead of Sunday only so that you will be able to attend either Sunday or Monday evening, and as there are other entertainments scheduled for the early part of week arrange your dates accordingly, but don't miss the dearest play of all, "Pollyanna."

Mrs. Ruth Redlin has applied for a divorce from Louis Redlin on the grounds of cruelty. The couple have lived near Deerfield but Mrs. Redlin was a former Tecumseh girl, Miss Ruth Flager.

Mrs. Jennie Collins of this ctiy delivered the address at the Decoration day exercises held at Rice's cemetery near Milan, Sunday. Flattering reports come from those attending of her address and its splendid delivery.

Lee McConnell and Louis Kehoe were brought home from Ann Arbor yesterday after having been in the homeopathic hospital three weeks, recovering from operations. Mrs. Louis Kehoe drove over to Ann Arbor for them.

Miss Edith and Harrie Smith were in Ann Arbor Monday, going to see their nephew, Carl Smith, who is seriously ill at the homeopathic hospital. Their cousin, Mrs. Banes, of Detroit accompanied them on her return home.

Mr. and Mrs. H. S. Waring had as their guests from Saturday until Monday Mr. and Mrs. Roger L. Waring of Cleveland, Miss Gladys Bond of Ecorse, Mich., Lester R. Waring and John Frantz of Detroit and Miss Katherine Davis of Bay City, Mich.

Last evening at the Presbyterian prayer service Rev. W. A. Rex gave a report of the General Assembly held last week in Philadelphia at which he was a commissioner. He also gave an account of the withdrawal of that church from the Inter-Church World Movement.

George W. Rollin, the popular chef at the Hotel Murry, was arrested Saturday on complaint of his wife, also an employe at the hotel. She accused him of grabbing her arm and hurting her and of non-support. Mr. Rollin was arraigned in Justice Bennett's court in Adrian Tuesday. He pleaded not guilty and his trial is set for next Thursday.

Spt. E. E. Crampton announces the Tecumseh high school has just been admitted to the list approved by the North Central association. This means graduates from the local school are to be admitted to any college or university in Central United States without examination. E. E. Gallup, state director of the agricultural department, was here yesterday, inspecting that work of our high school. He reports the local "ag" department 100 per cent efficient and that only one school in the state is entitled to more of the state money for that department and that is due to its employing two teachers.

A banquet was served most charmingly Tuesday evening by the domestic science classes, with the board of education and their ladies and the faculty as the guests. Accompanying the teachers were Mrs. E. E. Crampton, Mrs. O. W. Laidlaw, J. M. Mulvaney and Louie Schneider. The girls had used a profusion of flowers as decorations and had arranged their tables precisely by rule. The hostesses were chosen from the older classes, Luella Harmon, Julia Ogden and Norma McClure, while other older girls superintended the preparation of the food and its serving. The 34 guests enjoyed the young ladies' hospitality greatly.

Miss Rose Lowry was among the Detroit people here for Decoration day.

Mrs. Mary Henne was home from Grand Rapids over the week end.

Mr. and Mrs. Oscar Lidke returned Tuesday from a few days in Toledo.

Miss Vera Heesen of Toledo is spending a few days with her Tecumseh relatives.

Howard Cheever and Charles Howe have gone to Denver to join the former's brother, Carl.

Mrs. Albert Waring was stricken with paralysis yesterday and is in a critical condition.

J. H. Smith received word the other day of the serious illness of J. I. Look, who is at the Masonic home in Alma.

Miss Albertine Mobbs and Samuel Davis of Detroit were other guests of Mr. and Mrs. A. C. Aylesworth Sunday.

Bert and Thomas Boyd of Detroit and Edward Boyd of Jackson spent Monday with their father, James Boyd.

Mrs. Robt. Calkins and son, Thomas, are guests of her mother, Mrs. George Stone. They are moving from Chicago to make their home in Toledo.

Mrs. Andrew Wilson has been nearly helpless with rheumatism for a couple of weeks. She is at the home of her son, Orton, and family at Rockwood.

Mrs. Henry Wilson entertained from Friday night to Monday her daughter and husband, Mr. and Mrs. Frank Osborne, the Misses Margaret Osborne and Doris Hough and Paul Newman, all of Columbus.

Mrs. Jerre Mahoney of Battle Creek visited her cousin, Miss Edith Gray, the last of the week. Mr. Mahoney joined her and on Sunday they met her father, Nat Doke, of River Rouge and Mr. and Mrs. Clyde Heck of Adrian at the home of Mr. and Mrs. Elmer Blesing.

Fred DuBois of Rochester, N. Y., has been visiting his brother, Floyd DuBois, and family, also relatives at Britton and Ridgeway. Other guests at the DuBois home over the Memorial holidays were Lon Henderson and Mr. and Mrs. Alex Montgomery and children of Toledo.

Mr. and Mrs. Harry M. Cumins and five children visited Mrs. Cumins' aunts, Mrs. Caroline Fenwick and Miss Lucy Train, last week. They were enroute from Oshkosh, Wis., where Mr. Cumins has taught several years, to Flint, where he goes into the insurance business and the family will reside.

Mr. and Mrs. Clifford Austin, newly-weds of a couple of weeks, have begun housekeeping at Bert Nixon's residence. This wedding took place May 22 when Miss Bertha Meyers became the wife of Mr. Austin. The ceremony was performed at the home of Elmer Dueatt, an uncle of the bride, near Newburg.

The Ladies Guild of St. Peter's church met Tuesday afternoon at the parish house. Several matters of business were attended to. It was decided at this meeting to hold the summer sessions at the homes of the members. The meetings will be in the nature of porch parties or afternoon teas. Mrs. T. W. Mingay will open her home for the first of these gatherings Tuesday, June 15. Mrs. Gilmore and Mrs. Harriott will assist in entertaining.

Mr. and Mrs. E. E. Pangborn chaperoned a party of young people at the Hoosier cottage, Sand lake, over Sunday and Monday. In the group were Miss Florence and Donald VanWinkle of Detroit, the Misses Mozella Galloway of Hudson, Lovan Baldwin and Geneva Held also Tom Ashwell and Merval Hall of Toledo, Miss Kathryn Reed, Homer Hanham, Seymour Babcock and Arthur Brown. Dr. Frank Howland and son, Alvin, of Adrian joined the party for Sunday.

BRITTON DEPARTMENT

Moore-Adams Nuptials.

A pretty wedding took place Saturday afternoon at 2:30 o'clock at the Methodist Protestant church when Miss Mabel Adams, eldest daughter of Mr. and Mrs. Jas. Adams, became the bride of Bert Moore, son of Mr. and Mrs. Jas. Moore. The church had been prettily decorated with ferns and flowers and at the appointed time the bridal couple, attended by Miss Ruth Moore, sister of the groom, as bridesmaid, and Clifford Adams, brother of the bride, as groomsman, preceded by little Orvilla Ikle, ringbearer, took their places as the Lohengrin wedding march was being played by Miss Grace Adams. The beautiful double ring marriage service was read by the Rev. Samuel Tamblyn in the presence of 45 relatives.

The bride was prettily gowned in white satin with lace trimmings with a white veil of tulle and carried a bouquet of lilies of the valley. The bridesmaid was attired in blue silk.

Mr. and Mrs. Moore are popular young people in the community, both active in church work. The bride has been for the past three years an efficient teacher in the public schools. The groom, a graduate of our schools, is a hustling young farmer.

After the congratulations they left immediately for their home that had been made ready for them and where they will be pleased to welcome their friends.

The out-of-town guests attending were: Mrs. Chas. Ikle and children of Rome Center, Mr. and Mrs. John Moore, Mr. and Mrs. Jas. Moore, Mr. and Mrs. Wm. Moore, Mr. and Mrs. Frank Poetter and their families and Fred Rouger of Holloway. Mrs. Mattie Shifflet of Downs, Ill., Miss Iva James of Mansfield, Ill., the Misses Nancy and Daisy Hinton of Mahomet, Ill., Mr. and Mrs. Peter Henry of Holloway and Mrs. J. B. King and Alice of Adrian.

Many Out On Memorial Day.

Memorial day, bright and beautiful, was fittingly observed Monday afternoon with appropriate services, held at the M. E. church in Ridgeway, which was well filled. A noticeable and sad fact was that only one Civil war veteran was present, the few remaining survivors in the township being too feeble to be present.

Chas. Foote, president of the day, announced the excellent program. After the piano prelude by Miss Lillian Gorham Rev. J. C. DeRemer led in prayer. Then all joined heartily in the national hymn. Little Phyllis Jones gave a recitation that was composed by her aunt, Miss Ella Hall, of Brooklyn, N. Y., a former resident of Ridgeway township. Other numbers were: Misses Lillian Dibble and Lelah McCarbery gave a piano duet and vocal solos were offered by Mrs .Sam Gibson, Mrs. Francis Stone and Miss Lillian Gorham. Remarks were given by Rev. Combellack in which he could not refrain from congratulating the society upon its well kept cemetery, which was never so beautiful before.

Superintendent A. A. Riddering of the Dundee schools gave a fine address, using "The Fundamentals of a Democratic Government" for his subject.

At the cemetery an important feature was the planting of poppy seeds which were brought from the plains of Juvigny where so many American soldiers fell during the late war. These seeds were given by Dr. Chas. Crane of Grand Rapids to be planted as a memorial for Ridgeway's dead heroes. The reading of the letter with its request was by Rev. Combellack, and during the planting by Mrs. W. L. Jones, Lillian and Donald Gorham sang "The Marseillaise." This was followed by the Boy Scouts, under the direction of their scoutmaster, Rev. J. C. DeRemer, placing a potted geranium upon the grave of those whom the exercises were held for.

John Frayer Home Robbed.

The home of Mr. and Mrs. John Frayer was entered Saturday evening and thoroughly ransacked. A few pieces of jewelry and a number of relices were taken. Early in the evening a young fellow was given his supper and permission to sleep in the barn over night. Mr. Frayer and his family drove to Tecumseh and upon their return found the things in the house much upset, contents of drawers being scattered everywhere. The officers were notified and on Sunday arrested a young man answering the description near Holloway. Mr. and Mrs. Frayer went on Tuesday and identified the youth as the one who called at their place Saturday and also the articles in his possession. He gave his name as Jim Stevens, aged 16, and said he had been kidnapped from his home in Philadelphia and taken to Akron, Ohio. From there he and a companion went to Detroit and since being there had been arrested. He also asserted his companion was with him at the time of entering the Frayer home and that he had part of the plunder. Officers are investigating his story.

Gives Church Picture of Son.

Memorial day was fittingly observed Sunday morning at the Britton Christian church. The special feature of the service was the presentation to the church by George Hawkes of Tecumseh an enlarged photograph, set in an appropriate frame of his son, Capt. Milburn Hawkes. The father has been a member here for many years and has always taken a keen interest in its work though living in Tecumseh for an extended time. Capt. Hawkes, the son, spent his early boyhood in this community. He was serving his country in France in the late war and paid the supreme sacrifice in that service, falling at the head of his company in the battle of the Argonne forests.

Christian Church Notes.

The midyear business meeting of the church, which should be held the first Saturday night in June, has been postponed one week on account of the alumni banquet.

Regular services next Sunday morning.

The Sunday evening services have been discontinued for the present.

M. P. Church Notes.

There will be services Sunday as all are requested to assist the Rea people in their service, that of rededicating their church.

The W. F. M. S. will meet Friday afternoon instead of Saturday.

Britton News Notes.

Mr. and Mrs. Harry Mattis and children and Miss Doris Alexander of Tecumseh and George Alexander and family of Toledo were Saturday and Sunday guests at Will Brisbin's.—Monday guests of Mr. and Mrs. E. G. Price were Mr. and Mrs. Walter Millyard and son and Ivan Robison and family of Detroit.—Garfield Gray, Mr. and Mrs. C. F. Smith, Mrs. J. H. Zeluff, Mrs. Jas. H. S. carried of some of the honors. Donald Exelby received the silver cup for being the best all around athlete. —Friends here have received cards announcing the marriage of Will Gettus to Miss Mary Jackson, the ceremony having been performed Thursday at the home of the bride's aunt in Windsor, Ont. The groom, the son of Mr. and Mrs. Thos. Gettus, is well known here. After a short visit with relatives in St. Thomas, Can., they will be at home in Detroit, where he has a fine position.

How Could He Do It?

A certain well-to-do young business man called at a bank the other day and asked for a loan of $500.00. The banker promptly took his personal note for the amount.

Why could he do this? Simply because as a young man he commenced doing business through the bank. He had learned early in life that the bank could help him in many ways and the banker had learned that this young man was a sticker and could be depended upon. In fact each had learned to stay by the other. Young men, there is a lesson in this for you. Start now to doing all your business through a good bank like ours. Stay by us and we will stay by you.

Pull Together for an American Merchant Marine

The war resulted in the creation of a great merchant marine—10,000,000 tons of American ships which cost us $3,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—

We shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sold to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.

A Mower You Can Keep in Good Cutting Order

When the cutting parts of a mower get out of kilter mower troubles begin—poor cutting, heavy draft and excessive wear usually result.

One of the big advantages of the John Deere Dain Mower is the ability to keep the cutting parts in good working order during the life of the mower. The next time you are in town take time to come in and let us show you why you can get good work out of our mower for years to come.

For instance, you don't have to tear down the mower or send it to a blacksmith shop to re-align the cutter bar or re-center the knife—two simple nut adjustments that can be quickly and easily made right in the field do the job. And the adjustments can be made accurately and they stay made.

Another thing—the John Deere Dain is a mighty easy mower to operate. The powerful lift enables you to raise the bar easily in passing over obstructions or to extreme height. A foot lift working in conjunction with the hand lift makes the mower lift easily.

You never have to back up to get a start in even the heaviest hay. The knife starts cutting the instant the knife is lowered—no lost motion.

You will see big advantages in the drive on this machine—it's extremely simple—the gears are so placed that one set holds the other set in mesh constantly.

The John Deere Dain is the simplest, most powerful and best-built mower we have ever seen. We know it will appeal to you.

[illegible]—it's to your advantage, to know all about this mower before you buy. [illegible] at our store, we want you to see the rest of our line of haying and harvesting machinery. We have a line of machines you can use with satisfaction and profit.

TECUMSEH I. O. O. F. AND REBEKAHS VISIT ONSTED

About 50 members of the local I. O. O. F. and Rebekah lodges wended their way over the bumps and hills to Onsted Friday evening at the invitation of the brothers there to rejoice with them at the burning of the mortgage on their temple. There the Tecumseh people met Rebekahs and Odd Fellows from Adrian, Addison, Morenci and Cement City in one great gathering which was held in the hall beneath the lodge rooms.

The company was further honored by the presence of high officials from the state bodies, the president of the state Rebekah Assembly, Mrs. Lizzie Palmer, of Lansing, the assembly marshal, Mrs. Henrietta Yarick. of Adrian, the grand secretary of the state I. O. O. F. grand lodge, Fred A. Rogers and Wm. Forbes Emery of Grand Rapids, the grand chaplain.

During a program of splendid music by Onsted talent and addresses from the officers of the state lodges, Past Grand Hullihan, the first noble grand of Onstde lodge, put the match to the important document of which the members are so fortunate as to be rid of.

Jacob L. Alderfer, editor of the Onsted News, presided most happily.

After the program ice cream and wafers were served the large company of guests.

What's become of the prejudice against automobiles because they frightened the horses

© 1920

Now cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend *nearly a billion dollars* on tires alone.

Tires are one of the *biggest items* on the car owner's bills.

II

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in *Service*.

Service is what the car owners of this community are looking for nowadays.

And especially the *small car* owners, who put service *first* in figuring their motoring expenditures.

III

Just because a man has a moderate-price car is no reason why he should get any *less service* out of his tires.

We believe that the man with the small car is entitled to *just as good* tire service as the man with the big car—and both are entitled to the *best tire service* they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—*large* and *small*—are coming to us every day for U. S. Tires.

IV

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

ADMITS STEALING BICYCLE.

Ernest Smith was arrested at his home in Ann Arbor yesterday morning by Deputy Sheriff John B. Smith on a warrant charging him with the theft of a bicycle from the Garlinghouse garage. The wheel belonged to Walter Harper and was taken April 29. The bicycle was first seen, since it was stolen, the other day when it was ridden by a Ridgeway lad, who attends the Tecumseh high school. The boy, when questioned, said his father had bought it of some man near Ann Arbor and later the theft was traced to Ernest Smith. He confessed to Judge Hosmer when arraigned in the local justice court, that he rode the wheel to Ann Arbor, trading it for a watch. That he traded for a horse and old Dobbin went for a number of rabbits and $1.

The judge fined the young man $25 and assessed $16.40 costs or 45 days in the county jail. In default of the necessary cash the deputy took his prisoner to Adrian.

PASTOR'S NATAL DAY FITTINGLY OBSERVED

Members of the B. Y. P. U. gave their pastor, Rev. W. R. Curtis, a pleasant surprise Monday evening, the occasion being the 7th anniversary of his natal day.

Upon arriving at the church, where he had been asked to meet for practice on some special music, Rev. Curtis was greeted by the local society and with Alvah Knight as yellmaster it is needless to say this was a very formal (?) greeting.

Out-of-town friends were more sedate and extended to Pastor Curtis their greetings by rendering that grand old favorite, "Auld Lang Syne," with orchestral accompaniment. In the unavoidable absence of the toastmaster, Mr. Morse acted as chairman of the occasion, fittingly introducing the numbers on the program, which was pleasingly augmented by members of the Clark orchestra of Adrian, who with Gerald Roberts delighted the audience with their splendid musical talent.

Rev. Hartzog of Mason, a former pastor of the church and a close friend of Rev. Curtis, sent a letter of greeting which was read by Bessie VanAntwerp.

Miss Ethel Curtis favored with a pleasing piano solo. In her usual genial manner Mrs. Knight gave a comic reading, "The Pastor's Grievances."

So well did Esther Bennett and Florine Redfield of Onsted render their musical numbers that it called forth complimentary remarks from all present.

J. W. Bennett, a schoolmate and life long acquaintance of Pastor Curtis, gave many humorous reminiscences of "Ye Olden Days When 'Will' Was a Boy." Ted McConnell spoke in a complimentary way of Rev. Curtis and his work since coming to Tecumseh.

We are fast learning to love the personage of the picture which Mr. Bennett drew when he stated that of all the memories of the past he cherished most the memory of the "thick mass of dark hair and the smile that won't come off."

An important feature of the evening was an address by Rev. M. S. Waller of Onsted, who proved himself a very pleasing and impressive speaker.

Special mention should be made of the baskets of flowers, in the rational colors, the handiwork of Mrs. Robert Moore, also the birthday cake made by the VanValkenburg sisters.

Here, you fellow with a little money! I have an assortment of good bargains left. If there has been such a rush this spring.

How does a house, all modern, just three blocks from four corners, appeal to you at $3,100?

Then, too, take a look at R. S. Moore's house, corner Chicago street and Maiden lane. Two family flat. Each with complete bath and one with hot water heat. One of the best locations.

Here's another! Billy Fisher's complete and delightfully located home on West Chicago street. With this goes a lot facing Democratic street.

Have many cheaper places, which, considering the high price of building materials, are excellent bargains. Right now I have several customers waiting for places ranging in price from $1,000 to $2,500 in the southern part of town.

Now Mr. Farmer, I have for sale a good sized barn at a low figure, which the owner does not need. This is much cheaper moved to your farm than one erected of new material.

List your property.

Paved Highway Through Tecumseh

NO CONSTRUCTION WORK TO BE DONE THIS YEAR

Lack of Cement Deliveries Cause—Tipton-Adrian Road Sold.

Federal aid road No. 44 through Tecumseh will be a paved highway. The article to the contrary in last week's Herald was in error, the bids advertised for being for sections A-1 and A-2 located in Franklin and Cambridge townships.

The road will be constructed as planned—a pavement 18 feet wide from the east end of Ridgeway township through Tecumseh and Franklin township to a point about a mile west of Tipton village, the remainder of the road to be gravel.

There will be no construction work on the paved portion of this road this year. The cause of the delay is explained in a letter to Rep. Chas. A. Evans from State Highway Commissioner Frank F. Rogers. We quote the following:

"I regret to advise you that it would be useless to advertise the concrete portion of this road at this time as we are not now getting cement delivered to any of our contracts and the difficulty seems to be increasing rather than diminishing with the shortage of cars. I am quite sure that another year we will be able to build this portion of the road for much less money. Just at present the roads which we can build with labor and local materials are the only ones that are making much progress."

Tipton-Adrian Road Sold to Toledo Parties.

The contract for the proposed tar macadam highway from Tipton to Adrian has been let to Skelton-Ryan Co. of Toledo for $26,000 per mile. This highway will be a high class road 24 feet wide, with tarred macadam surface of 16 feet.

The Skelton-Ryan Co. promises to push this road construction through to earliest possible completion, with a gang of workers at the Tipton end and another at Adrian city limits.

The lowest bid on the gravel road north from Tipton was $17,000 per mile and was rejected because deemed too high.

Merchandise Sent W. L. Coller in Plane

W. L. Coller is the first merchant in Tecumseh to receive goods by aeroplane. Yesterday Aviator Hawkes and an assistant flew from Dowagiac with a load of fishing tackle from the James Heddens' Sons, arriving about 10 o'clock. Mr. Coller later took a ride in the airship and Mr. Hawkes gave a thrilling exhibition of fancy flying during the afternoon and early evening.

The aviator went to Milan today and Saturday and Sunday will be in Adrian.

Notice.

Beginning July 2 and including the week ending August 7, I will receive the village taxes each Friday and Saturday at the Lilley State bank.

K. OF P. EMBLEM RING IS GIVEN JAMES ELLIOTT

At its session Thursday evening Tecumseh lodge of Knights of Pythias voted to present one of its old and faithful members, Jas. Elliott, an emblem ring to be worn on his trip abroad. This the committee, K. A. Braman, Robt. Quackenbush and G. J. Ziehr, presented to him, accompanying it with the best wishes of the lodge for a pleasant journey and a safe return. Mr. Elliott was a charter member of the present K. of P. lodge, which was organized in 1895 and a member of the old lodge which was disbanded some time before. He is a past chancellor commander and always a regular attendant at the lodge sessions.

"Clean Up" Order Is to be Enforced

Council Authorizes Health Committee to Have Alley Freed of Rubbish—Complaint Filed Against Junk Yard in Brownville.

Determined that its "clean up" edict shall be productive of the desired result, the Tecumseh council has decided to fulfill its threat to have rubbish carted away in cases where it was not done by those responsible and assess the cost against the property owner. Action to this effect was taken at the Monday evening sesion of the trustees. The first place where this method of disposing of unsightly collections will be put into practice is the alley back of the stores on the north side of Chicago street and east of Evans street. The health committee was authorized to have the

MILK PRODUCERS WILL HAVE MEETING MONDAY

At Grange hall in this city will be held a meeting of the Tecumseh Milk Producers' association Monday evening, and all dairymen from this vicinity are urged to attend.

Officials of the state association will give addresses ,the session to be one of great importance to the dairymen for miles around Tecumseh.

The meeting is to open at 7:30 o'clock.

CARLOAD OF WOOL IS SHIPPED FROM TECUMSEH

Sheep raisers in this vicinity are taking advantage of the Lenawee County Farm Bureau's wool receiving station at the Tecumseh Co-Operative association, 18,625 pounds having been delivered to date at the local assembling point.

This wool was loaded into a car Tuesday and sent to Lansing, where the State Farm Bureau's storehouses are located.

The largest clip received at the local station was 3,504 pounds from Beebe & Sons of Tipton. Other good sized clips were brought in by S. N. Wisner of Franklin, who delivered 2,408 pounds, and Fred Ives and son of Raisin, who unloaded 1,504 pounds.

Mrs. John McIntyre Is Chosen President

Parent-Teachers' Association Annual Meeting Is Largely Attended—Program Much Enjoyed.

Gathering together Thursday evening at the high school were parents and children for a session of the Parent-Teachers' association. In each room was arranged the work of the children in drawing and writing and it was hard to determine which were the prouder, the parents or the youngsters. The drawings both of maps and scenes were excellent and many an older head wondered "how can they do it?" Many of the rooms were beautified with boquets, tributes to the teachers from their fond pupils.

The efforts of the pupils admired, the company of about 400 gathered in the assembly room where they were called to order by Mrs. F. S. Turner, president of the association. She commented on the unfortunate fact that it had seemed impossible to hold more meetings during the school year because of a rush of other events in the town, the epidemic of flu, etc.

Minutes of the preceding meetings were read by Secretary O. W. Laidlaw.

As this was the annual meeting of the association, the president had appointed as a nominating committee the following: Mrs. W. D. Reed, Mrs. Franc S. Gillespie and Miss Mildred Boyce. Mrs. Reed read the committee's report which was as follows:

President—Mrs. John McIntyre.

First Vice President—E. E. Crampton.

Second Vice President—Mrs. F. C. Dickinson.

Secretary—Miss Alice Wimple.

Treasurer—J. H. Smith.

By motion the report of the committee was accepted and the candidates declared elected.

Following the business session was given a delightful program by the little pupils. This included recitations, songs and dramatizations, the latter a pleasing novelty to many of the older auditors. Especially fine was the acting of "The Sleeping Beauty," the story being related by Barbara Williamson, and equally as good was the dramatization of "The Little White Flower," with the story by Deana Graff.

ENTERTAINS FOR TW[illegible] SOON TO BECOME [illegible]

Honoring the approaching weddings of two of the local teachers, Misses Doris Cooley and June Brooks, Mrs. O. W. Laidlaw entertained the lady instructors of the Tecumseh schools and a few other guests at her home Saturday afternoon. The party also took the form of a farewell for the majority of the young ladies as but a few of the present faculty will return in September.

The two especially honored were made the recipients of a miscellaneous shower and the guests passed the afternoon sewing for them. As a result both have many pretty and useful things towards their new homes.

The hostess served a delicious supper.

Daredevil Thrills With Risky Stunts

Johnnie Reynolds Proves Feature of First Free Show—Many Attend Entertainment.

The season's series of free street shows began last evening most auspiciously, Johnnie Reynolds the daredevil, being the feature. He began his act with juggling, but soon was balancing himself on a high stack of chairs perched on six tables placed on the other. Before the evening was over he easily scaled the front of the Masonic temple, hauled four tables to the top of the building also several chairs and balanced himself on these at the edge of the structure as unconcernedly as you please.

There were two other acts on the program, Murry & Ward, a man and woman in comic acrobatics, and Neville & Stetson in man and woman in comic accordion and saxophone, also singing. The Tecumseh Ladies' band provided excellent music.

A large crowd was present, many coming from Milan, Adrian, Clinton and other places.

Ten Are Awarded The Coveted "T"

Roy VanWinkle Elected Captain of 1921 Baseball Team—Sam Sisson to Lead Basketball Five—Athletes Have Feast.

A very pleasant evening was spent last Friday by the Tecumseh high school baseball team on the porch of the home of the captain of this year's nine, Leroy VanWinkle.

The porch was decorated in the high school colors, orange and black, with jack-o-lanterns of the same hue. Above the door was the word "Welcome."

Covers were laid for sixteen at the substantial supper. Each table had for a centerpiece a baseball. During the serving of the menu victrola music was enjoyed.

After the feast an entertaining program was given as follows:

Toastmaster—O. W. Laidlaw.

"Before the Game"—C. W. Price.

"Batteries"—Hile Bricker.

"After the Fifth Inning"—Rip (captain).

"Final Score"—E. E. Crampton (coach).

Baccalaureate Sermon by Rev. W. R. Curtis Teems With Sound Advice to 1920 Gradutes.

The baccalaureate sermon for the 1920 graduating class of Tecumseh high school was given by the Rev. W. R. Curtis at the Presbyterian church Sunday evening, the edifice being well filled with the friends of the class. The pulpit and altar were adorned with a profusion of white flowers and with their green foliage represented the colors of the the class. As a background the front of the choir loft was draped in white covered with spirea. The ushers were Junior boys, the class and Supt. E. E. Crampton being taken to their seats by Russell Abbott, president of the Junior class. The usual devotional exercises of the community services were held by the pastors, the scripture lesson being read by Rev. Geo. Mitchell of Minnesota, who occupied the

NOTICE!

To Savings Depositors:

All persons holding savings books of this bank and who have had money upon deposit one month or more are entitled to interest.

The interest has been extended upon our ledgers and will be credited upon your book whenever presented.

To All Others:

This June we are paying more interest and to a larger number of people than ever before.

We wish you to be among the hundreds who share in this distribution of interest each six months. Make your first deposit now. Deposits made by June 5th will draw interest from the first of the month and thus yield you interest at the next interest payment.

Editorial Comment

Publicity is a wonderful corrector of evils. Attending a session of the state newspaper men in convention at Jackson last week, the writer was pleased to note a topic brought up for discussion that if carried to successful culmination would prove a great public benefit. The topic was to provide a law for causing the publishing of the assessment rolls at frequent intervals.

The question of tax assessment has always been one of more or less disatisfaction as far as equalization is concerned, and since the advent into office of the state tax commission the situation has not been bettered.

We do not mean to reflect upon the character of the men that hold a job on the commission. They probably do their work as conscientiously as their knowledge will permit, but it is impossible for a man to make justifiable estimates in a strange community. The publishing of the assessment roll, however, would put such assessors out of business.

Place the assessment roll in convenient printed form before the eyes of the public and it would not be a great while before a better [illegible] would result. The [illegible]

Mrs. Claud Gray and Mrs. John Taylor of Britton were passengers for Lansing Monday. There they attended the state convention of the Lady Maccabees, representing the Lenawee County association.

John Pentecost and Mrs. F. E. Ford were here from Norvell Tuesday. Mr. and Mrs. Pentecost have been spending most of the time this spring at their farm there. Mrs. Pentecost has been far from well for several weeks.

Mr. and Mrs. Charles Hurry and two daughters of New York and Miss Harriett Hurry of Grand Rapids were over Sunday guests of their mother, Mrs. B. Hurry. On Tuesday Mrs. Charles Hurry and daughters started for California to spend the summer with her parents. Mr. Hurry accompanying them as far as Denver. Upon his return he is to take passage for Europe, where he will spend several months in his work as national secretary for the Y. M. C. A.

To the family friends in Tecumseh comes word of the death of Fred C. Thatcher of Hillsdale, which occurred Monday, May 31, at his home in that city. Mr. Thatcher's wife was a niece of Dr. B. F. Snyder and it was during his visits here with Mrs. Thatcher that Tecumseh people met him and learned to admire him. Mr. Thatcher had conducted a book store in Hillsdale for about thirty years and was popular with both old and young. Dr. Snyder attended the funeral, which was held Thursday. Mrs. Thatcher also lost her mother recently.

Mrs. Albert Benedict closed a very successful school year in the Hanford district June 3 with a program and picnic. The program was composed of music and readings rendered by the pupils at which several of the mothers and other guests were interested listeners. A bountiful dinner was served at which a treat of ice cream was added by the teacher, Mrs. Benedict has had 33 pupils enrolled this year, six of whom she prepared for the eighth grade examination and five for the seventh. She has given such excellent satisfaction that she has been engaged for next year at a much higher salary.

Mention was made in these columns some weeks since of the beautiful bird house completed by Mr. Loomis on his 84th birthday. As the person for whom it was built was unable to take it after it was finished, several bird-lovers have decided to try to raise enough to pay for it by subscription and place it in one of the city parks. It is pointed out that Mr. Loomis, by his intelligent interest and hospitality to our unappreciated feathered friends, has drawn many of them to a permanent residence here, most profitable to us. Those interested say that if more of us do not make some effort to join the three or four public spirited bird-lovers here to encourage their stay with us we will deserve to pay the still higher cost of living which will obtain where there is no protection to insect-eating birds. If people do not awaken to their value soon there may in fact be no living to buy, declart those who have given this matter thought.

WILCOX-HENDERSON WEDDING IN ADRIAN VERY PRETTY EVENT

A wedding of beautiful appointments was that solemnized in Adrian yesterday when Miss Catherine T. Henderson, a former Tecumseh girl, became the wife of Ray B. Wilcox of Adrian.

The home, corner of Maumee and Clinton streets, was charmingly decorated. In the back parlor a background had been arranged of white and green, spirea and iris being freely used and in the windows were hung great baskets of flowers.

To the strains of a wedding march played by Miss Edith Soule, the bridal party proceeded to their place, an aisle being formed of ribbons carried by Robert and Kenneth Bourlan, lads from the Eastern Star villa.

The maid of honor, Miss Ivaline Lamkins, followed, then the four bridesmaids, the Misses Harriett Cornelius, Sophia Bevins. Luella Brower and Lila Chamberlain. The ring bearers were dainty Arlene Cole and Pearl Sartories. At last came the bride on the arm of her father, James Henderson. The groom and his brother of Jackson, as his best man, awaited them and the ceremony was performed by Dr. Anthony of Detroit, a former president of Adrian college, while the bride was a student at that institution. The double ring service was used.

The bride wore an exquisite gown of white satin with pearl triming and a quaint Russian headdress of lace and pearls. The attendants wore organdie, Miss Lamkin in lemon, Miss Cornelius yellow, Miss Bevins green, Miss Brower pink, and Miss Chamberlain lavender. Each carried bouquets of sweet peas tied with tulle of these colors, blending attractively, while the bride carried a shower bouquet of lilies of the valley and bride's roses and the maid of honor salmon pink roses.

After the ceremony and congratulations the 60 guests were served a three-course dinner at handsomely adorned tables, the waiters being the Misses Florence Hoag, Helen Friend, Lois Farrah, Ruth Soule, Grace Johnson and Frances Forte.

The bride's going away gown was a suit of dark blue shadow check with blue hat with a crown of tiny pink rose buds.

After a short honeymoon the bridal couple will begin housekeeping in apartments in the Henderson home.

Miss Henderson lived here with here parents until a few years ago, when the family moved to Adrian. There she finished high school and attended college. For some time she was in the auditor's office in Lansing and later in the Peerless Fence Co. office in Adrian. Mr. Wilcox is in the employ of the Adrian Telegram.

The couple have the congratulations and best wishes of the bride's host of Tecumseh friends.

Mrs. Ruth Thompkins returned from a week's visit in Ogden Saturday.

Alton Whelan was drawing wheat to Clinton Monday and Tuesday.

An insect believed to be the coddling moth is stripping the apple trees in this vicinity.

Just delayed, not defeated, is all we have to say at present in regard to the centralized school project.

Mrs. Alice Norcross was a dinner guest at Rev. Oliver's Sunday.

Mrs. Clarence Fisher was a Tecumseh visitor Monday.

Mrs. W. A. Brown and three children of Detroit have been visiting at the home of Henry Tripp and Mr. Thielan. They have returned to Detroit.

There were two interments in Tipton cemetery June 2. The burial of Frank Fisher was in charge of Guy Belding of Tecumseh and that of Edward Moore, who died in the Kalamazoo state hospital, of a Jackson undertaker.

Carl V. Wisner, writing from Chicago and speaking of the passing of Frank Fisher, says: "I am so sorry for the death of so young a man, whose best years should have been before him. I mourn the loss of a schoolmate and of a friend of fine, sterling qualities of character and true worth. It is a great loss to your community, for a man's life is of value not only to himself and family but to his community."

While almost everybody wants something for nothing, few people are satisfied with what they get that way.

Many a man refuses to trust in the Lord as long as he has a dollar in his pocket.

The absent have their faults and the present their excuses.

LOCAL AND PERSONAL

Charles Skinner, jr., is clerking in Snow's grocery.

Mrs. Lloyd Lewis of Adrian, Mrs. F. E. Derby and Miss Mary Mohr of Tipton visited Miss Ellen Mohr Tuesday.

Mr. and Mrs. Leon Fagan have been visiting their parents, Mr. and Mrs. Fred Fagan and Mr. and Mrs. Lavern Harrison, since Saturday.

Mrs. George Ziehr is in Hillsdale today for the high school commencement. Her niece and nephew, Miss Letha and Reginald Pavey, of that city are members of the class.

Mrs. George Kidman of West Adrian was in town Monday arranging [illegible] for her [illegible]er, Mrs. L. M. Waldron, at the latter's home so she can come for a short stay.

Mrs. Elma Emmett of Philadelphia and Mrs. Pratt of New York City arrived yesterday to visit their aunt, Mrs. J. D. Shull, and family. They are enroute to Northern Wisconsin to visit another daughter of Mrs. Emmett.

Miss Edith Ingersoll, the Tecumseh librarian, accompanied by Miss Clara Wilson, was in Manchester Tuesday afternoon for a round-table gathering of librarians from Adrian, Hudson, Ann Arbor Ypsilanti, Clinton and Manchester.

Mrs. James Aten returned yesterday from Detroit where she has visited her sister, Mrs. C. E. Ridgeway, since the funeral of her brother, Robert Platt, last week. Mrs. Ridgeway accompanied Mrs. Aten to Tecumseh, coming for the funeral of Mrs. Joseph Platt.

A spendid display of lingerie, dresses, aprons and caps, the work of the domestic science classes of the Tecumseh school, has been on exhibit in the large window of the Fred Rosacrans & Sons store several days this week. All the garments are neatly finished, several of them being trimmed exquisitely.

Glen Simerson, who resides on the Foster farm, submitted to an operation Monday for the removal of tonsils. Dr. H. H. Hammel was assisted by Dr. E. E. Hendershott and Nurse Beth Satterthwaite. Another such throat operation was performed Tuesday on Fern, the daughter of Mr. and Mrs. Roy Luce, of Tipton.

There will be a special meeting of the Lenawee county board of supervisors Saturday, June 19. The meeting is to designate a depository of county funds that the good roads work may continue, the Adrian banks having purchased the bonds with the stipulation the money be deposited in these financial institutions.

In a letter to The Herald Congressman Earl C. Michener of this district says congress has adjourned until December 1 and until that time he will have his headquarters in his Adrian office. He asserts that he has made arangements in Washington so that all departmental work referred to him during the recess will be properly cared for. Those who desire to communicate with him are directed to address him at Adrian.

Mr. and Mrs. B. Fealk and two sons of Detroit were Sunday guests of Mr. and Mrs. Wm. Palman.

Mrs. Percy Boyd and little son of Detroit have been guests of her parents, Mr. and Mrs. Thomas Murphy, and other relatives since Saturday.

MRS. ALBERT WARING DIES AFTER A LONG ILLNESS

Mrs. Albert Waring passed away Saturday morning at her home on Mill street, after an illness lasting more than two years. The immediate cause of death, however, was a stroke of paralysis which she suffered three days before and from which she did not recover consciousness.

Mrs. Waring was formerly Miss Jennie Gallatin. She was born in Tecumseh May 6, 1865, the second daughter of John R. and Charity Gallatin, and spent practically her entire life in this vicinity. She was a graduate of Kalamazoo college and of the State Normal at Ypsilanti and became a teacher with much success. She began her work in the rural schools, afterward going to Chicago where she held the position of assistant principal in the Highland Park and the Humbolt schools. She also taught in the Tecumseh high school for several years under Prof. L. M. Kellogg. Mr. Kellogg made a statement to the board of education at one time to this effect: "Miss Gallatin as a woman has few superiors and as a teacher, no peer."

Miss Gallatin was united in marriage to Albert Waring October 29, 1900. Mr. Waring died in 1917 and since Mrs. Waring has made her home with her sister, Mrs. Ada G. Whitford. She was a devout member of the Methodist Episcopal church and taught the Bible class in the Sunday school for the past 21 years. Besides the sister she is survived by four nieces.

The funeral services were held Tuesday afternoon at the home, Rev. C. M. Thompson officiating. Several selections were rendered which were chosen by Mrs. Waring several weeks ago. The Sunday school class, the members of which were so dear to her, were grouped about the casket and a large number of old neighbors and friends were in attendance. Some of her former high school boys carried her to her final resting place in Brookside cemetery.

Those attending from out of town were Mrs. A. E. Kishpaugh, Mrs. Herbert Lindsley, Mr. and Mrs. Will Dorr of Clinton; Ansel J. Kishpaugh, Mrs. Charles V. Kishpaugh and mother, Mrs. Charles Thieman, Mr. and Mrs. H. J. Williams of Adrian, Mrs. F. D. Allen and three children of Rockford, Ill. Beautiful flowers in vases and set pieces were sent by the Methodist Sunday school board, the Laides' Aid and Home Missionary societies as well as by the Sunday school class and from the neighbors about the old home northeast of the city.

Jackson Crescents Here Next Sunday

Tecumseh Independents Blank the Jasper Nine—Expect Fast Opposition in Encounter With Prison City Aggregation.

For Sunday afternoon the Tecumseh Independents have a game booked with the Jackson Crescents here. This team is reported to be one of the fastest in the Penitentiary City and the contest should prove spirited.

The Independents applied the whitewash brush to the Jasper team last Sunday afternoon, the local players scampering around the sacks for a total of seven runs. Howe was in excellent form only one of the opposition getting as far as third base. There was a large attendance, the visiting nine being accompanied by quite a few rooters from Jasper.

Harris, the local catcher, suffered a fractured rib during the contest.

Ernest VanVleet is taking a few days' vacation from the general delivery.

Will Wescott was in Toledo Tuesday on business for the Ferndell store.

Tuesday evening the officers of the Eagles lodge were installed, with W. E. Barrett installing officer. After the business session their annual fish supper was served. The members report blue gills never tasted better. Reason: George Rollin can fry fish. The Eagles will meet only once a month through June, July and August.

When Mrs. John Hall came home from church Sunday morning she found her residence invaded by a happy party of relatives met to honor her birthday. In the group were her daughter, Mrs. Hazel Shough and two children, Harold and Oakley, of Hillsdale, her son, Clarence Hall, wife and son Harold, and Mr. and Mrs. Willis McClue and family of Macon. They had dinner all prepared and after it was disposed of a happy afternoon followed in visiting. Mrs. Hall has a silver meat fork as a souvenir of her family's visit.

Mrs. Mary Prichard is quite sick at Hotel Murry.

B. P. Anderson is in Detroit serving on the federal grand jury.

Mr. and Mrs. John Sherman were at the Sloat cottage, Wampler's lake, Sunday.

Jesse Coller arrived home Tuesday after a visit with relatives and friends at Jackson and Hanover.

Mr. and Mrs. Clarence Sherman and little son, Richard, returned Tuesday from a week's trip to New York state.

Mr. and Mrs. Harold Tribolet of Quincey visited his sister and husband, Mr. and Mrs. J. M. Artman, yesterday.

Mrs. Perrin, Mrs. Logan and the Misses Frances and Elnora Sloat of Manchester visited Mr. and Mrs. John Sherman yesterday.

Many from out of town have accepted invitations to the alumni meeting tomorrow night, one even coming from California.

A son was born to Mr. and Mrs. Lyman Curtiss yesterday morning. Mrs. Roy Lindsay of Detroit is assisting in caring for her sister.

Fred VanCamp of Detroit and Mrs. Gertrude Stevenson of New York City return home today after visiting Mrs. Henry Wilson and Mrs. Abner Wilson.

Mr. and Mrs. George Belding and Guy Belding accompanied Mrs. Leonard Mangus to Ann Arbor Friday where the latter received treatment for her eyes.

A new feature of the Alumni reunion to be held tomorow evening is the admission of friends of the members to the gallery where they may hear the program and see the dancing.

Miss Margaret Osborne, granddaughter of Mrs. Henry Wilson, graduates from a Columbus, Ohio, high school next Thursday. Mrs. Wilson plans to go to Columbus for the event.

Mrs. James McIntyre of Holloway, her son, Ellis, grandson, Loyal, and great-graddaughter, Alma, of Portland were callers at Coller's studio yesterday for a four-generation group photo.

Dr. and Mrs. Ronald Crane start tomorrow morning for Montreal, sailing for England Saturday with a party of friends. There for three months both will take up research work.

Howard Wilson was in Rockwood Sunday to see his mother, Mrs. Andrew Wilson. He found her able to sit up in bed a few minutes at a time and the family hope to bring her home soon.

A reception for Rev. J. J. Preston, the new rector of St. Peter's Episcopal church, and family will be held at the Parish house Tuesday evening at 8 o'clock, to which the ministers of the town are especially invited.

John D. Scott, who has charge of the Detroit office of the Federal Board for Vocational Education, will be at Red Cross headquarters in Adrian on Tuesday, June 15, and will interview any man who is interested in vocational training. Mr. Scott will be in Adrian for one day only and would be pleased to see any of the boys who wish to talk with him.

Prof. and Mrs. Delmar Finch and daughter, Marion, arrived Saturday from Parkersburg, W. Va., to visit their parents, Mr. and Mrs. O. B. Finch and Mrs. J. F. N. Bowen. Miss Donna Bowen of Washington Court House, Ohio, accompanied them to Tecumseh. Tuesday evening Mrs. Bowen and son, Percy, took their guests and Mr. and Mrs. O. B. Finch to the Bowen cottage at Sand lake for a few days' outing.

May 29 K. A. Braman started a clock in the window of his jewelry store with the names of this year's graduating class on the dial and an assortment of prizes were exhibited, which were to go to the names indicated by the hands when the clock stopped. That clock did not run down until yesterday, when the hands indicated first prize, a ring set with a Japanese cultured pearl, to go to Miss Lelah McCarbery, and second, a four-piece cuff and tie set, to Homer Hanham.

Another alleged bicycle thief has been apprehended in the person of Fred June of Tecumseh. He was taken into custody by Deputy Sheriff John B. Smith of this ctiy at Adrian Tuesday. June was in possession of Edward Packard's bicycle. He is alleged to have stolen Jas. Teagarden's wheel here about a week ago, ridden it to Brownville where he abandoned it and took Mr. Packard's bike and rode it to the county seat. The bicycle was brought back by Deputy Smith but the accused was placed in jail to await action in his case. June was out on probation for stealing bicycles when he was arrested for his latest alleged offense.

Mrs. Lavern Austin observed her birthday Tuesday and a party of relatives figured on a surprise for her to celebrate the event. The surprise feature did not work well, as Mrs. Austin expected the party, but a happy occasion resulted. A bountiful picnic dinner was served and Mrs. Austin was remembered with a handkerchief shower. The guests were Mrs. Elmer Camburn, Mrs. Arthur Camburn and Mrs. Claire Camburn of Macon; Mrs. Sarah Austin, Mr. and Mrs. Baron Pennington and son, Kenneth, Mr. and Mrs. John Austin and son, Raymond, Mr. and Mrs. George Field, Marjorie and Ralph, Mr. and Mrs. R. J. McCoy, Mr. and Mrs. Ivan Spitler and baby.

J. F. Rector motored to Detroit Tuesday on business.

Mrs. Bernard Poucher has joined the Tecumseh Ladies' band as solo cornetist.

Mr. and Mrs. Graves and baby of Vermont are guests of Mrs. Charles Waldron.

Mrs. John Watson and little daughter, Caroline, came home from Clinton Tuesday.

George A. Rathbun is in Detroit for a few days on business. In his absence Mrs. Rathbun is visiting her parents in Chelsea.

Mr. and Mrs. Dan Austin entertained their nephews, Seymour Rude, of Chicago and H. W. Rutherford, of St. John Tuesday.

Dr. H. H. Hammel leaves this evening for Benton Harbor where he is to address the meeting of his high school alumni. He expects to return Sunday.

Henry Karcher returned from Chicago Tuesday, where he bought four decks of lambs. He spent one day at the Republican convention and reports a rousing gathering with apparently a strong sentiment in favor of Johnson.

Mrs. Ella Sheldon starts tomorrow for Salem, Ore., to make an extended visit with her son, Louis, and family. She expects to spend next winter with California relatives so will probably be away from Tecumseh about a year.

Miss Eulah Schwartz is visiting relatives and friends in town. She is enroute from closing her school year near Clayton to spend the summer at her home near Wampler's lake. She is remaining over the commencement and alumni meeting.

Mr. and Mrs. John A. Dillon, sr., Mr. and Mrs. William L. Ecker and Mr. and Mrs. Chas. H. Wenig of Hudson attended service at the Methodist church Sunday morning and were guests of Rev. and Mrs. C. M. Thompson for the remainder of the day.

Miss Mattie Wilson arrived in Tecumseh Saturday from Chinook, Mont., to spend several weeks with her mother, Mrs. Joseph Wilson, and sister, Miss Nellie. For nine years she has been deputy county clerk of her county and still retains her ranch which she homesteaded unaided.

E. M. Doran has moved his family from the apartments over the 5 and 10 cent store to the Conklin house on East Pottawatamie street, just vacated by Dr. H. H. Hammel and family. Mrs. Doran's parents, Mr. and Mrs. Frank Haines, moved from Ann Arbor Tuesday and will reside with the Doran family.

One day late last week the home of J. A. West on West Kilbuck street was entered in the absence of the family and the drawers of the sideboard ransacked. A silver chain set with amethyst and a lavalliere set with turquoise with pearl pendant were taken. A neighbor recognized a woman who entered the house without invitation and it is suspected she might be the culprit.

G. A. R. members and the T. B. A. and their families are cordially invited to a social at Comrade Brazee's home Friday, June 18. All members of the T. B. A. are requested to bring a quarter they have earned themselves and tell how they did it in prose or poetry. No quarters refused from nonmembers. They will not be required to tell how they got it. Supper will be served from 5 to 6:30.

Letters received from the Stuckey family state Mrs. R. B. Stuckey fell at her home at Willoughby, Ohio, the other day and sustained a compound fracture of her right arm. She was taken to a Cleveland hospital where X-ray pictures proved the break serious. Her niece, Miss Frances Lewis, of Lafayette, Ind., well known here, is caring for the little son, Robert, and looking after the home during Mrs. Stuckey's stay in the hospital.

Yesterday the eighth grade of the Tecumseh school picnicked at the lakes as their treat after the hard work of the school year. Today the seventh grade is enjoying the scenery and a picnic dinner at Wampler's and tomorrow the ninth grade does likewise. Yesterday Miss Vogt and her kindergarten pupils visited the Kandy Kitchen and had just as much fun in a quiet way as the older children. Other teachers and their charges are amusing themselves today and tomorrow so no one will be slighted.

BRITTON DEPARTMENT

Alumni Banquet Well Attended.

The annual banquet and reception of the alumni of the high school was held Saturday evening, 85 members and guests being present. After all had gathered in the auditorium of the Christian church they were invited to the dining room, which was beautifully decorated for the occasion. The tables of the graduating class were especially attractive with their colors, gray and old rose, with a centerpiece of beautiful flowers. A bountiful two-course banquet was served by the members of the Ladies' Aid society. During the banquet several selections were played on the victrola.

An address of welcome was given by the president of the alumni, Miss Rose Gibson, with a response by Graham Gunder, president of the graduating class. Following this all adjourned to Lenardson's hall, which was also prettily decorated with the class colors, green boughs and cozy corners. The graduating class was then initiated into the alumni, affording much amusement for all.

At the business meeting which followed these officers were elected: President, George Taylor; vice president, C. F. Brown; secretary and treasurer, Lavern Russell.

Music for dancing was furnished by the Britton orchestra and a fine social time was enjoyed until a late hour.

Several out of town guests were present, among them being Mr. and Mrs. Wm. McHugh, James Taylor and the Misses Donna Exelby and Helen Lowe of Detroit, Miss Lillian Russell of Toledo, Mr. and Mrs. Tim McCoughtin of Holloway, the Misses Beth Smith, Julia Craig, Magarret Clark, Annabeth Helmbolt and Dale Fletcher of Adrian college, and Glen Gripton, Clyde Exelby, Carl Schwenkmeyer and Wilber Clark of the U. of M.

Commencement Exercises.

The high school commencement exercises were held Friday evening in Lenardson's opera house. The decorations were elaborate, consisting of pink rosebuds, the class flower, apple blossoms and their class colors, old rose and gray paper festooning. The decorations were supervised by Mrs. Linas Zeluff. R. N. Hayward's orchestra furnished the musical numbers. As the march was being played the class of 14, consisting of Graham Gunder, president; Florence Beal, vice president; Lucille Lowe, secretary; Clara Smith, teasurer; Mary Adams, Gladys Underwood, Velma Swick, Marvin Ball, Ervin Miller, Gladys Craig, Sarah Gettus, Helen Croll, Elmer Eberhardt and Merle Schwenkmeyer, took their places. After the invocation by Rev. J. C. DeRemer the following excellent program was given, each number showing careful thought and preparation:

Salutatory—Elmer Eberhardt.
President's address — Graham Gunder.
Solo—Mrs. S. R. Gibson.
Class history—Mary Adams.
Class prophecy—Florence Beal.
Giftatory—Clara Smith.
Class will—Velma Swick.
Valedictory — Gladys Underwood.

Prof. Frederick B. McKay of the M. S. N. C. gave a forceful address on "Educating for Democracy" which contained many helpful thoughts for all, after which Supt. E. M. Shumar presented the diplomas and the class of 1920 launched, as was suggested by the class motto. "Out of School into Life's School." The services were closed by the benediction by Rev. Samuel Tamblyn.

Gregg-Aebersold Wedding.

A pretty home wedding that came as a surprise to their many friends took place Saturday afternoon at 3 o'clock at the home of Mr. and Mrs. Andy Gregg, when their daughter, Margaret, was united in marriage to Edward J. Aebersold, the impressive ring ceremony being performed by Rev. Samuel Tamblyn in the presence of the immediate family.

The bridal couple were attended by Miss Julia Craig and Ernest Church. The bride and her attendant were both dressed in white.

Mrs. Aebersold was one of our popular young ladies, a graduate of our school, and has just completed a year's work as superintendent of the Macon schools. She is also active in church work. The groom, a resident of Tecumseh, has charge of his farm and is a rural mail carrier. He returned a few months ago from overseas.

After a three weeks' wedding trip to Niagara Falls and different places in Ohio they will be at home on the farm just south of Tecumseh. Their many friends join in the heartiest of congratulations.

The Watched Pot

There is an old saying that "a watched pot never boils". That's why a lot of folks keep a savings account.

It is human nature to want to spend money if you have it in your pocketbook. If it is where you can handle it and count it, it is like the watched pot. The sensible thing is to put it in a good bank where it is safe yet out of your sight with the temptation to spend it removed. This bank invites you to open an account and deposit your money where it will grow.

To Keep American Ships on the Seas

For the first time since the Civil War we have a real merchant marine. It cost us $3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify articles of existing commercial treaties which have [illegible] to thwart the upbuilding of our merchant marine— [illegible] the notice of termination for which the several [illegible]ide.

Get the Big Price for Your Hay

The quality of your hay determines the price. There is often a difference of from $6.00 to $10.00 per ton between choice hay and hay that grades No. 3. Increase your hay-land profits by air-curing your hay.

Air-cured hay is better hay. It holds its color. The leaves do not become brittle. There is little loss in handling. The hay keeps better in the mow, stack or bale, and is more palatable, more digestible and has greater feeding value.

Whether you sell your hay or feed it, your profits are increased when you adopt this system of making hay.

It does not cost you anything extra to air-cure hay. You merely use a Dain System Rake.

The Dain System Rake is the best for this purpose. It is the easiest to operate and you can handle the heaviest hay because, with the incli[illegible], the capacity is the greatest where the quantity of hay handled is largest.

EMPHASIZES VALUE OF BEING PREPARED

(Continued from Page One.)

Presbyterian pulpit that morning, the invocation by Rev. Edward Escolme. Mrs. Havilla Haskins offered a charming solo and then Rev. Curtis gave his able discourse, taking as his theme, "Equipment for Service."

His text was from Matthew 25:4, "But the wise took oil in their vessels with their lamps." He quoted Gen. Foch's "Great battles are won the day before" and and the necessity of ample preparation was repeatedly emphasized.

In part Rev. Curtis said:

"Battles are won by having adequate supplies, which arouses hopefulness, gives determination and grit. Thus, too, was the Panama canal built, before a shovel was used. The railroads are built before a shovel of dirt is turned and the print of next year's auto is now in the hands of the manufacturer. The cost of the finished article is now within his knowledge.

"To discover only enlarges the limitations of our lives. And so we study matter of every form, nature in every development, society in every clime and our lives are only limited by the things we have not learned. We touch these wall of limitations. They feel too uncomfortable by their nearness and we wish them back so we master that which was to us unknown and unseen. With every discovery comes a test to our lives, to adjust ourselves to the discovery. In many cases this calls for the most indomitable courage.

"America today is not taking time to live, hence the temptation of our young people to get out into the mad rush for wealth.

"Many began with you, this class of 1920, but some have stopped their preparation and gone out into the world without 'oil in their lamps.' In later life they will want to borrow of your oil.

"Not what you can get out of the world brings you satisfaction, but what you put into it. Every life should be more than a tombstone epitath: Born —; Died —.

"The prophecy of your tomorrow would be the most interesting reading.

'God kindly veils our eyes
But o'er each step of our onward way
He makes new scenes to rise.'

"Tomorrow's battles may be hard fought battles, but we will prepare for them today. Three things we will need, adequate wind, adequate body, adequate heart.

"Some one has said the body is the stem on which the soul must grow. Clean lives of the present generation will add to the illuminating power of the coming generation.

"A trained mind is one that is trained to function, keen in observation, accurate in perception, sound in judgment, vivid imagination and concentration of will. Billy Sunday said that a jack of all trades can never make a living for himself to say nothing for the girl who is fool enough to marry him. If you only do as well as [illegible] thousand others, [illegible] thousand competitors for the one place.

"Lastly the adequate heart.

"What you do sounds so loud I can't hear what you say. There is a premium on character today as never before.

"I believe the Bible should be a part of the curriculum of every school. Some of you will go out to be teachers. It is more important to know how to build character than cucumbers, morals than mathematics. It is yours to come into the world's moral activities and it should not be with oilless lamps. Faith comes in cans, failures in can'ts.

"Regardless of where your bark may sail, you are safer if you have a tried and true Pilot with you and your landing at the final port will be one of victory and joy."

It doesn't take self-conceit long to put bashfulness out of business.

ashes and garbage which have been accumlating there for years removed and charge the costs to the property owners.

John Mull was spokesman for a committee of residents of Brownville to appear before the council making a plea that some action be taken against George Seitz, who operates a junk yard in that part of the city. Mr. Mull alleged the place was an eyesore and was not kept in a sanitary condition and gave a number of other reasons which he and his neighbors believed were sufficient for having the place complained of cleaned out. He was informed the council had no authority unless the sanitary conditions were such that action could be taken and the health committee was instructed to make an investigation.

Trustee Moore called attention to an editorial in last week's issue of The Herald which reminded the council that the lot north of town containing the boulder marking the place where the first house was erected in Lenawee county was in a neglected condition. He expressed the opinion this lot and the city's parks should be given more care, but no action was taken.

The committee which investigated as to whether the city owned the lot at the southwest corner of Brown and Mill streets made its report. It assured the trustees the city had the title to this lot and recommended Edward Packard's offer of $75 be accepted. The recommendation was adopted.

Barney McCaughan, driver of the fire truck, handed in his resignation, having been offered a better position, but informed the committee on fire and fire limits he would stay on the job if he was granted an increase in pay to $80 a month and be given an extra day off each month. The committee recommended he be granted his request and this was done, although Trustee Hendershott voted against it.

Chairman Pulver, of the committee on streets, reported he had been informed by a spokesman for the day laborers on the streets they would not work for 40 cents an hour. Street Commissioner Kennedy was instructed to hire men at as reasonable a wage as he could.

Chas. A. Hooten, sr., night engineer at the water works, asked for an increase in pay, his request to be given consideration after the committee makes an investigation.

Trustee Campbell, chairman of the committee on water, said he had been making an investigation in regard to the water pipes which are fastened to the big bridge at the north edge of town and believes they could be supported by piers, but the job would be quite expensive. The pipes are tilting the bridge in the opposite direction from which it is supposed to lean. The suggestion was made that the structure could be raised on that side and the feasibility of this is to be ascertained.

A petition signed by residents of Adrian street asked [illegible] water mains be laid on that thoroughfare south of the railroad tracks. As there is no sewer there the water would be used mostly for street sprinkling and the chairman of the committee on water is to interview these taxpayers and suggest the street be oiled instead of water mains laid.

REMAINS OF A SOLDIER ARRIVE HOME FOR BURIAL

On Monday there arrived in Tecumseh the remains of the first of Uncle Sam's fighters from this vicinity to be brought from overseas to be placed in their last resting place with his loved ones in the home cemetery. The body was that of Kenneth A. McIntyre, son of Mr. and Mrs. Ellis McIntyre, of Portland. He had enlisted in Harrison, Mich., early in 1918. This soldier was taken ill with measles on the transport and left by his company in a camp in Winchester, England, where he succumbed to pneumonia August 23, 1918. He was attached to Supply Co., 338th Inf., 85th Division.

Accompanying the remains was Lieut. Joe Russo, who stated 3,000 bodies were brought home on the boat which carried Private McIntyre's remains.

The father, Ellis McIntyre, arrived from Portland Tuesday and the burial took place in the Holloway cemetery yesterday with the service at the grave.

A memorial service was held some time ago in Portland in Private McIntyre's memory.

The deceased was a nephew of the late Clayton McIntyre and had many relatives in this vicinity.

Comrades from the local post of the American Legion acted as pall bearers. They were R. K. Anderson, Percy Bowen, Leon Fagan, Ivan Spitler, Chas. Kidd and Fray Croll.

Among those present for the services were the parents, Mr. and Mrs. E. J. McIntyre, the one brother, Loyal, with his wife and daughter, Alma, of Portland; Mrs. Bradley of Blissfield, Mr. and Mrs. Willard McIntyre, Mr. and Mrs. W. D. McIntyre of Adrian; Mrs. Ned Wood of Dundee.

MRS. JOSEPH PLATT DIES FOLLOWING OPERATION

The death of Mrs. Joseph Platt, so well known and highly respected here, occurred Tuesday at 7 p. m. at Bixby hospital in Adrian. She had undergone a second operation that day. Some weeks ago Mrs. Platt submitted to an operation for the removal of tumors, but serious conditions were found. She had since been fairly comfortable until a few days ago, when she became so much worse another operation was the only hope.

Mrs. Platt was formerly Julia Wilson, daughter of the late Mr. and Mrs. Thomas Wilson. She was born May 2, 1872, in Franklin on the farm which was her home the larger part of her life. Her mother died when she was very young and during her girlhood she and her father lived in this village. She latter attended school at the Raisin Valley seminary.

March 22, 1897, she married Joseph Platt and to comfort him are left a son, Raymond, and a little daughter, Ruth.

Mrs. Platt was a regular attendant at the Tipton Pythian Sisters' lodge, she was a loyal friend, an excellent home maker and one of the best wives and mothers.

Short funeral services are to be held at the home this afternoon at 2 o'clock with services at the Congregational church at Tipton at 2:30. Burial will take place in the family lot in Brookside.

C. N. Graebner is in Montpelier, Ohio, today on business.

Mr. and Mrs. E. E. Berry were in Bucyrus from Saturday to Tuesday.

Miss Dora McBride of Dundee is a guest of Dr. and Mrs. E. D. Brown.

Martin Vestula arrived Monday from Pittsburg to visit his niece, Mrs. Joe O'Pravel, and family.

Edward and Miss Florence Frensdorf of [illegible] were guests of Mr. and Mrs. J. H. Smith Sunday.

John Lucas is suffering from injuries received on his right arm while at work at Brewer's foundry.

Mrs. Wiley VanGieson and daughter, Betty, of Detroit have been visiting Tecumseh relatives this week.

Harry Rosacrans was here from Toledo Tuesday, coming to see his mother, who is improving from her recent illness.

Miss Clara Critchett arrived home from Cleveland yesterday, where she had been nursing for several months.

Miss Ruth Curry closed her school in Morenci Friday. Mr. and Mrs. F. D. Avery drove over after her that afternoon.

Mr. and Mrs. Victor Baker of Bloomdale, Ohio, visited her grandfather, James Elliott, and Mr. and Mrs. Floyd Elliott Sunday.

S. P. Hosmer and daughter, Miss Asenath, entertained a small party at dinner Tuesday night honoring Rev. and Mrs. W. A. Rex.

Mr. and Mrs. J. L. Trann came yesterday from Peoria, Ill. They will make their home in the Adamson house on South Union street.

Mrs. Clara Anderson, Miss Sophia Kempf and William Swick were guests of James Langthorne and family north of town Sunday.

Mrs. Allan Bell arrived the last of the week from Charleston, S. C., to be the guest of her sister and husband, Mr. and Mrs. C. A. Wright.

Harry Stevens came from Detroit last evening to make arrangements for the burial of his aunt, Mrs. Melissa Stevens, which took place this morning.

The first of the Wednesday night dances given by W. L. Coller was a happy affair, just 70 couples attending. Willett's orchestra of Adrian furnished the music.

Mrs. S. W. Anderson, who for some time has lived in Washington with her daughter, Miss Helen, arrived here Tuesday and will make an extended visit with her many friends.

Mr. and Mrs. Harold McClure have been visiting his parents, Mr. and Mrs. Henry McClure, this week. They are enroute from Cincinnati to their home in Detroit on a moter trip

Dr. J. W. Beardsley operated upon Miss Zura Kerr for the removal of tonsils Monday and also performed the same operation on two sons of Henry Politz, who resides on the Ridge.

Clyde McDermott, who has been at Bixby hospital, Adrian, several months for treatment, is to receive his discharge tomorrow and will return to his home in Clinton. He plans to take vocational training next fall.

The W. H. M. S. of the Methodist church will give a porch party with program and refreshments at the home of Mrs. H. R. Conklin Thursday afternoon of next week, June 17. It will be a fine meeting. Be there.

Paneled announcement cards are more fetching than the plain ones and The Herald job printing department is now prepared to furnish this decidedly attractive stationery. As we use only new and the most recent styles of type the finished product is markedly artistic when turned out by our job department.

Judge S. P. Hosmer enjoyed a visit from Oren U. Hovey of Chardon, Ohio, over Monday night. The two rode together in the 6th Cavalry in the Civil war, and the reunion was most delightful. Just 57 years ago yesterday, during the battle of Brandy Station, our friend Hosmer was taken prisoner and laid for many months in the southern prisons.

The remains of Mrs. Melissa Stevens, widow of the late Capt. Stevens, were brought from Detroit this morning and laid to rest in the Stevens lot in Brookside, Rev. J. J. Preston reading the Episcopal burial service. She had passed away at the home of Mr. and Mrs. Harry Stevens Tuesday, where the funeral service was conducted yesterday. Mrs. Stevens was born in Ridgeway 86 years ago and married in 1858. She is survived by three children.

Mr. and Mrs. E. H. Ahrens and daughter, Mrs. Laurence VanGieson, and Mrs. C. A. Ihrkey drove to Jackson Friday. Mr. Ahrens and family enjoyed the banquet given that evening for newspaper men and owners of job plants at the rooms of the Jackson City club. Editor James Schermerhorn of the Detroit Times was the principal speaker of the evening. The banquet served by the Jackson people was splendid as was also the program and entertainment accompanying.

In issuing a proclamation calling on all the people in Michigan to observe Flag day, Monday, June 14, Governor A. E. Sleeper says in part: "It is proposed this year to celebrate, in conjunction with Flag day, June 12 as Neighbors' day to promote nation-wide neighborliness, and June 13 as Community Sunday to impress men and women of all faiths with the spiritualizing influence on the individual of unified neighborhood service." He urges that on June 12, 13 and 14 the Stars and Stripes be displayed on both public and private buildings.

FARM BUREAU WOOL POOL LARGER THAN EXPECTED

Tecumseh farmers will be interested in the fact that hundreds of thousands of pounds of wool already are assembled in the state for the Michigan State Farm Bureau wool pool, the first strictly co-operative enterprise of the kind ever attempted in Michigan. The big warehouse in Lansing purchased by the farm bureau for the pool already is proving inadequate in size and additional quarters in possibly Detroit, Jackson, Kalamazoo or Grand Rapids will have to be obtained. Early estimates for the handling of 2,000,000 pounds of wool in the pool now appear ultra-conservative. All of the 150,000 pounds of wool now in the Lansing warehouse have been trucked in by farmers living even as far away as 100 miles. The opportunity they have of watching the grading of the wool is certain to have the effect of improving the quality of wool raised in Michigan in the future. One of the Farm Bureau wool receiving stations is the Tecumseh Co-Operative Association.

The wise man never boasts because he has never been in jail—yet.

MACON

Cemetery Association Meets.

The annual meeting of the Macon Cemetery association was held in the rest room at the cemetery on Tuesday, June 1. Officers elected were as follows:

President—Cash Mills.
First Vice President—Mrs. L. Davenport.
Second Vice President—Mrs. Revilo Sage.
Third Vice President—Mrs. James Hatch.
Recording Secretary—M. R. Pennington.
Financial Secretary — Miss Blanche Mills.
Treasurer—Mrs. J. F. Koebbe.
Directors—Allen Collins, Albert Collins, Wm. Swick, Rolf Mills and Mrs. F. J. Day.

The cemetery was found to be in good condition owing to the work that had been done this spring and was very much admired by the many people who gathered there on May 30 in honor of our departed soldiers.

In May, 1919, it was necessary to take $100, which was drawing interest at the bank, to help pay expenses during the summer as the dues were not paid as fast as the bills accumulated.

We solicit a personal interest in our beautiful cemetery on the part of every one who has friends or relatives buried there. Dues may be paid to Miss Blanche Mills, who gives a receipt for them, then turns the money over to the treasurer to be placed in a bank from which all bills are paid by check.

Following is a financial statement from June 1, 1919, to June 1, 1920:

RECEIPTS	
Amount carried over	$ 94.41
Cemetery dues received	56.00
By contribution	10.88
By sale of lots	65.00
Dues collected May 30 and June 1	79.00
	$305.29

DISBURSEMENTS	
For band, speakers and flags for Decoration day 1919	$ 30.00
For work in cemetery during the summer	157.85
For oil, file and lock	1.15
For repairs on tools	1.83
	$190.83
Banlance on hand	$114.46

Friends here have received invitations to the marriage of C. J. Wood to Miss Grace Olive Cornwall at Grace Episcopal church in New Haven, Conn., June 12, 1920. Mr. Wood served very successfully as pulpit supply in the Despelder church of South Macon and in the Presbyterian church here while pursuing his studies at Adrian college. His many friends here extend their most hearty congratulations.

The funeral of Mrs. Alice Dimmick-Chambers, who died at the home of her daughter, in Toledo last Thursday, was held Saturday afternoon at the home of Mr. and Mrs. Frank Day. The sermon was by Rev. Combellack, appropriate songs were rendered by Mrs. J. W. Howell and burial was at Macon cemetery. Those present from away were Mr. and Mrs. J. Dimmick and family of Flint; Mr. and Mrs. Chas. Filkins and family, Mr. and Mrs. Frank Bulask and family and Mr. and Mrs. Harry Chambers of Toledo; B. F. Chambers and daughter of Centralia, Ill.; Wm. Chambers and Mrs. Alice Young of Elmdale; Mr. and Mrs. John Howell of Adrian.

About 70 invited guests met at the home of Mr. and Mrs. George Snauble Sunday, June 8, in honor of Mr. and Mrs. Snauble's 40th wedding anniversary. The rooms were adorned with flowering bridal wreath and peonies. A sumptuous pot luck dinner was served to which the guests did ample justice. After enjoying a fine social time the guests dispersed, wishing the hosts many returns of the happy day. The out of town guests were Mrs. Mary Crossman and Mr. and Mrs. Winchell of Jackson, Mr. and Mrs. Frank Pixley and family and Mr. and Mrs. Ralph Suydam and family of Wellsville, Messrs. and Mesdames Jake and Harris Suydam and Miss S. For Sale--Real Estate

Here, you fellow with a little money! I have an assortment of good bargains left if there has been such a rush this spring.

How does a house, all modern, just three blocks from four corners, appeal to you at $3,100?

Then, too, take a look at R. S. Moore's house, corner Chicago street and Maiden lane. Two family flat. Each with complete bath and one with hot water heat. One of the best locations.

Here's another! Billy Fisher's complete and delightfully located home on West Chicago street. With this goes a lot facing Democratic street.

Have many cheaper places, which, considering the high price of building materials, are excellent bargains. Right now I have several customers waiting for places ranging in price from $1,000 to $2,500 in the southern part of town.

Now Mr. Farmer, I have for sale a good sized barn at a low figure, which the owner does not need. This is much cheaper moved to your farm than one erected of new material.

Also a 6-room house with lights in good location going cheap.

List your property.

Alumni Gathering Most Pleasurable

ATTENDANCE IS LARGE AND PROGRAM ENGROSSING.

Leroy VanWinkle, '06, Elected President and Faunt Lenardson Toastmaster for Next Year—Dancing Concludes Function.

One of the best attended, most informal and pleasurable reunions ever held by the members of the Tecumseh High School Alumni association was that of Friday evening. About 250 of the old grads, their betterhalves, the members of the board of education with their ladies and a few of the faculty enjoyed the event to the utmost. Perry Hayden, '19, was the presiding genius, acting as president at the invitation of Florance Keyser Osburn, '08, as the mantle of leadership had fallen to her. The president elected by the association last year, Mrs. D. T. Hall, had been taken by death, the first vice president, Leon McLachlin, had moved to Monroe, leaving the making of the arrangements to Mrs. Osburn. Knowing Mr. Hayden's ability in this line she prevailed on him to undertake this task and her belief in him was not misplaced, as the success of the gathering signifies.

The guests met in the high school assembly where they were received by Mrs. C. A. Bidwell,

SMITH-EGAN

Wednesday evening at the home of Mr. and Mrs. Charles M. Egan in Adrian, their daughter, Beatrice, was united in marriage to Ralph E. Smith, son of Mr. and Mrs. George U. Smith of this city. The marriage vows were read by Rev. Richard E. Lee of Christ Episcopal church, Adrian, before the immediate families.

The rooms were attractively arranged with cathedral candles and pink and white flowers. After the ceremony dinner was served to guests numbering 28.

Among the guests were Mr. and Mrs. George U. Smith, Mrs. S. Henry Smith, Mr. and Mrs. Donald Smith of Tecumseh, Mr. and Mrs. Roy Codling of Bloomington, Ill., Mr. and Mrs. Dale Furman and Norman Beck of Detroit.

Mr. and Mrs. Smith left that evening for an eastern motor trip and after August 1 will be at home to their friends at 108 North VanBuren street, Tecumseh.

RECEPTION.

Tuesday evening a reception was held at St. Peter's parish house honoring Rev. J. J. Preston and wife, who are now settled in the rectory.

There was a good attendance of the church people and the resident ministers and their wives were also present.

The interior of the parish house was very pretty with many boquets and baskets of cut flowers, the work of the young misses of the parish.

Ice cream and cake were served on the lawn, where the guests gathered owing to the heat.

COMMENCEMENT EXERCISES UNUSUALLY INTERESTING

Class of 1920 Has as Motto "Deeds, Not Dreams"—All Numbers on Program Creditably Given—F. B. Wood Makes Presentation.

That the 1920 graduating class of the Tecumseh high school has strong individuality was evidenced by the originality exhibited in their commencement program, which was given at the Bradley opera house Thursday evening before a large crowd of their relatives and friends.

The Juniors had worked faithfully all that day decorating the stage, which, when the work was finished, was effectively yet simply adorned. Great boughs of flowering locust on a white trellis made the background, bringing out the class colors, white and green. Across the front of the stage was another hedge of white and green and wicker chairs and divans completed the garden setting. The class motto, "Deeds, Not Dreams," in white and green was also prominently displayed.

About 8:15 the Juniors, led by their president, Russell Abbott, filed down the west aisle of the Bradley. In front of the stage they formed into two lines between which walked the Seniors as they

Milk Producers Hold Meeting

Listen to Speeches Holding Forth Benefits of Organization.

A meeting of the Tecumseh Milk Producers' association and dairymen of the vicinity held at Grange hall Monday evening was one of great interest to those in attendance.

The meeting was called to order by President Wm. E. Wilson, who stated in brief words the object of the meeting and introduced L. W. Harwood, secretary of the county organization.

Mr. Harwood told of the steps taken so far in organizing the dairymen of the state and county, with a local organization in each township. It was the aim of the association, he said, to place better milk on the market and ask a better price.

R. C. Reed, secretary of the Michigan Milk Producers' association, was the next speaker introduced. Mr. Reed, who is a fluent speaker and of pleasing personality, gave an excellent outline of the work accomplished by the state organization and of plans to be carried out in the future. The association's efforts have been and are directed toward building up the milk industry, not only for to-[illegible] to benefit our children and children's children. This is being done without expensive fighting. On the contrary the distributors are working with the association to build up the milk business. Through the efforts of Mr. Reed Gov. Sleeper appointed a milk commission and today the association stands upon the best of foundations.

The association plans to marshal its field and it is the intention to put out more official testers. Testing alone has saved the producers enough money to pay the running expenses of the association. It is a case of the producer having a check on the buyer as well as the buyer upon the producer.

An extensive advertising campaign is to be promoted to educate the public as to the food value of milk and its products—food that is good for a person from infancy to the end of life.

Mr. Coller, representing a Detroit creamery, was present and made remarks, as did also Mr. Keeney, president of the Franklin association, and Ralp Carr, county farm agent. The latter was very emphatic in his recommendation for dairymen to organize. A. O. Howard and several others also entered the discussion.

Nearly all present that had not previously affiliated with the association signed up at the conclusion of the meeting.

BIG GRANGE MEETING

Morenci Entertains Distinguished Officers and Members of Two States Next Monday.

Monday, June 21, will be a big day in Morenci, the thriving Lenawee village near the Ohio border, when members of the Grange of Ohio and Michigan will be privileged to meet High Priest Charles Gardner, editor of the National Grange Monthly of Springfield, Mass., and prominent State Grange officials.

Grange members are planning to come in decorated cars forming in parade at North Morenci, with the line extending into Morenci village.

Tecumseh Grangers, quite a number of them, expect to participate in the big day.

Culbertson School Reunion.

There will be a meeting of the officers and all others interested in the Clubertson school reunion at the residence of John T. Boyce on Tuesday evening, June 22nd, at 8 o'clock, to make arrangements for the next reunion.

IN TECUMSEH AFTER AN ABSENCE OF 70 YEARS

On making his first visit here in 70 years A. J. Teed of Cadillac, Mich., found but one house which he could identify. This was the home in which he was born 76 years ago. He is the only member of the Teed family surviving.

The house where Mr. Teed was born is now known as the McCowan place, located at the corner of Pottawatamie street and Maiden Lane. His father, P. N. Teed, erected it and the son still has the tools that were used at the time.

A. J. Teed is a veteran of the Civil war and it was while he was on his way home from Port Huron, where he attended the state encampment of the G. A. R., that he decided to come to Tecumseh and again view his birthplace, if the h[illegible] was with a great deal of pleasure that he found the home still standing.

Mr. Teed was for 30 years city enginner in Cadillac but retired some time ago.

ROWE-POCKLINGTON.

The home of Mr. and Mrs. Henry Pocklington on East Chicago street was the scene of a quiet but very pretty wedding Saturday evening, June 12, when their daughter, Miss Pearl, was united in marriage to Fay Rowe of Camden, Mich. At 6:30 they took their places under an arch of ferns and flowers and the ring ceremony was performed by Rev. J. C. Somers of Dundee, Mich.

The bride's dress was of white silk and her boquet bride's roses. The only guest present besides the immediate families of the bride and groom was an intimate friend, Miss Alice House, of Eustis, Fla.

After the ceremony a dainty two-course supper was served by Mrs. John Mahaney. Mr. and Mrs. Rowe returned to Jackson Sunday afternoon and went immediately to their new home at 108 First street, which was in readiness for them.

HIGH SCHOOL NINE A TEAM OF SLUGGERS

Data gathered by Supt. E. E. Crampton, coach of the Tecumseh high school baseball team, shows this nine as an aggregation of hard hitters.

Three members clouted for a percentage of over .400 and a similar number batted over .300.

Here are the batting figures of the members of the team:

	AB	H	Pct.
Van Winkle	48	23	.479
Crittenden	52	24	.462
Harrington	33	15	.455
Sam Sisson	48	19	.396
Hanham	51	20	.392
Osterhout	41	16	.390
Hensen	49	14	.286
Harold Sisson	40	9	.225
Leslie Abbott	28	4	.143
Collins (sub.)	12	4	.333

These facts about the hitting of the team will be of interest:

VanWinkle led the team in hitting by a small margin.

Crittenden got the most hits but failed to wait out the wide ones and ranks second in the percentage.

Harrington was the most efficient in laying down bunts and was of especial value to the team on this account. Hanham also could bunt fairly well.

Abbott got on base more often than the score shows, as when he could not hit he let them hit him.

The team as a whole were above the average in offensive strength.

Advocates Halt in Mad Rush for Gold

Rev. Edward Escolme Says Spiritual Awakening is Needed—Stereopticon Lecture Next Sunday Night.

It was a splendid evangelistic sermon which Rev. Edward Escolme of the [illegible] church delivered in the Baptist church at the community service Sunday evening. The opening service was conducted by Rev. W. R. Curtis, who read the scripture lesson. The blessing of Almighty God was invoked by Rev. C. M. Thompson, who also announced the stereopticon lecture to be given by Dr. Thompkins as the service next Sunday night. As he stated it "A Baptist missionary under the auspices of the Methodist church will lecture in the Presbyterian church." This lecture describes the doctor's work in China and will be preceded in the afternoon by an address to the women of Tecumseh by Mrs. Thompkins.

Following an impressive solo by Mrs. R. S. Moore, Rev. Escolme took his text from St. John III, 16-17, "For God so loved the world that he gave His only begotten son, that whosoever believeth in Him should not perish, but have everlasting life. For God sent not His Son into the world to condemn the world; but that the world through Him might be saved."

Rev. Escolme spoke with feeling of the Christ who condescended to become of our flesh, lived for 33 years and then returned to His Father, coming down from that holy place to be misunderstood, despised.

Some of the names by which He has been called have been truly beautiful and so applicable. First before He came the angel said to Joseph: "Thou shalt call His name Jesus for He shall save His people from their sins." Later John the Baptist said: "Behold the Lamb of God which takes away the sin of the world." The faithful Hebrews brought their lambs, their sacrifices, which symbolized that great offering to be made on Calvary for the sins of the world. "The Good Shepherd giveth His life for His Sheep." "The Son of man came not to be ministered unto but to minister."

About His crucifixion He said: "For this came I into the world." He came to give His life a ransom that He might draw all men to Him. Peter, Stephen, Paul gloried in the cross of Christ, the fact of His satisfactoriness. They based their hopes on the sufficiency of His death.

"If I be lifted up, I will bring all men unto me" means universal salvation to all who will receive it. This nation needs a spiritual awakening; the people must stop in their mad rush for gold and pleasure. It rests upon us to humble ourselves before God and ask Him to revive His kingdom. Let us open our lives and hearts to the presence of the living God.

INDEPENDENTS TO MEET HUDSON NEXT SUNDAY

Tecumseh baseball fans next Sunday afternoon at Athletic park will have an opportunity to see the clever Hudson team contend with the local Independents. If reports can be relied on the nine from the extreme western end of the county is not a slow aggregation and it is predicted the coming clash will make the home men extend themselves.

The fact that Cloyd Bricker, a brother of Hile Bricker, who is a member of the Tecumseh team, plays with Hudson will add interest to the Sunday game.

Last Sunday afternoon's contest was somewhat of a farce, as the Jackson Crescents were much inferior to the Independents. The score, 23 to 5, shows how easily Tecumseh took the game. The locals won in the first inning, they scored ten times. Four tallies were made in the second and five in the third. One more was added in the fifth and three in the sixth. Tecumseh made 21 hits.

Crittenden pitched most of the way for the home team, Drewyor doing the receiving. Three bingles were made off Crittenden.

The poor showing made by the Crescents was a disappointment to the Independents. When this Jackson nine was here last year the teams battled 14 innings before Tecumseh got the long end of the 5 to 4 score.

AN APOLOGY AND RETRACTION.

In the June third, 1920, issue of The Tecumseh Herald, upon the front page and in the lower half of the fifth column, at the same place in which this apology and retraction appears, there was an advertisement under the title of "Citizens" and signed and paid for by Floyd Owens, which article apparently was the outgrowth of the competition which exists between the two ice companies of this village.

Unfortunately the full purport of the advertisement was neither understood nor appreciated by the editors and proprietors of this paper and, had it been, the article would never have been published.

Since the publication, and within the last few days and since we last went to press, one of Tecumseh's respected citizens has insisted upon a retraction and as we, the undersigned, proprietors and publishers of The Tecumseh Herald, never wishing to do any person, including this honored citizen, any injustice and not having intended in any way to do any wrong or injustice and not knowing that said advertisement did by inference or innuendo mean him, gladly and willingly retract all part which we have innocently played in doing him an injustice and disavow ever having had any intention to do him or any other citizen or person an injustice or wrong, as well as our firm belief that what is set forth in said article is untrue and should never have been published.

Willis Schreder Surprised.

Willis Schreder was surprised greatly when on Sunday in walked a party of his relatives, loaded with baskets. A bountiful dinner was soon spread and they passed a happy afternoon. In the company were Mr. and Mrs. Ira Steel and son of Britton, Mr. and Mrs. Clarence Patterson of Adrian, Jerome Squires and family of Milan, Leon Schreder and family and Will Smith and family.

A lot of men look like they had been in the garages too often.

REMAINS OF A SOLDIER ARRIVE HOME FOR BURIAL

On Monday there arrived in Tecumseh the remains of the first of Uncle Sam's fighters from this vicinity to be brought from overseas to be placed in their last resting place with his loved ones in the home cemetery. The body was that of Kenneth A. McIntyre, son of Mr. and Mrs. Ellis McIntyre, of Portland. He had enlisted in Harrison, Mich., early in 1918. This soldier was taken ill with measles on the transport and left by his company in a camp in Winchester, England, where he succumbed to pneumonia August 23, 1918. He was attached to Supply Co., 338th Inf., 85th Division.

Accompanying the remains was Lieut. Joe Russo, who stated 3,000 bodies were brought home on the boat which carried Private McIntyre's remains.

The father, Ellis McIntyre, arrived from Portland Tuesday and the burial took place in the Holloway cemetery yesterday with the service at the grave.

A memorial service was held some time ago in Portland in Private McIntyre's memory.

The deceased was a nephew of the late Clayton McIntyre and had many relatives in this vicinity.

Comrades from the local post of the American Legion acted as pall bearers. They were R. K. Anderson, Percy Bowen, Leon Fagan, Ivan Spitler, Chas. Kidd and Fray Croll.

Among those present for the services were the parents, Mr. and Mrs. E. J. McIntyre, the one brother, Loyal, with his wife and daughter, Alma, of Portland; Mrs. Bradley of Blissfield, Mr. and Mrs. Willard McIntyre, Mr. and Mrs. W. D. McIntyre of Adrian; Mrs. Ned Wood of Dundee.

MRS. JOSEPH PLATT DIES FOLLOWING OPERATION

The death of Mrs. Joseph Platt, so well known and highly respected here, occurred Tuesday at 7 p. m. at Bixby hospital in Adrian. She had undergone a second operation that day. Some weeks ago Mrs. Platt submitted to an operation for the removal of tumors, but serious conditions were found. She had since been fairly comfortable [illegible] a few days ago, when she became so much worse another operation was the only hope.

Mrs. Platt was formerly Julia Wilson, daughter of the late Mr. and Mrs. Thomas Wilson. She was born May 2, 1872, in Franklin on the farm which was her home the larger part of her life. Her mother died when she was very young and during her girlhood she and her father lived in this village. She latter attended school at the Raisin Valley seminary.

March 22, 1897, she married Joseph Platt and to comfort him are left a son, Raymond, and a little daughter, Ruth.

Mrs. Platt was a regular attendant at the Tipton Pythian Sisters' lodge, she was a loyal friend, an excellent home maker and one of the best wives and mothers.

Short funeral services are to be held at the home this afternoon at 2 o'clock with services at the Congregational church at Tipton at 2:30. Burial will take place in the family lot in Brookside.

LOCAL AND PERSONAL

C. N. Graebner is in Montpelier, Ohio, today on business.

Mr. and Mrs. E. E. Berry were in Bucyrus from Saturday to Tuesday.

Miss Dora McBride of Dundee is a guest of Dr. and Mrs. E. J. Brown.

Martin Vestula arrived Monday from Pittsburg to visit his niece, Mrs. Joe O'Pravel, and family.

Edward and Miss Florence Frensdorf of [illegible] were guests of Mr. and Mrs. J. H. Smith Sunday.

John Lucas is suffering from injuries received on his right arm while at work at Brewer's foundry.

Mrs. Wiley VanGieson and daughter, Betty, of Detroit have been visiting Tecumseh relatives this week.

Harry Rosacrans was here from Toledo Tuesday, coming to see his mother, who is improving from her recent illness.

Miss Clara Critchett arrived home from Cleveland yesterday, where she had been nursing for several months.

Miss Ruth Curry closed her school in Morenci Friday. Mr. and Mrs. F. D. Avery drove over after her that afternoon.

Mr. and Mrs. Victor Baker of Bloomdale, Ohio, visited her grandfather, James Elliott, and Mr. and Mrs. Floyd Elliott Sunday.

S. P. Hosmer and daughter, Miss Asenath, entertained a small party at dinner Tuesday night honoring Rev. and Mrs. W. A. Rex.

Mr. and Mrs. J. L. Trann came yesterday from Peoria, Ill. They will make their home in the Adamson house on South Union street.

Mrs. Clara Anderson, Miss Sophia Kempf and William Swick were guests of James Langthorne and family north of town Sunday.

Mrs. Allan Bell arrived the last of the week from Charleston, S. C., to be the guest of her sister and husband, Mr. and Mrs. C. A. Wright.

Harry Stevens came from Detroit last evening to make arrangements for the burial of his aunt, Mrs. Melissa Stevens, which took place this morning.

The first of the Wednesday night dances given by W. L. Coller was a happy affair, just 70 couples attending. Willett's orchestra of Adrian furnished the music.

Mrs. S. W. Anderson, who for some time has lived in Washington with her daughter, Miss Helen, arrived here Tuesday and will make an extended visit with her many friends.

Mr. and Mrs. Harold McClure have been visiting his parents, Mr. and Mrs. Henry McClure, this week. They are enroute from Cincinnati to their home in Detroit on a motor trip.

Dr. J. W. Beardsley operated upon Miss Zura Kerr for the removal of tonsils Monday and also performed the same operation on two sons of Henry Politz, who resides on the Ridge.

Clyde McDermott, who has been at Bixby hospital, Adrian, several months for treatment, is to receive his discharge tomorrow and will return to his home in Clinton. He plans to take vocational training next fall.

The W. H. M. S. of the Methodist church will give a porch party with program and refreshments at the home of Mrs. H. R. Conklin Thursday afternoon of next week, June 17. It will be a fine meeting. Be there.

Mrs. Hiram Westcott passed away at 9:30 o'clock this forenoon at her home on South VanBuren street, after a prolonged illness with heart trouble. No funeral arrangements had been made at the time of our going to press.

B Earl Smith will be superintendent of the schools at Grayling next year. For several years he has been principal at South Haven. Mrs. Smith and children will visit her mother, Mrs. John Anderson, part of the summer.

Mr. and Mrs. B. J. Janssen of New York City and the latter's sister, Mrs. H. T. Dunn, of Detroit have been guests of Mr. and Mrs. R. K. Anderson and Mr. and Mrs. C. A. Bidwell this week. Mr. Dunn was here from Detroit over Sunday.

Paneled announcement cards are more fetching than the plain ones and The Herald job printing department is now prepared to furnish this decidedly attractive stationery. As we use only new and the most recent styles of type the finished product is markedly artistic when turned out by our job department.

Judge S. P. Hosmer enjoyed a visit from Oren U. Hovey of Chardon, Ohio, over Monday night. The two rode together in the 6th Cavalry in the Civil war, and the reunion was most delightful. Just 57 years ago yesterday, during the battle of Brandy Station, our friend Hosmer was taken prisoner and laid for many months in the southern prisons.

The remains of Mrs. Melissa Stevens, widow of the late Capt. Stevens, were brought from Detroit this morning and laid to rest in the Stevens lot in Brookside, Rev. J. J. Preston reading the Episcopal burial service. She had passed away at the home of Mr. and Mrs. Harry Stevens Tuesday, where the funeral service was conducted yesterday. Mrs. Stevens was born in Ridgeway 86 years ago and married in 1858. She is survived by three children.

Mr. and Mrs. E. H. Ahrens and daughter, Mrs. Laurence VanGieson, and Mrs. C. A. Ihrkey drove to Jackson Friday. Mr. Ahrens and family enjoyed the banquet given that evening for newspaper men and owners of job plants at the rooms of the Jackson City club. Editor James Schermerhorn of the Detroit Times was the principal speaker of the evening. The banquet served by the Jackson people was splendid as was also the program and entertainment accompanying.

In issuing a proclamation calling on all the people in Michigan to observe Flag day, Monday, June 14, Governor A. E. Sleeper says in part: "It is proposed this year to celebrate, in conjunction with Flag day, June 12 as Neighbors' day to promote nation-wide neighborliness, and June 13 as Community Sunday to impress men and women of all faiths with the spiritualizing influence on the individual of unified neighborhood service." He urges that on June 12, 13 and 14 the Stars and Stripes be displayed on both public and private buildings.

FARM BUREAU WOOL POOL LARGER THAN EXPECTED

Tecumseh farmers will be interested in the fact that hundreds of thousands of pounds of wool already are assembled in the state for the Michigan State Farm Bureau wool pool, the first strictly co-operative enterprise of the kind ever attempted in Michigan. The big warehouse in Lansing purchased by the farm bureau for the pool already is proving inadequate in size and additional quarters in possibly Detroit, Jackson, Kalamazoo or Grand Rapids will have to be obtained. Early estimates for the handling of 2,000,000 pounds of wool in the pool now appear ultra-conservative. All of the 150,000 pounds of wool now in the Lansing warehouse have been trucked in by farmers living even as far away as 100 miles. The opportunity they have of watching the grading of the wool is certain to have the effect of improving the quality of wool raised in Michigan in the future. One of the Farm Bureau wool receiving stations is the Tecumseh Co-Operative Association.

MACON

Cemetery Association Meets.

The annual meeting of the Macon Cemetery association was held in the rest room at the cemetery on Tuesday, June 1. Officers elected were as follows:

President—Cash Mills.
First Vice President—Mrs. L. Davenport.
Second Vice President—Mrs. Revilo Sage.
Third Vice President—Mrs. James Hatch.
Recording Secretary—M. R. Pennington.
Financial Secretary — Miss Blanche Mills.
Treasurer—Mrs. J. F. Koebbe.
Directors—Allen Collins, Albert Collins, Wm. Swick, Rolf Mills and Mrs. F. J. Day.

The cemetery was found to be in good condition owing to the work that had been done this spring and was very much admired by the many people who gathered there on May 30 in honor of our departed soldiers.

In May, 1919, it was necessary to take $100, which was drawing interest at the bank, to help pay expenses during the summer as the dues were not paid as fast as the bills accumulated.

We solicit a personal interest in our beautiful cemetery on the part of every one who has friends or relatives buried there. Dues may be paid to Miss Blanche Mills, who gives a receipt for them, then turns the money over to the treasurer to be placed in a bank from which all bills are paid by check.

Following is a financial statement from June 1, 1919, to June 1, 1920:

RECEIPTS	
Amount carried over	$ 94.41
Cemetery dues received	56.00
By contribution	10.88
By sale of lots	65.00
Dues collected May 30 and June 1	79.00
	$305.29
DISBURSEMENTS	
For band, speakers and flags for Decoration day 1919	$ 30.00
For work in cemetery during the summer	157.85
For oil, file and lock	1.15
For repairs on tools	1.83
	$190.83
Banlance on hand	$114.46

Friends here have received invitations to the marriage of C. J. Wood to Miss Grace Olive Cornwall at Grace Episcopal church in New Haven, Conn., June 12, 1920. Mr. Wood served very successfully as pulpit supply in the Despelder church of South Macon and in the Presbyterian church here while pursuing his studies at Adrian college. His many friends here extend their most hearty congratulations.

The funeral of Mrs. Alice Dimmick-Chambers, who died at the home of her daughter, in Toledo last Thursday, was held Saturday afternoon at the home of Mr. and Mrs. Frank Day. The sermon was by Rev. Combellack, appropriate songs were rendered by Mrs. J. W. Howell and burial was at Macon cemetery. Those present from away were Mr. and Mrs. J. Dimmick and family of Flint; Mr. and Mrs. Chas. Elkins and family, Mr. and Mrs. Frank Bulask and family and Mr. and Mrs. Harry Chambers of Toledo; B. F. Chambers and daughter of Centralia, Ill.; Wm. Chambers and Mrs. Alice Young of Elmdale; Mr. and Mrs. John Howell of Adrian.

About 70 invited guests met at the home of Mr. and Mrs. George Snauble Sunday, June 8, in honor of Mr. and Mrs. Snauble's 40th wedding anniversary. The rooms were adorned with flowering bridal wreath and peonies. A sumptuous pot luck dinner was served to which the guests did ample justice. After enjoying a fine social time the guests dispersed, wishing the hosts many returns of the happy day. The out of town guests were Mrs. Mary Crossman and Mr. and Mrs. Winchell of Jackson, Mr. and Mrs. Frank Pixley and family and Mr. and Mrs. Ralph Suydam and family of Wellsville, Messrs. and Mesdames Jake and Harris Suydam and Miss S. For Sale--Real Estate

Here, you fellow with a little money! I have an assortment of good bargains left if there has been such a rush this spring.

How does a house, all modern, just three blocks from four corners, appeal to you at $3,100?

Then, too, take a look at R. S. Moore's house, corner Chicago street and Maiden lane. Two family flat. Each with complete bath and one with hot water heat. One of the best locations.

Here's another! Billy Fisher's complete and delightfully located home on West Chicago street. With this goes a lot facing Democratic street.

Have many cheaper places, which, considering the high price of building materials, are excellent bargains. Right now I have several customers waiting for places ranging in price from $1,000 to $2,500 in the southern part of town.

Now Mr. Farmer, I have for sale a good sized barn at a low figure, which the owner does not need. This is much cheaper moved to your farm than one erected of new material.

Also a 6-room house with lights in good location going cheap.

List your property.

Alumni Gathering Most Pleasurable

ATTENDANCE IS LARGE AND PROGRAM ENGROSSING.

Leroy VanWinkle, '06, Elected President and Faunt Lenardson Toastmaster for Next Year—Dancing Concludes Function.

One of the best attended, most informal and pleasurable reunions ever held by the members of the Tecumseh High School Alumni association was that of Friday evening. About 250 of the old grads, their betterhalves, the members of the board of education with their ladies and a few of the faculty enjoyed the event to the utmost. Perry Hayden, '19, was the presiding genius, acting as president at the invitation of Florance Keyser Osburn, '08, as the mantle of leadership had fallen to her. The president elected by the association last year, Mrs. D. T. Hall, had been taken by death, the first vice president, Leon McLachlin, had moved to Monroe, leaving the making of the arrangements to Mrs. Osburn. Knowing Mr. Hayden's ability in this line she prevailed on him to undertake this task and her belief in him was not misplaced, as the success of the gathering signifies.

The guests met in the high school assembly where they were received by Mrs. C. A. Bidwell,

SMITH-EGAN

Wednesday evening at the home of Mr. and Mrs. Charles M. Egan in Adrian, their daughter, Beatrice, was united in marriage to Ralph E. Smith, son of Mr. and Mrs. George U. Smith of this city. The marriage vows were read by Rev. Richard E. Lee of Christ Episcopal church, Adrian, before the immediate families.

The rooms were attractively arranged with cathedral candles and pink and white flowers. After the ceremony dinner was served to guests numbering 28.

Among the guests were Mr. and Mrs. George U. Smith, Mrs. S. Henry Smith, Mr. and Mrs. Donald Smith of Tecumseh, Mr. and Mrs. Roy Codling of Bloomington, Ill., Mr. and Mrs. Dale Furman and Norman Beck of Detroit.

Mr. and Mrs. Smith left that evening for an eastern motor trip and after August 1 will be at home to their friends at 108 North VanBuren street, Tecumseh.

RECEPTION.

Tuesday evening a reception was held at St. Peter's parish house honoring Rev. J. J. Preston and wife, who are now settled in the rectory.

There was a good attendance of the church people and the resident ministers and their wives were also present.

The [illegible] house was very pretty with many boquets and baskets of cut flowers, the work of the young misses of the parish.

Ice cream and cake were served on the lawn, where the guests gathered owing to the heat.

Class of 1920 Has as Motto "Deeds, Not Dreams"—All Numbers on Program Creditably Given—F. B. Wood Makes Presentation.

That the 1920 graduating class of the Tecumseh high school has strong individuality was evidenced by the originality exhibited in their commencement program, which was given at the Bradley opera house Thursday evening before a large crowd of their relatives and friends.

The Juniors had worked faithfully all that day decorating the stage, which, when the work was finished, was effectively yet simply adorned. Great boughs of flowering locust on a white trellis made the background, bringing out the class colors, white and green. Across the front of the stage was another hedge of white and green and wicker chairs and divans completed the garden setting. The class motto, "Deeds, Not Dreams," in white and green was also prominently displayed.

About 8:15 the Juniors, led by their president, Russell Abbott, filed down the west aisle of the Bradley. In front of the stage they formed into two lines between which walked the Seniors as they

Milk Producers Hold Meeting

Listen to Speeches Holding Forth Benefits of Organization.

A meeting of the Tecumseh Milk Producers' association and dairymen of the vicinity held at Grange hall Monday evening was one of great interest to those in attendance.

The meeting was called to order by President Wm. E. Wilson, who stated in brief words the object of the meeting and introduced L. W. Harwood, secretary of the county organization.

Mr. Harwood told of the steps taken so far in organizing the dairymen of the state and county, with a local organization in each township. It was the aim of the association, he said, to place better milk on the market and ask a better price.

R. C. Reed, secretary of the Michigan Milk Producers' association, was the next speaker introduced. Mr. Reed, who is a fluent speaker and of pleasing personality, gave an excellent outline of the work accomplished by the state organization and of plans to be carried out in the future. The association's efforts have been and are directed toward building up the milk industry, not only for today, but for years to come, to benefit our children and children's children. This is being done without expensive fighting. On the contrary the distributors are working with the association to build up the milk business. Through the efforts of Mr. Reed Gov. Sleeper appointed a milk commission and today the association stands upon the best of foundations.

The association plans to marshal its field and it is the intention to put out more official testers. Testing alone has saved the producers enough money to pay the running expenses of the association. It is a case of the producer having a check on the buyer as well as the buyer upon the producer.

An extensive advertising campaign is to be promoted to educate the public as to the food value of milk and its products—food that is good for a person from infancy to the end of life.

Mr. Coller, representing a Detroit creamery, was present and made remarks, as did also Mr. Keeney, president of the Franklin association, and Ralp Carr, county farm agent. The latter was very emphatic in his recommendation for dairymen to organize. A. O. Howard and several others also entered the discussion.

Nearly all present that had not previously affiliated with the association signed up at the conclusion of the meeting.

BIG GRANGE MEETING

Morenci Entertains Distinguished Officers and Members of Two States Next Monday.

Monday, June 21, will be a big day in Morenci, the thriving Lenawee village near the Ohio border, when members of the Grange of Ohio and Michigan will be privilledged to meet High Priest Charles Gardner, editor of the National Grange Monthly of Springfield, Mass., and prominent State Grange officials.

Grange members are planning to come in decorated cars forming in parade at North Morenci, with the line extending into Morenci village.

Tecumseh Grangers, quite a number of them, expect to participate in the big day.

IN TECUMSEH AFTER AN ABSENCE OF 70 YEARS

On making his first visit here in 70 years A. J. Teed of Cadillac, Mich., found but one house which he could identify. This was the home in which he was born 76 years ago. He is the only member of the Teed family surviving.

The house where Mr. Teed was born is now known as the McCowan place, located at the corner of Pottawatamie street and Maiden Lane. His father, P. N. Teed, erected it and the son still has the tools that were used at the time.

A. J. Teed is a veteran of the Civil war and it was while he was on his way home from Port Huron, [illegible] the state encampment of the G. A. R., that he decided to come to Tecumseh and again view his birthplace if the house had not been razed. It was with a great deal of pleasure that he found the home still standing.

Mr. Teed was for 30 years city enginner in Cadillac but retired some time ago.

ROWE-POCKLINGTON.

The home of Mr. and Mrs. Henry Pocklington on East Chicago street was the scene of a quiet but very pretty wedding Saturday evening, June 12, when their daughter, Miss Pearl, was united in marriage to Fay Rowe of Camden, Mich. At 6:30 they took their places under an arch of ferns and flowers and the ring ceremony was performed by Rev. J. C. Somers of Dundee, Mich.

The bride's dress was of white silk and her boquet bride's roses. The only guest present besides the immediate families of the bride and groom was an intimate friend, Miss Alice House, of Eustis, Fla.

After the ceremony a dainty two-course supper was served by Mrs. John Mahaney. Mr. and Mrs. Rowe returned to Jackson Sunday afternoon and went immediately to their new home at 108 First street, which was in readiness for them.

HIGH SCHOOL NINE A TEAM OF SLUGGERS

Data gathered by Supt. E. E. Crampton, coach of the Tecumseh high school baseball team, shows this nine as an aggregation of hard hitters.

Three members clouted for a percentage of over .400 and a similar number batted over .300.

Here are the batting figures of the members of the team:

	AB	H	Pct.
Van Winkle	48	23	.479
Crittenden	52	24	.462
Harrington	33	15	.455
Sam Sisson	48	19	.396
Hanham	51	20	.392
Osterhout	41	16	.390
Hensen	49	14	.286
Harold Sisson	40	9	.225
Leslie Abbott	28	4	.143
Collins (sub.)	12	4	.333

These facts about the hitting of the team will be of interest:

VanWinkle led the team in hitting by a small margin.

Crittenden got the most hits but failed to wait out the wide ones and ranks second in the percentage.

Harrington was the most efficient in laying down bunts and was of especial value to the team on this account. Hanham also could bunt fairly well.

Abbott got on base more often than the score shows, as when he could not hit he let them hit him.

The team as a whole were above the average in offensive strength.

Advocates Halt in Mad Rush for Gold

Rev. Edward Escolme Says Spiritual Awakening is Needed—Stereopticon Lecture Next Sunday Night.

It was a splendid evangelistic sermon which Rev. Edward Escolme of the Friends church delivered in the Baptist church at the community service Sunday evening. The opening service was conducted by Rev. W. R. Curtis, who read the scripture lesson. The blessing of Almighty God was invoked by Rev. C. M. Thompson, who also announced the stereopticon lecture to be given by Dr. Thompkins as the service next Sunday night. As he stated it "A Baptist missionary under the auspices of the Methodist church will lecture in the Presbyterian church." This lecture describes the doctor's work in China and will be preceded in the afternoon by an address to the women of Tecumseh by Mrs. Thompkins.

Following an impressive solo by Mrs. R. S. Moore, Rev. Escolme took his text from St. John III, 16-17, "For God so loved the world that he gave His only begotten son, that whosoever believeth in Him should not perish, but have everlasting life. For God sent not His Son into the world to condemn the world; but that the world through Him might be saved."

Rev. Escolme spoke with feeling of the Christ who condescended to become of our flesh, lived for 33 years and then returned to His Father, coming down from that holy place to be misunderstood, despised.

Some of the names by which He has been called have been truly beautiful and so applicable. First before He came the angel said to Joseph: "Thou shalt call His name Jesus for He shall save His people from their sins." Later John the Baptist said: "Behold the Lamb of God which takes away the sin of the world." The faithful Hebrews brought their lambs, their sacrifices, which symbolized that great offering to be made on Calvary for the sins of the world. "The Good Shepherd giveth His life for His Sheep." "The Son of man came not to be ministered unto but to minister."

About His crucifixion He said: "For this came I into the world." He came to give His life a ransom that He might draw all men to Him. Peter, Stephen, Paul gloried in the cross of Christ, the fact of His satisfactoriness. They based their hopes on the sufficiency of His death.

"If I be lifted up, I will bring all men unto me" means universal salvation to all who will receive it. This nation needs a spiritual awakening; the people must stop in their mad rush for gold and pleasure. It rests upon us to humble ourselves before God and ask Him to revive His kingdom. Let us open our lives and hearts to the presence of the living God.

INDEPENDENTS TO MEET HUDSON NEXT SUNDAY

Tecumseh baseball fans next Sunday afternoon at Athletic park will have an opportunity to see the clever Hudson team contend with the local Independents. If reports can be relied on the nine from the extreme western end of the county is not a slow aggregation and it is predicted the coming clash will make the home men extend themselves.

The fact that Cloyd Bricker, a brother of Hile Bricker, who is a member of the Tecumseh team, plays with Hudson will add interest to the Sunday game.

Last Sunday afternoon's contest was somewhat of a farce, as the Jackson Crescents were much inferior to the Independents. The score, 23 to 5, shows how easily Tecumseh took the game. The locals won in the first inning, as they scored ten times. Four tallies were made in the second and five in the third. One more was added in the fifth and three in the sixth. Tecumseh made 21 hits.

Crittenden pitched most of the way for the home team, Drewyor doing the receiving. Three bingles were made off Crittenden.

The poor showing made by the Crescents was a disappointment to the Independents. When this Jackson nine was here last year the teams battled 14 innings before Tecumseh got the long end of the 5 to 4 score.

AN APOLOGY AND RETRACTION.

In the June third, 1920, issue of The Tecumseh Herald, upon the front page and in the lower half of the fifth column, at the same place in which this apology and retraction appears, there was an advertisement under the title of "Citizens" and signed and paid for by Floyd Owens, which article apparently was the outgrowth of the competition which exists between the two ice companies of this village.

Unfortunately the full purport of the advertisement was neither understood nor appreciated by the editors and proprietors of this paper and, had it been, the article would never have been published.

Since the publication, and within the last few days and since we last went to press, one of Tecumseh's respected citizens has insisted upon a retraction and as we, the undersigned, proprietors and publishers of The Tecumseh Herald, never wishing to do any person, including this honored citizen, any injustice and not having intended in any way to do any wrong or injustice and not knowing that said advertisement did by inference or innuendo mean him, gladly and willingly retract all part which we have innocently played in doing him an injustice and disavow ever having had any intention to do him or any other citizen or person an injustice or wrong, as well as our firm belief that what is set forth in said article is untrue and should never have been published.

Willis Schreder Surprised.

Willis Schreder was surprised greatly when on Sunday in walked a party of his relatives, loaded with baskets. A bountiful dinner was soon spread and they passed a happy afternoon. In the company were Mr. and Mrs. Ira Steel and son of Britton, Mr. and Mrs. Clarence Patterson of Adrian, Jerome Squires and family of Milan, Leon Schreder and family and Will Smith and family.

A lot of men look like they had been in the garages too often.

Editorial Comment

The national Republican presidential convention, which closed in Chicago Saturday, selected Senator Warren G. Harding of Ohio and Gov., Calvin Coolidge of Massachusetts as its stardard bearers in the coming great presidential race.

As a presidential candidate Senator Harding does not appear as an unknown quantity, although few thought him a possible successful candidate at the opening of the big convention. For years he has been identified with the leaders of the Republican party and as a citizen he is a character beyond reproach. He is an orator of quality and personal magnetism, a business man and a gentleman of dignity.

Senator Harding's running mate, Gov. Coolidge, has won distinction as an American by his impartial and fearless administration of the affairs of Massachusetts.

About the platform upon which these two gentlemen expect to reach the White House little can be said at this time. We will have to await further statements and some explanations. Senator Harding voted for the league of nations, with reservatoins, and evidently favors a world tribunal of justice. Whether the party could have made a better choice is problematic.

But the campaign is warming up and after the big Democratic convention we will all hurrah for our favorite candidates to our heart's content.

Farmers of Lenawee county are getting wise. They are beginning to believe more thoroughly in organization. This is proven by the healthy growth of the Milk Producers' association, as shown at a meeting Monday evening. Paying exhorbitant prices for the necessities of life, gets the farmer thinking about his end of the game. Where does he come in? By organizing and getting in touch with one another they may learn many things of advantage.

A resident near Monument square informs us that the park has not been neglected except in one instance—lack of light. Men have taken care of the grass and kept the place clean, but, he says, a light at night in the park is very desirable. How about having more light upon the subject?

Have you systematized your work, whether that work is in office, shop, store, the kitchen or out in the field? Have you systematized it, not particularly because there's money in it, but to save yourself extra work—tired hands and tired feet? Put your personal routine doings in the home, the store and the field under a system that you have thought out hard, and you'll have more time for recreation. for reading and—for loafing. We use the word advisedly, because for the man who attends to his life's work efficiently, loafing is a good thing.

The United States Bulletin tells of the secretary of a great trust company who was having a fierce time with his feet. Came home every night with feet so tired and achey they had to be put through the hot-water bath relief every single night. Before he was through the day's work, they hurt, sometimes even in the morning. Those aches did his task no good. He wasn't a pleasant office companion. He couldn't help thinking of those feet and while thinking of them, he didn't think efficiently on the task at home.

One day an efficiency engineer looked over the trust company's place. After inspection he walked in on the secretary himself and said:

"You are spending too much time walking back and forth from your office to the vice president's office. It seems to me that you could employ an office messenger, and so save about two and a half hours of your time, about a mile and a half of inside walking, and I believe that you would be a more agreeable man to work with. Two and a half hours of your time is worth about eight times that of a messenger's full day, and all that you are doing is to carry papers too and fro, about which you have almost nothing to discuss."

We can't all employ messengers but we can all lay out our work to a system and save our feet.

22 GRADUATES ARE AWARDED DIPLOMAS

(Continued from Page One)

went to their places on the platform. Seated with them were Supt. E. E. Crampton, Rev. C. M. Thompson and F. B. Wood. The march was played by Mrs. F. B. Wood and Mrs. Ella Hodges.

Rev. Thompson gave the invocation, which was followed by a piano duet by Mesdames Wood and Hodges.

Miss Helen McIntyre gave the salutatory in her genial manner, welcoming the friends and starting the program in a pleasing way.

The president's address, on the theme "The Value of Education," was given by Paul Harwood. This was well delivered and indicated a great deal of serious thought on the subject.

Miss Cecile Clark was the class historian. Her's was a story of the fun, the work, the close fellowship of the class with a tone of appreciation of all who had stood back of them in their efforts to secure an education.

Next came a vocal solo, "Joy of the Morning," delightfully rendered by Mrs. E. T. Rosacrans, accompanied by Mrs. Ella Hodges.

The class prophecy was the work of Miss Bertha Florance and Everett Hensen, who supposedly had run across each other in the lobby of a hotel in New York City in 1930. The various stories of the lives of their classmates and jokes at their expense brought many a laugh and were as thoroughly enjoyed by the class as by the audience.

Miss Blanche Vogel is the class poet as well as class artist (see the Senior Echoes). Her poem was vivacious and again serious and was read well.

When the old school building was torn down one of the spindles of the stairway was turned into a cane to be given by class to class of the school. Each class has tied its colors to it and with time it is becoming a highly valued souvenir. This year the presentation was made by Paul Harwood and accepted by Russell Abbott.

The appearance of J. Duaine Service met with hearty applause and his playing of the violin was more artistic than ever. Mrs. F. B. Wood was his accompanist.

George Newsom's share of the entertainment was the giftatory and he passed out his gifts in true Santa Claus fashion, with a bit of advice for each.

First he remembered the three who have already received their certificates as teachers: Paul Harwood with a pitch pipe and Miss Ruth Rogers and Everett Hensen with paddles. Helen McIntyre was given a bottle of Sloan's liniment with which to oil her jaws: Donald Chandler a pair of spectacles, as too much study may injure his eyes; Homer Hanham a razor that his beard may no more annoy his friends; Cecile Clark a fashion magazine; Ralph Hodges a package of toilet accessories; Harold Sisson asperin tablets to use when exhausted after a night of dancing; Leslie Abbott, looking glass and comb that his hair may always lay in place as now; Marcus Fisher, a skull cap to hold his bushy thatch down; Blanche Vogel, a joke book; Lillian Dibble, a picture of the Van f(V)leet; Bertha Florance, a broom; Blanche Colson, a bell, that her friends may hear her coming; Marie Koernig, a megaphone, that her friends may hear her speak; Alice Howe, a package of flour with which to cover her blushes; Dorothy Martin a cyclometer, so her friends may see the ground she covers; Emily Higgins, a measure to be used in her prospective dairy business; John Baker, a memorandum book in which to keep his dates, and Lelah McCarbery a cook book.

Leslie Abbott's class will was in due legal form and the Juniors, other high school classes, faculty, school board and even the janitor were made legatees.

The valedictory by Blanche Colson was not the usual heartbreaking good bye but took the question sensibly. Proud of their accomplishment so far, she was looking valiantly ahead toward the further questions life would present.

Mrs. R. S. Moore gave the last musical number, "Roses in June," to violin obligato by Mr. Service and Mrs. Wood was the accompanist.

As a member of the board of education, F. B. Wood presented the diplomas, saying in part: "We are proud of you, you of the men and women who are to carry on this old world. Proud because of that which you have accomplished by honest effort. These lessons properly applied will meet with success. You will find society complex, but your life will be full of service. You are carrying with you the honor of all who have contributed toward this graduation."

Supt. E. E. Crampton took this opportunity of referring to the book issued by the Latin classes and the Senior Echoes. which he termed far superior to that issued by the majority of colleges.

Rev. Thompson asked the benediction and the class of 1920 were graduated and stepped out on life's broad highway.

Those receiving diplomas were: Paul Harwood, Blanche Colson, Cecile Clark. Leslie Abbott, Lillian Dibble, Homer Hanham, Alice Howe, Ralph Hodges, Marie Koernig, George Newsom, Blanche Vogel, Donald Chandler, Bertha Florance, Marcus Fisher, Everett Hensen, Dorothy Martin, Emily Higgins, John Baker. Helen McIntyre, Lelah McCarbery, Harold Sisson and Ruth Rogers.

the wise man

—the man who uses his head before he uses his pocketbook, the man who studies and understands business conditions, will buy more than one suit during this sale.

Why? Because he knows there has been no drop in the cost of woolens, and wages in the clothing industry have not been reduced. He knows that wholesale prices for fall are high, and that the break in prices has taken place only in the retail store. The retail cost of clothing has dropped TEMPORARILY. That's all. But that's enough for the wise man. He's buying clothing here now.

Remember you are not paying city prices to start with.

Guy E. Belding returned Tuesday from Streetor, Ill., bringing with him a new ambulance, an unusually fine car which for long drives may be used as a hearse as it is much lighter than the vehicle he has used for several years.

Leon Williamson returned yesterday from a business trip to Chicago. He also attended a convention of salesmen of F. W. D. trucks at Clintonville, Wis. His Detroit partner, G. G. Bennett, accompanied him and their sales in the Michigan territory proved them very succesful.

Notice of Meeting to Determine Necessity for Tallman Drain.

To Whom It May Concern:

Whereas, on the 3rd day of June, A. D. 1920, an application was filed with Conrad Ottgen, County Drain Commissioner of the County of Lenawee; for the cleaning out of a certain drain, which said drain was described in said application as follows, to-wit:

Said drain needs cleaning out its entire length as recorded in Vol. 18, page 390, of the records of Lenawee county. That said drain will traverse the township of Tecumseh in said county.

Therefore notice is hereby given that in accordance with the statute in such case made and provided, a meeting of the township board of the township of Tecumseh will be held on the 28th day of June, A. D. 1920, at the drain on highway near residence of H. B. Tallman, in SE¼ Sec. 30, in the township of Tecumseh, in said county of Lenawee, at one o'clock Eastern time, in the afternoon of said day for the purpose of determining the necessity of said drain and whether the said proposed drain is necessary and conducive to the public health, convenience and welfare. At said meeting any and all persons owning lands liable to assessment for benefits or whose lands shall be crossed by said drain may appear for or against said proceedings, and may be heard in relation thereto.

Dated this 9th day of June, 1920.

COME!

Mrs. James Snyder and little son of Climax are guests of Mrs. Ben Snyder.

Otto Garlinghouse visited his brother, Dr. Arnet Garlinghouse, and wife in Charlotte Saturday and Sunday.

Horace Gray came home Tuesday from the U. of M. for a short vacation. He will return for the summer school.

Sunday guests of Mr. and Mrs. F. J. Temple were Mr. and Mrs. Tracey Reynolds and Mr. and Mrs. Martin of Monroe.

Supt. and Mrs. E. E. Crampton and daughters motored to Olivet Wednesday to remain for the summer so Mr. Crampton can superintend the home farm.

Lightning came in on the electric wires at the Tecumseh Butter Co. plant yesterday afternoon, burning out the transformer under which R. J. McCoy was working. He was not hurt.

Russell and Miss Ella McNeil came home from the U. of M. Saturday. Russell goes back the 24th to graduate with his class. He goes immediately to Philadelphia where he will be an engineer salesman for a boiler accessories company.

St. Johns day will be observed by the Masonic fraternity Sunday by their attendance at the Episcopal church. They will meet at their temple at 10:30 and go in a body to St. Peter's church, where the address will be given by Rev. J. J. Preston at 11:15.

Mr. and Mrs. H. S. Waring and son, Lester, of Detroit started in their auto early Monday morning from home and at 3:45 that afternoon were at the home of the older son, Roger, and wife in Cleveland. With the necessary detours the trip covered 171 miles. They were tired but pronounced the trip very delightful. They will visit Venango and Albion, Pa., and plan to be home by June 27, as Lester's vacation from his work in the Packard Motor Co.'s office only lasts two weeks.

Children's day was observed in the Methodist, Presbyterian and Baptist churches Sunday morning. At each church the decorations of flowers were beautiful, as right now the peonies and roses are more fragrant than ever. In the Baptist church a banner hung over the choir loft bearing these words, "The Light of the World is Jesus." With the bright faces of the children who filled the front of the room in each instance, the scene was a gay one. The fond parents and friends who attended enjoyed the excellent programs which were given with but few changes from the order of exercises published in the last issue of The Herald.

D., T. & I. RAILROAD ADDS TO ITS ROLLING STOCK

Fifteen additional engines have just been added to the rolling stock of the Detroit, Toledo and Ironton railroad, greatly increasing the facilities of the road for handling a constantly growing business. The first of 300 new box cars ordered some time ago are beginning to arrive and still other rolling stock will be added from time to time as the demand arises.

Four thousand tons of new 100-lb. rail is being laid south of Lima to meet increased traffic conditions.

During the past eight months the D., T. & I., it is announced, handled the greatest traffic in its history and to the satisfaction of both shipper and consignee, at no time placing a freight embargo where the road was able to secure prompt acceptance, either with connections or consignee.

More than $1 000 000 is being expended for new rolling stock and rails.

"I Got Real Mad When I Lost My Setting Hen," Mrs. Hannan.

"I went into the hen house one morning and found my favorite setter dead. I got real mad. Went to the store, bought some RAT-SNAP and in a week I got six dead rats. -:- COAL -:-

You feel more like eating ice cream than thinking about coal, but in the evening when you read the daily papers about the scarcity of coal in this and that city many pass it by like last Sunday's sermon. If you will read the full page write-up on coal in the Literary Digest you will realize how much less coal is being mined than formerly, due to labor conditions and the scarcity of cars. Some operators are charging $8.00 and $10.00 per ton at mines for soft coal. Just this morning received a lettter offering hard coal for $15.00 per ton at mines.

Next winter when you are compelled to burn dust and pay around $15.00 per ton for it you may remember this advertisement.

Right now you can obtain the best grades of OHIO LUMP SOFT COAL at a price less than many operators are charging for it at the mines.

Now is the time to buy it when you don't need it, because when you need it you can't buy it.

Don't put it off, as you will again forget it, but step to the phone, and order your winter's requirements.

The next meeting will be held Tuesday, June 29, with the Mesdames Ives, Thurlby and Wallinger on Maiden Lane. The ladies will decide later who will be hostess.

FORMER TECUMSEHITE PASSES AWAY AT DULUTH

Mrs. Addie A. Darling, wife of John H. Darling, a prominent astronomer of Duluth, Minn., passed away Friday at her home in that city. At her bedside were her only sister, Mrs. Minnie Putnam, and her daughter, Miss Adelaide Putnam, of Pontiac.

Mrs. Darling was the daughter of the late Mr. and Mrs. Richard Ford, of an old prominent family of this city. Here she was born 72 years ago and grew to womanhood. Forty years ago last February she was married at her father's home here to John H. Darling, who was raised on Lake Ridge. Their first home was in Detroit, then St. Paul, but for 35 years they have lived at Duluth.

Forty-five years ago Mr. Darling began work for the government as a civil engineer. Astronomy was his great pleasure and when he retired a few years ago the city of Duluth gave him an elevated tract on which he built a splendid observatory, with a telescope costing several thousands.

The couple had no children and the sister, Mrs. Putnam, is the last of the immediate family of Mrs. Darling, thoug an aunt, Mrs. Alva Waring, a niece, Mrs. Will Chiverall, and a cousin, Herbert Richart, are the Tecumseh relatives.

Mrs. Darling was a member of the D. A. R., a past matron of the Eastern Star, and life long Methodist.

The funeral service and burial were held in Duluth.

MRS. SARAH WESTCOTT BURIED ON SATURDAY

Mrs. Sarah Westcott, widow of the late Hiram Westcott, passed away Thursday, June 10, at her home on South VanBuren Street, after a long illness with heart trouble. A week before she had been stricken with a serious attack and her daughters, Mrs. B. D. Burch of Detroit and Mrs. Luella Cook, and her granddaughter, Mrs. Arthur Talsma, of Lansing were summoned to her bedside. She remained in a semi-conscious condition until death came to her release about 9:30 o'clock Thursday morning.

Sarah E. Rixom was born in Ridgeway township October 11, 1851. When a young woman she was married to James Southerland and to the union were born two daughters, Mrs. Luella Cook and Mrs. Fannie Burch. On Nov. 25, 1880, she became the wife of Hiram Westcott and to them were born one son, Lucian Westcott, now of Cleveland. She was also the mother of the late Ellsworth Rixom and gave a mother's care to her step-children, Mrs. Minnie Westcott Ives and Will Westcott of this city and Lester Westcott of River Rouge.

Mrs. Westcott was a devoted member of the Baptist church and took an active interest in the T. B. A., the auxiliary of Beers Post, G. A. R., of which Mr. Westcott was a member. Her cordial friendliness drew to her a lrage circle of friends.

The funeral was held Saturday afternoon at the home, Rev. W. R. Curtis, who had been so attentive through her long illness, officiating. Appropriate hymns were sung by Will and Frederick Dickinson. The bearers were relatives: Will and Lester Westcott, Fred Ives, John, David and Maurice Adams. The burial was in Brookside.

Attending the services from away were Mr. and Mrs. B. D. Burch and daughter, Catharine, Mrs. A. J. Sutton, Mrs. F. L. Cook, Mrs. Emma Rixom, Ernest Rixom of Detroit; Lester Westcott of River Rouge; Mrs. F. J. DeGoode of Adrian; Mr. and Mrs. Albert Higley of Hudson; Mr. and Mrs. Arthur Talsma of Lansing; John Adams of Deerfield; Mr. and Mrs. David Adams of Blissfield. The son, Lucian Westcott, was in a hospital in Cleveland and did not get word of his mother's death until Saturday afternoon, so came on the first train, but arrived here Sunday morning too late to look on the loved face.

Card of Thanks.

We wish in this manner to show our appreciation for the many kindnesses shown our mother during her illness and to us since her death. Also we wish to thank those who sent the beautiful flowers and gave us the use of their autos. Especially would we remember the attentions of the Baptist Ladies' Aid society and the Beer's Auxiliary, Rev. Curtis for his words of consolation and the singers.

Mrs. Fannie Burch,
Mrs. Luella Cook,
Mrs. Minnie Ives,
Will Westcott,
Lester Westcott,
Lucian Westcott,
Mr. and Mrs. Arthur Talsma.

Success Seeds

Have you any "success seeds?" Do you know what they are? They are the little, old, round dollars, dimes and nickels you have salted down. If you ever expect to be a financial success you have to plant "success seeds." The best place to plant them is where they will grow. A good bank is the most fertile spot for planting success seeds. Plant them in this bank and we will cultivate them for you and will train them to grow.

Save 50c to $1 Per Ton Loading Hay

Get away from the tiresome job of pitching hay onto the wagon in the field. You can do this and still require less farm help and harvest the hay quicker. You can save 50c to $1 in expense per ton. Use a New Deere Hay Loader—the loader with the flexible, floated gathering cylinder which automatically adjusts itself to handle successfully either the lightest swath or the heaviest windrow.

We would like to show you one of these loaders, and especially the floated gathering cylinder with its strong, spring steel gathering teeth which pick up only the clean hay. Come in Saturday and let us explain to you why it puts the hay on the center of the wagon. Ask us about the automatic coupling—how the loader can be uncoupled by the man on the top of the load.

While you are about it, examine the wheel-barrow mounting of this loader. Notice how the weight is carried on the hubs, causing the wheels to run true.

There's a Special Ingersoll for Each of These Folks

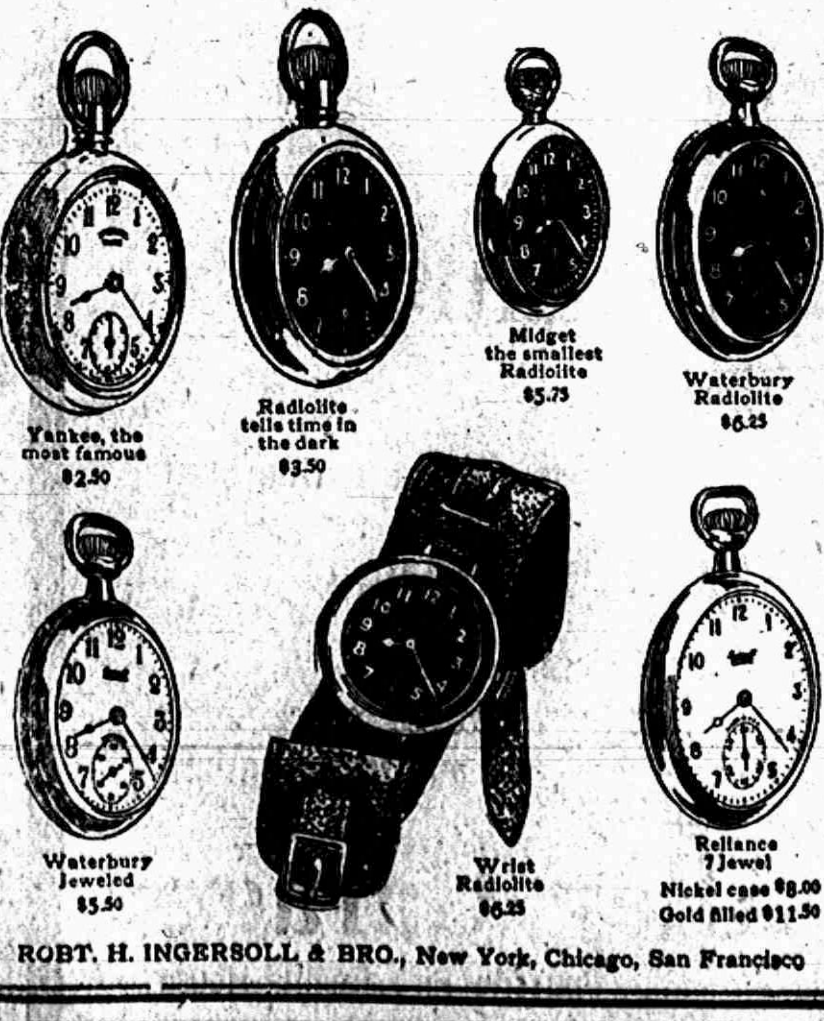
DID YOU ever "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?

There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, radium dial watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radiolite for $3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance. The dealer will help you to select just the one for you.

"Ingersoll" has always meant *the lowest-priced good timekeeper.* Today, with present day costs and the 1920 purchasing value of a dollar, $2.50 is the lowest price at which we can make a watch while keeping up the Ingersoll standard of quality. "Ingersoll" means "money's worth" whether it's for the $2.50 Yankee or one of the Radiolites that tell time in the dark, or for one of the jeweled watches.

Ingersoll

Prices Include Government Tax



Yankee, the most famous $2.50
Radiolite tells time in the dark $3.50
Midget the smallest Radiolite $5.75
Waterbury Radiolite $6.25
Waterbury Jeweled $5.50
Wrist Radiolite $6.25
Reliance 7 Jewel Nickel case $8.00 Gold filled $11.50

ALUMNI GATHERING MOST PLEASURABLE

(Continued from Page One.)

who, as Flora Hartbeck, was one of the most successful and popular superintendents ever presiding over this school; Miss Alice Wimple, the ever loved teacher, who has taught here for 42 years. Supt. and Mrs. E. E. Crampton, Dr. and Mrs. H. R. Conklin '94. Here the young and old visited, were tagged with black bands bearing their class numbers in yellow (the school colors) and signed the registration book. They filed by classes down to the gymnasium, being led by Miss Lucy Train '65, Fannie Sherman Waring '66, Rosa McKinney Mills '67, Sarah Train Davis '67, Mary Anderson '68, Ella Randall Anderson '68, and F. B. Wood '77. To music by Coller's orchestra the company marched to their seats at the tables spread the full length of the large room, with the speakers' table across the end. Great baskets of white and purple iris beautified the tables. The invocation was given by Rev. J. J. Preston.

About 20 Juniors under the leadership of Miss Anna Carson, the domestic science teacher, served a fine roast beef dinner at which Mrs. Mattis was caterer.

A business meeting followed the banquet, when it was voted that a toastmaster be elected as other officers. The nominating committee, Lester Heesen '98, Franc S. Gillespie '92 and Karl Schneider '14, presented their report as follows:

President — Leroy VanWinkle '06.

First Vice President—Elona Anderson Barber '01.

Second Vice President — Lena Smith Jones '01.

Secretary—Bess Spayde '96.

Corresponding Secretary — Lillian Kennedy '17.

Treasurer—Harold Lowry '17.

Toastmaster—Faunt Lenardson '10.

Alternate—Frederick C. Dickinson '07.

Executive Committee — R. S. Moore '90, Gertrude Howell Conklin, Fay VanValkenburg '17, Helen McIntyre '20, Louis Schneider '14.

By motion these nominations were accepted and the nominees declared elected.

Perry Hayden, as acting president, opened the program in his happy manner and introduced Miss Asenath Hosmer '87 as toastmaster. With her fund of original and quaint stories, with jolly jokes about those on the program she announced the numbers.

The first was a soprano solo, "The Story of Old Glory," by Mrs. Grace Heck Moore '90.

Address of welcome to class of 1920, Sarah Train Davis '67 of Clinton, when it became the pleasure of one of the oldest to welcome the youngest. This was responded to very nicely by Ruth Rogers '20.

"Haste to the Field," sung by the quartet of '17, Lillian Kennedy, Doris Kloffenstein Hunt, Harold Lowry and Fay VanValkenburg, was a fine treat.

A tribute to the old school house was one of Lucy Train's '65, original poems. She told of the pride they felt when they began school in the old building, of their using the banister route in coming down stairs, and many of the pranks, in which her friends mistrusted, the narrator had a part.

After the singing of "Auld Lang Syne" Dr. I. D. Loree of Ann Arbor was introduced. The popular physician said he was glad he married that member of the class of '91, Gertrude Fisher Loree, which gave him admission to the alumni gatherings. His toast was labelled "Self," but he certainly did not speak of self, but roasted the fellow who sent word he must wear a dress suit on such a sweltering night. He gave a splendid tribute to the dear old country doctor in Ridgeway whose counsels have been of such immeasurable value to him. His talk was full of spice and humor, but he did not forget those of his class of '89 now dead and spoke lovingly of the old building where he passed the happiest years of his life.

"Home Economics" was the subject of Agnes McIntyre's '15, toast. She told of the ever present topic, the high cost of living, as connected with her specialty, the domestic science department. She strongly advocates that mothers allow their daughters to learn the management of a home, as "the morality of the people depends on the kind of things they have to eat and kind of home they have to live in."

J. Duaine Service gave one of the finest violin selections ever heard by the Tecumseh alumni, "The Grande Fantaise Militaire," and his playing met with high appreciation.

"The Heathen" was toasted by Ruth Daniels '07. Miss Daniels is home on furlough from missionary work in India. Her friends were delighted to see that hard work had not saddened the spirit of fun and her anecdotes of the life there and the comparison with the home life here were exceedingly interesting and told in a happy strain. A vein of seriousness, however, ran through her address as might be expected after her years in the sorrow and privations in that far-off land.

"In Memoriam" was touchingly given by Dr. Pauline Wilson Bredow '95, she speaking with love of those who had joined the greater alumni of the school of life: Francis M. Bell '66, Lewis M. Waldron '68, Eunice Davidson Hall '77, Clara A. Waldron '77, Thomas E. Caldwell '95, Earl B. Rector '06, Earl E. Hanham '11, Alice Mills Wright '07, Donald McClue '12. When the name of Eunice Davidson Hall was read the whole assembly arose to their feet, honoring their president.

The program closed with the singing of "God Be With You 'Til We Meet Again." Mrs. F. B. Wood was the accompanist for the program.

The tables were soon moved back and the orchestra, composed of Mr. and Mrs. W. L. Coller, Roy Luce, Clare Camburn and Archie Boyd, were stationed in the center of the room and dancing became the order of the evening.

Among those from away back to meet their schoolmates were Ella Randall Anderson '68 of Washington; Edgar Ide '84, California; Rose Hendershott Ogletree '85, Adrian; Margaret Clarkson Phelps '86, of Marshall; Gertrude Fisher Loree '91, Ann Arbor; Katie Tallman Mather '91, Adrian; Nellie Louden Hand '96, Onsted; Elmer and Lura Palmer Pockington '98, Detroit; Grace Simons Collins '98, Toledo; Ethel Hampton Babcock, '01, Manitou; Edna C. Smith Codling '02, Bloomington, Ill.; Lulu Aylesworth DeSpelder '03, Columbus, Ohio; Athol and Marie Bramble Brainard '07, Springville; Ruth Daniels '07 and Iva Kane Ross '10, Onsted; Ruth Camburn, Milan; Harriett Aten Ford '11, Birmingham; Glenn Wyrill '11, Toledo; Carlyle Kay '16, Detroit; Lena Mapes '19, Onsted; Harold Halladay '14, Lansing; Agnes McIntyre '15, Mancelona; Russell McNeil '15, Ann Arbor; Muza Rice '17, Adrian; Harley VanVleet '19, Ann Arbor; Alice Hardenburgh '19, Oxford, Ohio; Eulah Schwartz '19, Clayton.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Tecumseh people recommend Doan's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?

J. H. Hall, 210 W. Logan St., Tecumseh, says: "I have had considerable trouble with my kidneys for eight or ten years and at times my back has almost doubled me up with pain. My kidneys didn't act regularly and in various ways, showed signs of disorder. I also suffered from rheumatic trouble and this was very painful in my lower limbs, especially in damp weather. I saw Doan's Kidney Pills advertised and went to Pulver's Drug Store for them. I used two boxes as directed and they fixed me up in good shape. The rheumatic trouble never bothers me and the backache is a thing of the past. I gladly endorse Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hall had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.—adv.

To our Readers:

It is with great satisfaction that The Herald is able to announce that it has just obtained exclusive franchise in Tecumseh for the Publishers Autocaster Service illustrated news features and cartoons.

This means not only that we have installed in our plant the most modern of stereotyping equipments—the AUTOCASTER—but also that the livest and latest of photographs and cartoons will now be regular features of The Herald.

This means that your home town newspaper is now able to make its own cuts of up-to-the-minute news pictures, fashion pictures, comics and advertising illustrations.

All this is made possible through the unlimited facilities of the greatest newspaper service of its kind in the world, with bureaus in New York, Washington, San Francisco and all world news centers.

This is one more evidence of the policy of The Herald to keep abreast of the times with service that spells newspaper progress.

The spongey appearance of the clouds and their rolling and tumbling to the north and east created much excitement on the streets yesterday afternoon. It is believed there was much wind in those directions but as it is impossible to get telephone connectoins, whether any damage was done has not been learned.

For Sale--Real Estate

Here, you fellow with a little money! I have an assortment of good bargains left if there has been such a rush this spring.

How does a house, all modern, just three blocks from four corners, appeal to you at $3,100?

The S. O. S. for more houses on the south side brought results. So now I have for sale some excellent propositions. One on W. Pottawatamie, newly repainted, new electric fixtures and in first class condition. Nice big barn and lot.

Another, nearly new, well cared for house, one of the prettiest homes in town at a figure which would have been called a bargain before the H. C. of L. became our master.

Then again the Deming house on N. Pearl can be occupied at once. Large lot, barn and much fruit, only 1½ blocks from business section.

But don't forget the McLachlin property. An all modern house, splendidly located, with three acres of land and all sorts of fruit.

Then, too, take a look at R. S. Moore's house, corner Chicago street and Maiden lane. Two family flat. Each with complete bath and one with hot water heat. One of the best locations.

Here's another! Billy Fisher's complete and delightfully located home on West Chicago street. With this goes a lot facing Democratic street.

Have many cheaper places, which, considering the high price of building materials, are excellent bargains. Right now I have several customers waiting for places ranging in price from $1,000 to $2,500 in the southern part of town.

Now Mr. Farmer, I have for sale a good sized barn at a law figure, which the owner does not need. This is much cheaper moved to your farm than one erected of new material.

Also a 6-room house with lights in good location going cheap.

List your property.

Miss Anna Satterthwaite is entertaining her nephew, Robert Beal, of Minneapolis, who will remain for his summer vacation.

Mrs. W. H. Jones returned to her home in Hillsdale Monday. She had been called here by the illness and death of her mother, Mrs. John Lowry.

Mrs. Don Wright, who was called to Freemont, Ohio, several weeks ago owing to the sickness and death of her father, returned home Monday.

Mrs. W. D. Reed and Mrs. Eugene Rosacrans attended the alumni banquet at Clinton Friday evening, both being graduates of Clinton high school.

Mr. and Mrs. Charles Kemp drove to Oswego Wednesday for their daughter, Miss Carol, and Miss Alta McComb of Clinton, both of whom teach at that place.

Week end guests at Will Gibson's were their daughter, Miss Margretta, and the Misses Isabelle Skeese of Toledo, Lois Green and Rhoda Wheeler, Harold Hebberlin and Bert Chalmers of Detroit.

The fire department was called out Friday morning by a blaze in the grass near the Standard Oil Co.'s tanks on West Patterson street. Little damage resulted.

Eward Yenor was arrested Tuesday on a warrant charging him with contempt for his failure to pay alimony. He was taken before Judge Hart yesterday, but the disposition of his case was deferred until Monday.

In a letter from Dr. and Mrs. P. B. Hardy received by Miss Nellie Wilson, they stated that if they did not find it necessary to visit their cotton plantation in Texas enroute home, they hoped to arrive in Tecumseh by the middle of July.

James Collins and family are moving into the house on South Wyandotte street which they recently purchased. The tenant, Mrs. Merton Nobles, is moving into the apartments in the McCann house on North Pearl street, vacated by Mr. and Mrs. Colilns.

Because of the heavy and continued rain the free street show was called off Wednesday night. The ladies' band valiantly appeared, some members driving in from the country and from Sand lake, ready to do their share. They started the first selection when the rain stopped for a few minutes, but soon it poured with renewed vigor and the band ladies fled to the Witherell hall where they played delightfully. Williams & Burney, two men and a woman, who were to put on one of the acts, arrived in town Monday from Ypsilanti, having a week off, and will remain here until Saturday when they begin a week's engagement in Cleveland.

FORD SELLING BENZOL, A NEW MOTOR FUEL

Five thousand gallons of benzol, a by-product of coke used for motor fuel, is now being daily extracted and refined at the Ford Motor Company's blast furnace coke ovens near Detroit. This fuel, which is more highly combustible than gasoline, is now being sold at a public station at the above named plant, and has proven highly satisfactory. The price at present is about the same as that of gasoline.

While the Ford Motor Company is not the first to discover or use this fuel for motor cars, still the public station is the first ever opened to sell benzol exclusively for motor car consumption. This filling station carries a supply of 25,000 gallons of benzol on hand all the time. To date some 300,000 gallons have been sold and used by car and truck drivers in Detroit. Particularly during the recent strike there was an exceptionally large demand for this product.

Benzol has not as yet reached the highest stage of refinement, and present results are best when it is mixed in equal portions with gasoline. Heat and cold also affect differently from gasoline. But the Ford chemical laboratory is doing a great deal of experimenting and soon hope to be able to refine it so it can be used alone and under all conditions. Its chief effectiveness comes from its high combustive power which is between 12 and 15 per cent greater than gasoline.

Ford officials state there is no possibility of benzol displacing gasoline as a motor fuel, since it is a by-product of coke and therefore obtainable only in limited quantities.

The only thing more unreasonable than a woman is a man.

CLINTON

Miss Doris Cooley and Clyde Way Married.

A very pretty informal wedding was solemnized Sunday afternoon at 2 o'clock, this day being chosen because it was the birthday anniversary of the bride, at the home of the bride's parents, Mr. and Mrs. Charles Cooley, when their daughter, Doris, and Clyde Way, son of Mr. and Mrs. Louis Way, were united in marriage. Rev. O. J. Lyon of Hudson, a former pastor of the Methodist church, read the beautiful ring service. Miss Helen Ferrick, a former classmate, and Raymond Way, brother of the groom, were the attendants. The bride was beautiful in a gown of pink organdie and carried pink roses. Miss Ferrick was gowned in white organdie. The decorations were cut flowers.

A two-course supper was served, Mrs. John Gagen acting as caterer, the Misses Dorothy Corwin and Dorothy Tag serving.

Both Mr. and Mrs. Way are graduates of Clinton high and have a host of friends. Mrs. Way attended Ypsilanti Normal where she took a commercial course and has been a very efficient teacher in that branch of study in the Tecumseh school for the past two years. Mr. Way was in overseas service during the war.

After much merriment and some trouble in getting started, as their car was profusely decorated, the happy couple departed on a motor trip. Their destination was not announced.

The young people will make their home at the Julia Halladay house on Jackson street.

The guests included Rev. and Mrs. O. J. Lyon and son, Russell, of Hudson, Dr. Randall Cooley, wife and sons, Marvin and Warren, of Jackson, Mr. and Mrs. Harry Copeland and Mrs. Lulu Bauer of Detroit and Miss Ilda Bosworth of Lansing, a teacher in the Tecumseh schools.

Alumni Reunion.

The reunion of the alumni of Clinton high school was held Friday evening at the Methodist church parlors. The Daughters of St. John furnished the banquet, the Juniors of the high school serving.

An excellent program was given at the close of the feasting. Geo. Taylor '94 introduced the toastmaster, Dr. Neil H. Williams '88 of Ann Arbor. Welcome to the class of 1920, Geo. Taylor '94; response, Minota Lancaster '20; class song, class of 1920; music, "Romance," Lawrence Clark, '20; "Reminiscences," Mrs. Olive Mills Ellis, '95; "At Sea," Percy VanTuyle, '05; music, "Butterfly," Mrs. Ruth Kimball Rosacrans, '10, of Tecumseh; "A Thought or Two," Miss Laura J. Haggart, '77.

The newly elected officers are: President, Mrs. Donna Stettler; vice president, Mrs. Ella Clark; secretary, Lucile Woodward; treasurer, Marvin L. Pardee.

A dancing party was held at the Town hall following the business meeting, for which Allen's xylophone orchestra furnished the music.

The alumni meeting this year will go down in history as one of the very pleasantest events of the season.

Death of James B. Wells.

James B. Wells, one of Clinton's most respected residents, died at his home here Saturday after being confined for the past three years.

Mr. Wells was born on a farm in Franklin September 8, 1839, and had made his home in or near Clinton all his life, with the exception of a few years spent in California.

Three years ago Mr. Wells suffered a paralytic stroke and had been faithfully cared for by his wife, who has made his hours as comfortable as loving care could.

Besides the wife he leaves one sister, Mrs. Amelia Reed, of New York state, and one brother, Samuel, in the west.

Mr. Wells was interested in the A. B. VanDeMark Hardware Co., and was faithful at the store until he was stricken.

The funeral was held from the home Tuesday afternoon, Rev. Warren of the Congregational church officiating. The burial was at Riverside cemetery.

Clinton News Notes.

Mrs. Tubbs, who lives at the home of her niece, Mrs. Henry Hoag, on Jackson street, suffered a stroke of paralysis yesterday and, owing to her advanced age, is serously ill.

Miss Carrie Woodward of Tecumseh spent Wednesday with Clinton relatives.

Mrs. J. B. Kennedy and Mrs. Duaine Service of Tecumseh were in Clinton Wednesday.

BRADLEY OPERA HOUSE ATTRACTIONS

"The Wolf," Eugene Walter's Big Stage Success, Now in Pictures

An attraction of more than passing notice is booked for a two nights' showing at the Bradley opera house, commencing next Sunday evening, June 20, when Eugene Walter's greatest stage success now in pictures, "The Wolf, will be the offering. "The Wolf" is undoubtedly the best story of the great northwest ever produced and produced in the way the Vitagraph company has "done" this picture with handsome Earl Williams as Jules Beaubien, leaves nothing to be desired.

The production is unlike other motion picture features and is even better than the play which had a long run and made a reputation for Eugene Walter, the author. The screen version has an atmosphere the stage production lacked. The beautiful scenery is faithfully reproduced.

Earl Williams is seen at his best in the character of a French Canadian trapper. The role is a little out of his usual line, but he proves that he is capable of handling a character away from the drawing room and club in the most natural manner. The whole company ceases to act and lives the scenes.

Mabel Normand in "The Pest."

The tomboy of the screen, [illegible] Normand, will be seen in her new picture, "The Pest," at the Bradley Saturday evening, June 19. In "The Pest" Miss Normand is said to have a part similar to "Mickey" and if you saw "Mickey" you will certainly want to see her in this one.

A two-reel Sunshine comedy is also on the bill for Saturday night and you know what these big programs mean at the Bradley. Saturday night's big program will be no exception to the usual big week end offering shown at that popular playhouse.

Flour Talks

Between you and me, neighbor, don't let 'em slip one over on you.

There IS no flour like "1900" and it would'nt take us long to prove it.

There are a good many thousand brands of flour on the market today right in this little old state of ours, but only one "1900."

Been watching her lately? She's eating competition and thriving on it, because her digestive system is kept in splendid working order by the best kind of an appetizing merit.

Big Chief Garage Victim of Flames

FIERCE FIRE MONDAY NIGHT RESULTS IN HEAVY LOSS.

Handsome Building Completely Gutted—Sixteen Cars and Three Trucks Damaged—Fire Originates From Explosion in Work Shop.

Monday night, about 11:30, fire broke out in the Tecumseh Big Chief garage that is responsible for a loss of thousands of dollars worth of property.

The handsome garage building, situated on the corner of Evans and Logan streets, occupied by Williamson Bros. and recently purchased by Clark Gallup, was completely gutted.

Sixteen passenger cars and three trucks housed in the garage were wrecked or damaged more or less. Among the cars two new Oldsmobiles, one an eight cylinder passenger and the other a six cylinder sedan, just from the factory, were stored for the night by the drivers, on their way to Bowling Green, Ky. The bodies of these cars were ruined. No insurance was carried by the owners. Other owners of cars stored in the building were Clark Gallup, Bob Eagan, Lester Hunt and the Hicks Lightning Rod Co., whose truck was in the work shop. The Big Chief had 12 cars and two trucks in the building, among them Leon Williamson's Cadillac, a new Ford sedan, a new Studebaker and an Overland Six practically new.

The repair shop, with its expensive equipment, was practically ruined.

It was in the repair shop where the fire originated. Mr. Williamson, who was at the garage, vulcanized a tube for a party passing through town. The vulcanizing

Monroe Turnpike Contract Awarded

Nine Miles of Improved Highway Construction Let to Eaton Rapids Firm at $168,566.05.

At a meeting of the state highway officials at the office of the Lenawee County Road Commission in Adrian June 16 the contract for constructing the western half of LaPlaisance Bay turnpike (Monroe turnpike) was awarded to the Artificial Stone Co. of Eaton Rapids, the bid of this firm amounting to $168,566.05.

The improvement will be of gravel surface construction and starts one mile west of Tipton, extending westerly to the county line, a distance of about nine miles.

As stated before, no construction work on the paved portion of the turnpike will be attempted this year on account of high cost and inability to secure deliveries of cement.

Herald Subscription Rate $2 Per Year Beginning July 1st

One week from today the subscription rate of The Herald will be advanced to $2.00 per year. This step is absolutely necessary to continue the publication, owing to the extremely high price of news print paper. In 1917 print paper was purchased at $52 per ton delivered. Today publishers are compelled to pay $320 per ton, with freight added. This is more than six times the pre-war price.

Many subscribers have taken advantage of a previous notice of advance in subscription by coming in and renewing at the old rate. We extend the same opporunity to others by accepting renewals at the old price for the balance of the month of June. We will be pleased to give you this opportunity of saving.

On July 1, 1920, the price goes to $2.00 per year. This includes back subscriptions.

Tecumseh Tax Rate Same as Last Year

$1 Per Hundred Valuation to be Levied—$20,353.50 Needed for Town Expenditures.

Property owners in Tecumseh will pay the same rate of tax this year as in 1919, $1 per hundred valuation.

The rate was fixed by the board of village trustees at its meeting Monday evening when it adopted the report of the finance committee, which recommended $20,353.50 be raised to pay the expenses of the town for the coming year. The total assessed valuation of real and personal property is $2,035,350.00.

It is estimated there would be needed in the general fund $12,212.10, in the highway fund $4,070.70 and in the sinking fund $4,070.70. The assessed valuation is $3,000 higher than last year.

The committee which made a visit to the junk yard on Mill street, against which complaints had been made, reported it could find nothing objectionable.

Permission was asked to have the water off the new Big Chief garage flow into the sewer. This was referred to the committee.

Sidney Wilson complained the water from the hill near his garden plot on North Maumee street washed out all his vegetables. This is to be investigated with a view to providing relief.

A communication from the New York Central railroad asked permission to connect with the village water mains that water might be obtainable in case the company's pumps at the Junction failed. The railroad was granted the right to install the necessary connections and meter at its own expense under the supervision of the village engineer and is to pay for all water used at the prevailing rate.

FORTIETH ANNIVERSARY

Annual Meeting of the W. H. M. S. of Methodist Church Entertained by Mrs. H. R. Conklin.

At the pleasant home of Mrs. H. R. Conklin last Wednesday occurred what might be called a birthday party as it was the fortieth anniversary of the Woman's Home Missionary society of the Methodist Episcopal church. It was also the annual meeting of the society, when the following officers were elected for the ensuing year:

President—Mrs. Alfred Wright.

Vice Presidents — Mrs. Alva Waring, Miss Emma Rogers.

Secretary—Mrs. Wendall Willetts.

Corresponding Secretary—Mrs. E. M. Lewis.

Treasurer—Mrs. Frank Temple. (Mrs. Temple has held this office faithfully for 25 years.)

Secretary of mite boxes—Mrs. Chiverall.

Secretary of deaconess work—Mrs. Robert McCoy.

Superintendent of Queen Esther Circle—Mrs. C. M. Thompson.

Superintendent of Home Guards—Mrs. Will Routson.

Superintendent of Mothers' Jewels—Mrs. Samuel Reed.

The program was interesting and consisted of several papers and music, including the following: History of the society dating back to its origin 40 years ago by Mrs. C. M. Thompson. The beginning of the present society, Mrs. Alva Waring. A paper on the mission schools was written by Mrs. Britton of Lansing, a charter member, and read by Mrs. E. M. Lewis. Musical numbers were furnished by Miss Genevieve Austin and Webster Conklin.

The offering amounted to $10. A delicious picnic lunch was served.

Notice.

Water rates are due July 1. Please pay promptly, as I will be away the last two weeks of July.

Tecumseh Lady Visiting Nurse

Miss Laura Ethel Comfort Assumes Important Community Welfare Work.

Miss Laura Ethel Comfort of Tecumseh now has the position of visiting nurse of the county chapter of the Red Cross. Miss Comfort, who has just completed a course at the Pennsylvania School of Social Service, came to Adrian Saturday, where her headquarters will be located. Miss Comfort will hold free tuberculosis clinics in the towns of Lenawee county. Those who are found to have the disease or symptoms of the same will be given instruction and advice in personal hygiene.

LAURA ETHEL COMFORT.

Miss Comfort will later take up child welfare work in the county. During the war she did nursing in France, being in the first American hospital started at Sermaize-les-Bains, where she did noble work caring for the wounded French and refugees.

A clipping from a letter sent The Herald by one of her co-workers while Miss Comfort was overseas will show that her services there were much appreciated.

"Paris, Sept. 23, 1918.

"I am glad to write you from Paris concerning the work of Miss Laura Ethel Comfort. Tecumseh should be proud of her and her fine work with the Red Cross in France. She is nursing the French wounded, civilians and refugees in the Marne and Meuse districts. Tender, sympathetic, loyal and untiring, she is loved and esteemed among her patients."

Lenawee county is fortunate in securing the services of Miss Comfort in public health and welfare work.

The first of the free tuberculosis clinics will be held at the public library in Adrian June 29 and 30 and July 1. The hours are from 9 a. m. to 12 m. and 2 to 5 p. m. The services of an expert chest examiner have been secured. These clinics are financed from the Christmas Seal sale funds of Adrian and the Red Cross welcomes people in all parts of the county to attend. Anyone who had influenza and did not make a good recovery, has had a cough lasting more than three weeks, losing weight, and appetite not good should be examined, say those in charge of this work. Later a clinic is to be held in Tecumseh.

LARGE ATTENDANCE AT THE FREE STREET SHOW

Tecumseh's Wednesday night free street shows continue to attract big crowds, the attendance last evening being exceptionally large.

People were present not only from the immediate vicinity but from towns quite a distance from Tecumseh.

There were only two acts presented, the third failing to arrive. Allen and Allen, novelty athletes, did some new hand balancing and closed their act with a comedy boxing match. The Boston Trio, young lady vocalists who had been heard here previously, again made a decided hit, their songs drawing forth repeated applause.

Excellent Sermon by Rev. J. J. Preston, a Past Master of the Fraternity.

An unusually small representation of Tecumseh Lodge, No. 69, F. & A. M., which boasts the largest membership in the county outside of the county seat lodge, answered the call to attend divine worship at St. Peter's church in honor of St. John's day last Sunday morning. The fact that the representation was small is to be regretted, for the sermon preached by the rector, Rev. J. J. Preston, a past master of the order, was declared the best Tecumseh Masons have been privileged to listen to in years. The music by the vested choir was good, especially the anthem sung as an offertory, Geo. Hines taking the solo part.

Rev. Preston took for his text the 13th verse of the 16th chapter of St. Paul's first epistle to the Corinthians—"Watch ye, stand fast in the faith, quit you like men, be strong."

In his opening remarks Mr. Preston said that it was a real pleasure to welcome the brethren to St. Peter's church. As a past master in the craft he assured them that he appreciated very deeply this token of fraternal esteem.

It was, said Mr. Preston, a common experience to find men outside the craft who held very erroneous and perverted ideas about Freemasonry. Some felt that they were a body of athesists. Others that they were a disloyal element in the state. It did not take the speaker long to disabuse the minds of his hearers of any such impres-

Defeat Hudson But Lose to Blissfield

Independents Meet the Victors Here Next Sunday.

"Revenge" is the cry with which the Tecumseh Independents will go into battle with the Blissfield baseball team at Athletic park here Sunday afternoon. The last mentioned nine bested the local men at Blissfield last Saturday, and the contest Sunday is likely to be extraordinarily [illegible] Tecumseh is determined to make it a game each. The score at Blissfield was 7 to 5.

Last Sunday afternoon the home aggregation overcame Hudson 4 to 2. It was an interesting encounter in spite of the fact that it had to be called at the end of the sixth inning on account of the rain. There was a large attendance, the moisture not weakening the enthusiasm of the Tecumseh fans.

It was a pretty contest between Howe and Palmer, the mound artists, both acquitting themselves creditably. Each pitcher allowed seven hits. Tecumseh stole bases at will.

The score in the Sunday game was as follows:

Quaker Oats Nine Bests Brewers

The Quaker Oats Co. and the American Steel and Wire Co. baseball teams will meet in combat this afternoon. Last week the Quaker Oats nine took the team from the Brewer foundry down the line to the tune of 13 to 8.

KISELIK-SNELL.

Friends will be surprised to learn that one of our popular school teachers has joined the ranks of the nely-weds.

Miss Leila Snell, daughter of Mr. and Mrs. Charles Snell of this city, was wedded in Detroit Wednesday, June 16, at the home of a friend to Max Kiselik of Newark, N. J., a Congregational pastor performing the ceremony. The marriage is the culmination of a college friendship. Mr. Kiselik is a graduate of the U. of M., while Miss Snell attended the Ypsilanti Normal, where she graduated in 1917. Mrs. Kiselik graduted from Tecumseh high school in 1915 and has taught here for the past three years, having signed to return in the fall. Mr. Kiselik is a chemical engineer with a good position at Newark, where the young people will make their home.

Mrs. Kiselik is spending a few days with her parents before leaving for the east to join her husband.

TECUMSEH COUNCIL CONFERS DEGREE IN MANCHESTER

Accepting an invitation from Manchester Tuesday evening, Tecumseh Council, numbering 60 members, attended the meeting of Manchester Council.

A 6 o'clock banquet was served by the Manchester brethren and 215 were seated to enjoy the feast which was spread before them.

Following the dinner Tecumseh Council conferred the Super Excellent degree upon 44 candidates.

Other visitors were present from Chelsea, Brooklyn, Ann Arbor, Ypsilanti, Jackson, Hudson and Silver Creek.

Those attending from Tecumseh report this meeting as one of the most pleasant it has been their privilege to attend.

SOME HEESEN MOULDERS GO BACK TO WORK

For several days this week the Heesen Bros. & Co. foundry was closed, but this morning six or seven of the men returned to work.

R. A. Heesen, an officer of the company, on being interviewed in regard to ceasing operations, said it came to the company's attention that the moulders had been organized recently and were about to present certain demands, and to forestall a misunderstanding the foundry was closed for the time being. He did not know when the other employés would return, saying all could come back as soon as they desired if they wanted jobs, the employes to be dealt with as individuals and not as members of a union.

Reports were current that the foundry department of the H. Brewer & Co. factory had also been closed, but Charles Burridge, the manager, said such was not the case when he was interviewed at the company's office Wednesday afternoon. Not quite as many men are employed in this department at present as some weeks ago, but there has been no dispute of any kind between the workmen and the employers. Mr. Burridge said he had reasons to believe the moulders have been organized but no representatives of the union have appeared before the company's officials to make any demands.

Editorial Comment

It is expected that the Tecumseh Home Building association will soon start its building campaign. Activity has been delayed awaiting bids on homes by contractors. A meeting of the board of directors was held Friday evening when it was practically decided to start building in the very near future.

The presidential salary is not large enough to induce Wm. G. McAdoo, considered as the strongest Democratic candidate, to enter the race for the nation's highest office. The "heir apparent" of the "Wilson dynasty" absolutely refuses to allow his name to go before the San Francisco convention—the next great political powwow.

Dissatisfaction in Republican ranks at the recent national convention at Chicago makes the prospect of a third party in the presidential race probable. It is understood that these disgruntled members of the G. O. P. will meet in convention July 10 to nominate a presidential ticket. This new party will be ready to receive dissatisfied politicians and former adherents of both of the big parties, and the ultimate effect will be watched with interest.

While it is certain that profiteering and politics have a share in the cause of the present high cost of living, carlessness and extravagance of the people of the nation must bear a portion of the blame. An exchange figures that in a single year unscientific loading, accidental damage and the tremendous cost of packing add more than $700,000,000 to the cost of food, clothing and other necessaries. Unused space in freight cars costs $209,000,000, and hauling half-empty cars more than 6,000,000,000 miles costs the railways $157,000,000; damage and theft cost $100,000,000, and lumber that is wasted after being used once in packing cases costs $240,000,000. It is estimated that from a tenth to a quarter of the cost of foodstuffs goes to pay for crates that are thrown away instead of being used a second time.

The newsprint problem has at last compelled one of our esteemed exchanges to enter the "yellow journal" ranks—but in one sense only. The Petersburg Sun, published by A. P. Faling, last week was printed on yellow poster paper. This did not materially detract from the usual newsy and bright appearance of the Sun, however.

The Morenci Observer, which has been on the anxious seat of expectancy, jubilantly announced last week that the paper famine was broken. A shipment of two tons of the coveted newsprint was received by the publishers of that paper last week, for which they were mulcted to the tune of $320 per ton. In the same issue the Observer announces an increase in subscription rates to $2.00 per year and 2½c per inch for advertising. The increase is absolutely necessary to keep the industry alive.

"Between July 1, 1916, and July 15, 1919, more than thirty million copies of speeches made by various government officials were printed and distributed through the mails at the expense of the government. The printing cost $442,000, and the speeches and the envelopes in which they were mailed took more than two million pounds of paper."—Youths' Companion.

What a wholesale waste of paper!

And yet congress adjourned without acting upon the relief recommendations reported by the newsprint paper investigating committee.

Country publishers are indeed in a precarious predicament. With the price of print paper remaining at 16c per pound for any length of time, many country publishers will be forced out of business. It is impossible to [illegible] business at a loss month after month and 16c a pound for print spells loss.

During the next few months there will be much deploring done by the political wiseacres. No doubt there are lots of things in this country that are not as they should be and lots more that are not what we would like them to be.

But while you listen to the deplorings—some of which you may deplore yourself—don't let them beguile you from the fact that we have a great country, with great resources, great prospects and that every man in America gets benefits out of the said fact whether he is poor or rich.

Although the United States has only about 6 per cent of the world's population and 7 per cent of its land, this God's country of ours produces 20 per cent of the world's supply of wheat, 40 per cent of the world's supply or iron and steel. 40 per cent of the world's supply of lead, 40 per cent of the world's supply of silver, 50 per cent of the world's supply of zinc, 52 per cent of the world's supply of coal, 60 per cent of the world's supply of cotton, 60 per cent of the world's supply of aluminum, 60 per cent of the world's supply of copper, 66 per cent of the world's supply of oil, 75 per cent of the world's supply of corn, 85 per cent of the world's supply of automobiles.

USED CARS

with us do not mean worn out cars, or cars that have passed their usefulness, but cars of actual values that we have taken in exchange for new Overlands.

A great many people feel they wish a new car and make exchanges. Other people feel they do not wish to invest in new cars, but want a good car for a reasonable amount. These people realize they can get the best of values of us, as we make very thorough investigation in purchasing these cars and will tell you exactly their condition.

Today we have for sale:

SEVERAL FORD TOURING CARS FROM $350.00 TO $600.00

OVERLANDS, 4 AND 6 CYLINDERS, FROM $400.00 TO $1,000.00

Tomorrow some of these cars will be sold, but we will have others. Every day there are exchanges made.

Whenever you want a good car tell us about the kind of car you want. If we have not got it the day you call, we will without a doubt have it a day or so later.

BIG CHIEF GARAGE VICTIM OF FLAMES

(Continued from Page One)

machine is one of those outfits that require a small gasoline flame for heating the patch placed on a tube, and the flame is allowed to burn itself out. Mr. Williamson states he remained in the shop about ten minutes watching the machine and as he left he was certain that the flame was about to die out. As he closed the door he took a last look through the crack and everything seemed safe.

On reaching the front portion of the building an explosion occurred in the work shop and the building was immediately filled with flames and smoke. Mr. Williamson telephoned central for help and the fire truck was on the scene in short order. Driver McCaughn and Mr. Williamson were the only ones on the spot and several minutes of valuable time were lost in endeavoring to get the fire hose attached to the hydrant and the nozzle to the hose. But aid quickly came and a vigorous fight to subdue the flames started. The shop doors were locked and the only opening for the hose was a north window, and through this a good stream was thrown into the room. Another lead of hose was brought to the Evans street side and water was thrown through the window and later the fire fighters managed to get the side doors open and enter the building. It was here that the value of the electric lanterns belonging to the fire fighting equipment was realized. The brilliant light of these lanterns fairly pierced the clouds of smoke and gave the fire fighters their bearings and in a fairly short time the fire was completely squelched.

While the fighting was on at the rear some one smashed in the front plate glass window and the valuable stock of tires and accessories was removed from the danger zone.

Mr. Williamson managed to remove one car from the north end of the building, but when he returned for his Cadillac, the next car to the doors, the heat and smoke were so intense that it was impossible to re-enter the building.

Just what caused the explosion Mr. Williamson is unable to state for everything seemed in order and safe when he left the work shop.

By-standers were aware of the danger of gasoline explosions and kept their distance. The fire fighters, however, braved the dangers and fought to a finish.

The Big Chief carried insurance on their stock, but little or none on the machines.

Mr. Williamson states the loss to the Big Chief will amount to $10.000.

Clark Gallup, owner of the building, informs us he is fully protected by insurance.

Nightwatch Rubadou saw the flames as he was making his rounds through the alley nearby and hurried to the engine house to ring the fire bell.

The loss by this fire is estimated to reach and perhaps exceed the $20,000 mark. Tecumseh has been very fortunate in fire losses, the conflagration of Monday night being, it is said, the most disastrous in the past fifteen years. The city is to be congratulated upon its excellent fire protection and fighting apparatus.

Williamson Bros. have in course of construction a new garage at the corner of Chicago and Pearl street. Until the completion of this building they will continue business in the fire scorched building.

BRITTON DEPARTMENT

Simpson-Gibson.

A quiet wedding took place Saturday afternoon at the Methodist Protestant parsonage when Miss Rosemary Gibson, youngest daughter of Mr. and Mrs. Sam Gibson, sr., became the bride of George Simpson, Rev. Samuel Tamblyn performing the ceremony.

The bridal couple were attended by Miss Lillian Gorham, an intimate friend of the bride.

The bride is one of our popular young ladies, a graduate of the Ridgeway schools, Britton high school and the State Normal college at Ypsilanti. For four years she has been an efficient teacher in the public schools and for the past two years a very successful teacher in the grammar room of Britton school. She will teach next year in Deerfield.

The groom is a hustling farmer residing near Deerfield. After a short wedding trip they will be at home to their many friends, who join in wishing them a happy and prosperous journey through life, on the farm near Deerfield.

Christian Church Notes.

The usual services will be held next Sunday morning. Preaching services at 10 o'clock and Sunday school at 11.

A large crowd was present last Sunday morning at the Children's day services. An excellent program was given. Found Him Asleep

When burglars entered old Safety Stevens' house they found him sound asleep. When his wife aroused him with the whispered assertion that "there are burglars in the house," he replied with a yawn, "Let them go—they can't find anything. Our money is in the bank." He was that worried. His pocketbook contained nothing but a bunch of blank checks and a little loose change; nothing to lose. It pays to have a bank account in a good reliable bank for the feeling of safety inspired, to say nothing of the many conveniences and advantages.

The Windrow Hay Loader for Hilly Land

Have you seen the single cylinder hay loader that we have on hand at our store? If not, we want you to drop in and see it the first chance you get. It is the lightest-draft hay loader. In fact, one man can pull it a short distance on level land, delivering a fair-sized windrow onto the wagon.

The drum is mounted on the axle. There are no gears. The loading parts are slowly driven, the hay compression parts automatically yielding, and the frame is mounted on the wheels in such a manner that the loader pulls easily under a heavy load.

The Dain System Windrow Loader is unusually suitable for hilly land and for handling hay that has been air-cured in accordance with the Dain System. This loader will handle beans, alfalfa, clover and other kinds of hay gently, without loss of leaves.

Don't forget that it is on display at our store now.

MAKES A PLEA FOR MORE MISSIONARIES

(Continued from Page One)

at college. His discourse was illustrated with colored stereopticon views which made his talk the more interesting. The attendance was not large.

Rev. C. M. Thompson of the Methodist church presided at the meeting, the other local pastors taking part in the services. In his verbal journey Dr. Tompkins took his hearers from the coast of China to Suifu in the western part of the country where he is stationed. The scenery is majestically beautiful, but travel provokingly slow, as there are no railroads. China is so mountainous it is impracticable to construct railroads, the principal arteries of travel being the rivers. Where the river is deep steam propelled vessels are used, and in the shallow places house boats are the means of getting from one place to another. After the missionary has journeyed as far westward as possible by steamship the rest of the trip is by houseboat, pulled by Chinese men, this part of the voyage taking six weeks. Pictures of Suifu were shown, the mission of which Dr. Tompkins is in charge being among the views. There are 2,000,000 inhabitants of this territory but there is only one doctor. It was stated the Chinese know nothing of modern sanitation methods and live in primitive and filthy condition, a high death rate being the result, especially among babies. Every inch of soil is cultivated that the dense population may be fed, but the methods of working the fields and harvesting the crops are far from modern.

It is the belief of this missionary that nothing but the teaching of the word of God and lessons in sanitation and more education will lift China out of the depths in which it now exists.

At the close of his talk Mrs. Tompkins donned one of the rich gowns worn by the upper class Chinese and made a few highly interesting remarks in regard to it and the customs of the Celestials.

The community service next Sunday night will again be at the Presbyterian church, the pastor who occupies the pulpit in the morning to preach in the evening.

MASONIC BRETHREN ATTEND ST. PETER'S

(Continued from Page One.)

sion. In a brief summary of the qualifications of a candidate for Masonic privileges he pointed out that one of the first requirements is that the candidate acknowledge the existence of a Supreme Being as the Moral Governor of the world. A Mason recognizes that he is only a steward of the gifts with which God has endowed him and that he will be called upon to account for the use he makes of them.

In the matter of his civic duties a Mason is required to conduct himself according to the laws of the land in which he works. He must never be concerned in any plots or conspiracies directed against the civil powers. His influence must always be thrown on the side of law and order. The past history of Masonry demonstrated this fact. Masonry according to an ancient charge has always flourished in times of peace and suffered in times of war and confusion.

There is therefore a perfect agreement in the ideals and aims of Masonry and the ideals and aims of the church. Moreover, if a man will familiarize himself with the underlying principles of Freemasonry, if he will take the time and study the truths embodied in Masonic symbolism he will gain a clearer and deeper and saner grasp of the solemn duties he owes to God and to the state.

In our text St. Paul gathers together in four clear and crisp charges the duties which he has been inculcating in his Corinthian converts. They were given in the nature of a military command. The members of the church at Corinth were to be like an army in the field. They were to keep themselves fit for any attack and when the attack came they were to play the man and gain the mastery. That comprehensive challenge which St. Paul gave to the Corinthian church, said the speaker, is a challenge to us today, and it is a challenge to Masons more than any one else.

On all sides we are being warned that the very foundations of our social, religious and civil life are in danger. There are a lot of people today who think they are performing a public duty by screaming fire, but we have very few who are really capable of controlling the fire and smothering the lurid flames of disorder and selfishness which [illegible] everywhere.

Today we must be ready and willing to take a more active part than we have in the past in safeguarding our cherished institutions.

The heritage of the ages is in our hands today. We are the guardians of the past no less than the present. When we speak of the heritage that has come down to us from the past, of the rich gift of freedom which our forefathers won for us and our sons have died to save, we do not mean some dead inanimate sort of thing that is to be kept as some people keep a cherished family portrait. The heritage which has come down to us is a real, living thing, which is ever growing and taking on new forms and character as it is moulded in passing through our hands.

St. Paul's words are a challenge to us to throw the whole weight of our influence on the side of righteousness and truth. We dare not stand idly by and let matters be guided by any alien or disloyal element. If we would be true to our Christian profession, if we would be loyal to the teaching of the order, if we would be worthy citizens of this great republic we must see to it that we are marked men in the community—men who have to be reckoned with, men who in the words of St. Paul will be watching men, men who will be aggressive in seeking to build up and maintain Christian principles of life and conduct in this country.

At a session of the probate court for the county of Lenawee, holden at the probate office in the city of Adrian on the 19th day of June, in the year one thousand nine hundred and twenty.

Present, Hon. Harry L. Larwill, Judge of Probate.

In the matter of the estate of Frank A. Fisher, deceased.

On reading and filing the petition, duly verified, of F. Irene Fisher, widow of said deceased, praying that an instrument in writing purporting to be the last will and testament of said deceased may be duly proved and admitted to probate, and that administration of said estate may be granted to petitioner, the executrix named in said instrument, or to some other suitable person.

It is ordered, that Monday, the 19th day of July next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered, that a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulated in said county of Lenawee, for three successive weeks previous to said day of hearing.

HARRY L. LARWILL,
(A true copy) Judge of Probate.

For Sale--Real Estate

The S. O. S. for more houses on the south side brought results. So now I have for sale some excellent propositions. One on W. Pottawatamie, newly repainted, new electric fixtures and in first class condition. Nice big barn and lot.

The property of the Anna Root estate on North Evans street, consisting of vacant lot and building occupied by Bert Prichard's pump shop, is to be sold cheap.

How does a house, all modern, just three blocks from four corners, appeal to you at $3,100?

Another, nearly new, well cared for house, one of the prettiest homes in town at a figure which would have been called a bargain before the H. C. of L. became our master.

Then again the Deming house on N. Pearl can be occupied at once. Large lot, barn and much fruit, only 1½ blocks from business section.

But don't forget the McLachlin property. An all modern house, splendidly located, with three acres of land and all sorts of fruit.

Have many cheaper places, which, considering the high price of building materials, are excellent bargains. Right now I have several customers waiting for places ranging in price from $1,000 to $2,500 in the southern part of town.

Now Mr. Farmer, I have for sale a good sized barn at a law figure, which the owner does not need. This is much cheaper moved to your farm than one erected of new material.

Also a 6-room house with lights in good location going cheap.

List your property.

Words of Appreciation

I desire to express my deep gratitude to all who aided in putting out the fire in the Tecumseh Big Chief Garage Monday night.

Especially do I want to sincerely thank those who risked their lives by venturing into the flaming building in their endeavor to save cars, tires and other stock.

I want to compliment the driver of the fire truck for getting on the job so speedily.

In fact I am very grateful to everyone who assisted.

Hugh Hanna, Sr., Drops Dead in Yard

Had Been Resident Here 25 Years and Was Highly Esteemed —Aged 83.

Hugh Hanna, one of the older residents of this city, was found dead on the lawn near his garage Monday about 6 p. m. For several months he had not been well and a few days ago suffered a fainting spell, but recovered and walked alone into the house. Since then his wife, who, too, is in feeble health, had kept him in sight, but on Monday he seemed so much better and had worked about the home most of the day. Missing him, Mrs. Hanna went to the garage and found him dead.

Hugh Hanna was born in Belfast, Ireland, March 14, 1837. He married Miss Mary Mellon in 1857, the couple coming to America in 1865. They settled in Geneseo, N. Y., where Mrs. Hanna died in 1878. In July, 1879, Mr. Hanna married Miss Margaret Jane McCracken, who survives. With their family they came to Tecumseh about 25 years ago.

He also leaves three daughters and four sons, Mrs. Will Redman and Miss Elizabeth Hanna of Pavillion, N. Y., and Mrs. Iva Marsh of Tecumseh, who has been so faithful in her care of the old couple, Will Hanna of Adrian, Joseph of South Haven and Hugh, jr., and Charles who reside at home. He also is survived by eight grandchildren, ten great grandchildren and two brothers and three sisters still living in New York.

No man in Tecumseh had more friends, for always one was greeted by Hugh Hanna with a happy smile and glad word. Up to the last day of his life he enjoyed his jokes, as did his friends, and his absence will be greatly felt by the community.

He was a member of the Presbyterian church at Geneseo and since coming to Tecumseh attended the local Presbyterian church as long as his health permitted.

The funeral was held from the home this forenoon at 10:30, Rev. W. R. Curtis officiating. The four sons, the son-in-law, Fred Marsh, and Ed Rogers acted as bearers. Present from away were Mr. and Mrs. Will Hanna of Adrian, Joe Hanna of South Haven, Mrs. Chas. Campbell, Mrs. Will Campbell and William Mellon of Toledo.

W. M. S. OF PRESBYTERIAN CHURCH MEETS AT FARM

The Woman's Missionary society of the Presbyterian church were guests of Mrs. S. W. Boyce at her farm home Friday afternoon. They met at the church and were conveyed in autos to the meeting place. A business session was conducted by Mrs. Ella James in the [illegible] president, Mrs. Andrew Wilson. Following, Mrs. James Cupples presided over the study session, when the following interesting program was given, with Alaska the theme:

"The Country and Its Resources"—Miss Kyle.

Vocal solo—Mrs. J. J. Orr.

"Missions and Schools of Alaska"—Mrs. Al Helzerman.

"Alaska in Story and Song"—Mrs. James.

Piano solo — Miss Marjorie Boyce.

A pot luck supper was served at 6 o'clock to over 40. Among the guests were Mrs. Boyce's sister, Miss Julia Gilmore, of DesMoines, Iowa, and Mrs. Delmar Finch of Parkersburg, W. Va.

More Time Granted Producers of Wool

Are Asked to Delay Delivering Clips—Pool Proposed to Get Higher Price.

Wool raisers in the vicinity of Tecumseh have been given more time by the Lenawee County Farm Bureau for marketing their product. July 15 had been set as the last date on which wool would be received at the Tecumseh Co-Operative association, the local station of the bureau. Word that more time would be allowad came from the county bureau after it had received instructions from the state organization to postpone the closing date. Wool was received in such large quantities at the storage houses in Lansing the force could not handle it and for this reason the producers were requested to ease up the shipments until the storage employes could pack away what was on hand. The local receiving station, like the others in various parts of the state, were asked to slow up the forwarding of wool and to request the producers to take a little more time in bringing in their clips.

It has been announced by A. E. Illenden of Adrian, chairman of the Michigan State Farm Bureau's wool committee, a movement is under way to pool the wool of the five big producing states and keep it off the market until there is an upward trend of the price. Michigan is one of the five states co-operating through their [illegible] reaus to get a better price for the wool producers. It is planned to have a conference of the officers of the five farm bureaus interested and if an agreement is reached all will hold the wool stored in their warehouses off the market until the prevailing low market conditions take a turn upward and the producers are assured of an adequate return for their product.

The total wool output of the five co-operating states is estimated at 84,000,000 pounds. It is expected the five farm bureaus will control about 20,000,000 pounds of this and by keeping it off the market for a time anticipate a higher price.

Wool is arriving at the Lansing warehouses in large quantities. During the last week deliveries from members of the Michigan bureau have increased from 1,542,653 pounds to 2,279,645 pounds, far beyond the amount expected for this time by the wool committee and a quantity which is overtaxing the bureau's facilities for handling it. Of this big total but 443,863 pounds have been graded. The remainder, 1,835,782 pounds, is ungraded wool either stored in the central warehouses at Lansing, in transit, on sidings or in various assembling stations throughout the state.

WILLIAM F. FISHER AND ALMA KLOFFENSTEIN WED

William F. Fisher and Miss Alma Kloffenstein, prominent young people of Tecumseh, were married in Adrian Saturday by Rev. T. J. Hopkins, the Baptist minister of that city. They immediately began housekeeping in the splendid home which the groom recently purchased of Albert Boyce on South Union street in this city.

Mr. Fisher, who was recently village president and is still a justice of the peace, is manager of the Tecumseh Gravel Co. and has made the business an exceedingly successful enterprise. Mrs. Fisher is secretary of the same company and an enthusiastic member of the Ladies' band.

Friends have received announcements of this wedding this week, the "at home" cards making it known the couple will receive their friends after August 1.

SCUTT-KINGAN

At the M. E. parsonage Monday night Rev. C. M. Thompson united in marriage Miss Amey E. Kingan and Fred Scutt, two well known Tecumseh people. The bride is the daughter of Mrs. Ella Kingan and has gained a reputation as an efficient school teacher. She taught in this vicinity several years, but for over ten years has been an instructor in Wellsville, Ohio. Mr. Scutt is a prominent farmer and it is on his farm northeast of town that the young couple will reside. side.

200 County Seaters Make a Stop Here

Adrian Merchants on Way to Visit Onsted Business Men—Mayor Hines Gives Address.

Members of the Adrian Chamber of Commerce to the number of about 200 were in Tecumseh for a short time about 10 o'clock this morning. They were accompanied by the Imperial band of the county seat and several vaudeville performers, a few selections being played by the musicians.

Mayor George Hines welcomed the company to Tecumseh, saying the Adrian Chamber of Commerce represented the best type of citizenship and thanked them for the visit. He said in part:

"We have never considered Adrian anything but a suburb of Tecumseh. Why, you have nothing over us but in numbers. We both belonged to the South Michigan league at the same time and both went broke."

He spoke of the Tecumseh Ladies' band as probably the only one of its kind in the state and being composed of the finest looking women in town. He complimented Adrian as having the best public speakers in the state for a town of its size, but we have only [illegible] here as we are all [illegible]. He introduced T. C. Kennedy, the president of the Adrian Chamber of Commerce, who complimented Tecumseh by saying:

"You do things here which are not done in other towns, not even Adrian. For instance, your Wednesday night shows." He favors heartily such get-together meetings to which they were bound and promised Tecumseh such a visit, and, in return, if necessary, will arrest our Chamber of Commerce if that is the only way they can be pursuaded to go to Adrian.

The visitors were on their way to Onsted where they will be the guests of the merchants of that town. It is a return call, as the Onsted business men were guests of the Adrian Chamber of Commerce some time ago. The Adrian delegation expects to arrive at its destination shortly before noon. An elaborate feast will be awaiting them in the Odd Fellows' hall and after the menu is disposed of a program of speeches, band music and vaudeville acts will be presented.

Not only the business men but representative farmers in the vicinity of Onsted are invited to attend the festivities, as following the dinner informal discussions of business relations between the two towns are to be held. Women will also be present, as a large number of the Adrian business men were accompanied by their wives.

J. N. Sletten, secretary of the Adrian Chamber of Commerce, was in Tecumseh Friday making arrangements for the large party of motorists to make a brief stop in this city.

LOCAL LEGION INVITED TO PICNIC ON JULY 5

An invitation has been received by Underwood-Orr post, No. 34, American Legion, of this city, to join with the Adrian post in a picnic at Coons Landing, Devil's lake, July 5.

Congressman Earl C. Michener is to give an address, there will be one or two good ball games, dancing and other amusements. A basket dinner will also be on the program.

It is the desire of the Adrian post to make the outing a county affair and all the Legion organizations in Lenawee are cordially invited to participate.

The officers of the Tecumseh post urge the members to attend.

Notice of Annual School Meeting.

Robert Elliott is Found Dead in Bed

Veteran Blacksmith Had Been Sufferer from Valvular Heart Trouble—Was Aged 59.

Robert Elliott, the youngest of the three brothers who have been Tecumseh's blacksmiths for 25 years, was found dead in bed Sunday morning by his daughter, Mrs. Thomas Deniston. For several months Mr. Elliott had been seriously ill with valvular heart trouble, but had been so much better recently that he had been about the house and out to the barn and garden. Saturday evening he was so greatly improved he rode down town. Early Sunday morning Mr. and Mrs. Deniston heard him cough a little but thought nothing of it as he had had a cold for a few days, but the shock to the daughter was great when she went to his room to call him for breakfast and found him dead from a hemorrhage.

Robert Elliott was born in Ballymena, Ireland, December 10, 1860. In 1881 he came to America to join his brothers, Thomas and James, who had preceded him. He left his sweetheart, Miss Sarah Clements, behind and as soon as he had arranged for the home she came and they were married. Two daughters were born to them—Edith, now Mrs. John Meade of Detroit, and Margaret, now Mrs. Thomas Deniston, who with her husband and little son have resided with Mr. Elliott. Mrs. Elliott passed away February 6, 1908. Besides the two brothers surviving here are one sister, Mrs. David McWilliams, and a brother and sister in Ireland, whom the brothers, Thomas and James, are now visiting.

The funeral was held from his late home on South Pearl street Tuesday afternoon, Rev. W. R. Curtis officiating. To close friends fell the honor of bearing him to the grave: David McWilliams, Floyd Elliott, William Gibson, James Lowry, Albert Foster and Will McEloan. Present from out of town were Mr. and Mrs. John Meade, Miss Agnes McWilliams and Will McEloan of Detroit; Mrs. Will Knoddle of Bloomdale, Ohio, Mrs. Will Thompson and William Mellon of Toledo.

PERITONITIS FATAL TO MRS. CHARLES KLAPPICH

Mrs. Chas. Klappich of Monroe, who had been seriously ill for about six weeks at the home of her parents, Mr. and Mrs. A. S. Titus, on South Oneida street, passed away Sunday morning.

When her daughter was taken ill Mrs. Titus went to Monroe to care for her, but the grandmother, Mrs. L. B. Thompson, was also ill, so as soon as possible [illegible] Mrs. Klappich to the home here and all that medical aid could do has been done, but peritonitis developed last week.

Mrs. Klappich [illegible] Miss Florence Titus. She was born in Raisin township 31 years ago. When a little girl she moved into town with her parents and attended the local school, graduating in 1907. That year she married Charles Klappich and soon moved to Monroe, where she had since resided. One son, Bertram, was born to the couple.

Besides the husband, son, parents and grandmother there survive two sisters, Mrs. Glenn Judson of Toledo and Miss Ella Titus of Jackson.

A member of the Baptist church, the Pythian Sisters and Lady Maccabees, Mrs. Klappich made friends quickly.

That Mrs. Klappich and her family have hosts of friends was attested by the large attendance at the funeral yesterday afternoon, when the large Titus home and great verandah were packed with sorrowing friends. Rev. W. R. Curtis officiated and the bearers were from the Monroe Pythian Sisters and Tecumseh Lady Maccabees, as follows: Mrs. Lee VanWormer, Mrs. Wm. Lamphere, Mrs. Bernard Bragdon, Mrs. Guy Belding, Mrs. Earl Haughn, Mrs. O. G. Hunt.

There were 26 from Monroe present, representing the K. of P. and Pythian Sisters orders, among them being Mr. and Mrs. John I. Ellis, Mr. and Mrs. William Lamphere, Mr. and Mrs. Geo. Hodgeman, Mr. and Mrs. Charles O'Lone, Mrs. Walter Vandegrift, Mesdames France, Hardy, Kopke, Kronenwitt, Rechels, Tisdale, Hoffman and Boyce, Messrs. George Penny, Charles Shepherd, Richard Trucer, Ed Riley, Martin Burke, Thomas Rooks, Mrs. Will Meeks. Others from away were Mr. and Mrs. Glenn Judson and son, Eugene, Mr. and Mrs. L. W. Klappich, sr., Mr. and Mrs. L. W. Klappich, jr., and three children, Mrs. Samuel Klappich, Mrs. Charles Margin, Henry Leisman, Miss Clara Woessner, Mrs. Agnes Quinn, Miss Rose Tobin, all of Toledo; Mr. and Mrs. Ed Lamb of Detroit; Miss Ella Titus, Mr. and Mrs. George Millis of Jackson; Melvin Bowen and son and Clyde Pope of Palmyra; Mr. and Mrs. Will Lowe, Mr. and Mrs. Robert Glenn of Adrian.

The burial was in the family lot in Brookside.

LOOMIS-MOMINEE

Married, in Napoleon, Ohio, Monday, June 21, Mrs. Lillie Mominee and Edward Loomis, both of Tecumseh. The couple arrived home Tuesday after a short wedding trip. They will reside for a time with Mr. Loomis' parents until they can find suitable apartments. Mr. Loomis is employed at the Smoke House and his wife for some time worked at the Whiting cigar factory.

Tecumseh to Meet Jasper on Sunday

Independents Take Blissfield's Scalp, Score Being 7 to 5—No Game Monday.

As there will be no ball game here on Monday, July 5, it is expected the attendance at Sunday afternoon's game will be unusually large, Jasper being the opponent. This team was here June 6 and lost to the Tecumseh Independents but it has been greatly strengthened since then and promises to put up a stiff battle Sunday.

In last Sunday's engagement between Blissfield and the home diamond artists the locals turned the tables on their opponents, winning 7 to 5, by the same score by which [illegible] neighboring town a week ago Saturday. Howe held Blissfield hitless up to the eighth inning in the Sunday encounter, the visitors doing all their scoring [illegible] two times at bat. Drake, Hunt and Covert featured in a double play in the ninth. It was an interesting game and was witnessed by a large crowd.

Following is the box score:

GETS REFORMATORY TERM FOR THE THEFT OF CASH

Floyd LeBaron was arrested Saturday evening by Marshal B. W. Mominee for stealing $40 from the office of the H. Brewer & Co. at whose foundry he was employed. He was taken to Adrian that evening and appeared before Judge Hart Monday. He had only a few months previous been before the judge on a similar charge and placed on probation.

When LeBaron made his appearance Monday and pleaded guilty he was sentenced to Ionia for from six months to five years. He was taken to the reformatory Tuesday.

ROYAL NEIGHBORS TO MEET HERE NEXT YEAR

Tecumseh has been decided on as the meeting place for next year's convention of the Royal Neighbors of Lenawee county. It was at the 1920 convention held in Morenci yesterday that this city was chosen as the next gathering place.

From Tecumseh [illegible] at the Wednesday session were Mrs. Carl Glancey, Mrs. Charles Bennett, Mrs. Arthur Randall, Mrs. John Jensen, Mrs. Merton Nobles, Mrs. C. A. Stalter, Mrs. B. W. Mominee, Mrs. Richard Putnam, Mrs. Murray Brownson and Mrs. Verdi Skinner.

DRAMATIC TROUPE TO PLAY HERE UNDER TENT

This city is to be visited by the Frank Ginnivan Dramatic company, which will play in a tent at Chautauqua park for a week beginning July 12. Mr. Ginnivan's attractions have been here before, having been seen in this city 12 or 13 years ago.

The troupe which is soon to give performances in Tecumseh is said to be composed of talented actors who are scheduled to present some of the most popular dramatic hits of recent years.

A jazz band is one of the features of the company.

Five Bible Fools

Rev. C. M. Thompson Preaches at Community' Service.

The Presbyterians being disappointed in securing a preacher for the pulpit of their church Sunday, Rev. C. M. Thompson of the Methodist church was called upon to aid in the dilemma. The earlier hour for worship in the Methodist church enabled Rev. Thompson to fill the pulpit at the morning service and he also gave the address at the evening community service.

Rev. Escolme was the presiding minister at the community meeting, Rev. Thompson, reading the scripture lesson and giving the address or sermon. The attendance was small, with no choir present, leaving W. S. Dickinson and the organist to lead the singing.

Rev. Thompson spoke on the Bible fools. For the first fool the speaker referred to the Proverbs of Solomon, using Absolom as an illustration. Absolom was a rebellious fool and a great [illegible]. Young men who rebel against their fathers are nine times out of ten failures. The second fool was the man who mocks at sin—makes excuses for sin—makes light of the sowing of wild oats. "The fool hath said in his heart there is no God" is the third—or atheistic fool. The fourth is the rich fool who would eat, drink and be merry. He is the man who has never conceived the idea of stewardship, but continues his miserable boarding up of this world's goods. The fifth is the disobedient fool—the man who built his house upon the sand.

The sermon was full of good thoughts and delivered in a manner that kept the congregation at the point of interest every minute.

Editorial Comment

"He has excited domestic insurrections amongst us."

The glorious Fourth being upon us once more, we go to the Declaration of Independence for the above quotation. "He," the king of England, "has excited domestic insurrections amongst us," said the forefathers, who gave that as an important reason why the United States of America should be freed from British rule.

But in these latter days we pretty nearly forget this one good declaration of liberty. We harbor in the country today thousands of men who are exciting domestic insurrection—civil war—in America, who do not own allegiance to the forefathers that brought us liberty, security of life and a reasonable measure of happiness as a people, but who openly and blatantly own allegiance to one Lenin, a Russian Mongolian.

The mass of Americans are true blue. We do not believe that the foul-mouthed speeches of Bolshevism in this country will be able to overcome them and democratic freedom, unless by a fluke—but don't forget that they, the one per cent in the total population, won Russia by a fluke. Nevertheless, on this sacred Independence day, let all American patriots dedicate themselves anew to the principles in the original declaration to the end that we shall have a government "of the people, by the people and for the people," the whole people. Above all—

Be watchful and keep your powder dry!

John Bull believes that healthy babies make strong men and is willing to pay for them. In 1918 grants made by the national government in support of infant welfare work in England and Wales amounted to about $1,150,000, which represents one-half of approved expenditures for welfare centers, "health visitors," maternity care and similar work for mothers and children.

The number of health centers increased from 850 in 1917 to 1,550 in June, 1919, over one-half of them supported entirely by public funds. Attendance at the centers has also shown a phenomenal increase. One center in Gloucester, which in 1918 received 263 expectant mothers, had 932 on its rolls in 1919.

As a result, it is thought, of public protection of maternity and infancy, the infant mortality rate for England and Wales for 1918 is 94.

The 1918 infant mortality rate for the United States birth registration area, just published, is 101, seven points higher than the rate for the preceding year.

Children's bureau investigations have shown that Uncle Sam's babies die because they and their mothers do not have skilled care. Until such care is made available, as in England, for all women in all parts of the country, regardless of economic standing, no great decline in the infant mortality rate may be expected.

The Communist "party" in America doesn't seem to be in luck. Why it is called "party" we don't know, because its aim is not to change our form of government by political means, which is perfectly permissible, but by violence. The sole purpose of the communists in this country—potential terrorists—is to tear down everything, inaugurate a reign of terror, establish Bolsheviki rule and make Petrograd the capital and boss of the hundred and ten million of us—minus those that are murdered or die of starvation and communist torture.

Well, they are not in luck. Several months ago a bunch of American Legion boys in Cincinnati, who risked their lives for their country, discovered the Cincinnati headquarters of the Communist party in that city. When Legion boys discover an enemy of this nation they go after them like they went after the Germans, and the result was that when they got through with the headquarters it was a sight.

Therefore, the Communists, who despise our laws, appealed to the law. Law took cognizance and gave them a fair hearing. A jury has just given a verdict against them in a suit against 50 American Legion boys.

We believe in order and justice and law enforcement, but we can't see that a group of people with violence and murder in their hearts against millions of our fellow citizens are entitled to the consideration of any of those rights.

One of the strongest movements in progress in this country today is to make the farmer the owner of the game on his farm, not the state. As it is at present in most of the United States, the farmer can post his farm against hunters, which is perfectly proper and which nobody wants to change. But as to the game itself, the state claims ownership over bird and beast and passes laws against even the farmer killing them on his own land.

All of which is doing the game no good. The farmer has no interest in the wild things. The alleged protection laws are not increasing the game.

On the other hand, if the farmer owned the game on his land—mallard duck, teal, goose, pheasant, quail and the like—and could kill them for his table and to sell as food, he would make pretty sure that they were protected. He would exterminate their vermin enemies, keep off the game butchers, and more important than all, he would provide his game with food and even shelter on the few desperate occasions in the winter when they die in enormous numbers from starvation.

The farmer would soon find that his ownership of the increasing game on his land meant not only a better table for himself but money in his pocket. He or his boys would begin to breed game in large numbers to sell to the townspeople.

Briefly, this whole movement is intended to restock this country with game birds. There seems to be no doubt that the farmer's ownership and self-interest care of such birds would increase their numbers mightily everywhere—everywhere, because wild birds do not all stay at one place.

THE OLD, OLD STORY

The kiddies of today sit upon grand-dad's knee and listen with awe to the wonderful tale of the "Giant Firecracker." All of the pranks, the deafening noises and the filled hospitals, so much in evidence about the 5th, 10 or 20 years ago, are but shady memories now. An evolution is taking place that is bringing us back to the realization of the true meaning of "Independence." And, best of all, in this new type of Fourth we are instilling into the hearts and minds of the coming generation the essence of the Declaration of Independence and what it means to the American citizen.

Revives Memories of Days Gone By

L. H. McNeil of Fostoria, Ohio, Writes Unique Letter Recalling Events or Years Ago in Tecumseh.

Fostoria, Ohio.

Mr. Emil Ahrens,
Editor Herald,
Tecumseh, Mich.

My Dear Mr. Ahrens: I often receive a copy of The Herald and although I have been away from Tecumseh for over 20 years I always find much of interest in the "old reliable."

As you no doubt know, I learned my trade at the "old Herald" office, having started there in 1890, when S. C. Stacy was editor.

Since the time I left Tecumseh my boyhood friends have been rather widely scattered, and the generation now growing up in the old town are all new faces to me when I visit there.

Although I have lived in quite a number of places in the past 20 years I still think of Tecumseh as the best town on earth and I often think of the old crowd of boys I used to chum with and wonder if they still have the same pleasant thoughts of the good old days when H. C. of L. was an unknown thing.

I am attaching to this letter a few notes that would probably revive memories of old times among the boys of my age and will no doubt have the same effect upon Ye editor, as I understand you are one of the old Tecumseh boys of about the period referred to above.

I wish to take this opportunity to compliment you on the wonderful improvements you have made in The Herald since you have assumed the management.

Wishing you success and thanking you, I am

Very truly yours,
L. H. McNEIL.
325 South Main St.

The "notes" Mr. McNeil sent are as follows:

Who Remembers:

When the old Bill's race track was used as a circus ground?

When the old M. & O. (C. J. & M.) depot was a favorite loafing place?

When the favorite swimming hole was on the B. J. Bidwell property, north of town?

When Jim Dunnigan and Tommy Mark each had dray lines?

The old cave at Blood's bridge?

When Clay Johnson was a clothing salesman and also the best dressed boy in town?

When "Dick" Farley drove a milk route?

When the Whitney family circus was an annual event in Tecumseh?

When the L. A. W. bicycle races were held here each year?

The Theo. P. Wood dramatic company?

The "old" West Branch school?

The Tecumseh News was printed on a hand press?

The first Chinese laundry was started in Tecumseh?

The first skating rink in town?

When religious meetings were held in the old agricultural building (later the table factory)?

When the favorite coasting place was just north of the old Lake Shore depot?

The old-time Fourth of July celebrations and the band tournaments?

When "Alvin Joslin" broke the attendance record at Sutton's opera house?

When electric lights were first introduced in town and the big celebration "pulled off"?

The toboggan slide at Woodard's in Brownville?

Let's hear from some of the old West Branch bunch along this line if this proves of interest to any of my old schoolmates. Ed Smalledge, Mont Rolland, Olin Hodges, Willis Love, Claude Hubbard, Will Stevenson, John Mitchell, Merton Burlingame, Geo. Schreder and any of the old crowd could write many interesting notes of the good old days when you did not have to be a millionaire to buy a pound of sugar and high wheeled bicycles were the favorite means of conveyance.

Charles W. Howe of Colorado Springs, Col., has sent his parents, Mr. and Mrs. Louie Howe, the tail of a rattlesnake he killed which proved to be eight years old, as it had that many rattlers. Mr. Howe shot the reptile with a rifle, three bullets being required to subdue it. He writes he also saw two coyotes recently. Mr. Howe is employed on the Turkey Track ranch near Colorado Springs.

The Tecumseh postoffice will be closed Monday, July 5, except from 10 to 11 a. m., when mail may be secured at the window. There will be no city or R. F. D. delivery, but the early morning pickup will be made. The city carriers request as many as possible to call for their mail between 10 and 11 that they will not have such a heavy load to carry Tuesday morning.

As Melvin Willnow and David Johnson and a party of friends were driving on Wall street, north of Tipton, Sunday evening they passed an Overland going at a high speed at a narrow place in the road. The Tecumseh men could not turn out as a deep ditch was on their side of the road. The stranger turned back into the center of the road too quickly, catching the local car at the back wheel. The impact threw the Tecumseh party into the ditch, turning their Ford completely over. The passengers were bruised but not seriously hurt, while their Ford was minus one back wheel and the windshield is a thing of the past.

Clare I. Dickinson has returned to the old home town and opened a plumbing shop in the rear of the Campbell dry cleaning establishment. For the last six years Mr. Dickinson has worked at the plumbing trade in Toledo excepting the time he spent in the 32nd division, the boys who did things in France and Germany. Mr. Dickinson is well known in this, the town of his birth, and is assured on all sides that his business is bound to prove successful.

Joshua Green of Raisin was in town yesterday. He is recovering nicely from the cuts and bruises received June 19 when a rig he was driving was struck by a D. T. & I. passenger train. He was driving home from Tecumseh and when on the crossing near the Strong schoolhouse a train struck his buggy. He was thrown into a barbed wire fence and his face and one hand badly cut. He was much bruised and in view of the fact that he is 92 years of age his recovery is considered remarkable. He says a man born to be hung cannot be drowned.

A pleasing feature at the afternoon service at St. Peter's church Sunday was an offertory solo by Miss Dorothy Taylor, a cousin of the organist, Miss Edna Taylor. Rev. I. J. Preston took his text for the sermon from Joshua 1:9 "Have I not commanded thee? Be strong and of good courage; be not afraid, neither be thou dismayed, for the Lord thy God is with thee whithersoever thou goest." The sermon was especially timely and full of helpful thoughts at this period of national crisis. The attendance at the service was good. During July services will be held each Sunday morning at 8 o'clock.

Friends of Herman Seitz sprung a complete surprise on him Monday evening at his home in Brownville when they were gathered there on his arrival from work. The party was in honor of his 22nd birthday. It is the first time the entire group of eight gathered at the same time under the parental roof. Mr. and Mrs. Plumb and children and C. E. Thompson returned to Detroit Sunday, while L. H. Thompson and family are remaining for a ten days' visit in Tecumseh.

Do The Herald want ads bring results? Col. A. S. Cummins declares they do. About a week ago he lost a pair of spectacles. He advertised the fact in last week's issue of this paper. Friday a pair of glasses were left at this office, having been found in the street by Sam Sisson. Col. Cummins was notified and on examining the spectacles was not certain they were the ones he lost, they having been run over by some vehicle, as the bows were much bent and both lenses missing. There were two initials on the bridge of the glasses. By communicating with the optometrist from whom the spectacles were purchased it was ascertained they belonged to Mr. Cummins, the little want ad having been the means of recovering them. The moral is: Use The Herald want column. It is elastic and can fill your every need, no matter what it may be.

J. M. Kent was in Onsted yesterday.

Mrs. Howard Matthews is visiting her mother in Toledo.

Gerald Kent has a fine position with the Overland Motor Co. in Toledo.

The young couple were the recipients of many beautiful and useful gifts, including a number of the ever useful gold pieces.

The Northwest circle of the Ladies' Union of the Baptist church met Thursday at the home of Mrs. Henry Beard for its monthly business session and social hour. During the short business session Mrs. Jay Morse was appointed chairman of the committee to make all arrangements for an ice cream social to be given soon, the proceeds going to pay on the pledge the Ladies' Union has made to the church. It was decided to have each monthly meeting be a ten-cent social. One visitor, Mrs. Beard, from Dayton, was present. Refreshments were served and all enjoyed a delightful visit. The next meeting will be with Mrs. Stahler on Union street July 29.

MRS. WILLIAM HUTTINGER IS CLAIMED BY DEATH

Mr. and Mrs. Arthur L. Brazee Saturday received the sad news of the death of their daughter, Mrs. Will Huttinger, at Great Falls, Mont. Mrs. Huttinger had for some time been a sufferer from goitre and had gone from her home in Zurich, Mont., to Great Falls for an operation, hoping for relief. It was while on the operating table that she passed away.

The funeral was held Tuesday, with burial at Chinook, Mont., near which city Mrs. Huttinger's brother, Alvin, and family reside.

Alta Althea Brazee, oldest daughter of Mr. and Mrs. Arthur L. Brazee, was born in Tecumseh July 4, 1883. Here she grew to womanhood and married William F. Huttinger, then a telegraph operator at Tecumseh Junction. The young couple left Tecumseh soon after, Mr. Huttinger having been transferred to Sand Creek. Later he was sent to Elkhart, then to Missouri, but for several years Mr. and Mrs. Huttinger and their children, Arthur and Esther, have made their home in Zurich.

While in Elkhart Mrs. Huttinger united with the Methodist church.

Besides the husband, children and parents, surviving are one sister, Mrs. Iva Pieper, of Orofino, Idaho, and four brothers, Leo Brazee of Milwaukee, Ray of Hastings, Bert of Grand Ledge and Alvin of Chinook, Mont.

WEDDING AT TIPTON OF INTEREST IN TECUMSEH

A wedding of unusual interest to Tecumseh people was solemnized Thursday afternoon at the home of Mr. and Mrs. Orman Lamkin, a mile south of Tipton, the contracting parties being their daughter, Miss Ivalene, and Harold Harrison, son of Mr. and Mrs. Ed Harrison of Ridgeway.

Preceding the ceremony Miss Dorothy Martin of Ridgeway, a member of the 1920 graduating class of the local school, sang, "O Promise Me." The bridal march was played by Miss Carol Kemp of Tecumseh, a cousin of the bride. The little Misses Ruth Evans and Phyllis Edwards were ribbon bearers and little Edith Bailey carried the ring.

The couple was attended by Miss Clara Arndt of Saginaw and Hartley Harrison of Detroit. The ceremony was performed by Rev. S. N. Oliver, pastor of the Tipton Congregational church.

The wedding luncheon was served to 80 guests at small tables on the porch and lawn. The rooms were gay with flowers in a color scheme of yellow and white and the bride's table was decked with the same hues. The bride wore a gown of white satin with point lace trimmings, the veil held with a wreath of orange blossoms. She carried a shower boquet of white roses. Her bridesmaid was in pink organdie and carried pink roses.

Mr. and Mrs. Harrison are well known in Tecumseh, having been born and reared in this vicinity. Mrs. Harrison is a graduate of the Tecumseh school and Brown's business college in Adrian. She also attended the Normal at Ypsilanti. For several years she has held a position in Lansing, first with the food administration during the war and since as journal clerk in the state legislature. Mr. Harrison graduated from the Ferris Institute and it was while a student at the U. of M. he enlisted in the army and served overseas. He is in the employ of the General Motors Co., with headquarters at Walkerville, Ont. The young people will reside in Windsor after a lake trip.

BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Tecumseh experiences. Tecumseh people recommend Doan's Kidney Pills. Ask your neighbor. Here's a Tecumseh resident's statement:

Mrs. Alice Burroughs, Pottawatamie St., says: "Less than a year ago I began to feel badly. I sometimes ached all over and had such tired feelings, my energy seemed all gone. My kidneys didn't act naturally and at times my back ached dreadfully. I had known of others in our town who had been helped by using Doan's Kidney Pills for the same trouble, so I sent to Wright & Son's Drug Store for a supply. I began taking Doan's and in a few weeks was feeling much better. Now I am free from the aches and pains and feel better in every way. I know that Doan's gave me this benefit and am glad to say that I heartily recommend them, as I know them to be reliable." (Statement given December 3, 1908.)

On May 3, 1920, Mrs. Burroughs said: "The cure Doan's Kidney Pills made for me some years ago is still permanent. I am always telling my friends about them and recommend Doan's just as strongly today as when I gave my former statement in 1908."

Found Him Asleep

When burglars entered old Safety Stevens' house they found him sound asleep. When his wife aroused him with the whispered assertion that "there are burglars in the house," he replied with a yawn, "Let them go—they can't find anything. Our money is in the bank." He was that worried. His pocketbook contained nothing but a bunch of blank checks and a little loose change; nothing to lose. It pays to have a bank account in a good reliable bank for the feeling of safety inspired, to say nothing of the many conveniences and advantages.

A strip of land 50 feet wide on each side of the center line of the drain will be necessary to hold the excavated earth and for other purposes in the construction of the drain.

Surveyed May 12, 1920.

J. L. Richard,
County Surveyor.

Said job will be let by sections. The section at the outlet of said drain will be let first, and the remaining sections in their order up stream, in accordance with the diagram now on file with the other papers pertaining to said Drain in the office of the County Drain Commissioner of the County of Lenawee, to which reference may be had by all parties interested, and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in a sum then and there to be fixed by me, reserving to myself the right to reject any and all bids. The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting.

Notice is Further Hereby Given, That at the time and place of said letting or at such other time and place thereafter to which I, the County Drain Commissioner aforesaid, may adjourn the same, the assessments for benefits and the lands comprised within the "C. A. Dibble Drain Special Assessment District," and the apportionments thereof will be announced by me and will be subject to review for one day from nine o'clock in the forenoon until five o'clock in the afternoon.

The following is a description of the several tracts or parcels of land constituting the special assessment district of said Drain, viz: Township of Adrian at large, T 6 S, R 3 E.

SW ¼ NW ¼ SW ¼ Section 1, T 6 S, R 3 E.

NE ¼ SE ¼ Ex. NE 2 A & NW 1 A, Sec. 2 T 6 S, R 3 E.

S 5 A SW ¼ SE ¼ NW ¼ & N 10 A W ½ E ½ SW ¼ Sec. 2, T 6 S, R 3 E.

SE 10 A SW ¼ NW ¼ & NE 8 A N 33 A W ½ SW ¼, Section 2, T 6 S, R 3 E.

Now, therefore, all unknown and non-resident persons, owners and persons interested in the above described lands, and you William H. Ruesink as supervisor and August F. Greenwald as highway commissioner of the Township of Adrian, C. A. Dibble, Geo. B Thorp, Grace Benedict, O. Benedict, Mrs. Georgia White and N. A. Bailey are hereby notified that at the time and place aforesaid, or at such other time and place thereafter to which said hearing may be adjourned, I shall proceed to receive bids for the construction of said "C. A. Dibble Drain," in the manner hereinbefore stated; and also, that at such time of letting from nine o'clock in the forenoon until five o'clock in the afternoon the assessments for benefits and the lands comprised within the C. A. Dibble Drain Special Assessment Districts will be subject to review.

And You and Each of You, Owners and persons interested in the aforesaid lands, are hereby cited to appear at the time and place of such letting as aforesaid, and be heard with respect to such special assessments and your interests in relation thereto, if you so desire.

Dated this 25th day of June, A. D. 1920.

Every now and then you hear a neighbor complain that "he doesn't seem to have much luck with tires."

Send him to us.

The minute a man begins to *question the service* his tires are giving him, he's ready to listen to reason.

Our business is built on the principle that the only way to get better *tire service* is to get *better tires* to start with.

That's why we have taken the representation for U. S. Tires.

III

U. S. Tires have a reputation for quality.

Built up through years of creating better tires. Such as the *straight side* automobile tire, the *pneumatic* truck tire.

It is not by chance that U. S. Tires are made by the *oldest* and *largest* rubber concern in the world.

We are proud to represent U. S. Tires in this community.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

THE DISCOURAGED SCHOOL-BOY.

It was in the month of April
And the air was crisp and cool,
When a little lad of seven
Started slowly off to school.

He was tired of his school days,
Very tired, sick at heart;
And he hoped the time would soon come
When from them he, too, could part.

As he trudged along that morning,
Thinking soberly the while,
A soft hand was laid upon him
And he looked, he turned to smile.

There before him stood his mother,
She, his dearest friend of all,
Who had watched him every minute
Since they parted in the hall.

"Son, my son, what is the matter?"
Tenderly she spake, and well,
"Are you sick—what is the matter?
Come, my son, come now and tell."

"Mother dear," he softly murmered,
"Do I have to go to school?
I can't get those dreadful problems,
I can't learn the Golden Rule.

What's the use of all that nonsense?
It won't do me any good;
And besides, I know I'll hate it.
I can't like it, never could."

Then she said in gentle whispers:
"Maybe we had better wait.
Wait until you're one year older,
Then it will not be too late."

So the next year came the trial,
When he started off to school.
Then he gladly solved his problems,
Gladly learned the Golden Rule.

The years passed, he graduated,
And he went through college too.
Then it was that he was happy,
And he started life anew.

Out of boyhood into manhood
Now had grown that little lad.
Now he dealt with bigger problems,
Harder than before he'd had.

All the time the years were passing,
Passing quickly with the tide.
He at last became quite feeble,
And at last, one night he died.

Then it was that people missed him,
Though they knew he died content;
And they knew that he was happy,
For his life had been well spent.

TIPTON

Lawn Party Decisive Success.

Tipton was the destination of many Tecumsehites Friday evening, the lawn party given by the Congregational church of this place being the attraction. Over 400 people attended, the road being lined on both sides with autos until it looked like a Tecumseh Wednesday night. The program was excellent. The Tipton band, augmented by several from the Tecumseh Ladies' band, discoursed sweet music, Claire Camburn leading, and he also gave a couple of cornet solos which met with high appreciation. Earl C. Michener, our popular congressman, gave an informal address upon the issues of the times, being frequently interrupted by applause.

One pleasing feature of the entertainment and probably that which drew the larger part of the crowd was the singing of Harold Jarvis, the Detroit tenor. He was called back again and again and once when the lights went out he sang "Mary of Argyle," both he and his accompanist, Mrs. F. B. Wood, of Tecumseh, having learned this in their childhood. Mrs. Wood also accompanied Mr. Camburn.

The church funds were increased by over $200, for which they are largely indebted to their hustling pastor, Rev. Oliver. They plan to greatly improve the church building soon by the installation of a furnace and some remodeling.

M. E. Church Notes.

Mrs. Fred Davis and guest, Mrs. McKillen, spent Sunday at the home of B. G. Swift in Tecumseh.

Mr. and Mrs. W. A. Beebe were Sunday guests of their daughter, Mrs. Faunt Leonardson, at Britton.

Mrs. Cox and son of Pontiac, Ill., were guests of her brother, Grant Ogden, and family last week.

Leon Wells of Toledo was a guest at the home of Frank Baldwin Wednesday and Thursday of last week.

Mr. and Mrs. Adams and family, Mr. and Mrs. Packard and family of Tecumseh were callers Sunday at the home of Chas. Mapes.

The Community League will meet at the Congregational church next Sunday evening. Subject, "Our Duty to Our Cuntry." Mrs. Bernice Lamkin, leader.

Jabe Fridd, an old resident of this place, passed away at his home in Adrian Saturday night after having been confined to his bed fourteen months. He had nearly reached the age of 90. Mr. Fridd was one of the early settlers of Franklin township.

If we all had our own way people would quickly get out of it.

Dependable Through Thick and Thin

Above everything else you want dependability built into the grain binder you buy. You want your binder to go into your grain fields, no matter what the conditions may be, and cut the grain with the least possible loss of time and grain.

We are selling the John Deere Grain Binder because we know it will give you that dependable binder service which makes it a profitable investment.

From the bottom up it's a better-built grain binder. Bigger and stronger roller-bearing wheels; heavier one-piece main frame widely lapped and hot-riveted together; strong rigid platform; three packers instead of two, assuring better bundles in all kinds of grain—these are just a few of the features that make it the *better binder.*

Another feature you will appreciate on this binder is the easily-operated bundle carrier. No effort to hold it in receiving position or to dump it. Because the teeth rise out of the stubble the instant you start to return the carrier, it's exceptionally easy to bring it back to receiving position. And it's no trick to keep this carrier always in easy-working order—simple adjustments are provided to accomplish this.

The Quick Turn Tongue Truck adds much to the effective work of the John Deere. The wheels turn faster than the pole, making clean, square corners possible. Because the truck axle is flexibly mounted, both wheels hold to the ground no matter how rough the field may be. This keeps the binder running straight, and takes off the side draft from the horses.

Come and see this binder, You can't make a better binder investment.

ACROSS THE YEARS

Is the Yank salute of "I told you so!"

It is the spirit of understanding that FREEDOM will prevail and that LIBERTY can never be driven from the face of this earth.

As those FIRST Americans knew—one hundred and forty years ago—that we would be here today to uphold the principles of a FREE NATION—so we here today know that in the centuries to come there will be loyal FREEMEN to sustain the personal and national liberties that our country is founded upon.

It is well to pause occasionally in this era of unrest and get back to first principles of appreciating all that our national life permits.

No matter what the political rule of the moment may be—every one of us are fundamentally AMERICANS and every soul of us will give our earthly all in defense of that immortal cornerstone—the Declaration of Independence.

Pension Agent Stevens has just received notice that an original pension had been granted Annie M. Smith, widow of William Smith, Tecumseh. Mrs. Smith will receive $25 per month from March 11, 1920, and $30 per month from May 1, 1920.

Mr. and Mrs. J. H. Norris have received a message from their son, Walter, and wife telling of their arrival in New York Tuesday. They will come to Tecumseh soon for a visit. Walter was attached to the medical supply service overseas during the war and since has been in the employ of the Red Cross. Mrs. Norris joined him some time ago.

An unusually large crowd was delighted with last night's street show. Every act was good. Carson, the juggler, was the first one to appear, then Rittle Bros. the hand balancers, and last the Steiner trio in a triple bar act. The Tipton band furnished the music. In the crowd were many from Milan, Adrian, the lakes and the towns around, with several from Ann Arbor and Detroit.

Sunday Schools to Unite for a Picnic

All the Tecumseh Classes Will Participate in Outing at Sand Lake Tuesday, July 20.

There is to be a picnic of all the Sunday school classes of the Tecumseh churches at Sand lake on Tuesday, July 20, at which it is hoped the community spirit will be more in evidence than at any event held by the local religious organizations in many years.

The outing is to take place on the south shore of the lake and plans are being made for a most delightful time. Perry Hayden is the general chairman looking after the arrangemnts for the picnic.

Not only the members of the Sunday school classes of the various churches are to be present, as their relatives and friends are also invited to participate to make the event a largely attended, pleasureable community outing. The picnickers will meet at the Presbyterian church at 10 o'clock the morning of July 20 from where they will be conveyed to the lake in autos, it being expected enough car owners will offer the use of their machines to make this possible. Previous to the trip to the lake there will be a parade of the outing party, the business portion of the city to be traversed, a "rube" band to head the procession. Should it rain on July 20 the picnic will be held on Thursday, July 22.

The plans for the occasion include a basket dinner at noon, this to be followed by a program of athletic events of various kinds.

It is the hope of the promoters of the outing that at least 400 Sunday school members and their relatives and friends attend and make the outing go down in the history of the city as one of the most pleasurable gatherings ever held and one at which the community spirit will be more in evidence than at any affair participated in by the churches of this city.

Eminent Preacher To be Here Sunday

Dr. William Chalmers Covert of Chicago Will Occupy Presbyterian Pulpit.

Residents of Tecumseh and vicinity, Presbyterians especially, next Sunday will have the opportunity to hear Dr. William Chalmers Covert of Chicago, one of the most eloquent and forceful pulpit orators of the Illinois metropolis. This noted pastor will preach in the Presbyterian church in this city at 11 o'clock Sunday morning and because of his prominence in religious circles it is anticipated there will be a large congregation.

Dr. Covert is coming to Tecumseh to visit his son, Hudson Covert, assistant superintendent of the local plant of the Quaker Oats company. On learning the pulpit of the Presbyterian church is vacant at present he volunteered to preach Sunday morning and the officers of the Tecumseh church expect a large number of worshippers will desire to hear this eminent expounder of the scriptures.

The First Presbyterian church of Chicago, of which Dr. Covert is pastor, has 2,500 members. He has had this pastorate 15 years. Dr. Covert has been very actively connected with the New Era movement since its beginning. He was in France for six months during the war doing Y. M. C. A. work.

As a lecturer he is also well known, having done considerable platform work and he has written several books. He is on his way east to lecture at Silver Bay, N. Y., and will visit his son here while enroute.

MOULDERS AT BREWER FOUNDRY CEASE WORK

Yesterday the members of the moulders' union who are employed at Brewer's foundry held a conference with the directors of the firm and made certain requests which the firm could not grant, so this morning that portion of the force, consisting of about 15 moulders and core-makers, did not begin work.

D. J. Carson and Wm. McGlashen of Buffalo were here yesterday for the conference.

DR. AND MRS. P. B. HARDY HOME IN ABOUT 2 WEEKS

According to a telegram received at The Herald yesterday from Dr. and Mrs. P. B. Hardy they will arrive in Tecumseh in about two weeks. The message is as follows: "San Francisco, Cal., July 6, 1920. "The Herald:

"We landed this morning in San Francisco by Steamer Matsonia. Had splendid weather and a most pleasant trip, although detained everywhere, having to wait for ships. Will be in Tecumseh in a couple weeks.

AUTO STRIKES A BRIDGE, G. U. SMITH CUT, BRUISED

George U. Smith met with an auto accident Sunday evening which resulted in a badly damaged car but fortunately his injuries are not serious.

He was driving home from town about 10:30 o'clock when at the south end of the Evans creek bridge on Mill street the lights from an approaching car blinded him and he turned out too far, striking the cement post at the end of the bridge and breaking down the wooden approach to the same. The impact smashed the front end of the auto, breaking off the steering wheel against his chest and the glass from the windshield cutting his face and hands. He managed to climb from the car, but was so stunned he held onto the bridge to keep from falling. Ivan Spitler came along and helped him home.

BOULDER DEDICATION IMPRESSIVE CEREMONY

Quite a few people from Tecumseh attended the dedication of the boulder erected to the memory of Lenawee's world war victims, the exercises being held in Adrian Sunday afternoon. The boulder is located on the lawn of the court house and bears a bronze tablet with the names of those from this county who made the supreme sacrifice. Several Tecumseh boys were among those who gave their all for their country.

The boulder was erected by the Lenawee county Granges and the Adrian Chamber of Commerce and these organizations were in charge of the dedication ceremony. Miss Alice Baldwin, assisted by Mrs. Fannie Chaffie King of Portland, Ore., great-granddaughter of General U. S. Grant, unveiled the memorial boulder. Robert Darnton gave the dedicatory address. T. C. Kennedy, president of the Adrian Chamber of Commerce, E. R. Illenden, general chairman, and Dr. A. W. Chase, representing the American Legion, also made remarks. Hugh Ladd of North Adrian Grange, was the master of ceremonies. Mrs. R. S. Moore of Tecumseh had a part in the program, singing "The Star Spangled Banner."

The names of these Tecumseh heroes appear on the boulder:

Glenn F. Fielder, Rexford Gady, Wm. E. Grieve, Earl E. Hanham, Milburn H. Hawkes, Adelbert P. Mills, Clyde Mitchell, Wilfred Orr, John A. Pennington, Earl B. Rector, Everett Reed, Walter R. Robinson, James A. Snyder.

Names of others from this vicinity inscribed on the tablet are: Harold Bachman, Ridgeway; Leigh L. Brown, North Adrian; Charles J. Underwood and David H. Underwood, Ridgeway.

Rebukes All Who Desecrate Sabbath

Rev. W. R. Curtis Says Tecumseh Is Loose in Regard to Observing Lord's Day.

A very small audience attended the community service Sunday evening at the Baptist church and it was indeed lamentable that the splendid address by Rev. W. R. Curtis on "Self Sacrifice" was heard by so few. The day, the Fourth, was celebrated by decorations of red, white and blue, with a large flag standing between the choir loft and pulpit.

Rev. C. M. Thompson announced the service next Sunday night would be at the M. E. church, with Rev. Edward Escolme of the Friends church giving the address.

After the song service and devotionals Rev. Curtis gave his discourse, taking his theme from Romans 12:1, "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service." He said:

"There never was a time before when we so needed consecration. The unconverted world is our challenge.

"To the one who has felt a bit of the love of Jesus the thought of sacrifice is not strange. A serious matter confronts the church. Here are 3,000 people in this vicinity, only 1,000 of whom give heed to the things of Christ. Tecumseh is mighty loose in her regard of the Lord's day, even worse than the city of Jackson, the speaker's former town, which is regarded as a wicked city. They Lord's day should be a holy day, not a holiday. If Christian people will drag the Lord's day down what can we expect of the community?

"It takes courageous people to be Christians, from the ancient Christians thrust into the arena with the lions to the present day Armenians. To appreciate this need of courage one should be on the 'personal work' committee of the churches.

"Our challenge is to intensify our service for the Master. Because it is hot weather and there is so much to do, let us be true to Christ. If my Heavenly Father has done so much for me, we ought to do something for Him."

GEORGE A. CHAPMAN IS BLOOD POISON VICTIM

George A. Chapman, the son-in-law of H. W. Stevens, passed away Tuesday morning at 3:30 o'clock at Harper hospital, Detroit, after suffering a week with blood poisoning.

June 27 he injured his hand while fixing his furnace and in a few hours blood poisoning developed, soon affecting the whole arm. He was taken to the hospital and the arm operated upon but with no avail, as he continued to grow worse.

Mr. Chapman was claim attorney for the D. U. R., having been located in Detroit several years.

Mrs. Chapman was formerly Miss Agnes Stevens and to her and the aged father go the sympathy of the community.

Funeral services were held at the home in Detroit this forenoon and short services will be held at the grave at Brookside at 2:30 this afternoon.

RECONSTRUCTION WORK IS STILL IN PROGRESS

House and barn building continues on the Ridge road where the cyclone did so much damage some time ago.

Michael Horrigan is moving a house to his farm, half of the building already having been brought to his place.

Ed Hanley has the logs out from which he will have lumber sawed for erecting a barn. There will be a barn raising at his place when the preliminary work is done.

New barns have been completed on the Len Miller and Fred Miller farms to replace the ones destroyed by the wind.

The Lenawee County Red Cross chapter is continuing its work of having the farm implements of the storm victims repaired, reports Miss Mary Mackenzie, the manager of the Home Service section of the Lenawee Red Cross, who was in Tecumseh Wednesday.

WATSON-WRIGHT.

The marriage ceremony uniting Clare Watson and Miss Eva Wright, both of this village, was read by Rev. Earl R. Rice at the M. E. parsonage in Adrian Saturday evening. They were attended by Miss Jennie Brollier and Charles J. Manley. The bride is the daughter of George Wright and the groom the son of Mr. and Mrs. James Watson, and both are highly respected young people.

NORTH ADRIAN

E. T. Harris and family spent the Fourth at Wampler's lake.

Mrs. Charles Miller of Adrian visited her niece, Mrs. Hazel Brown, part of this week.

Mrs. Jennie Colvin of Tecumseh visited her sister, Mrs. George Lanning, the first of the week.

FARMER DOES NOT GET WHEAT MONEY

W. J. Louck, consulting economist for the railroad brotherhoods, charges the "middleman" with profiteering to the extent of 18 million dollars. "Jobbers' war time practice being actual criminal," he charges. He says millers of flour made profits 375 per cent greater in 1917 than four years previous.

Jasper Team Gives Tecumseh Beating

Visitors Get Revenge With 11 to 5 Score—Independents Play in Morenci Next Sunday.

Jasper's 11 to 5 victory over Tecumseh Sunday afternoon was doubly sweet as the nine from the neighboring town had been given a set back on a previous visit here. There was a good sized crowd present and the contest was an interesting one. Next Sunday the Tecumseh Independents play Morenci in that place.

The game was cinched by the Jasperites in the initial inning, a home run, two two-base hits and three singles netting a half dozen scores. Cole and Rogers pulled off a double play in the eighth. Howe was not in as good form as usual, 17 hits being secured off him. V. Nearhood, the opposing pitcher, walked five but fanned nine, one more than Tecumseh's hurler.

Here is the score in detail:

Jasper—	ab	r	h	po	a	e

STREET SHOW GOOD: CROWD NOT SO LARGE

The free street show last night was unusually good, but the crowd was not as large as on some other occasions, probably owing to the weather. But there were many here from Adrian, the lakes and from Clinton, Saline and Milan. The Clinton band, augmented by several pieces from Tipton, furnished the music, led by Prof. Chas. Skinner.

The Freemans, who were here last year, gave their splendid wire act with some new features. But the main show was the Parmelee Royal Jazz band—and they are some band. With their jazz music they give a good concert of solo and chorus singing and some excellent dancing by two little people. There are eight in this troupe.

Frequently through the audience were overheard comments in appreciation of Tecumseh merchants' efforts to entertain and many said: "Oh, we come nearly every time. Here we meet our friends from all over and have a happy evening visiting as well as enjoying your good shows."

Notice of Annual School Meeting.

The annual meeting of school district No. 7 of the township of Tecumseh, for the election of school district officers and for the transaction of such other business as may lawfully come before it, will be held at the public library on Monday, the 12th day of July, 1920, at 7:30 o'clock p. m.

Dated this 1st day of July, 1920.

7-8 C. F. Patterson, Director.

LA BOUNTY-ZELUFF.

Earl LaBounty and Miss Celia Zeluff, both of this place, were married in Ann Arbor June 24, the ceremony being performed by the Methodist clergyman of that city. For the present they are residing with the groom's parents, Mr. and Mrs. Wm. LaBounty, in Raisin, but this fall will go to housekeeping in Mr. LaBounty's house on West Kilbuck street. Both are popular with the townspeople. Mrs. LaBounty came from Ridgeway a few years ago and has since made her home much of the time with her sister, Mrs. John Dibble. Mr. LaBounty was in overseas service nearly a year and since returning has taken up farming.

ANNUAL SCHOOL MEETING.

Every parent and taxpayer should take an interest in our public school—the institution of greatest importance to the welfare of the community. The annual school meeting will be held at the public library Monday evening next. The terms of two of the school trustees, J. H. Smith and C. F. Patterson, expire. These two gentlemen have taken great interest in our public school. In fact they are men who have been reared in Tecumseh and have the welfare of their home town at heart. They have served the people well and it behooves us to show our gratitude by at least attending the meeting next Monday evening and thus manifesting our interest and approval of the good work accomplished by these two officials and the other members of our board of education.

EDITOR FOR NEXT PRESIDENT.

By the action of the Democratic national convention at San Francisco, Cal., in nominating James M. Cox of Ohio for president, the reigns of the United States government will in all probability be in the hands of a newspaper man, as both candidates of the leading parties are Ohio publishers. Both are strong men and the fight in Ohio will undoubtedly be the hottest our neighboring state has seen in many a year. Elected three times as governor of Ohio proves Gov. Cox a popular man in his state and a worthy opponent of the Republican nominee, Senator Harding.

Mr. Cox was born on a farm in Butler county, Ohio, in 1870. He was educated in the public schools, served as printer's devil, taught school, served as newspaper reporter and as private secretary to a congressman, manager and owner of two newspapers, three years as congressman and was elected three times as governor of his state.

As his running mate the convention chose Franklin D. Roosevelt of New York, assistant secretary of the navy.

In the furore created by the final outcome of this convention the coming convention of the "committee of 48" next Saturday has been practically forgotten by the public.

OILING TECUMSEH STREETS.

Tecumseh's red tape method of street oiling has proven a failure. Citizens who quietly remained in Tecumseh to enjoy home comforts Sunday and Monday, the legal Fourth, will not deny this fact. The city's method has been too slow to give us dustless streets when we need them. This statement is made without intent to reflect upon efforts made by the citizen committee to procure oil, but upon the red tape method so far adopted by the village council.

While it is too late to remedy the matter to receive any benefit this summer, it is not too early for the council to adopt an ordinance providing for oiling in a legal manner. Numerous citizens have expressed themselves favoring oiling the entire city under the supervision of city authorities and at public expense. This seems a fair proposition, for the laying of dust is a public benefit—not only to residents of our beautiful city, but to all who make Tecumseh trading headquarters.

Empowered to act legally, village authorities could buy road oil when the price is lowest. For instance, early last fall road oil could be purchased at 5c per gallon. A few weeks later the price jumped to 8c per gallon. It would pay the city to own a storage tank, so the oil could be spread as it is needed. As the situation is now Tecumseh owns a street oiling apparatus—but no oil.

Clinton has her main thoroughfares in fine condition now. The surface of the streets are hard as pavement and dustless. In conversation the other day President Rawson of Clinton lamented his town's method of awaiting petitions from property owners. It cost the village this year 3c per gallon. Mr. Rawson firmly believes in oiling as a public improvement to be made by the village at public expense. The oil this year was put on heavy, he said, because of lack of storage and he is in hopes that Clinton will have a storage tank and do away with the red-tape petition method.

Let's hope Tecumseh council will take this oiling question up in a businesslike manner at an early session, so the health of our citizens can be protected from the ever increasing dust menace.

MAKING PEOPLE REALIZE THEIR NEED OF MILK.

One of the closest investigators and hardest thinkers these days of country problems and agricultural evolutions is W. A. Sumner. We were interested the other day when we came across the following quotation by him in the University of Wisconsin Bulletin:

Milk and other dairy products must be advertised.

It requires a substantial investment in land, buildings, stock and equipment to produce clean milk. It takes high-priced help and expensive feeds to maintain the milk flow. It requires an investment to make milk into cheese, butter and ice cream.

Food and clothes double in price, wages go up, everything goes up. Milk advances one cent or two cents a quart and the consumption is reduced and objections to the high price made.

Milk is needed for growth, health and strength. Advertising of an educational nature will tell the wonderful story of the food value of milk.

James H. Elliott of Cement City started his bus line to Ann Arbor Thursday and the project takes well. Sunday on the afternoon trip, between here and Clinton something went wrong with the machine and he had to be towed into Clinton. He sent his passengers back to Tecumseh and instead of extra trips to the lakes that evening and Monday he went to Jackson for repairs.

Older residents will recall E. N. Avery, who was in business with C. A. Slayton in the manufacture of wagon boxes and hay racks here over 25 years ago. From Tecumseh the family went to Oberlin, Ohio, in 1894, later going to Blue Ridge, Ga., where Mr. and Mrs. Avery now reside. He visited his old home here last week and in spite of his 83 years steps off like a boy.

It is reported a number of boys have been destroying crops and tearing down gates while on their way to go swimming in Evans creek just west of the Rollo Wilkins place. They will be prosecuted, it is announced, unless they cease these depredations. The lads have been going in swimming without a bathing suit, which is contrary to law, and they can be prosecuted for this.

Three were initiated into the Order Eastern Star last Thursday evening, Mrs. Karl A. Braman, Miss Cecile Clark and O. W. Laidlaw being made acquainted with the mysteries of the lodge. Another interesting feature of the session was the presentation of a Past Matron's jewel to Mrs. S. W. Anderson. Worthy Patron George Hines making the address. Mrs. Anderson responded feelingly. At the close of the meeting refreshments were served by Miss Ethel Keyser and her committee.

Robert Haire was home from Detroit Sunday.

FORD VAN DUSEN

Announcement is made of the candidacy of Ford VanDusen, of Adrian, for the Republican nomination for sheriff, at the coming August primary. Ford VanDusen is at present the under sheriff of Lenawee county, and is now completing the fourth year in that capacity. Prior to his appointment as under sheriff he served as deputy sheriff for eight consecutive years, under Sheriffs L. L. Knowles and Charles E. Henig. For the past three years he has been court officer during the sessions of circuit court.

Mr. VanDusen was born and reared in Fairfield township, Lenawee county, Michigan, and has resided here his lifetime, except for three years when he served in the 14th U. S. Cavalry, stationed in the Philippines.

He is 36 years old, and possesses the qualifications of experience and the good judgment necessary for the office of sheriff.

Mr. VanDusen desires to assure the public that he makes no promises as to appointees in case of his nomination and election, but, if successful, pledges himself to appoint the men who in his judgment can best serve the various communities. He stands for law enforcement, and if nominated and elected he will fulfill the duties of the office of sheriff to the best of his ability, in an economical, fair and impartial manner to all.

Miss Mildred Comstock was a passenger for Grand Rapids Tuesday.

Mrs. J. G. Hanford of Chelsea spent Tuesday with her sister, Mrs. S. C. Cutting.

Mr. and Mrs. F. P. Kishpaugh of Detroit were guests on Monday of Mr. and Mrs. Hugh McElroy.

Mr. and Mrs. E. E. Pangborn and Mr. and Mrs. Russell Thurlby spent Sunday and Monday with Mr. and Mrs. A. S. VanWinkle in Detroit.

Mr. and Mrs. Frank Bates and three children of Missoula, Mont., have arrived to visit Mrs. Bates' mother, Mrs. Andrew Wilson, and family. Mrs. Wilson is still ill at the home of her son, Orton, at Rockwood, being now able to get about the house on crutches.

Walter Emerick of Detroit was a guest of his uncle, J. A. Saums, and family Sunday and Monday.

Mrs. Marrietta Greenfield returned last week from Merrill, Mich., where she had visited her sister and family.

Guests over the Fourth at Henry Sweet's were their daughter and husband, Mr. and Mrs. J. G. McIntyre, and little daughter, Emilie, of Detroit.

Probate Order—State of Michigan, County of Lenawee, ss. Probate Court for said County.

At a session of the probate court for said county, held at the probate office, in the city of Adrian, on the 28th day of June, in the year one thousand nine hundred and twenty.

Present, Hon. Harry L. Larwill, Judge of Probate.

In the matter of the estate of Burton A. and John G. Garlinghouse, minors.

On reading and filing the petition, duly verified, of Alexander Gray, guardian of said wards, alleging that he is now ready to render his guardianship account, and praying that said account may be approved and allowed, and for such other order as to the court shall seem proper.

It is ordered, that Monday, the 26th day of July next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered, that a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulating in said county of Lenawee for three successive weeks previous to said day of hearing.

HARRY L. LARWILL,
(A true copy) Judge of Probate.
E. I. Larwill, Probate Register.

at the Cars we have before buying a used Automobile

They are not old rattletraps. They are cars we have accepted in making sales of new machines. As we are critical in taking used cars in transactions of this kind you may rest assured if you buy one of these machines you will get a good car at a bargain.

Let us demonstrate these cars to you.

We have several makes and you are certain to find what you want at the price you want to pay.

CANNING TIME!

This year, of all years, is one season when no American housewife can afford to have any "FAILURES" in her cannings.

Sugar supplies are somewhat limited—fruits are scarce in some territories. Every full jar set on the shelf in the fruit cellar will be like so much gold next winter.

We have the choicest of all the berries and fruits in season and by using only the best you are more certain to have good goods when the canning is done than if second grade crops are put up.

Cans, can covers, rubbers and all the accessories for this important task may be secured here in large or small quantities.

Guests of Mrs. Nellie Ousterhout over the week end were her daughter, Mrs. Ella Stewart, and son, Glen, of Toledo and Ed Ousterhout of Battle Creek.

Marshall Cole and daughter, Miss Lillian, were over the Fourth visitors at Floyd Bryan's. Mr. Cole remained as a guest of the Bryans for a few days.

Dr. and Mrs. L. M. Jones and son have motored from their home in Osseo on a fishing trip to the northern part of the state. His father, Dr. O. Q. Jones, received a letter from Clare saying they were enjoying their outing immensely.

Mr. and Mrs. Clarence Allison, their daughters, Mrs. Hattie Sell and Miss Mabel, their son, Jimmie, Mrs. J. W. Wilson, her daughters, Misses Mattie and Nellie, Mr. and Mrs. Charles Mattis and Miss Ellen McCook made up a party who enjoyed Monday at Vandercook's lake.

Frank Keeney of Chicago visited his father, J. R. Keeney, and wife over the first of the week. His sister, Miss Ruth, who teaches at Carson Lake, Minn., has been visiting in Chicago since her school closed and accompanied him to Tecumseh, while his brother, John, returned to Chicago with him Tuesday.

Mr. and Mrs. J. A. Davis of Detroit visited here over the Fourth. On Sunday they and Mrs. Davis' mother, Mrs. P. C. Snell, drove to Lyons, Ohio, and spent the day with Mr. Davis' sister and husband, Prof. and Mrs. Floyd Agnew. Mr. and Mrs. Davis were accompanied home on Monday by their nieces, Geraldine and Frances Gillespie.

Mrs. Theodore Crandall, who was visiting her daughter, Mrs. John H. Gray, received word Tuesday of the death of Mr. Crandall, who passed away at Pontiac Monday. There were no particulars accompanying the message. Mrs. Crandall left yesterday for Toledo, where the funeral will be held Thursday. Mrs. John Gray, the daughter, went today to attend the funeral.

Mrs. T. M. Kerr and daughter, Eleanora, of Pocatello, Idaho, have been visiting George Curry and family.

The Neighborhood club of Northeast Tecumseh and their families celebrated the Fourth at Wampler's lake with a picnic.

The Samson is the last word in modern down-to-the-minute tractor construction.

The Samson will take the place of a barn full of horses without costing a small fortune to buy or maintain.

The Samson furnishes as regular equipment the automatic governor which regulates light or heavy power.

The Samson Model M is the one tractor you should look at before you buy a tractor of any kind or make. It's not too light. It's not too heavy. Any school boy can operate it, as it is dependable, sure and safe.

We carry in stock a large amount of parts and repairs—no delays in case repairs are needed. As Flint is the distributing point of Michigan you are always sure of service.

You will want this tractor by August 1st. Today we can furnish you one. We have no assurance when we can get more when those on hand are sold out.

For recommendation ask for the names of satisfied users—investigate for yourself.

Sold on a positive guarantee of 12 months—you try the tractor to your satisfaction.

We can sell these tractors on time if you wish.

Mr. and Mrs. Chas. Gorham and children, Norma and Charles, spent Monday with Mr. and Mrs. A. S. Hughes in Ann Arbor. Norma remained for a few days.

Mr. and Mrs. W. L. Exelby and Willowyn and Earl Babcock and family visited with E. M. McCrate and family at Columbus Grove, O., from Saturday until Monday.

Eugene Zeluff came Saturday from Toledo and remained with relatives until Monday. Mrs. Zeluff and daughter, who have been visiting here for a week, accompanied him home.

Mrs. A. S. Clement of Detroit is spending a few days with her son, Paul Clement, and family. On Sunday she and Mr. and Mrs. J. W. Clement of Adrian visited Mrs. H. Martin.

Mr. and Mrs. Roy VanNest and daughter and Mrs. Della VanNest went to Carleton Sunday and spent the day at Ray VanNest's. Mrs. Della VanNest will remain for a three months' visit.

Ray Pocklington and family were at Wampler's lake Monday enjoying the day with relatives from Ypsilanti and Macon. About 30 were in the party to enjoy the elegant pot luck dinner.

Mrs. Thomas Rixom had the bad luck to have her horse, which she had driven for a long time, kicked by another horse while being led to its stall. The animal's leg was broken and had to be shot.

Rev. J. C. DeRemer, C. F. Brown, E. A. Bachman and their families and Mr. and Mrs. Henry Bachman and grandson, George Hubbard, enjoyed a picnic Monday afternoon with pot luck supper at the Quaker mill pond.

Reuben Young and the Misses Velma Swick, Helen Croll, Mary Adams, Lucille Lowe, Gladys Underwood and Florence Beal, who are attending summer school in Ypsilanti, were home for over Sunday.

Mr. and Mrs. Paul Bombenek and children, Wylma and Phillip, and Grover Yates of Detroit came Saturday for a visit with their father, F. W. Yates. Mrs. Bombenek and the children remained for the week.

Mr. and Mrs. John Taylor and daughters, Mary and Grace, spent Monday with relatives at Maybee. Mrs. Taylor remained until Tuesday, when she went to Monroe to attend the funeral of a friend, Mrs. Elmer Brightbill.

Mr. and Mrs. Bert Pocklington were here Saturday evening from Adrian. His mother, Mrs. F. C. Pocklington, and aunt, Mrs. Viola Cole, who have been visiting there and at Earl Pocklington's, returned home with them.

G. L. Gripton, E. L. Palmer and their families and Mr. and Mrs. Ernest DuBois and their guests, Mr. and Mrs. Frank Hendershott and daughter of Detroit, enjoyed a camping and fishing trip Sunday and Monday at Evans lake.

Robert Sampson and son, Rolland, of Detroit, Elmer Sampson, wife and son, Elmer, of New Boston spent Sunday and Monday at E. G. Miller's. Mrs. D. W. Sampson has been visiting here for the past four weeks and returned to Detroit with them.

Miss Lillian Gorham entertained Thursday afternoon honoring the marriage of her friend, Mrs. Rosemary Gibson-Simpson. Those present for the occasion were the Misses Donna Exelby, Pearl Smith, Doris Pilbeam, Rena Underwood and Mabel Linton and Mesdames S. R. Gibson, George Taylor, Clyde Cheever, John Rickard and Ford Exelby. The affair was planned as a shower in which Mrs. Simpson, blindfolded, was made to guess the contents of the various packages. This afforded much amusement. Music and a general good time was following by the serving of ice cream and cake.

Mr. and Mrs. Walter Millyard and son, Gerald, came Saturday from Detroit for an over Sunday visit with her parents, Mr. and Mrs. Wm. Lockwood. Gerald remained for an indefinite time, while Miss Maggie Lockwood returned home with them for a few days.

Britton was well represented Sunday and Monday at Wampler's lake. Several who did not go to the lake Monday were in Dundee witnessing the celebration there. Others who did not care for the crowds were at home under their own "vine and fig tree." Altogether the double holidays were quietly celebrated here.

GOITRE

Reduced for This Ann Arbor Lady By External Home Remedy.

Note: It would be illegal to publish these statements if they were not true.

Mrs. Wm. Stewart, 703 Spring St., Ann Arbor, Mich., says in her own home paper, The Ann Arbor Times News: "I had a lump on my neck the size of a large egg and as hard as a rock. I doctored it for five years and it kept getting larger. I have used one-half bottle of Sorbol Quadruple, and it has reduced more than half. I noticed it getting smaller the second day. You can use my testimony any time you wish. I think all goitre sufferers should know about Sorbol Quadruple."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires ten minutes daily.

How It's Done

This is a day and age of improvement. Everybody uses the latest, best and most improved methods. The farmer wouldn't think of trying to harvest his grain with a hand sickle.

It is up to you to discard the stocking method and deposit your funds in the bank—the modern method of handling funds. Paying bills by check is as far ahead of the old cash-in-hand method as the self-binder is ahead of the hand sickle. Try this up-to-date method and you'll find it hardly necessary to keep books. We'll do it for you, and the cancelled checks we return will prove we have guarded your funds carefully.

It Makes Every Forkful of Manure Count for a Bigger Yield

ASK any user of the John Deere Spreader and he will tell you it is the best machinery investment he ever made—not only because it saves hard work and valuable time, but because it makes every forkful of manure count for a bigger crop yield.

Manure goes farther and does more good when you use a John Deere Spreader. You can spread manure evenly, heavy or light—no under-fertilized or over-fertilized spots.

Come in and see this better spreader. Here are a few things about its operating advantages we want to show you.

You get a low down spreader with high drive wheels. It is easy to load from the front to the rear and because of the high drive wheels and roller bearings it is light draft—a most valuable combination.

No clutches—no chains—few adjustments to cause trouble—and it is extremely simple—only about half the parts that are necessary on the ordinary spreader.

The main working parts are mounted on the rear axle, where they cannot get out of line to cause binding, heavy draft and breakage.

The beater drive is much like the simple triple-geared horse-power. The gears are enclosed and run in an oil bath.

There are so many other good features about this spreader that we want you to see it. You will quickly see why there are so many satisfied users of John Deere spreaders.

Come in the Next Time You Are in Town.

"A THOROUGHBRED NEVER QUITS"

That tendency to "rest on the oars" after a good sale has been made, or a fat order taken, plays havoc with a man's career.

Business is a race—a contest if you please. Only the fellow that will run through to the finish without "breaking" is the thoroughbred.

A thoroughbred never quits.

The contest is within the man himself—it is between a man's knowledge of what he ought to do and that old devil, the tendency not to do it—the "yellow streak," the tendency to lie down, to run away, to quit.

Because there are no spectators of this contest a man thinks he can get by without fighting, thinks he can run away and no one will ever know it.

You can't cheat. Just as sure as there is a God in heaven, it'll come out.

Not right away, perhaps. But in time your very vitals will be eaten up by that cheat germ.

You'll be so old in spirit, so spavined, so lame, so blind, that the very sight of you will bar your entry in the contest.

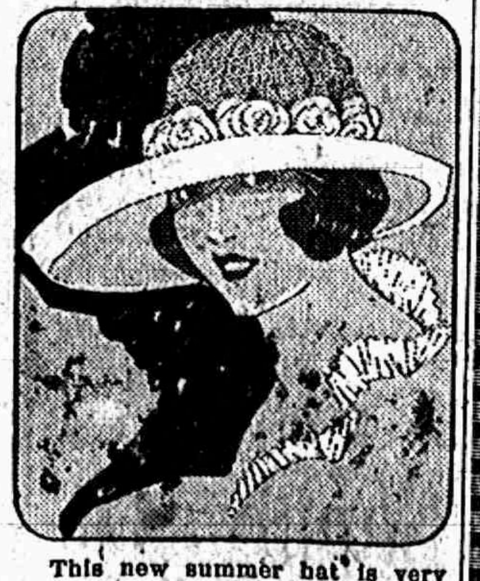
Real success is the sense of victory, an exquisite joy, a permanent satisfaction, a genuine happiness that comes only to the man who has gone right on day by day—year in and year out—regardless of the conditions and circumstances, doing good work, doing his honest best.—Exchange.

Bad Roads Cost Millions.

If our main highways were improved with permanent surface, we would certainly save eight or nine cents per ton mile in hauling the immense interstate commerce that each year originates from agriculture, mine and forest. We would save in transportation certainly more than $700,000,000 per year, and our loss in transportation over our wretched roads certainly exceeds this sum because the loss is made up of many items other than wear and tear on vehicles, excess gasoline consumption, horses worn out before their full period of usefulness has been realized—millions of dollars of good marketable foods rotting or spoiling on the farms because it cannot be brought to a market that is crying to buy it.

We cannot compete with other nations in the marketing of agricultural, mineral and manufactured products unless we immediately remedy the defects of our highways.

A SHEENFUL CROWN OF NEW LISERE



This new summer hat is very exclusive with its crown of sheenful lisere. The band of rose buds at the base of the crown pleasingly conceals the origin of that brim of tinted satin which casts its colorful glow in reflected light on milady's face. The short brim on the left and back gives the model a chic appearance—almost inclined to rakishness.

Reuben Young and the Misses Velma Swick, Helen Croll, Mary Adams, Lucille Lowe, Gladys Underwood and Florence Beal, who are attending summer school, in Ypsilanti, were home for over Sunday.

Mr. and Mrs. Paul Bombenek and children, Wylma and Phillip, and Grover Yates of Detroit came Saturday for a visit with their father, F. W. Yates. Mrs. Bombenek and the children remained for the week.

Mr. and Mrs. John Taylor and daughters, Mary and Grace, spent Monday with relatives at Maybee. Mrs. Taylor remained until Tuesday, when she went to Monroe to attend the funeral of a friend, Mrs. Elmer Brightbill.

Mr. and Mrs. Bert Pocklington were here Saturday evening from Adrian. His mother, Mrs. F. C. Pocklington, and aunt, Mrs. Viola Cole, who have been visiting there and at Earl Pocklington's, returned home with them.

G. L. Gripton, E. L. Palmer and their families and Mr. and Mrs. Ernest DuBois and their guests, Mr. and Mrs. Frank Hendershott and daughter of Detroit, enjoyed a camping and fishing trip Sunday and Monday at Evans lake.

Robert Sampson and son, Rolland, of Detroit, Elmer Sampson, wife and son, Elmer, of New Boston spent Sunday and Monday at E. G. Miller's. Mrs. D. W. Sampson has been visiting here for the past four weeks and returned to Detroit with them.

Miss Lillian Gorham entertained Thursday afternoon honoring the marriage of her friend, Mrs. Rosemary Gibson-Simpson. Those present for the occasion were the Misses Donna Exelby, Pearl Smith, Doris Pilbeam, Rena Underwood and Mabel Linton and Mesdames S. R. Gibson, George Taylor, Clyde Cheever, John Rickard and Ford Exelby. The affair was planned as a shower in which Mrs. Simpson, blindfolded, was made to guess the contents of the various packages. This afforded much amusement. Music and a general good time was following by the serving of ice cream and cake.

Mr. and Mrs. Walter Millyard and son, Gerald, came Saturday from Detroit for an over Sunday visit with her parents, Mr. and Mrs. Wm. Lockwood. Gerald remained for an indefinite time, while Miss Maggie Lockwood returned home with them for a few days.

Britton was well represented Sunday and Monday at Wampler's lake. Several who did not go to the lake Monday were in Dundee witnessing the celebration there. Others who did not care for the crowds were at home under their own "vine and fig tree." Altogether the double holidays were quietly celebrated here.

GOITRE

Reduced for This Ann Arbor Lady By External Home Remedy.

Note: It would be illegal to publish these statements if they were not true.

Mrs. Wm. Stewart, 703 Spring St., Ann Arbor, Mich., says in her own home paper, The Ann Arbor Times News: "I had a lump on my neck the size of a large egg and as hard as a rock. I doctored it for five years and it kept getting larger. I have used one-half bottle of Sorbol Quadruple, and it has reduced more than half. I noticed it getting smaller the second day. You can use my testimony any time you wish. I think all goitre sufferers should know about Sorbol Quadruple."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires ten minutes daily.

How It's Done

This is a day and age of improvement. Everybody uses the latest, best and most improved methods. The farmer wouldn't think of trying to harvest his grain with a hand sickle.

It is up to you to discard the stocking method and deposit your funds in the bank—the modern method of handling funds. Paying bills by check is as far ahead of the old cash-in-hand method as the self-binder is ahead of the hand sickle. Try this up-to-date method and you'll find it hardly necessary to keep books. We'll do it for you, and the cancelled checks we return will prove we have guarded your funds carefully.

It Makes Every Forkful of Manure Count for a Bigger Yield

ASK any user of the John Deere Spreader and he will tell you it is the best machinery investment he ever made—not only because it saves hard work and valuable time, but because it makes every forkful of manure count for a bigger crop yield.

Manure goes farther and does more good when you use a John Deere Spreader. You can spread manure evenly, heavy or light—no under-fertilized or over-fertilized spots.

Come in and see this better spreader. Here are a few things about its operating advantages we want to show you.

You get a low down spreader with high drive wheels. It is easy to load from the front to the rear and because of the high drive wheels and roller bearings it is light draft—a most valuable combination.

No clutches—no chains—few adjustments to cause trouble—and it is extremely simple—only about half the parts that are necessary on the ordinary spreader.

The main working parts are mounted on the rear axle, where they cannot get out of line to cause binding, heavy draft and breakage.

The beater drive is much like the simple triple-geared horse-power. The gears are enclosed and run in an oil bath.

There are so many other good features about this spreader that we want you to see it. You will quickly see why there are so many satisfied users of John Deere spreaders.

Come in the Next Time You Are in Town.

"A THOROUGHBRED NEVER QUITS"

That tendency to "rest on the ars" after a good sale has been made, or a fat order taken, plays avoc with a man's career.

Business is a race—a contest if ou please. Only the fellow that vill run through to the finish withut "breaking" is the thoroughred.

A thoroughbred never quits.

The contest is within the man imself—it is between a man's nowledge of what he ought to do nd that old devil, the tendency not o do it—the "yellow streak," the endency to lie down, to run away, o quit.

Because there are no spectators f this contest a man thinks he an get by without fighting, thinks e can run away and no one will ver know it.

You can't cheat. Just as sure s there is a God in heaven, it'll ome out.

Not right away, perhaps. But n time your very vitals will be aten up by that cheat germ.

You'll be so old in spirit, so pavined, so lame, so blind, that he very sight of you will bar your ntry in the contest.

Real success is the sense of vicory, an exquisite joy, a permanent satisfaction, a genuine happiness that comes only to the man who has gone right on day by day—year in and year out—regardless of the conditions and circumstances, doing good work, doing his honest best.—Exchange.

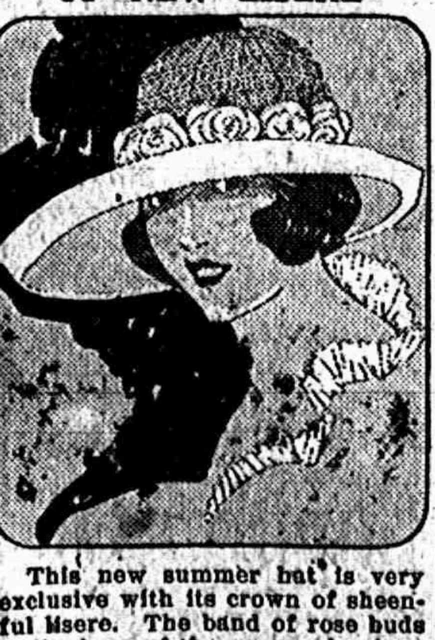
Bad Roads Cost Millions.

If our main highways were improved with permanent surface, we would certainly save eight or nine cents per ton mile in hauling the immense interstate commerce that each year originates from agriculture, mine and forest. We would save in transportation certainly more than $700,000,000 per year, and our loss in transportation over our wretched roads certainly exceeds this sum because the loss is made up of many items other than wear and tear on vehicles, excess gasoline consumption, horses worn out before their full period of usefulness has been realized—millions of dollars of good marketable foods rotting or spoiling on the farms because it cannot be brought to a market that is crying to buy it.

We cannot compete with other nations in the marketing of agricultural, mineral and manufactured products unless we immediately remedy the defects of our highways.

A SHEENFUL CROWN OF NEW LISERE



This new summer hat is very exclusive with its crown of sheenful lisere. The band of rose buds at the base of the crown pleasingly conceals the origin of that brim of tinted satin which casts its colorful glow in reflected light on milady's face. The short brim on the left and back gives the model a chic appearance—almost inclined to rakishness.

Senator Robinson of Arkansas, permanent chairman, can be seen on the platform, immediately under the giant electric amplifier, which carries the speaker's voice to every corner of the big hall. In the foreground are members of the press, newspapermen from all over the world. The various state delegations are on the ground floor under state banners.

GIVES PARTY FOR NIECE, BUT RECENTLY MARRIED

Mrs. Louis Schneider was hostess at a dinner Friday evening honoring her niece, Mrs. Wm. F. Fisher, a bride of last month.

The parlors were beautiful with great boquets of lillies and roses and the decorations of the dining room were in pink and white. The daintily laid table was, lighted with candles in large candelabra at either side of a centerpiece of a large basket of roses. At each corner were clusters of roses with ribbons leading to the center of the table.

Mrs. Fisher received many pretty gifts.

Burn Wood and Use Coal Sparingly

Coal is scarce and very high in price at present. It is suggested wood be used as fuel whenever possible.

This will help conserve the available supply of coal and may have a tendency to cause the price to drop.

We Have Kindling

If you are in need of kindling we can supply it, as we have a number of loads of this desirable fuel.

Dry Wood, Too

We also have a fair supply of dry wood and advise you to place your order now.

As to Coal

Our supply of coal is ample for the present. The price, of course, is high and will continue so for some time. Until it goes down use wood as a substitute.

Total length of drain 57.05 chains. Diameter of tile noted above.

A strip of land 50 feet wide on each side of the center line of the drain will be necessary to hold the excavated earth and for other purposes in the construction of the drain.

Surveyed May 12, 1920.

J. L. Richard,
County Surveyor.

Said job will be let by sections. The section at the outlet of said drain will be let first, and the remaining sections in their order up stream, in accordance with the diagram now on file with the other papers pertaining to said Drain in the office of the County Drain Commissioner of the County of Lenawee, to which reference may be had by all parties interested, and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in a sum then and there to be fixed by me, reserving to myself the right to reject any and all bids. The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting.

Notice is Further Hereby Given, That at the time and place of said letting or at such other time and place thereafter to which I, the County Drain Commissioner aforesaid, may adjourn the same, the assessments for benefits and the lands comprised within the "C. A. Dibble Drain Special Assessment District," and the apportionments thereof will be announced by me and will be subject to review for one day from nine o'clock in the forenoon until five o'clock in the afternoon.

The following is a description of the several tracts or parcels of land constituting the special assessment district of said Drain, viz: Township of Adrian at large, T 6 S, R 3 E.

SW ¼ NW ¼ SW ¼ Section 1, T 6 S, R 3 E.
NE ¼ SE ¼ Ex. NE 2 A & NW 1 A, Sec. 2 T 6 S, R 3 E.
NW ¼ SE ¼ Ex. NE 2 A Sec. 2 T 6 S, R 3 E.

S 5 A SW ¼ SE ¼ NW ¼ & N 10 A W ½ E ½ SW ¼ Sec. 2, T 6 S, R 3 E.
SE 10 A SW ¼ NW ¼ & NE 8 A N 33 A W ½ SW ¼, Section 2, T 6 S, R 3 E.

Now, therefore, all unknown and non-resident persons, owners and persons interested in the above described lands, and you William H. Ruesink as supervisor and August F. Greenwald as highway commissioner of the Township of Adrian, C. A. Dibble, Geo. B Thorp, Grace Benedict, O. Benedict, Mrs. Georgia White and N. A. Bailey are hereby notified that at the time and place aforesaid, or at such other time and place thereafter to which said hearing may be adjourned, I shall proceed to receive bids for the construction of said "C. A. Dibble Drain," in the manner hereinbefore stated; and also, that at such time of letting from nine o'clock in the forenoon until five o'clock in the afternoon the assessments for benefits and the lands comprised within the C. A. Dibble Drain Special Assessment Districts will be subject to review.

And You and Each of You, Owners and persons interested in the aforesaid lands, are hereby cited to appear at the time and place of such letting as aforesaid, and be heard with respect to such special assessments and your interests in relation thereto, if you so desire.

Dated this 25th day of June, A. D. 1920.

CONRAD OTTGEN,
County Drain Commissioner of the County of Lenawee.

For Sale—Real Estate

They'll tell you the real estate market is slow, still there are changes right along. Better buy now while you can have some choice.

The Deming house on North Pearl is a bargain at the low price asked. Can give immediate possession.

The Conklin property, corner of Pearl and Shawnee, is also going cheap before July 15.

Now for a mighty nice home I can give you your choice of two nearly new bungalows, both well located in pretty surroundings. One is completely modern, on one of the main streets. Just ask and I'll prove they are of the best.

For a change in investments how about store property? The Hanford block now occupied by Palman's shoe store is one. Another is the Root building occupied by Prichard's pump shop.

List your property.

School Meeting is a Spirited Session

ATTENDANCE LARGER THAN IN NUMBER OF YEARS

Budget Totals $37,850—Arithmetic In use in Junior High Assailed By Mrs. W. D. Reed—J. H. Smith and C. F. Patterson Re-Elected.

More largely attended than in many years, the 1920 meeting of Tecumseh school district No. 7, held at the library Monday evening, was a lively session. A tinge of excitement was added when one of the text books in use in the Junior high school was criticised and termed a pure product of fadism.

The meeting was called to order by Joseph H. Smith, president of the board of education. The annual report of the secretary, Charles F. Patterson, was the first important matter to come up, it being read by this official.

This gave a summary of the past year's accomplishments, the moneys received and expended, a list of the instructors engaged for the coming term and made recommendations for the next school year. The recommendations included the raising by taxation of $26,850 for teachers' salaries, $10,000 for the general fund and $1,100 for the library. The board also suggested the tuition fee in the lower grades be raised from $25 to $30 and in the high school from $40 to $45. On another page in this issue will be found the report of the secretary in full, which gives a list of the teachers secured, the financial statement for the year and much that will be of interest to tax payers and those who have children in school.

When the secretary concluded the reading of the report President Smith explained the total sum needed for the coming year, $37,850, is $2,550 more than the expenses during the term just closed. The amount required for teachers' salaries, he said, will be $5,000 higher than in the past, as two additional instructors are to be engaged and practically all the faculty were granted an increase in pay. He reminded his hearers that this winter the voters of the district authorized a bonus for the teachers, this causing a deficit for the past year. As the result of increased attendance at school and the crowded condition of the new building it has been decided to re-open the West Branch this fall for some of the lower grades. It is for this reason more teachers are to be engaged. The president stated in 1918 only 498 pupils were attending classes, while during the past year 606 was the average attendance. Of these 131 were foreign students. He assured the people the excellent courses offered, tactful and intensive supervision and natural ability of the teachers have made the Tecumseh school so outstandingly attractive. He cited the agricultural department as an example, which had been given a rating of 98 per cent perfect.

While physical training for girls in the past has been a selective course, the coming term it will be compulsory, Mr. Smith announced, the board having been convinced of the great benefits of attendance at the classes. He unstintingly complimented Superintendent E. E. Crampton and the whole staff of instructors for the splendid showing made by the school during the term just closed, saying it was the most successful in his long connection with the board of education.

All Are Invited to Attend Picnic

TUESDAY'S OUTING AT SAND LAKE WILL BE COMMUNITY EVENT.

Tecumsehites To Have Basket Lunch, Sports, Band Concert, Ball Game—Autos Needed to Help Convey Celebrators to Scene of Doin's.

Everybody's going.

Where?

Why to the united picnic of the churches of Tecumseh at Sand lake, South shore, July 20.

To get in the swim you'll have to be there.

The promoters desire to make it a community affair, so old and young, rich and poor, fat and thin, in fact everybody, is earnestly requested to attend.

Those who have autos can greatly help to make the outing largely attended by volunteering to convey picnickers to the lake. Too many cars cannot be obtained, so no owner need hesitate about offering to take a load. Anyone desiring to assist in this way please notify an officer of your church or R. S. Moore.

Here is the program for the day's festivities:

10:00 a. m.—All assemble at Presbyterian church.

10:30—Parade through business district led by "rube" band.

10:30 to 12 m.—Trip to lake, boating, swimming, hiking.

12 m.—Basket lunch.

12:30 to 1:30 p. m.—Stunts. (See below.)

1:30 to 3:30—Races: Tug of war, three-legged race, sack race, obstacle race, 50-yd. dash, 100-yd. dash, honeymoon relay.

3:30—Ball game between Tecumseh Independents and Deerfield.

To help add the festive touch to the occasion the Tecumseh Ladies' band will furnish lively music all day.

Tecumseh's business district will be practically deserted for the day as most of the merchants have decided to close their stores. Some of the stores selling food will be open, however, at least until noon.

All planning on attending are reminded to bring well filled lunch baskets and be at the Presbyterian church at 10 o'clock, where autos will be waiting to take those who have no means of getting out to the lake. Auto owners are asked to be generous and volunteer to convey as many as possible to the scene of the picnic.

Once at the lake, everybody is urged to forget home and business cares, get the picnic fever, enter into the sports with zest and make the outing such a decisive success that Tecumseh's community spirit will be reaffirmed in a most impressive manner.

In regard to the stunts referred to in the program for the day, it is explained a prize will be awarded the Sunday school class or any group of persons who put on a stunt. The stunt may be of any sort or description, so long as it lasts no more than five minutes. All groups who enter this contest please notify Miss Ethel M. McIntyre, chairman of committee, whose telephone number is 256.

GINNIVAN COMPANY IS MAKING BIT HIT HERE

Having amused and pleasingly entertained large Tecumseh audiences for the past three nights, the Ginnivan Dramatic Company will remain here for the remainder of the week, presenting a different play each evening. The troupe is above the average, and those who have seen their offerings speak in high terms of the productions offered and the manner in which they are presented. As a special feature this evening one member of the organization will free himself from any handcuffs or leg irons provided.

The company, numbering 17 people, arrived from Manchester Sunday morning and soon had its large tent erected in Chautauqua park. There was an encouraging attendance the opening night and since the audiences have been large. A jazz band is included in the troupe and also a singing trio. The musicians have been giving a concert on the street each evening before the show begins.

Arthur Pocklington Tries to Kill Self Six Times Soon After Leaving State Hospital—In Private Sanitarium.

Twenty-four hours after his release from the State Hospital in Kalamazoo Arthur Pocklington showed by unmistakable signs that he had not been completely cured and he is now a resident of a private sanitarium in Detroit. Monday he was taken to the Detroit institution by Marshal B. W. Mominee of this city, the patient having been confined in the county jail since last Friday.

Pocklington's stay in Tecumseh was brief but spectacular. He was brought here from the state hospital in Kalamazoo Wednesday, July 7, by his step-father, John Mahaney. He appeared to be rational until some time Thursday night when he began to stage a series of attempts to commit suicide during which he raced down one of the main streets in the city clad in little more than he wore when he came into the world.

It was early Friday morning that he attracted the attention of the officers. He had retired in a room on the third floor of the Murry hotel about midnight Thursday. Some time during the night he cut a hole in a screen in a window of his room facing Chicago street and dropped all his clothes out, evidently expecting to find them on the walk below when he was ready to leave. Between 6 and 7 o'clock Friday morning he ran from his room and out onto the street in September Morn attire and looked for his clothes, but instead of dropping to the walk they had fallen on the roofed entrance to the Spitler & Horn cigar store. He raced back into the hotel and secured a sheet and with this draped about his form started north on Evans street. When asked by one person he met where he was going he replied this world was not worth living in any more and he intended to drown himself in the pond. By this time the people on the street had notified Deputy Sheriff John B. Smith, who is always in town early in the morning. He jumped into his car and sped after the fleeing man, soon overtaking him. Pocklington was hustled back to the hotel and on discarding the sheet he wore it was discovered during the night he had slashed his throat in an attempt to kill himself. He had used a safety razor in trying to end his life and had cut his throat only enough to cause much blood to flow without apparently weakening him to any degree.

For some time after the deputy sheriff got the mentally deranged man back into his room in the hotel he had to tussle with him as Pocklington made four more attempts to commit suicide. First he all but swallowed the top of a water bottle but found he could not meet death in this manner. He made efforts to strangle himself, stuck his head in a bowl of water and later repeatedly butted his head against the steam radiator. About this time Marshal B. W. Mominee arrived on the scene and the patient was wrapped in a sheet and blanket and taken to Adrian, where he was placed in the padded cell in the county jail. Dr. H. H. Hammel attended Pocklington on the trip to the county seat.

When it was realized Pocklington would continue his efforts to end his life if he got the opportunity, it was decided to again place him in some institution where he could be treated. The Tyson private sanitarium in Detroit was selected and he was taken to that city Monday. The trip was made by auto, the party passing through Tecumseh. At several places along the way where the patient saw a body of water he attempted to plunge into it.

Mr. Pocklington had been in the state hospital about two years, having conducted the Smoke House for some time before he showed evidences of being irrational.

LIGHTNING SHUTS DOWN THE HERALD MACHINERY

When lightning struck a transformer Wednesday, through which The Herald gets its electric current, it put this paper's machinery out of commission and it was impossible to get to press as early as usual.

BOLT KILLS FIVE COWS AND SOW ON DE PUY FARM; BURNS OUT TRANSFORMERS

During the thunder storm yesterday noon a tree on the farm of Mrs. B. F. DePuy, east of town, was struck by lightning and of the herd of Durham and Holstein cattlt standing under it, five cows were killed outright and a heifer cripplied which is expected to recover. A brood sow was also killed. The loss, which amounts to nearly $1,000, is covered by insurance.

Lightning during the same storm crippled the electric service in this city, three transformers being burned out, one behind Hotel Murry, another near Moore's lumber yard and the third near the corner of Maiden Lane and Kilbuck.

Dr. Wm. C. Covert Is Heard by Many

Chicago Pastor Preaches for Presbyterians and at Community Service—Sermons are Soul-Stirring.

Dr. William Chalmers Covert, pastor of the First Presbyterian church of Chicago, was making a vacation visit with his son in this city, so kindly volunteered to fill the local pulpit of that denomination Sunday morning as that congregation is without a pastor. Taking advantage of the presence of the eminent preacher, Rev. C. M. Thompson and Rev. Edward Escolme, who were to have charge of the community service in the evening, invited Dr. Covert to give the address, to which he graciously consented and his vacation Sunday proved to be a day of labor in the vineyard of the Lord. That his messages were valued at their full worth was evidenced by the large congregations.

In the morning the auditorium of the Presbyterian church was well filled. As the morning service at this church is at 11 o'clock and the other denominations hold theirs earlier, many came from these edifices, the community spirit being as prevalent as at the service later in the day.

In the morning Dr. Covert took his text from Exodus 34:29, "And it came to pass when Moses came down from Mount Sinai with the two tablets of testimony in Moses' hand, when he came down from the mount, that Moses wist not that the skin of his face shone

This year, of all years, is one season when no American housewife can afford to have any "FAILURES" in her cannings.

Sugar supplies are somewhat limited—fruits are scarce in some territories. Every full jar set on the shelf in the fruit cellar will be like so much gold next winter.

We have the choicest of all the berries and fruits in season and by using only the best you are more certain to have good goods when the canning is done than if second grade crops are put up.

Cans, can covers, rubbers and all the accessories for this important task may be secured here in large or small quantities.

THE SCHOOL MEETING.

The annual meeting of school district No. 7 Monday evening was encouraging. It was the largest attended annual meeting held in a number of years. The attendance was encouraging because therein lies the sign of public interest in public institutions and public affairs. The meeting was also encouraging because there was some criticism offered. It seldom does harm, and often much good, to receive criticism, especially when there is opportunity for explanation and defense. It is really enlightening.

Tecumseh school enjoyed its banner growth during the past school year, according to the annual report of the board of education. The growth has been largely in foreign students, this is, of students whose parents do not reside within the confines of this school district. The new building and its fine equipment attract the boys and girls—they recognize the many advantages over the old methods that are within their grasp.

The people of the district recognized the faithfulness and value of two servants by re-electing for a term of three years J. H. Smith and C. F. Patterson.

TECUMSEH—A HOME TOWN.

Few, very few, are the towns and cities that can offer more attractions than Tecumseh as a city ideal for home lovers.

"The Biggest Little Town on Earth" has advantages second to none for real living—the healthy bringing up of families. Here, unlike larger cities, there is plenty of room for every householder to occupy a fair sized plot of land. Houses are not huddled together as in the cities, and we have plenty of green grass for our youngsters to romp in. Our educational institution is excellent and our churches, while not blessed with overflow attendances, are an asset to the city—especially so when we consider the good work of the Sunday schools.

Labor conditions have been good—steady employment and good honest pay for honest work seems to have been the rule of our labor-employing institutions. Our factories have a home interest because they are home institutions—and we should jealously guard the welfare of these factories lest one or more of them slip through our fingers.

With living conditions so nearly perfect in Tecumseh wage earners here should be cautious not to allow anything to pry them out of their amiable and healthy invironments not to be found in city life even with higher wage. Don't take too much stock in the traveling trouble bearer—have more faith in the people you know and have always known. Outsiders care nothing for your home or how soon they wreck it and make you and your family miserable.

NOT A SIGN OF HARD TIMES.

Close estimates of American imports and exports for the year ending June 30 show that we exported approximately eight billion dollars worth of goods and imported five billion dollars worth. This is a total foreign trade of 13 billion dollars against a total foreign trade of 4 1-3 billions the year before the war. Also considerably greater than during any year of the war.

Foodstuffs exported during the year just closed show a smaller total than the previous 12 months.

Foodstuffs exported will show a smaller total than last year, but foodstuffs imported will be nearly double in value those of any earlier year, aggregating nearly $1,500,000,000 against $832,000,000 in 1919, $750,000,000 in 1918, and $678,000,000 in 1917. This enormous increase in the value of foodstuffs imported is due in a large degree to the advance in prices of sugar and coffee. Cocoa also shows a tremendous increase.

This large increase in both imports and exports occurs in the trade with all parts of the world. Europe, which sent us in the fiscal year 1919 only $373,000,000 worth of merchandise, is sending us this year considerably over a billion dollars' worth, or practically three times as much as in 1919, despite the assertions that Europe would have little which she could spare the United States. She is taking from us this year nearly $5,000,000,000 worth of merchandise against $4,635,000,000 worth in 1919, and $4,325,000,000 worth in the high record year of the war, 1917, this increase in her purchase from us occuring chiefly in manufacturing materials.

If Europe was able to do all this the first year after the war, what will she be capable of doing as she picks up strength later on? And inasmuch as she is in great need of enormous quantities of our products, it doesn't look to us much like panicky hard times over here very soon.

BURN BILLIONS TODAY; STARE TOMORROW

Perhaps you saw the figures of the United States treasury department the other day, showing among other things that we American people are right now spending upwards of twenty billions—billons, get that—of dollars a year for luxuries, or rather for goods that we can do without.

We are not opposed to luxuries in reason, if one can afford them. Moreover, and for instance, we do not regard the automobile as entirely a luxury, although to some it is, and certainly it is not a necessity to anybody who cannot afford it.

But with everything as it is today, with the future so uncertain, with nobody knowing just how poor he will be a year from today, twenty billion dollars is too much for this nation to spend in luxuries. Our national income is believed to be in the neighborhood of sixty-five billions. That means that one dollar in every three that we earn, or that our property earns, goes for luxuries.

Anybody spending a few days in any large city will easily recognize how the money's going. The fellow who has become well off during the war and who may be poor as a rook next year, is leading the procession of extravagant spenders. A close second is the skilled workman who gets a daily wage of anywhere from $10 to $50 a day.

Easy come, easy go. Luxury today, poverty tomorrow. Save nothing today, starve next year. That seems to be our American way, largely. Only the exception prepares for the rainy day, outside the rural districts.

THRIFT MAKES GOOD TIMES FOR ALL.

Occasionally we hear unthinking people excuse their extravagance—and others' extravagance—with the statement that economy would throw men out of employment by reducing the demand for certain goods.

This is bad economics at any time because the money saved won't lie idle—it will be used in other ways that will provide employment for those thrown out in certain lines—provide employment probably for many more than economy throws out of work. The economical linotype is a shining example of this last thought.

But the unthinking theory is particularly bad econmics now. Europe and the whole world is in need of all sorts of goods from America. That need will not be fully supplied, at best, for 25 years. Indeed, America will have little competition to speak of for a quarter of a century.

But Europe can't today buy anything like as heavily as it wants to, as its needs require. Why? Because it has no capital. America, spending as it is, is incapable of supplying the quantity of money needed. America, economizing en masse and saving, would soon have huge sums it could loan to Europe. For these loans, the Europeans would pay the American savers good interest. In addition, Europe would spend the huge sums in this country for necessities in the rebuilding of the nations. Production for them, production for our own needs and production for the other continents and islands of the sea, would thus be so great, that every man in America would have a job and at good wages.

In brief, the American worker would have good wages and also good interest on his savings. America saving, instead of burning money, would be enormously prosperous.

SCHOOL MEETING IS A SPIRITED SESSION

(Continued from Page One)

the report with its recommendations was put to the electors the vote was unanimous in favor of the proposition.

The report of Treasurer E. D. Brown was then presented, being received and accepted.

Miss Edith L. Ingersoll, the librarian, being on duty, was unable to be present, her report being read by Secretary Patterson. It showed the average daily circulation of books during the past year was 69.76, which has been exceeded only twice in the history of the institution. It gave the information that Saturday, February 7, 1920, 240 volumes were issued, this establishing a record. The librarian made known the fact she has under way an author and title catalog which will be a valuable addition to the library's facilities. Miss Ingersoll's complete report will be found on another page and teems with interesting facts and figures.

This report was also received and accepted.

At this point Mrs. W. D. Reed asked and was granted permission to address the gathering. She attacked the arithmetic in use in the Junior high school, saying it was nothing less than the product of fadism. Problems contained in the book were cited, they dealing with the ratio and proportion method of calculating and also the system which involves graphs. Mrs. Reed bitterly assailed this book and those who advocatd its use, asserting the problems were too difficult for the children to solve, and at the conclusion of her talk recommended a different arithmetic be used the coming year. She also referred to the fact the new school had to be closed several times the past winter because of insufficient heat and wondered if anything had been or would be done to remedy this. The condition of the decorations of the library was also touched on and reference made to the fact the shrubs around the building and the grounds need attention.

In defense of the arithmetic referred to, Charles Burridge, a member of the board of education, contended the graph had solved many an industrial problem. The ratio and proportion method, he stated, was most important in business life, and if we expected our boys and girls to progress when they became men and women we must train them for the problems they will meet.

Frederick B. Wood, another member of the school board, admitted that probably most of the grown up folks would be "stumped" by the problems cited, but as practically all of the seventh grade pupils had passed into the next grade it was evident the lessons had not been too difficult for them. He informed the gathering the courses in the Tecumseh school and the books used are selected on the suggestion of the leading educators of the country. As the majority of those who complete the courses are awarded a diploma showing what they have accomplished, which entitles them to the privileges of higher education, and as it was the aim of the board of education to keep the local school up to the high standard it has attained, he hoped no change would be made in the books. As Mrs. Reed's recommendations had received no support, no action was taken on them.

The term of J. H. Smith and C. F. Patterson having expired, election of trustees was next in order. Mr. Smith's name was placed in nomination to succeed himself, and when the ballots were counted it was found he had received 68 of the 81 votes cast, Mrs. W. D. Reed getting 7 and there were 6 scattering votes. Mrs. Reed arose to remark she had not addressed the gathering with a view to being elected to the board as she was not eligible.

Mr. Patterson was also nominated to succeed himself and received 75 votes. This concluded the business of the evening.

When the gathering had dispersed, the board held a brief session, Mr. Smith being re-elected president and C. F. Patterson secretary. It is Mr. Smith's thirtieth term on the board and Mr. Patterson is beginning his eleventh year as a member and as secretary.

GLEN E. MACKAY AND FLORENCE BEEVERS WED

Miss Florence Beevers, daughter of Mr. and Mrs. Adelbert Beevers, and Glen E. Mackay were married in Adrian July 1 by Rev. T. J. Hopkins of the Baptist church. They were accompanied by the bride's mother and Mrs. O. B. Beevers.

Mr. Mackay, who is the son of Mr. and Mrs. Alva Mackay of this city, spent 27 months overseas, gaining the rank of corporal in Co. D, First Ammunition Train of the First Division. Since returning home he has been working at the carpenter trade.

The young couple are beginning house-keeping in the McCann house on North Pearl street.

Twice a day you climb the Silo

When you feed silage someone has to climb the silo—either father, the boys or the hired man.

You know what a disagreeable job it is climbing most silos on a cold, raw, winter day, how difficult it is to climb the skimpy ladder, and then after you get up to the top the door sticks, binds and sometimes freezes, and how difficult it is to open. Well, most silo doors are alike, but not so with the Famous Ladder Hinge—

LADDER HINGE-DOOR SILOS COPYRIGHTED

are easy to climb—and easy to open

The big steel hinges on the door form a perfect ladder with steps 15 inches apart, and a 7-inch clearance from the side of the door. You can climb the Ladder-Hinge Door with perfect ease and safety, and one operation of the lever opens and closes the big roomy, air tight door.

Let me tell you about this wonderful patented Ladder-Hinge-Door, and also about all the exclusive features of the Lasco Vitrified Tile Silo and the Ladder-Hinge-Door Wood Stave Silo.

It will take me only a few minutes to show you where the Silo will net you greater profits than any similar improvement you can place on your farm. Call me on the phone or drop a card, and I'll make it a point to see you.

BLAME FOR LAXITY OF OBSERVANCE OF LORD'S DAY LAID UPON CHURCH

Commercializing tht Lord's day, making Sunday a holiday rather than a holy day and Sunday dinner company were main points of discussion in Sunday morning's sermon by Rev. W. R. Curits at the Baptist church.

In view of the fact that "the Christian people are the preachers and the ministers are teachers" Pastor Curtis emphatically told his congregation that the lax way in which Sunday is observed is due to the example set by the church people, and if the Christian has no regard for the Lord's day and will trample it down we can hardly expect others to do more. He further said:

"The Lord's day is in danger and once gone, atheism and anarchism will follow. That nation is sure to fail which neglects the Lord's day. Man needs one day in seven for recreation — a re-creating — a change and rest from the toils of the week, but much of the so-called recreation leaves one more tired than before. At the lake resorts all you see and enter into has a commercial touch. You are among those who are desecrating the Lord's day and although it's not your intention, you are sanctioning their deeds. A high grade-picture may be shown in a moving picture show on Sunday, yet that show is run by men using Sunday purposely for gain and you, by your patronage, are subservient. More money is to be made from a baseball game if played on Sunday than if the contest is held on a week day. The modern people's thought of living is to gather a large company together for Sunday dinner and for many a housewife Sunday is the most toilsome day of the week, with no opportuntiy for church attendance.

"If the devil can break the Sabbath day he's broken the very back of the church. The question, 'Shall we go to church today?' should never arise, as church attendance should be an established fact in every Christian family. Let the world know you appreciate Christ. The man who keeps the Sabbath day holy is better physically, mentally, morally and spiritually."

W. L. Coller

LOCAL AND PERSONAL

Alfred Jackson of Flint was in town yesterday.

Mrs. L. M. VanTyne has been very ill the past week.

Miss Helen Deming of Jackson is visiting Miss Myrna VanVleet.

Miss Dollie Waldron is a new operator at the telephone exchange.

Mrs. Nancy Harris is here packing her household goods preparatory to shipping them to East Lansing.

Mrs. W. L. Jones and daughters are guests of Mr. and Mrs. Will Eccles at their Wampler's lake cottage.

The Woman's Home Missionary society of the Methodist church will meet with Mrs. Earl Updike Thursday, July 22.

Miss L. W. Coller of Macon was operated upon yesterday by Dr. H. H. Hammel, assisted by Dr. E. E. Hendershott and Dr. H. R. Conklin.

Prof. and Mrs. Fred Hendershott of Cedar Edge, Col., are spending part of their vacation with his parents, Mr. and Mrs. John Hendershott, and other relatives.

Mrs. F. E. Smith of Britton was operated upon this morning at the home of Henry Sweet for the removal of cataracts. Dr. Meyer of Ann Arbor was assisted by Dr. H. H. Hammel.

Mr. and Mrs. Herbert Temple, their little son, Jimmie, and their guests, Mr. and Mrs. Albert Lowry and little daughter, of Bay City are spending the week at the Meade cottage, Sand lake.

L. P. Williamson has purchased of the Stoepels of Detroit the lot and barn just north of the Bradley opera house. The barn is being moved to the north side of the lot to provide a drive to the east side of the new Ford garage which Mr. Williamson is erecting.

Rev. C. M. Thompson and W. D. Willett attended the ice cream social and entertainment in Tipton last Friday evening. After the social on the lawn beside the church a program was given in the church building, where Mr. Thompson gave an address on "Moral Sunshine."

Mrs. Mary Benedict entertained at dinner Saturday evening a party of relatives honoring her son, Leon, and family of Youngstown, Ohio, who were her guests. Attending were Mrs. B. J. Rector, Mrs. Guy Nemire and daughter, Alice, of Columbus, Ohio, Mr. and Mrs. J. L. Calhoun of Holloway and Mr. and Mrs. Fred Rector.

Mr. and Mrs. Walter Norris arrived in Tecumseh Sunday from New York City and are visiting his parents, Mr. and Mrs. Jas. Norris, south of town. Mr. Norris was overseas two and a half years during the war, being in the medical corps, and since has been employed in Red Cross work, landing in New York only two weeks ago.

The W. F. M. S. of the Methodist church met the afternoon of July 8 with Mrs. B. Hurry, Mrs. John McIntyre presiding. The readings, "Mrs. Penn's Open Door," "An Afternoon Tea" and "My Daughter Will Weave" were given by Mrs. Willett, Mrs. A. Wright and Mrs. Hurry. Mrs. Anderson conducted the mystery box. The August meeting will be the 12th at the Eaton home, with a picnic supper.

Mrs. L. E. Temple was hostess Tuesday afternoon to the ladies of St. Peter's church, the entertainment taking place on the lawn, with a splendid attendance. Part of the afternoon was given over to a contest, at the close of which dainty refreshments, consisting of pineapple sherbert, cakes and wafers, were served. Miss Louise Phelps, Mrs. A. F. Rice and Mrs. Clarence Alderdyce assisted the hostess in serving. The collection was for the auxiliary fund.

The following girls have passed their tenderfoot test in the Girl Scouts, and are the charter members: Mabel Allison, Isabel McIntyre, Gwendolyn Boltz, Dorris Hoag, Justine Camp, Helen Sheldon, Wilma Nye, Helen Nyland, Myrna VanVleet and Mildred Haynes. A number of others are preparing for the test. An overnight hike was taken Tuesday to the woods of Horace Lamkin. They were accompanied by Mrs. W. R. Curtis. Who said mosquitoes?

In spite of the storm yesterday a great crowd assembled for last evening's street show, there being the largest attendance yet this season, and they were given an excellent entertainment. The Musical Shermans gave a concert of songs and guitar music, a Jap juggler presented some new stunts in his line besides several good acrobatic feats, but the work of Fox and Sarnow, hand balancers, met the most pronounced applause. Ginnivan's jazz band added their number to the program and the Tipton band furnished excellent music.

COMMUNICATION.

To the Public:

To correct reports going about town that we will not employ union labor, also that we have been to the grocery stores and meat markets and told them not to trust any of the union men. The above is absolutely false. We have asked the so-called union men to work. They can have their jobs, but they cannot come in the factory and tell the employees now working that they cannot work. We do not recognize any union.

We do not care whether a man belongs to the Presbyterian, Baptist, Friends or Methodist or Episcopalian church, or any other denomination; whether he belongs to the K. of P.'s, or the Masonic lodge or any other; whether he is Democrat, Republican or Prohibitionist, that is none of our business. But as long as we run this factory in Tecumseh we are certainly going to be the proprietors.

Yours very truly,
Heesen Bros. & Co.

BRADLEY OPERA HOUSE ATTRACTIONS

Some really big productions are lined up for the Bradley in the next few weeks and among the early offerings are Anita Stewart in "Mary Regan" from the novel by Leroy Scott, and the latest Mack Sennett comedy, "The Star Boarder." Both of these big pictures will be seen at the Bradley this week Saturday, July 17. It is seldom that two such big hits are seen on the same program but it makes it worth twice as much effort to be there Saturday night to see this big double program.

Anita Stewart will be remembered as the dainty, romantic star in "A Midnight Romance" and "Virtuous Wives," both of which were seen at the Bradley recently. "Mary Regan" is one of the most popular heroines of modern fiction. Her adventures have been published in the Cosmopolitan magazine and the complete novel was one of the year's best sellers. In picture form it is "knock out" and proving one of the season's biggest drawing cards.

"The Star Boarder," the big Sennett comedy this week, includes all of the Mack Sennett favorites including cross-eyed Ben Turpin, Louise Fazenda and the best of them all, the big dog "Teddy."

Saturday night's big double bill is well worth an extra effort to attend and at regular admission, too.

"The Mollycoddle" Doug. Fairbank's Latest.

On next Sunday and Monday evenings, July 18 and 19, the management of the Bradley will present the big show of the summer, Doug. Fairbank's last made super-feature, "The Mollycoddle." The price asked for this big, new feature was so high that Manager Mark would not buy it before seeing it so when the big production was being shown in Ann Arbor he drove to that city and saw it. Immediately after witnessing "The Mollycoddle" he went to Detroit and bought it at the highest price ever paid for a Fairbank's film.

Mr. Mark says he thought "His Majesty, the American," was about the best thing Fairbanks could ever make but "The Mollycoddle" is far superior to the earlier production.

"The Mollycoddle" has everything, speed, pep and action galore, a highly original story, thrills that have never been equaled, romance, scenic stuff, 'neverything. The photography is wonderful, especially in shooting the slide scenes which surpass anything of the kind ever attempted.

"The Mollycoddle" is so good that it is booked for two days at the Bradley, next Sunday and Monday, so that everyone may have a chance to see it and if we are not mistaken some who see it Sunday evening will want to view it again Monday.

A new Billy Parsons comedy, "They'e Off." completes the big program. Owing to the enormous rental charged for "The Mollycoddle" the admission will be slightly higher than regular price charged, but after you see this program you will say it is worth the price asked.

"Little Women" Here Soon.

Maybe there is a more popular book than "Little Women" by Louisa May Alcott, but we can't think of it. Nor, we are wagering, can you.

Maybe there is a novel written in the last generation that has had more readers and gone into more editions, but the records do not show any.

Galley Fiften— cca- owti

Maybe there is a book that the Carnegie libraries have used more frequently but we doubt it.

"Little Women" is a moving picture of smiles and tears, for every man, woman and child who loves and laughs. More than 2,600,000 copies of the book have been read by many times that number of persons. How much more wonderful and appealing than the printed word is the story of Meg and Jo and Beth and Amy, brought to life on the screen.

"Little Women" is a screen classic brought here through the efforts of the Monday club, under whose auspices it will be shown at the Bradley on Friday evening, July 23.

BRITTON DEPARTMENT

School Meeting.

Not a very large attendance was at the school meeting Monday evening. At the election the old officers were re-elected. The board is composed of the following:

President—Leon Exelby.
Secretary—E. L. Palmer.
Treasurer—Joseph Wiggins.
Trustees—J. L. Underwood and G. L. Gripton.

M. P. Church Notes.

Rev. S. Tamblyn, pastor.

Regular services next Sunday morning at 10 o'clock with Sunday school at 11:00. In the evening a union meeting will be held at the Methodist Episcopal church at Ridgeway.

At the quarterly conference Monday afternoon W. H. Coll was elected delegate to conference with Jas. Adams alternate. Their instructions were no change in pastor, so we hope Rev. Tamblyn will remain with us another year.

Prayer service as usual Thursday evening. All our people are urged to atend this service.

Christian Church Notes.

Rev. J. C. DeRemer, pastor.

Services will be held as usual next Sunday morning.

Don't fail to attend the Community Improvement society meeting Monday evening. Important business to be transacted.

How It's Done

This is a day and age of improvement. Everybody uses the latest, best and most improved methods. The farmer wouldn't think of trying to harvest his grain with a hand sickle.

It is up to you to discard the stocking method and deposit your funds in the bank—the modern method of handling funds. Paying bills by check is as far ahead of the old cash-in-hand method as the self-binder is ahead of the hand sickle. Try this up-to-date method and you'll find it hardly necessary to keep books. We'll do it for you, and the cancelled checks we return will prove we have guarded your funds carefully.

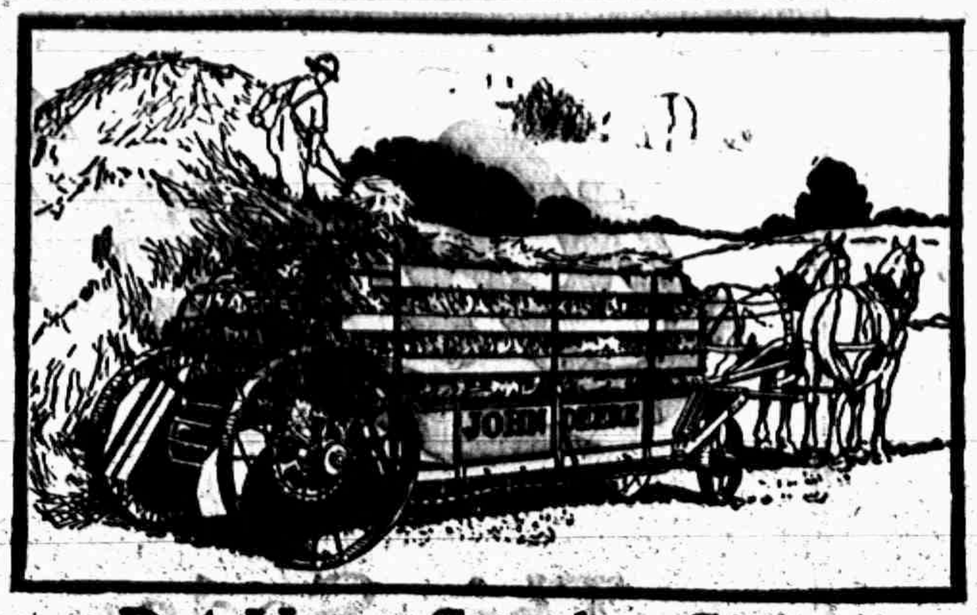
MRS. ROOSEVELT, WIFE OF DEM. NOMINEE

MRS. FRANKLIN D. ROOSEVELT

Mrs. Franklin D. Roosevelt, wife of the Democratic nominee, was a first cousin to the late Theodore Roosevelt, former president. Her husband was fourth cousin to T. R. At the wedding of the two in 1905, Teddy, then president, gave the bride away. The Roosevelts have five children.



Put Your Surplus Straw Back On Your Land

The straw that you burn or use wastefully can be put back on your land with big profit. Properly spread, straw acts as a mulch on fall seeded crops. It prevents soil blowing, prevents winter killing, prevents winter sleet from smothering plants—and when turned under it has almost as much fertilizing value as manure.

Spread your straw—come in and get a John Deere Spreader with Straw Spreading attachment. Get double use and double profit from it. The John Deere Spreader with a Straw Spreading Attachment spreads straw and spreads manure—does a fine, even job in either case.

One man operates the John Deere either when spreading straw or manure. After the machine is loaded, get on the seat, put the machine in gear, start the team or tractor, set the machine for heavy or light spreading as conditions require—that's all.

To take off the Straw Spreading Attachment for manure spreading is only a 30-minute job for one man. The change is quickly and easily made.

Don't attempt to get along another year without this profitable equipment.

Come in and let us show you an outfit that will pay for itself in a short time.

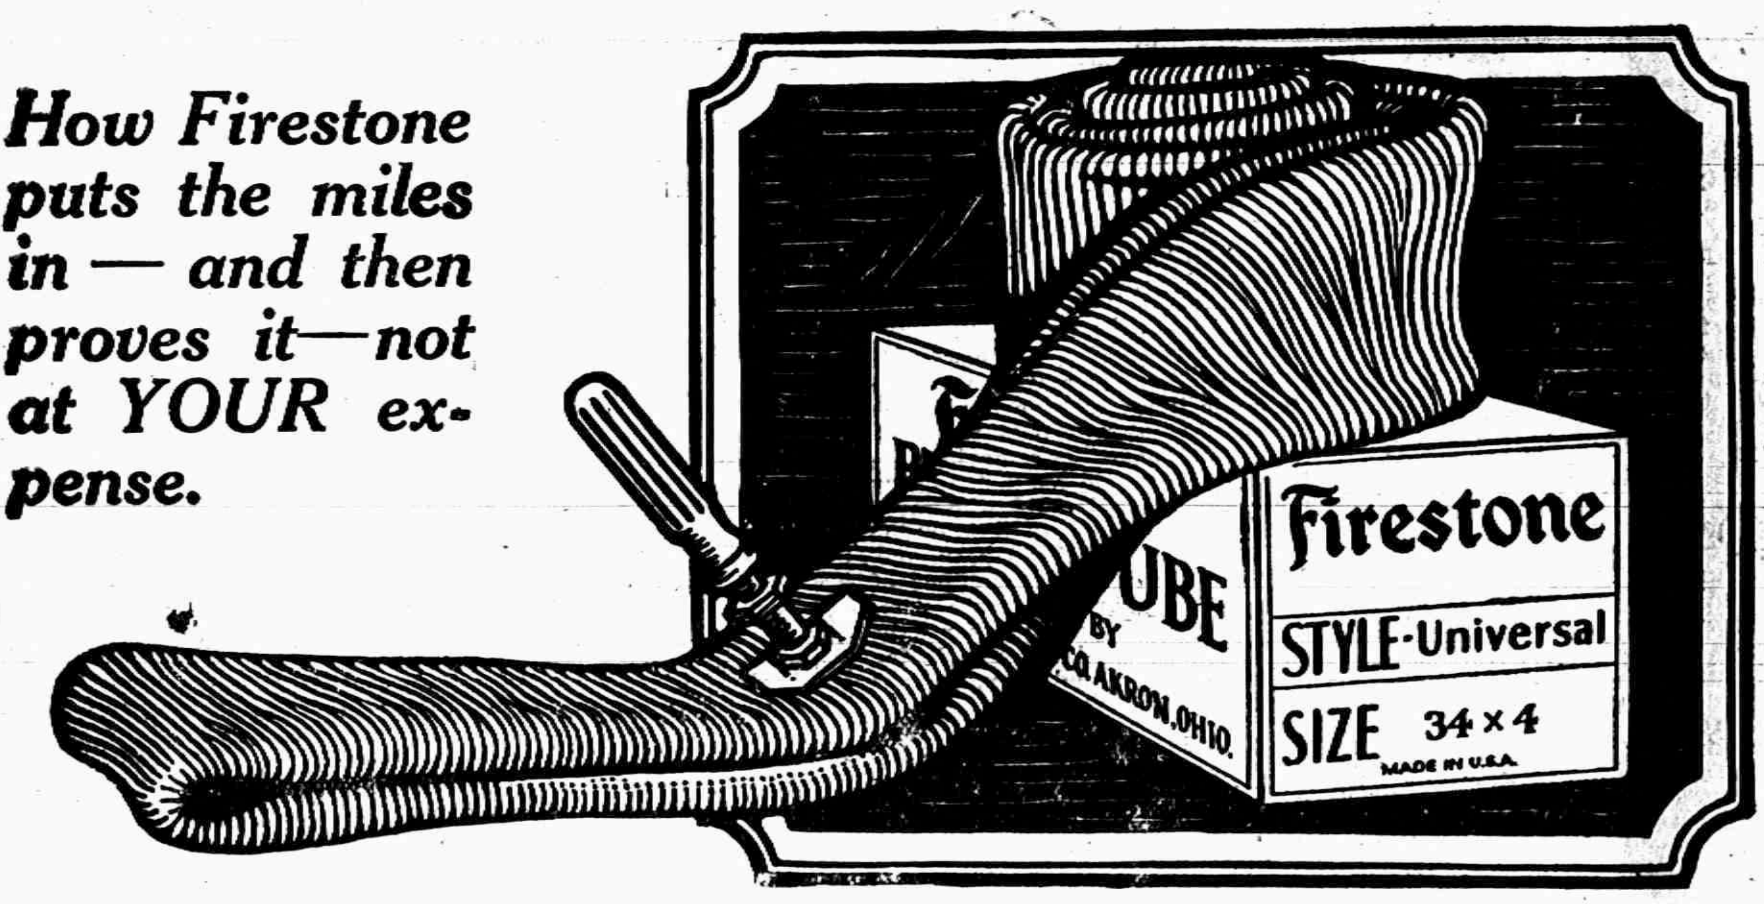
A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.



No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly—improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

Tells How the Cyclone Relief Fund Was Spent

LENAWEE RED CROSS CHAPTER BOUGHT CLOTHING, SEED, HOUSEHOLD SUPPLIES, ETC., FOR STORM VICTIMS.

Donations totaling $761.88, for the relief of the victims of the cyclone which swept over the Ridge road in Macon township some time ago, were received by the Lenawee County Chapter, American Red Cross, and of this sum $646.41 has been used, according to a report of the fund just made public. The balance on hand will also be spent for the purpose intended, as there is still machinery to be repaired and other expenses defrayed.

The money disbursed to date went for clothing for those bereft of all their possessions, for canteen supplies, household supplies, seeds, medical supplies, repairing of implements and other necessities.

BOY SCOUTS OF AMERICA

What Is It?

Boy Scouts are organizations of boys and youths between the ages of 12 and 18 years and upwards, which aim to develop character, to aid in furnishing equipment for a career, and to train in service for others, physical health and efficient citizenship, by utilizing the natural activities and interests of the adolescent period.

The development of the Boy Scout movement in England is due to Lieutenant-General Sir Robert S. S. Baden-Powell (q. v.) who, during the siege of Mafeking (1899), had seen the boys, under Lord Edward Cecil's command, organized and drilled into an efficient messenger service. When Baden-Powell returned to England in 1902, the idea was fostered and received popular support, and a general plan of organization was adopted. The first Boy Scouts organization was formed in 1908, and a Royal Charter of incorporation was granted in 1910, the organization being recognized as a "non-military, public service body."

In the United States, Daniel Carter Beard, with his "Sons of Daniel Boone," Ernest Thompson Seton, with the "Woodcraft Indians" (1902), and others had much to do with the early success of the movement, their ideas, in conjunction with those of Sir Robert, forming the basis of the Boy Scouts of America.' This organization was incorporated under the laws of the District of Columbia on February 8, 1910.

The Boy Scouts of America is non-military and inter-denominational in character, the movement being supported by Catholics, Protestants and Jews alike. Of late it has also been given consideration as an educational adjunct by well known educators, some schools adopting the Scout program in part or as a whole, while a number of universities and colleges conduct special courses for Scoutmasters and Scout officials.

The administration of the Boy Scouts of America is in the hands of a national council, working through an executive board. The council includes many men of national prominence, and has the president of the United States as honorary president, and the ex-presidents of the United States as honorary vice-presidents. The national headquarters is at 200 Fifth Avenue, New York City, where are issued the official publications, including the Handbook for Boys, the Handbook for Scoutmaster, "Boys' Life," the Boy Scouts' magazine, issued monthly, and Scouting, a semi-monthly bulletin for Scout officials.

Local councils are organized to supervise and extend the movement in communities upon application by representative citizens to national headquarters. Each local council works through an executive committee and a commissioner, with a paid executive employed when development makes it necessary for one man to give his entire time.

The Scouts themselves are organized into patrols of eight boys, three or four patrols forming a troop under a Scoutmaster. Each troop has also a committee of three or more men, representing the school, church, settlement house, playground or other institution with which it is connected. This committee recommends the selection of the Scoutmaster to the local council, or to the national headquarters direct when there is no local council, and co-operates with him. Any boy of 12 or older may become a Scout upon fulfilling certain conditions. These include taking the Scout oath, which reads as follows: "On my honor I will do my best—(1) to do my duty to God and my country, and to obey the Scout laws; (2) to help other people at all times; (3) to keep myself physically strong, mentally awake and morally straight." He also subscribes to the 12 points of the Scout law: A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. The motto of the organization is "Be Prepared," and the principle "Do a Good Turn Daily" is kept constantly before the boys.

Scouts are divided into three classes—tenderfoot, second class and first class Scouts. Promotion in these classes is conditioned on passing certain requirements, after which the goal is the attainment of merit badges given for special proficiency in such subjects as first aid, life saving, civics, tracking, signaling, cycling, nature study, seamanship, campcraft, woodcraft, the handicraft, etc. In all 57 merit badges are provided. When a first class Scout earns merit badges for first aid, physical development or athletics, personal health, public health, and life saving or pioneering, he becomes a life Scout. When a first class Scout qualifies for 10 merit badges, including the five badges of the life Scout, he becomes a star Scout; and when a first class Scout has qualified for 21 merit badges, including first aid, life saving, personal health, public health, cooking, camping, bird study, pathfinding, pioneering, athletics or civics, physical development and any ten others, he becomes an eagle Scout. Special honor medals in bronze, silver and gold are given for life saving.

A book department is maintained by the national organization, which, with the assistance of a library commission composed of expert book men, makes available reliable advice as to worthwhile books for boys, and, under the leadership of this department, arranges with publishers for reprint editions of the best books for boys at prices which will compete with the trashy material now flooding the markets. The results of this department in the shape of definite lists carefully subdivided, are made available without any charge to librarians, local councils, troops and parents of boys throughout the country. Many hundreds of parents are already being given special advice as to courses of reading for their boys.

In 1914, in Great Britain and the British colonies, there were over 200,000 Scouts and Scoutmasters; and in the United States there were on May 15, 1916, 174,000 Scouts registered with the national headquarters and in good standing, together with 8,323 Scoutmasters and about 34,000 other Scout officials, all in good standing, making a total of about 215,000 Scouts and Scout officials. Scouting is established in nearly every country of continental Europe, with a total membership numbering more than 1,000,000.

Calcareous Marl Finds Increasing Use in Agriculture.

Calcareous marl, a variety of carbonate of lime, is finding increasing use in agriculture as a soil sweetener. According to the United States Geological Survey, department of the interior, 78,232 tons were sold for this purpose in 1918, compared with 73,900 tons in 1917 and 58,088 tons in 1916. The value in 1918 was $261,082, 58 per cent higher than in 1917. Besides that sold for agricultural use, 20,462 tons, valued at $57,582, was sold for the neutralization of acid waters, the manufacture of prepared fertilizers and other uses.

The marl represented in this statement includes two kinds—fresh-water marl, or ooze, taken from the bottoms of lakes, ponds, or swamps, and marine marl, or coquina, taken from deposits of partly consolidated masses of shell fragments deposited on the bottom of a shallow sea and later elevated above sea level. Fresh-water marl was produced in 1918 in Virginia, West Virginia, Pennsylvania and New York; marine marl in North Carolina and South Carolina.

ANNUAL REPORT TECUMSEH PUBLIC LIBRARY
JULY 1, 1919—JUNE 20, 1920.

To the Board of Education, School District No. 7, Tecumseh, Michigan:
Gentlemen:

I herewith present the report of the Tecumseh Public Library for the year ending June 30, 1920.

Circulation.

The total circulation of books for the year was 20,654, of which 63% was fiction, 23% juvenile and 14% solid.

These figures show a loss over the total circulation for last year (21,333), which, no doubt, is partially due, at least, to changes in the character of club programs, recreational activities at the school house, and Sunday movies.

The library was open 296 days, having been closed 11 days because of the influenza epidemic, as well as on the legal holidays and one day during the county fair.

This makes the average daily circulation 69.78, a figure which has been exceeded but twice in the history of the library.

The year just closed saw also the largest single day's circulation, when on Saturday, Feb. 7, 240 books were issued, the highest previous record having been 208 on Saturday, Nov. 9, 1918.

The total circulation of periodicals for the year was 3,158, an average of 10.67 per day.

Those familiar with library work understand that statistics are an imperfect index of the use made of a library, perhaps the most valuable part of its service being in the reference work and study done in the reading rooms, which is entirely unrecorded. I am glad to report that the library has been extensively used in this manner, especially by the students of the public schools who are being trained more and more by their teachers to cultivate the "library habit."

Book Collection.

There were added to the library in the last year 278 volumes, of which 105 were fiction, 103 non-fiction, 58 juvenile, and 12 bound volumes of magazines.

Twenty-eight books were discarded, some being worn out, some no longer useful, and others having been in homes where there was contagious disease.

This leaves a total of 7,215 volumes in the library at the present time, a net gain of 250 for the year.

Forty-four of the new volumes were gifts, 15 from public sources, 10 from Mr. William Bacon Evans of New Jersey, 8 from Mrs. C. M. Hunter of Adrian, 3 from Willard Fox, 1 from Mr. E. T. LeBaron, 7 from Mr. W. J. Ingersoll.

Periodicals.

Forty-five periodicals are now regularly received, 38 of which are paid for from library funds and 7 received as gifts.

The list comprises 1 daily, 13 weeklies, 30 monthlies, and 1 quarterly. Five are juvenile periodicals.

Borrowers.

One hundred seventy-five new borrower's cards were issued and 277 withdrawn, leaving 2,008 now in force.

Miscellaneous.

The librarian has under way an author and title catalog for non-fiction and juvenile books, which, though not a complete catalog such as the library needs, will yet be a material addition to the library's resources. This undertaking necessitates the typing of about 8,000 cards, of which more than half have been completed. The work will probably be finished during the summer. These cards are so prepared that should the library be completely catalogued at some future time, they can be used to form a part of the extended catalog.

At our request, books have been loaned us from the following libraries: Adrian City Library, Michigan State Library, University of Michigan Library, New York State Library.

A library round table meeting for the counties of Lenawee and Washtenaw, under the leadership of Miss Walton, of the State Normal School Library, was held at Manchester June 8, which the librarian attended with pleasure and profit.

We were favored in June by a visit from Miss Nina K. Preston, library visitor under the State Board of Library Commissioners, who spent one day in inspecting the Tecumseh library.

A filing case for pamphlets and clippings has been purchased which is of great use in making such matter easily available.

DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious trouble. Begin using Doan's Kidney Pills. Read this Britton testimony.

Thomas Gettus, farmer, R. F. D. No. 1, Britton, Mich., says: "I was troubled with my kidneys some years ago. Backache was the worst symptom of my complaint and this bothered me mostly when rising in the morning. After sitting down for awhile, it was a hard matter to get straightened up again, as there was such a sharp, shooting pain which would catch me through my back. I was dizzy and specks floated before my eyes. My eyes got puffy underneath, too. I didn't want the trouble to run on, so checked it in time fortunately, by getting two boxes of Doan's Kidney Pills from Wright & Son's Drug Store. This medicine reached my case and two boxes cured me. I am only too pleased to recommend Doan's Kidney Pills."

RED CROSS ARRANGING FOR SERIES OF CLINICS

At the monthly meeting of the executive committee of the Lenawee County Chapter, American Red Cross, held at Chapter headquarters in Adrian Wednesday, July 7, reports were given by Miss Mary Mackenzie on her activities in the Home Service department and by Miss Laura Comfort of the Public Health department.

There is still work to be done for the ex-service men as shown by the return from the 1,258 questionnaires sent out some time ago. This work will be taken care of as soon as possible.

The Chapter is planning to have a clinic lasting two weeks through the county and as soon as arrangements have been completed as to the dates and places these clinics will be held, it will be announced.

PYTHIANS PLANNING EXTENSION OF ORDER

Plans for extension of the order and assumption of greater obligations for its advancement will be the central thought at the next convention of the Supreme lodge Knights of Pythias, according to an announcemtnt just received by the officers of the Tecumseh lodge and which is of keen interest to the Pythians of this ctiy and surrounding territory.

The Supreme lodge will be convened in Minneapolis, Minn., on August 10, the date having recently been changed from August 3 by official notice from the supreme chancellor.

Nearly one million members of the order in the United States and Canada are interested in what will be done at this convention. Among the many proposed changes in the present laws are those which will, if enacted, provide for admission to membership at 18 years of age instead of 21; life membership; changes in funeral benefit laws; and a national tuberculosis sanatorium for members of the order.

The order has made phenomenal growth during the last year. The gain in membership for 1919 is reported to be over 40,000.

The insurance department report shows an increase of protection amounting to a gain of over $5,000,000 last year.

The Supreme temple, Pythian Sisters, with over 200,000 membership, will hold its supreme convention in Minneapolis, Minn., concurrent with the date of the supreme lodge.

Burn Wood and Use Coal Sparingly

Coal is scarce and very high in price at present. It is suggested wood be used as fuel whenever possible.

This will help conserve the available supply of coal and may have a tendency to cause the price to drop.

We Have Kindling

If you are in need of kindling we can supply it, as we have a number of loads of this desirable fuel.

Dry Wood, Too

We also have a fair supply of dry wood and advise you to place your order now.

As to Coal

Our supply of coal is ample for the present. The price, of course, is high and will continue so for some time. Until it goes down use wood as a substitute.

D., T. & I. Bought by Henry Ford and Son

Detroit Auto Makers Would Assure Plants Adequate Coal—Also Purchase Iron and Timber Lands.

It will be of considerable interest to the people of Tecumseh and others residing along the Detroit, Toledo & Ironton railroad that Henry Ford and his son, Edsel B. Ford, have purchased that road. How much they paid was not announced. It is said the deal has been pending for a number of months.

Purchase of the road was, in part, the outgrowth of difficulties Michigan industries have experienced for several years in obtaining coal from the southeastern bituminous fields. Running directly to Detroit from the coal fields and avoiding the usually congested gateways of Ohio, the line was recognized as a big factor in the state's coal supply by the Michigan manufacturers' association, which several months ago had appointed a committee to look into its purchase.

The plan was abandoned, however, when it was found dock facilities could not be obtained, Mr. Ford then took up negotiations primarily to assure his Detroit factories an adequate supply of fuel but through contemplated extension of terminals, industries generally in the Detroit area and those in other Michigan cities are expected to benefit by the deal.

Negotiations for the purchase of the line had been under way since early in June, when security holders deposited their bonds under an option good until August 1. At that time it was said the deal would involve about $4,000,000.

The railroad line, which extends from Detroit to Ironton, Ohio, is a direct link between the great lakes and the Ohio river. It passes through Tecumseh, Adrian and other southeastern Michigan cities and extends through northwestern, central and south central Ohio. A branch line from Dundee connects with Toledo. The road is 378.4 miles long.

Present plans of the Fords provide for a change in the name of the road but few changes are to be made in the personnel.

Improved passenger service is to be provided, it is reported, the new gasoline driven car of the interurban type, which the Ford engineers developed, to be used.

Announcement has also been made that the Ford Motor Company has purchased 400,000 acres of virgin forest and mineral land surrounding Lake Michigamme in the upper peninsula. The company plans to maintain a permanent timber preserve on this tract, erect a sawmill and closed body plant, employing about 2,500 men.

The land purchased includes 165,000 acres of hardwood timber and 100,000 acres of second growth timber, besides showing pronounced indications of mineral deposits. If iron is found on the property in marketable quantities the mines will be developed, it is announced by the Ford officials.

Tecumseh Wabbles, Loses to Morenci

Independents Play Hudson at Manitou Beach Diamond Next Sunday Afternoon.

Those from here who accompanied the Tecumseh Independents to Morenci Sunday where the local nine met defeat, 4 to 1, say there is only one reason for the local team losing. It played inferior ball.

While Tecumseh made only three errors, they came at stages of play where they caused the most damage, materially aiding the opposition to get the larger score.

The game was an interesting one and was witnessed by quite a few from Tecumseh.

Next Sunday the Independents will have the Hudson team as their opponents, the game to be played at Manitou Beach, Devil's lake.

DR. WM. C. COVERT IS HEARD BY MANY

(Continued from Page One.)

while he talked with Him." He spoke on the theme, "The Shining Face," and said: "World civilization was topsy-turvy then as now." He continued:

"Right then the race had something it had never had before, a new path to follow. That shining face of Moses came from his fellowship with God where the other faces around him were dull and hopeless. As rivers rise from the far-off hidden springs so the shining face of Moses was the outward expression of an inward state so transforming that it spread on his face. The world needed that lighted face right then as it does now, with the heart warm, the soul-shining face, which is above par everywhere.

"In Moses' fellowship with God he found the secret of organizing a nation from that mob, a nation which through the centuries, though speaking different tongues, has clung together tenaciously. Then, as now, every step must be made right, for a clean civilization was to be formed. Great souls are sensitive to God." As examples he mentioned his personal friends, Dwight L. Moody and Lenawee's revered Major Cole, who, he asserted, wore the shining face. "We cannot shine in the face if we don't glow in the heart," he contended.

"We are to have painful duties from now on, but we must shine more in dark days as there are now too many overcast countenances. The elemental qualities of civilization are the shining face and the capacity of having fellowship with God. The reverance of the law we need now, a moral righteousness. The ten commandments were brought by the man with the shining face, the law sent direct from God. That is the only ground on which the nations of the world can today stand. Woe betide the nation which takes advantage of her smaller neighbors and attaches them to herself. There is to be a day of reckoning with these wicked nations. Give us the shining face, the communion with God and the ten commandments and we will have a settlement of the world difficulties."

Community Service.

Rev. C. M. Thompson presided at the evening service, introducing Dr. Covert. The latter spoke with appreciation of the community spirit evident in Tecumseh. He told the story of the town on the corners of which were three churches. During the evening service the Methodists sang "Will There be Any Stars in My Crown?" The Baptists replied with the hymn, "No, Not One." Then the Presbyterians rang forth with "And That Will be Glory for Me." Through Chicago's Co-Operative Council of City Missions, of which Dr. Covert is a member, they have co-operated in things religious in that city in a business-like manner worthy of emulation by the industrial and educational interests of that place, so the fact that we have a noticable community fellowship was the more pleasing to him.

The Chicago pastor's text for this sermon was from Isaiah, "He Shall Keep Him in Perfect Peace Whose Mind is Stayed on Thee." "This stabilizer is sadly needed in this social and industrial unrest, to hold us steadfast," he declared. "Don't we set up an interrogation point after that verse?

"The fact that 'God is' must be our anchor. Then we must appreciate that God cares, that he yearns for the least, the last, the lost. He puts joy and sunshine into men's hearts with the thought 'The best is to be.' It didn't look during the war as if there was any hope, but there has been a change of ideals in connection with the war. The best is rising out of it."

Dr. Covert said he had been sadly humiliated by the discussions of the past six months in the attitude of this nation. He insisted it is our duty to re-establish a broken-hearted world, over which God's love sweeps.

"Wont you go back and take a new grip to stabilize and make steadfast? Then the old prophet's message will be found true by you in a personal way."

Next Sunday night's service will be held at the Presbyterian church. At the following community service, July 25, Miss Ruth Daniels, recently returned from India, will speak at the Baptist church.

Admission Will be Charged to Games

Tecumseh Independents Find Collection Fails to Bring Sufficient Funds.

In the future admission will be charged to the games played here by the Tecumseh Independents instead of a collection being taken as in the past. It has been found the collection plan does not net enough money to meet the expenses of the ball team.

The admission method of securing funds was decided on at a meeting of the team Tuesday evening at the Smoke House. The price was fixed at 30 cents. Tags will be issued to those who have paid their admission. It is hoped by the team the fans of Tecumseh will realize the necessity of charging admission to the games. The continued loyal support of the residents of the city and surrounding territory is solicited.

On Sunday the Independents play Hudson at Manitou Beach, Devil's lake, and it is hoped a large number of rooters will accompany the team. Auto bus service to the lake has been arranged for, the machine to leave here about noon. Tickets may be secured at the Smoke House.

On Tuesday of next week, the day of the united Sunday school picnic at Sand lake, the Independents will play at that place, Deerfield in all probability being the opponent.

Cookingham, the local team's new pitcher, made a splendid showing at Morenci Sunday despite the fact the game was lost, and promises to be a stumbling block for the fast nines yet to come here. Morenci is to be in Tecumseh a week from Sunday and the home men are already priming themselves for this battle, as they are determined to redeem themselves for the few slips made in the struggle with this aggregation in the neighboring town last Sunday. As this is expected to be a speedy clash a record crowd is looked for to help cheer the local players on to victory.

While some classy teams have been encountered on the home diamond this season, it is announced the better nines are yet to appear, so the local fans are assured of some close and exciting contests before the season closes.

FORMER TECUMSEHITES WEDDED AT NORTHVILLE

A wedding of interest to Tecumseh people took place Saturday afternoon at Northville when Leon Waldron and Miss Loraine Westcott, both formerly of this city, were married. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. Dell Westcott, at 4 p. m. on the day mentioned, the Presbyterian clergyman of that city officiating. The immediate families were present, quite a party of relatives going from here.

The attendants were Mr. and Mrs. Fay VanValkenburg, a sister of the groom and her husband. The bride was gowned in white georgette trimmed with net ruffles and wore a corsage boquet of pink sweet peas. Her matron of honor wore blue silk.

The ceremony was followed by a buffet supper served in the dining room, which was decorated in yellow and white, the rest of the living rooms being effectively ornamented with palms and box woods.

After the supper the bride and groom left for their home in Flint, where they will live next door to the bride's sister, Mrs. George Burley.

Among the 30 guests present were Mr. and Mrs. J. K. Waldron, Mr. and Mrs. Leon VanValkenburg, Mr. and Mrs. Fay VanValkenburg, Mrs. Bert Foor and son, Mr. and Mrs. J. M. Mulvaney of Tecumseh, Mr. and Mrs. Harry Waldron of Howell, Mr. and Mrs. Thomas Caswell of Pontiac, Mr. and Mrs. George Burley of Flint.

Miss Westcott, who is the sister of Mrs. Mulvaney, lived here several years ago, going to Northville with her parents when they purchased a home there. She has visited here several times and has a large circle of Tecumseh friends. The groom is the youngest son of Mr. and Mrs. J. K. Waldron and was born and grew to manhood here. After graduating in the class of 1917 from the local school he took a course in the Detroit Business Institute and it was there he again met Miss Westcott.

During the war Mr. Waldron was attached to the naval camp at River Rouge. Since he has held a responsible position in Detroit and lately has begun work under Mr. Burley, a prominent Flint contractor.

These popular young people have the best wishes of the Tecumseh people, who will enjoy their frequent visits here.

JAS. UPDIKE, R. F. D. MAN 19 YEARS, TO BE RETIRED

After having held the position of rural carrier out of the Tecumseh postoffice for 19 years, or ever since this service was organized, James Updike is to be retired August 20.

The law provides that such carriers may be retired at the age of 65 years if they have been in the service 15 years, but our townsman is 75 years young and has all these years faithfully attended to duty and has earned his release from service.

He will be greatly missed by his patrons, as his daily trip has become a fixture in their lives and his many favors have been heartily appreciated.

The Deming house on North Pearl is a bargain at the low price asked. Can give immediate possession.

The Conklin property, corner of Pearl and Shawnee, is also going cheap before July 15.

Now for a mighty nice home I can give you your choice of two nearly new bungalows, both well located in pretty surroundings. One is completely modern, on one of the main streets. Just ask, and I'll prove they are of the best.

For a change in investments how about store property? The Hanford block now occupied by Palman's shoe store is one. Another is the Root building occupied by Prichard's pump shop.

List your property.

Tecumseh to Have a Big Sports Day

AUGUST 25 DATE SET FOR GALA EVENT.

American Legion Promoting Affair and Plans to Make it Even More Successful Than Similar Occasions Held Some Years Ago.

This city is to have another sports day.

While this announcement may not have much significance to the more recent residents of this city, those who have lived here for a number of years will recall what gala events these sports days were in the days gone by.

Some years ago when a sports day was an annual festive occasion in Tecumseh thousands of people were attracted by the magnet of sports of all kinds, ball games, band concerts and free street shows.

Another such a day is to be held, the date set for the affair being Wednesday, August 25. Underwood-Orr post, No. 34, American Legion, is promoting the event, and is seeking the co-operation of all who will be interested and benefitted by the gala day. Charles Hanna has been chosen general chairman for the occasion.

It is planned to make it an all-day celebration, with something "doin" every minute. Present plans provide for a variety of sports on the streets in the business district in the morning, a ball game at Athletic park in the afternoon and free vaudeville stunts on the street in the late afternoon and e[illegible]. Concessions of various kinds are to be induced to come here for the day, some of these to have space on the main streets, while the larger ones, like merry-go-round, ferris whell, whip, etc., will be located at other places of vantage.

The board of village trustees at its meeting Monday evening voted the Legion $100 to help finance the project and also granted the post the use of portions of Chicago and Evans streets in the business district. The co-operation of the business men is also to be solicited, as they are expected to benefit greatly as the result of many shoppers from far and near being in the city for all day August 25.

Although the date of the sports comes on Wednesday, the merchants consented to call off their Wednesday free street show in favor of the more extensive festivities.

It is the ambition of the Legion to make the event even more successful than the sports days held in the past and they will bend every effort to accomplish this. The co-operation of all is requested. The object of the sports day is to raise funds for the various needs of Underwood-Orr post, other efforts to place the local Legion on a sound financial basis having failed.

QUAKER OATS EMPLOYES HAVE DANCE AT PLANT

The employes of the Quaker Oats Co. and friends enjoyed a dancing party at the macaroni factory Friday evening, the occasion being in celebration of the completion of the immense new store room. Most of the 114 employed were present and with their friends made quite a party. Mr. and Mrs. C. A. Stalter furnished the music. The room was prettily decorated with strands of pink and white from the center to the corners and at one side was a handsomely adorned booth where punch was served.

NEVISON'S BAKERY IS SOLD TO HORACE MAGLEY

Because of poor health, Stephen Nevison, sr., has been forced to relinquish his bakery business and has sold it to Horace Magley, who for five years has conducted the Nevison bakery in Adrian. Mr. Magley took possession last Monday and will soon move his family here. Mrs. Magley is best known here as Ella Clapp, who was for a couple of years the popular manager of Tribolet's 5 and 10 cent store and has many friends who will gladly welcome her and her family.

The bakery will retain the name "Nevison's Bakery."

Village Trustees Give Legion $100

Also Grant Post Use of Streets for Sports Day August 25—Tie Vote Broken by President Pro Tem Pulver.

For the first time in about four years there has been a tie vote cast by the board of village trustees, this resulting at the regular meeting Monday evening, the question being the donation of $100 to the Tecumseh post of the American Legion. The money was desired to help finance a big sports day which the Legion plans to hold here August 25. As George Hines, the village president, was absent, it developed upon B. J. Pulver, president pro tem, to break the tie and he voted in favor of the proposition.

R. K. Anderson, John Larsen and Ivan Spitler appeared before the trustees in the interest of the Le-

G. E. DOKE, FORMERLY OF TECUMSEH, PROMOTED

George E. Doke, a former Tecumseh boy, but for years connected with the New York Central railroad at Cleveland, has been appointed engineer of materials with his office to remain at Cleveland. He will see that equipment engineering department material specifications are arranged as required and will be in charge of the inspection of materials purchased thereunder. His former office of assistant engineer of tests has been abolished.

He is the son of Mr. and Mrs. Emory Doke, of an old Tecumseh family, but few of whom now reside here. He was born and grew to manhood here and has many friends who are delighted at this advancement in his chosen line.

D. B. FINCH MEMBER OF A PARKERSBURG, V. VA., FIRM

Delmar B. Finch, formerly of this city, now of Parkersburg, W. Va., is now interested in a new organization, the Motor Engineering Machine Co., just perfected in that town, for the rebuilding of autos, etc. Mr. Finch was instrumental in the formation of the company and is one of the principals of the firm. For six years he has been at the head of the industrial department of the Parkersburg schools and it is largely due to him that the manual training department of the schools rank among the first of the state. He was one of ten men teachers to resign at Parkersburg this summer.

The new firm is beginning business with one of the best equipped auto repair shops in West Virginia and has a special machine for regrinding cylinders which is their own invention.

Mr. Finch is the son of O. B. Finch of this city and Mrs. Finch is the daughter of Mrs. J. F. N. Bowen, so both are well known here.

W. L. COLLER WRITES ABOUT FISHING TRIP

White Fish., Ont., Can.,
July 19, 1920.

I'll say Dear Fishermen: As that is what I am after, and I am certainly having my fill, I would give a good lot if all my friend fishermen could have just one day of this fishing.

Up here they will laugh at you if you bring in pickerel, any size, 4 to 10 pounds. They throw them all back. It seemed hard to do that the first day, but it is o. k. now. They keep a part of what they catch, that is just enough to eat. They keep the white fish, trout, bass and walleyed, or dose.

The lake is a beautiful place, 30 miles long, eight wide and full of large rock islands—cold water and very deep. The country around here is N. G. The large timber has been burned by forest fires and only the small new trees remain. There are lots of deer, wolves, bear and porcupine. It certainly is a treat for me and not so far from home. We are about 700 miles from Tecumseh. On the map this lake lies about 25 miles north of Georgian Bay. The only way to the lake is through logging camp trails. Our trip from White Fish, the last railroad stop, was over a nine mile log road, and we had to walk.

As the boat is going, I'll cut this short until I see you.

Very truly,
W. L. Coller.

Union Picnic is Complete Success

OUTING AT SAND LAKE LARGELY ATTENDED.

Basket Dinner, Music by Band, Variety of Amusing Sports, Ball Game, Ideal Weather and Pronounced Community Spirit are Winning Combination.

Community spirit is stronger than ever in Tecumseh at present, this being conclusively proven by the whole-hearted manner in which the people of the city participated in the union picnic at Sand lake Tuesday. The attendance was large, the jolly picnickers like one large family and the weather could not have been improved upon, all these factors contributing to the remarkable success of the outing. Many suggested the event be made an annual affair.

Members of the various Sunday schools, their relatives and friends began gathering at the Presbyterian church long before 10 o'clock, the hour set for beginning the outing, and when it was time to start enough people had gathered to fill all the available vehicles, trucks and all. There was a parade through the business district and then the autos headed for the scene of the festivities.

For a short time after arriving on the south shore of the lake the picnickers amused themselves in

Tells Congregation to Assist the Lord

White Bear, Minn., Pastor Addresses Community Service—Also Preached Before Presbyterians Sunday Morning.

Rev. George Mitchell of White Bear, Minn., occupied the pulpit at the Presbyterian church Sunday morning and again in the evening at the community service.

At the morning service the congregation was small owing to a severe electrical storm which was raging at church time.

In the evening there was a much larger attendance. At this service Rev. C. M. Thompson presided. Rev. Mitchell took his text from John 18:37, "To this end was I born, and for this cause came I into the world." He said:

"It is great to have lived in spite of the temptations of life, great to be of service to mankind and to our God. When He saw the sickness and disease on earth, Jesus must have thanked God for having lived. In the world to come we have a world of appreciation, of contemplation of God's bounty, but there will be no chance of service.

"Jesus came into the world to give us a chance to do something worth while. His greatest joy was being unselfish.

"God plans your life and it is up to you to live according to His program—with His help. Man is placed here to give the world his best conception of God, to come in contact with men's lives, to help them in their sorrows. Our reward is the satisfaction of having done our duty. Are you helping God? The highest work of man is to heal the sorrows and assist mankind. It's only when we can see men as Jesus did on Calvary that we can help them. What account will you give of your talents? Some time we will stand before our Great Commander and will He say; 'Well done, thou good and faithful servant'?"

THEY SKIPPER YACHTS IN CUP CLASSIC

International interest is centered on these two men—upper Capt. W. P. Burton of England, the skipper who will sail the Lipton yacht "Shamrock," and lower Capt. Chas. F. Adams, II, of New York, who will sail the defender "Resolute," in the American cup race. In the background is the American cup defender "Resolute."

LIBERTY THEATRE IS CLOSED FOR A MONTH

The Liberty theatre will give no more shows for about a month and before it is reopened some repair work will be done in the interior.

Word has been received by Mrs. James Henderson, wife of one of the proprietors of the theatre, that her parents in London, England, are ill and she has started on the journey which will take her to the bedside of her father and mother. Mr. Henderson is accompanying her a portion of the trip, but will return here and supervise the work to be done on the theatre.

It is planned to reopen this popular little movie house about August 15.

Two More Victories To Tecumseh Team

Independents Trounce Hudson at Manitou Beach and Deerfield at Community Picnic at Sand Lake.

Since the last issue of The Herald the Tecumseh Independents have added a figure 2 to its "games won" column, taking the Deerfield team down the line at the community picnic at Sand lake Tuesday and making the Hudson players bite the dust in the contest at Manitou Beach, Devil's lake, Sunday. The score in the most recent game was 13 to 4 and that of the Sunday go 10 to 4.

Next Sunday the Independents [illegible] home diamond again, the heavy hitting and fast Morenci players being the opponents. This is expected to be one of the most exciting contests of the season and the attendance will no doubt be large, as it has been several weeks since the local fans have had an opportunity to see the Tecumseh team on its own park.

The Tuesday Game.

There was much interest taken in the Tecumseh-Deerfield contest, the picnickers from this city showing their loyalty to the home town boys by cheering them to victory.

Like the game of Sunday, the Tecumseh men put it on ice in the early innings, getting 6 runs, more than enough to win, in the second period. Gott, the Deerfield center fielder, made a sensational catch in the eighth, which won him much applause.

The Sunday Game.

If a large quota of rooters from this city had not accompanied the Independents to Manitou Beach the attendance at the Sunday game would have been small, as few Hudson people were present.

It was a comparatively easy victory for the Tecumseh men, as they cinched the contest in the first inning, piling up five markers. Cloyd Bricker, brother of Hile Bricker of this city, started to pitch for Hudson but was lifted before the side was retired. He was wild and after his brother laced out a double he was succeeded by Palmer.

In detail the score was as follows:

MISS EDNA TAYLOR JOINS DUNBAR CONCERT TROUPE

Miss Edna Taylor is now traveling with the Grenadier Girls, playing this week in St. Paul. She left Wednesday for Chicago to try out for concert work before the Dunbar Bureau, which organization produces for Chautaupua and high class vaudeville circuits. Her work on the baritone, piano and as a vocal soloist was so satisfactory she was quickly placed under contract and sent directly to St. Paul to join the Grenadier Girls, a troupe of nine talented young ladies, who are this week playing in the Orpheum in that city. In the company the Tecumseh musician is playing the baritone, which she played in the Ladies' band.

Miss Taylor, who is the daughter of Mr. and Mrs. Andrew Taylor of this city, graduated from the local school in 1918. Her musical talent is unusual. She has played the pipe organ at the Baptist church for the past three years and the organ at St. Peter's Episcopal church also for several months. Always generous, she has been in frequent demand at concerts at the different churches as a vocalist and never refused her friends' requests in this line.

TIPTON

Miss Ruth Rogers was home from Ypsilanti for the week end.

Wade VanValkenburg of Ann Arbor spent Sunday with his parents here.

Frank Mattis and family are spending the week at the Waldron cottage at Wampler's lake.

Miss Dorothy Richardson of Owosso is visiting her cousin, Mrs. Grover Swarts, for a few days.

Mr. and Mrs. Wm. Jackson drove to Ida Monday, taking their sister, Mrs. Strack, to her home after a visit here.

The Community League will meet at the M. E. church next Sunday evening. Miss Dorothy Daniels is the leader.

Mrs. Eliza Daniels of Pentecost and guest, Mrs. Tina Freer, of Webberville, were guests at the homes of Grant Ogden and H. G. Daniels Friday.

Mr. and Mrs. Grover Swarts went to Owosso Friday and remained over Sunday as guests of their uncle, Chas. Richardson.

Mr. and Mrs. Mick Mack returned from Monroe Saturday, where Mr. Mack has had a sawmill for the past six months.

Mr. and Mrs. W. A. Beebe returned from their trip north the first of the week. They report a fine time, having driven over 1,000 miles.

Mrs. Kishpaugh of Lansing was a caller at the home of Grover Swarts Thursday. Mrs. Kishpaugh at one time lived on the farm where Alfred Lewis now resides.

The boys' and girls' intermediate classes of the M. E. Sunday school will hold a raspberry shortcake social at the home of A. D. Wyman this week Thursday. The proceeds will apply on the piano fund. A cordial invitation is extended to all.

About thirty members of the Be Square class went to the home of Miss Ruth Brooks at Clinton, a former member of the class, by auto truck last Saturday evening. The evening was spent in music and games, after which ice cream and cake were served. All report a fine time in spite of the shower which occurred on the way home.

HOLLOWAY

Miss Lucile Fowler is ill with mumps.

Mr. and Mrs. J. L. Calhoun drove to Detroit Sunday to visit at Webster Kay's.

Mr. and Mrs. George Humphrey and family of Madison, Wis., are visiting relatives here.

Miss Esther Boyle left Thursday for her home in Illinois after a visit at the Hedrick home.

Several from here attended the Doty family reunion at Millard Rogers' at Palmyra last Friday.

Miss Etta Carpenter went to Fayette recently for an indefinite stay with Mr. and Mrs. C. W. Westmore.

Mrs. Guy E. Nemire and daughter, Alice, of Columbus, Ohio, spent the past week with her sister, Mrs. J. L. Calhoun.

The regular monthly social of the Ladies' Aid society was held at the church Thursday afternoon with a very good attendance.

Nelson Frazier's horse ran away Wednesday afternoon, throwing Mr. Frazier from his buggy. Luckily he sustained no serious injuries.

The school meeting in district No. 3 was held at the school house Monday evening, July 12. Frank Hedrick was elected treasurer for the next three years.

Mr. and Mrs. J. P. Schwab and son, Paul, returned home Friday after a visit with relatives at Clarkston. Miss Martha stopped for an over Sunday visit in Plymouth.

There will be a meeting of the choir Thursday evening at the church. In the near future they are planning a musical entertainment and it is hoped all who can and will help will be present at this meeting.

The annual school meeting in district No. 2 was held at the school house Monday evening, July 12. The following officers were elected: Director, F. J. Kopke; treasurer, Sam W. Wilson; moderator, John L. Calhoun.

TUBERCULOSIS CLINICS POSTPONED TILL FALL

Word has been brought here that the tuberculosis clinics scheduled to be held in this city in the near future cannot take place until some time in September.

Miss Laura Ethel Comfort, visiting nurse of the Lenawee County Chapter of the American Red Cross, was in Tecumseh Wednesday and brought the news that the clinics could not be held when planned. She said the Red Cross had received word from the State Board of Health, under whose auspices the clinics are held, no physicians would be available until September.

The visiting nurse assured The Herald that Tecumseh would be one of the first places in the county in which a two-day clinic would be held when the work was taken up in the fall.

PUBLISHES A POCKET MANUAL OF TECUMSEH

George L. Barnes of Cincinnati has been in this city for several days preparing copy for a pocket directory of Tecumseh which he will issue in a few days. The publication gives a summary of the principal facts of interest regarding the city, the directory proving of value not only to the visitor but also to the residents of the town.

A number of the business concerns have announcements on the directory, which has a circulation of 1,000.

Mr. Barnes is a former Cincinnati newspaper man, having been employed some years ago on the Commercial and the Tribune in his home town before they were consolidated. He quickly wins the confidence of those he deals with.

ROAD OILING.

At last Tecumseh has received road oil and for the balance of the season at least some of our streets will be dustless during the fall, winter and spring months. There is much sentiment in the community for a dustless city. It is for the people to let the council know their pleasure in the matter of oiling. Get busy now if you want a dustless city. Don't wait until next spring and allow half the season to pass before getting benefit from the oiling process. Remember, we own a road oiling machine.

COMMUNITY SPIRIT.

Evidence that community spirit in Tecumseh is not a dead issue was manifested by the successful and splendid community picnic held at Sand lake Tuesday. This beautiful resort was the scene where gathered for play or outdoor social pleasures a greater portion of Tecumseh's population for one carefree day. Business and household cares were discarded and the community spirit was given free reign, the relaxation resulting in great benefit to many of the participants.

Such outings of town folks are beneficial. We should have more of them. It would be an excellent plan to make such occasion semiannual, or at least annual events.

Another evidence of the growth of community spirit is the fact that Tecumseh Monday club is working for a "community house." Tomorrow evening the members of the club are putting on a photo play at the Bradley to assist in raising funds for this laudable enterprize. We trust the people of our beautiful little city will pack the theatre on this occasion and thus encourage the procuring of the much desired community house.

STORIES ABOUT WEST MOST POPULAR FICTION HERE.

During a talk with Miss Edith Ingersoll, Tecumseh's librarian, it was learned stories which deal with life in the western part of the United States are borrowed more often than any other volumes in the fiction department of the local library. Boys are especially interested in books of this character.

The librarian's annual report, published in last week's Herald, showed there are now 7,215 books on the shelves of the local institution and that the total circulation for the year was 20,654. This would indicate each book was borrowed 2 6-7 times. But as many of the volumes are never called for some of the popular ones must have been taken out very often.

This city has a population of approximately 2,500. The librarian's report states book borrowers total 2,008 and this would lead to the belief every person in Tecumseh old enough to be able to read is a patron of the institution erected with funds donated by Andrew Carnegie. Such is not the case, however, as about half of the 2,008 borrowers' cards bear the names of persons who are deceased, have moved away or are not at present getting books. These cards are left on file about five years and then are destroyed.

In the summer months the busiest period at the library is from 7 to 8 in the evening. In the cooler months when school is in session Miss Ingersoll says from 4 to 5 in the afternoon is also a rush time.

Gloves lead the articles left in the library by patrons. Boys are prone to leave their hats, and it is often one comes rushing back to recover his skypiece, which he usually finds after a short search.

While letters are left in many volumes when they are returned, money has also been known to have been in books when they were sent back to the library. The librarian tells of one case where a woman came hastening into the library and stated she had placed a $10 bill in a book which was returned by her sister a short time before. Miss Ingersoll happened to remember which book it was, but no money was found in it. On communicating with the sister who had gone to her own home it was learned she had accidentally dropped the book while on the way to the library. As this happened under an electric light she saw the currency drop out and had placed it in her purse to return it to her sister when she saw her the next time.

PIKE'S PEAK PRIDE.

Printed publicity has made Pike's Peak famous and now the old mountain is celebrating the hundredth birthday of his name by turning the searchlight of publicity around and doing a little publicity work on his own account or rather on behalf of forestry. The peak is a century old, white man's reckoning, the American Forestry Association of Washington points out, because it was July 14, 1820, that a white man first reached the top. That man was Dr. Edwin James, but General Zebulon Pike had seen the peak in 1806 although he did not get near it.

Now the surrounding country is being reforested and the face of the famous old fellow, known to millions of tourists from all over the world, will never look the same. Pike's Peak has a message in the planting of those millions of trees along the famous auto road, the American Forestry Association adds, because there is a first hand lesson in the need of forestry on those wind-scarred and fireswept hillsides.

What better place to preach the gospel of conservation than where all may see? Thousands will see the improvement resulting year by year. Why not a little of the same first-hand gospel in this vicinity? Why not have more of the tree-planting idea right here in our own midst? If Pike's Peak can teach the great lesson let us learn and apply the teaching.

CRIMINAL HOARDERS.

The evidence is becoming plainer to the mass of the people in this country that the high cost of food is not due to any shortage, not due to high prices on the farm, not one of the effects of the well-known law of supply and demand.

The high cost of food today is mostly caused by quantity hoarding—holding back in warehouses and doling out in just sufficient quantities to keep prices up.

Tens of thousands of warehouses and lofts that can be used as warehouses are filled to the rafters with foodstuffs, some of which have been stored for two and three years. Chicago alone has a billion dollars' worth in storage—that is, ten dollars' worth of groceries for every man, woman, child and baby in the United States of America. Just one warehouse in Chicago contained one hundred million dollars' worth of food.

The hoards are of great variety. One concern had in storage 140,000 boxes of tea, 70 pounds to the box or a total of ten million pounds, which is enough tea for every family in America for a week. AND THERE ARE 70 TEA-IMPORTING HOUSES IN CHICAGO!

But Chicago is not alone. The warehouses in every city of any size in the country are jammed full. These people now know just about how much food the country consumes in a day and a week and instead of "selling out," they sell only enough to keep the people supplied, thus holding up prices.

Somehow this country has got to get rid of its criminal hoarders and profiteers.

The Rexall Store

ONE 1¢ CENT SALE!

Next Wednesday, Thursday, Friday, Saturday

July 28, 29, 30, 31

WHAT IS A ONE-CENT SALE? It is a sale where you buy an item at the regular price—then another item of the same kind for 1c. As an illustration: The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price, and by paying 1c more, or 26c, you get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING. This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merits of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1c. It costs money to get new customers, and the loss taken on this sale will be well spent if the goods please you.

Extraordinary Announcement Regarding a Range

TO HOUSEWIVES, HUSBANDS AND ALL OTHERS:

At last a range has been perfected which meets all the specifications which a woman believes such a stove should have. It is the realization of a woman's idea of what her range should be.

The South Bend NEW MODEL Malleable Range is the acme of scientific stove construction. It is the result of three years' experiments at a cost of many thousand dollars. But the result is a product which will stand the test of time and is a revolutionary attainment in range construction.

TWENTY-YEAR GUARANTEE BACK OF IT

The NEW MODEL South Bend Malleable Range will last longer, is more attractive, consumes less fuel, requires less attention, and renders far better cooking results than any stove ever put on the market. Its many new features were approved by Mrs. Helen Ruggles, a noted authority on household affairs.

It is sold under a 20-year guarantee, the manufacturers agreeing to replace any defective part returned to the factory within twenty years from date of purchase.

OUTSTANDING FEATURES OF NEW MODEL

Some of the features of the NEW MODEL are:

It is the only range using a 14-gauge, one-piece Wellsville Polished Steel Body.

It is the only range using 16-gauge, secret heat-treated rust-proof coppear bearing steel throughout for inside linings. Note that the copper is alloyed with the steel in these ranges.

It is the only range which is thoroughly protected in all flue spaces with an inner rust-proof lining, 4-ply asbestos millboard and heavy steel outside wall. This is triple protection to all top, side and bottom flues.

It is the only range using a genuine B-B rust-proofed top that will not rust or pit after being used a short time.

NON-WARP TEMPERED STEEL

It is the only range using 12-gauge top and sides and 10-gauge bottom patent level stretch and tempered steel in oven construction.

It is the only malleable range with a genuine mercury thermometer on the oven door.

It is the only malleable range equipped (without extra charge) with a genuine white enamel splasher back.

It is the only range manufactured which can be changed from the regular style to the enamel panel range by a few minutes' work at the factory.

It is the only range from which needless and hard to keep clean ornaments have been eliminated. Nickel parts are smooth surfaced and triple coated. The nickel will not peel or scale off.

EVERY DETAIL THOUGHTFULLY DESIGNED

These nickel parts are fastened from the inside by a new patented process of blind riveting. No bolt or rivet heads can be seen. Neither do these parts work loose or come off.

All door handles are of an improved design and nickeled. Doors are self-locking.

Damper handles are cold wire or air cooled type. The damper and check draft (combined) is placed in the warming closet, out of sight and where it cannot catch dirt.

The first joint of pipe is placed behind the splasher back. This adds to the cooking space and removes one of the most objectionable features on a range. Regardless of how hard a woman tries to keep this pipe spotless it never looks as clean as other parts of her kitchen.

WATCH FOR DATE OF ARRIVAL

Several hundred of the former style South Bend Malleable Ranges have been sold in this vicinity during the past few years, but none of the NEW MODEL Ranges have arrived.

They will be received in the near future, so watch this paper for the announcement telling of their arrival.

The NEW MODEL is the most recent creation in cooking stoves and will attract the widest attention.

Mrs. Rose Burrow suffered severe burns on both hands the last of the week and has been practically helpless since. She accidentally tipped a coffee percolator off the stove and in trying to catch it her hands were covered with the boiling liquid. Dr. Jones was called.

Mrs. B. J. Rector, Miss Madeline Boyce, Mrs. Mary Benedict, with Mr. and Mrs. Guy Nemire and little daughter, Alice, of Columbus are guests of Mr. and Mrs. John Nemire at their Wampler's lake cottage. Guy Nemire and family will remain until Monday, when Miss Madeline Boyce will accompany them home.

Fire was discovered in the roof of the Robert Elliott blacksmith shop Thursday evening but was extinguished before much damage was done. Thomas Deniston and Floyd Elliott had been cleaning up the shop in the afternoon, burning some rubbish in the forge. It is believed a spark from the chimney smouldered on the roof bursting into flames after they left the shop. The building is owned by Elbridge and Miss Frances Hyde.

For action and real fun the work of the acrobats, the Six Tip Tops, in last night's free street show was ahead of anything seen here this season. Every member of the troupe was full of pep and their antics delighted the crowd immensely. The Nizzias, a man and woman in acrobatic work, were also above the average, their juggling being excellent. The Clinton band furnished its usual fine music. The attendance was record breaking.

The local banks were well represented at the Lenawee county bankers' convention at Adrian Tuesday evening, when the Clayton bank was the host. The banquet was held at the Gussenbauer tea rooms and the session was very pleasant as well as important in a business way. The Tecumseh people present were J. H. Smith, F. J. Temple, H. S. Temple, Frank Snell, F. S. Turner, George Isaacson, Miss Kathryn Reed, Harold Lowry and B. J. Pulver.

How It's Done

This is a day and age of improvement. Everybody uses the latest, best and most improved methods. The farmer wouldn't think of trying to harvest his grain with a hand sickle.

It is up to you to discard the stocking method and deposit your funds in the bank—the modern method of handling funds. Paying bills by check is as far ahead of the old cash-in-hand method as the self-binder is ahead of the hand sickle. Try this up-to-date method and you'll find it hardly necessary to keep books. We'll do it for you, and the cancelled checks we return will prove we have guarded your funds carefully.

Brillion King Pulverizer Helps Secure Bigger Yields of Winter Wheat

You can increase your crop of winter wheat; also other small grain crops, by packing it after it has come up. We can show you just the right machine with which to do this. It is a **Brillion King Pulverizer.**

By running a **Brillion King Pulverizer** over the ground before it is frozen, the top soil is pulverized and the subsoil is packed in such a way as practically to eliminate heaving of the soil after cold weather sets in. By using this pulverizer in the spring, you can pack and pulverize the soil so completely that all cracks opened up by freezing are closed and all plant roots that have been heaved are pressed back into the soil. Furthermore, a mulch is formed that protects and feeds the growing plants, insuring quicker growth and earlier maturity

This pulverizer can also be used for killing weeds, preventing soil-blowing, making a soil mulch that absorbs and retains moisture, and it also can be adjusted for the first cultivation of corn.

We can furnish the **Brillion King Pulverizer** for either horses or tractor, and you can use it either alone or behind your disc harrow.

We wish you would come in and inspect the pulverizer we have on display and find out for yourself why you need one like it.

Where Will You Be In Ten Years?

This is a period of great earnings. With some it is likewise a period of reckless spending. Others are laying the foundations of future prosperity and comfort by systematic saving in the owning of a home.

Where Will You Be?

Look in the table below and see what YOUR RENT MONEY will amount to in ten years—in fifteen years. Rather startling, isn't it? Do you want to come out of the greatest earning period that you may ever know with nothing to show for it?

Rent	With Interest at 6% Compounded Annually		
Per Month	10 Years	15 Years	20 Years
$10.00	$1,581.68	$2,793.10	$4.414.26

$150 Being Offered for Lenawee Essays

Adrian College Announces Summer Contest for Students—First Cash Prize is $75.

As a part of a program which will be undertaken during the summer months to better acquaint the people of Lenawee county with its own college, $150 in prizes is being offered in an essay contest open to every young man and woman of school age who has not yet entered a college or university.

Under the terms of the competition applicants will be divided into two classes—those above 12 years of age, and those 12 or under. For the first or senior grade a cash prize of $75 will be awarded to the winner of first rank while the writer of the essay marked next best by the judges will receive a semester's scholarship at Adrian college worth $40. For the second or junior grade the cash offering will be $25 to the author of the essay of first merit, and a course of elementary music worth $10 at Adrian college will constitute the second prize.

[illegible] in money combined with the attractive allowance for college instruction is expected to draw out a big field of candidates. There are many thousand children of eligible age in the county and under the terms announced each is given an equal chance.

Inasmuch as the essays in each case must deal with facts relating to the history and the accomplishments of Adrian college, the contest is expected to lead to widespread research work on the part of the applicants which will reduce to writing many interesting facts and incidents not heretofore published. In various parts of the county there are persons who were associated with the college in its early days or who who have since been identified with it in various phases of its history. Their memories in many cases are veritable storehouses of historical information.

Further information concerning the contest will appear from time to time and through an arangement with the college authorities the winning essays will be published.

Here is a fine opportunity for the young people of the surrounding community to earn some money on the side.

Series I: First prize, $75 cash. Open to anyone of school age above 12 years not including college and university students, for the best paper of 1,000 words on "The Benefit of Adrian College to Lenawee County." Second prize, one semester's tuition at Adrian college worth $40.

Regulations: 1, length of paper, 1,000 words; 2, three tpyewritten copies to be submitted; 3, to be judged on facts, forceful argument and style.

Series II: First prize, $25 cash for best paper of 1,000 words on "The History of Adrian College." Open to anyone of school age, 12 years and below. Sec[illegible] $10 course in elementary piano normal, one semester at the conservatory.

Regulations: 1, length of paper, 1,000 words; 2, three copies to be submitted; 3, to be judged on completeness of account, legibility, arrangement and information from original sources such as would be found through interviews with persons who are acquainted with Dr. D. K. Underwood, L. G. Berry, Asa Mahan, John and James McEldowney, A. H. Lowrie, Dr. George B. McElroy and others.

General information: Those wishing to enter contest will send in name and address to Mr. E. R. Illenden, manager of contest, Adrian, Mich. Contest will close Tuesday, September 7, 1920, and the winners will be announced at the county fair. All essays shall become the property of the board of trustees of the college. There is no objection to older persons furnishing information and making suggestions as to what material shall go into productions but the work of composition must be done by the individual presenting essay. The winning essays will be published in the county papers. For further information, address Mr. E. R. Illenden, Adrian, Mich.

Plumbing *for* Country Homes

Some people have the idea that it costs a lot of money to have running water in the country, with faucets in the kitchen, bathroom, barn and outdoors. That isn't so!

Considering what it means in the way of convenience, comfort, health, time and labor-saving, there isn't anything else that costs so little and gives such satisfying returns.

And once your installation is made, you are through with expense. The operating cost is practically nothing. The V-K Water Supply System, the water-works that furnishes the water, operates on an average cost of only one cent a day. That's all.

JACKSON IS TO STAGE BOXING MATCH FOR THE MICH. PIKE TOURISTS

When the Michigan Pike tourists are the guests of Jackson on the evening of July 28 there will be one novel entertainment feature which will be different from any that the travellers have witnessed in their 14 days of travel in Canada and Michigan. Through an arrangement between the Central City Athletic Club and the committee representing the Jackson Chamber of Commerce a boxing show has been scheduled which will be held at the fair ground auditorium.

At this show the tourists will have a special block of seats and tickets will be sold to the public as at all other boxing shows held there. For the 10 round feature bout the matchmakers have secured Jack Herrick, the Kewanee Tiger, and Joe Lohman of Toledo, a pair of hard hitting light heavyweights. These boxers set Grand Rapids fight fans wild in a fierce 10 round bout early this month. Herrick holds the heavyweight championship of Panama.

In the semi-final Billy Holmes of Jackson will meet Johnnie Lewis of Toledo. Young Van Ness of Jackson and Young Price of Lansing are matched in the six [illegible] preliminary.

Notice.

Beginning July 2 and including the week ending August 7, I will receive the village taxes each Friday and Saturday at the Lilley State bank.

Franc S. Gillespie,
8-5 Village Treasurer.

Everywhere they found strikes in progress and their travels were repeatedly delayed by the same. In the words of Mrs. Hardy "It seems that the world has gone mad."

Work on the new Ford garage is progressing slowly. The brick work on the north end and part of the west side is up as far as the masons can go until the sash comes, which is delayed by freight conditions. Today Contractor Geo. Kempf has only a small force at work on the cement foundation for the front. The basement is complete, with the foundation piers for the first story.

Rev. and Mrs. C. M. Thompson were called Thursday to Ingersoll, Ont., by the critical illness of Mrs. Thompson's brother, Wm. R. Hargan. They will be away about ten days so there will be no preaching service in the Methodist church next Sunday morning, July 25. Sunday school will be held as usual. Services will be held at the usual hour Sunday, August 1, as Mr. Thompson will have returned by that time.

BRITTON

A wedding that came as a surprise to their many friends took place in Adrian Saturday afternoon at 3 o'clock when the Rev. Wm. A. Hewitt performed the impressive ring marriage service that united Elizabeth E. Smith of this place and Dale E. Fletcher of Argos, Ind. They were attended by Miss Myrtle Campbell and Milton Powell. Mrs. Fletcher, the only daughter of Mr. and Mrs. Laverne Smith, is well and favorably known here, where she has spent her entire life. She is a graduate of our schools, a talented musician and social favorite. During the past year she attended school at Adrian college where she met Mr. Fletcher, who was also a student there. They left Tuesday evening for Argos, Ind., where Mr. Fletcher has a position as railway auditor and where they will reside. There are many frinds who join in the heartiest of good wishes for their future happiness.

O.E.S. Has Feature Meeting Tonight

Will Hold Past Matrons' Night With Musical Program and Refreshments.

At its meeting this evening Tecumseh Chapter, No. 51, O. E. S., will hold the first meeting of its kind in the history of the local organization.

It is to be past matrons' night, with a special program of interest.

The usual business session will be held first and then the special numbers will be given. There will be musical selections and readings, and refreshments will be served.

The past matrons will be the guests of honor and the occasion is to be made one which they will remember for years to come. Those past matrons who have been out of town have been notified of the event and urgently requested to be present.

It is expected there will be a large attendance.

Tecumseh Can Get More Street Oil

Petitions Must Be Filed at Once, However, Purchasing Agent L. E. Temple, Asserts.

Two more cars of street oil can be obtained for the residents of Tecumseh if those who desire this fluid will make application at once. This is the statement made by L. E. Temple, oil purchasing agent for this city.

He says the original order was for four cars of oil, two to be shipped as soon as possible, the others when he called for them. One car has arrived and has been spread, the other being expected any day.

If there are more people who desire to have their street oiled Mr. Temple advises them to place their petition before him at once and he will put in an order for it, being assured the price will be the same as for that already delivered. Enough petitions must be filed to take a car of oil before the order can be sent. Those wanting some of this excellent dust-laying fluid are urged to act at once or the standing order for the two other cars will be cancelled.

It is pointed out that it is not too late to spread the oil now. Last year the last car was not delivered and spread until September and yet much benefit resulted. If enough come forward at once the order will be placed immediately and the oil received in plenty of time to keep the dust down for the balance of the summer and throughout the fall.

GIVEN A SURPRISE ON HER 85TH BIRTHDAY

A party of neighbors gathered at the home of the Misses Alvina and Julia Luce on Maiden Lane Friday afternoon as a surprise, honoring the birthday of Miss Alvina. This was the lady's first surprise party and was very much enjoyed by all present. Ice cream and a birthday cake furnished dainty refreshments. The cake was ornamented with 85 candies, each one representing a year of the honored lady's life. Many gifts of flowers of the season and other remembrances were left by the guests.

Those present were Miss Julia Luce, Mrs. S. Cutting, Mrs. W. R. Curtis, Mrs. Frank Wallinger, Mrs. Lydia McIntyre, Mrs. J. Morris, Mrs. Mary Ives, Mrs. Percy, Mrs. E. H. Ahrens and Mrs. H. Becker of Pontiac, a former neighbor.

The game is to begin at 3 o'clock.

These teams are said to be quite evenly matched and an interesting clash is anticipated.

West Branch Will House 3 Classes

Kindergarten and First and Second Grades to Study in Repaired School Building.

The board of education is having the West Branch school made ready for use in the fall. New windows are being put in to replace the broken glass, the furnaces are being repaired and seats brought from the new school. It is planned to have the kindergarten, first and second grades hold forth in this building to overcome the crowded condition of last year.

Even more room will be needed this year than last, as several of the nearby district schools are to close, it being found more economical to send the children to school here.

The rooms vacated in the new building will give the music and drawing classes one or two rooms and free the agricultural room of several classes, which last year interferred with their work.

The school board has also contracted with the American Metal Weatherstrip Company of Grand Rapids to place their product on all buildings before the opening of school.

The school year begins September 6, but several of the teachers have not been engaged as yet.

Committees Named For the Sports Day

Plans of American Legion for Fun Festival August 25 Are Progressing Favorably.

From now on the preparations for the sports day to be held in Tecumseh Wednesday, August 25, under the auspices of the local post of the American Legion will be rushed to completion as committees have been appointed and are already busy. As the plans for the day develop it becomes more certain to the promoters the coming sports day will be the most pretentious affair of the kind ever held in this city.

There is to be a parade at 10 o'clock in the morning which will contain attractive floats representing the various merchants and other business enterprises, several bands, etc. Later in the forenoon the sports program will be held on the business streets, these to be followed by a ball game at Athletic park in the afternoon. The Tecumseh Independents will be one of the teams to play, their opponents not having been selected as yet. During the day and evening there will be free vaudeville stunts on the streets, an aeroplane will do fancy maneuvers, there will be side shows of various kinds, a country store and dancing.

Frederick C. Hanna is the general chairman for this festive occasion, the various committeess being composed of the following:

Advertising—H. Bricker, chairman; R. K. Anderson, F. Croll.

Parade—H. H. Hanna, J. Satterthwaite, Dr. Mater.

State Police Fail To Locate Trouble

Detail of Constabulary Here Three Days in Answer to Letter Requesting Protection—Are in Need of Recruits.

Sent here to quell an anticipated disturbance and prevent the destruction of property, a detail of the State Constabulary spent three days in Tecumseh and failing to find any violent outbursts or near-riots, departed from this city, their visions of action after a prolonged quiet spell proving a mirage.

The detail of trouble dispellers consisted of four mounted members of the State Police, who rode into town Sunday and created not a little excitement. Corporal R. S. Masters of Lansing was in command of the troopers, the other three being Lyman E. Shrader of Plymouth, Wm. W. White and W. A. Weaver, both of Lansing. They made their headquarters at the Murry hotel, their mounts being quartered at the Mater barns.

Corporal Masters, on being interviewed, at first said he was not permitted to tell why they were here but admitted they would take recruits, as they were in need of men. Later he asserted he was soon scheduled to make a patrol of this part of Lenawee county, so thought he might as well do it now as later. Asked if there was not another reason for the constabulary being in town at this time he confessed they had been sent here under orders from the state headquarters in Lansing. He said he was given to understand there had been a strike on in Tecumseh for some time and anticipating trouble if strike breakers were imported some one had written to Lansing requesting some state troopers be sent here to prevent destruction of factory property and to disperse any gangs that might congregate with the intention of creating trouble. Corporal Masters declared that although his detail had been very vigilant, no disturbance had been brought to light and as he saw no indications that there would be an outbreak of any kind they would leave. Hudson would probably be their next stop, he said, as there is a divisional camp there where the horses of the men who were sent here would be given an opportunity to rest.

The troopers rode out of Tecumseh Tuesday afternoon.

Tecumseh Now Has Population of 2,432

Census Figures Show Adrian Has 11,488 Residents, Clinton 961, Britton 383.

This city is the home of 2,432 persons.

These are the official population figures issued by the census bureau at Washington.

As Tecumseh for years has had a population of about 2,500 the taking of the last census has shown no material change in the size of the city, but has emphasized the fact that it still is "The Biggest Little Town in Michigan."

The official census figures give Adrian a population of 11,488.

Incorporated places in Lenawee county not including the county seat are given the following population figures in the official data, the result of the 1910 census also being presented to show what towns gained during the past ten years:

Town	1910	1920
Tecumseh	2332	2432
Addison	474	416
Blissfield	1474	1906
Britton	370	383
Clayton	372	306
Clinton	1011	961
Deerfield	443	442
Hudson	2178	2464
Morenci	1515	1697
Onsted	398	323

By townships, the 1920 census figures for Lenawee county are as follows:

Adrian township, 1,503, or loss of 162.

Blissfield, including village, 2,618, a gain of 313.

Cambridge, including Onsted, 1,064, a loss of 217.

Clinton, including village, 1,350, a loss of 125.

Deerfield, including village, 1,359, a loss of 34.

Dover, including Clayton, 1,231, a loss of 66.

Fairfield, 1,673, a loss of 236.

Franklin, 1,120, a loss of 74.

Hudson, including part of Clayton village, 1,138, a loss of 106.

Macon, 952, a loss of 61.

Madison, 1,243, a loss of 75.

Medina, 1,357, a loss of 62.

Ogden, 1,450, a loss of 248.

Palmyra, 1,431, a loss of 119.

Raisin, 1,201, a loss of 139.

Ridgeway, including Britton, 1,233, a loss of 113.

Riga, 1,739, a loss of 205.

Rollin, including a part of Addison, 1,409, a loss of 48.

Rome, 1,033, a loss of 24.

Seneca, including part of Morenci, 2,953, a gain of 150.

Tecumseh, including village, 2,845, a gain of 82.

Woodstock, including part of Addison, 1,473, a loss of 58.

Has Tonsils Removed.

Mrs. J. W. Cadmus of Ridgeway was operated upon Saturday for the removal of tonsils. Drs. Conklin and Hendershott performed the operation. Mrs. Cadmus' mother, Mrs. James Wood, is assisting at the home.

ILL FOR A LONG TIME, LOUIS MONAGHAN DIES

Louis Monaghan died Thursday night at his home near Wampler's lake, aged 48 years. He had been ill for some time. The funeral was held Saturday afternoon, with burial at Cambridge Junction.

Mr. Monaghan was the son of John W. Monaghan, one of the pioneers of this locality, and is survived by a sister, Mrs. Irving Finch, of Adrian and a half sister, Mrs. Addie Boardman, of this city.

Judge Considering the Murry Tangle

Same Testimony Used in Divorce Case and Suit to Set Aside Deed to Hotel Property.

In circuit court on Monday was completed the testimony in the Murry divorce case, which is of especial interest to Tecumseh people as the suit involves a local couple. Judge Hart has not rendered a decision, stating he would take a few days to think the case over.

James Murry, landlord of Hotel Murry here, brought suit several months ago against his wife, Elma Murry, to have deeds of the hotel property, made to her, set aside. Attorneys in the case agreed that testimony in this suit might also apply in a second action, started by Mrs. Murry, she seeking a divorce on the grounds of extreme cruelty.

The wife alleges the property was purchased with her money in 1919, she consenting to have the deeds made to them jointly, hoping he would cease his habit of looking at the wine when it is red. It is alleged that last winter Mr. Murry got into trouble because of over-indulgence and is said to have signed his share of the business over to his wife, she to help him out of his difficulties. She says he continued to imbibe liquor and she refused to return to him an interest in the business, applying for a divorce, instead.

Charles Robertson of Adrian was attorney for Mr. Murry and Wood & Rathbun of Tecumseh for Mrs. Murry.

Life in India is Vividly Pictured

Home on Vacation, Ruth Daniels, a Missionary, Gives Absorbing Talk at Community Service.

Miss Ruth Daniels of Onsted, home on furlough from her work as missionary in India, gave a splendid address Sunday evening at the community service. The Baptist church was comfortably filled with Miss Daniels' friends and all felt amply repaid.

Rev. W. R. Curtis presided at the service and the opening devotionals were along the missionary theme. Mrs. R. S. Moore sang a solo, "If I Can Keep One Heart from Breaking," and Rev. Curtis introduced the speaker.

Miss Daniels spoke lovingly of her life here as a school girl and the many loyal friends since residing here, then she told of the town of Midnepore about 100 miles from Calcutta, which was her home for six years. Her theme was "The Difference and Likenesses of India and America." Her description of the life of the Bengalians, their sanitation (or lack of it), their diseases were vividly described, but most of all did she dwell on the terrible life of the women over there. Nearly all are married before 12 years of age, but in India are 115,000 child widows under 10 years old, 20,000 under five years and 1,000 under one year of age. The lot of these little girls is inexpressibly hard and they have no hope of release from their bondage.

The caste system of society is another plague on India, of which there are 300. Then they worship 33,000,000 gods and ten incarnations, practicing great immorality in the name of religion. It is for these things the missionary must bring the love of Jesus. Then like us, they enjoy good times, they appreciate love and they are like us in their right to Christianity. They call the religion of Christ the American's religion and have to be shown that He was born in their own continent where the occident and orient meet, that the only religion came from their own side of the world.

Miss Daniels closed her address with an ardent plea for more money, more prayer, more service in this much needed work. "If your duty is to stay in Tecumseh, don't you think God must have a big job for you here?" she asked.

The community service next Sunday night is to be held at the M. E. church, Rev. Edward Escolme to give the address.

DELVES INTO THE COAL SITUATION AT THE MINE

Leon E. Temple, who has just returned from a trip through a coal mine near Pittsburg in which he is interested, reports the fuel situation at present is the most perplexing it has ever been in the history of the business. He was accompanied on the trip to Pennsylvania by Herbert S. Temple.

They arrived in Pittsburg Monday morning, spending the forenoon in conference with mine owners and other business men. That afternoon the two Tecumseh men were escorted through a coal mine about 35 miles south of the Smoky City, this proving an interesting experience. The company which owns this mine has 18 others in that vicinity and some in Kentucky.

Tuesday morning the local men went to Cleveland where the Tecumseh fuel dealer conferred with jobbers in regard to hard coal. In the afternoon they saw the Cleveland and Washington teams play ball. That night they went to Detroit by boat, L. E. Temple arriving in Tecumseh Wednesday morning, while Herbert S. had business which detained him in the Michigan metropolis until last night.

L. E. Temple asserts the principal cause of the present condition of the coal market is that the mines are not getting enough cars. He was told that if the government can get cars to the mines faster production would be increased and the cost of coal decreased. The president of the mining company whose property was visited left for New York Monday night to attend a conference of coal men and government officials, a report of which is to be presented in some of the leading daily papers of the country soon. It is expected the price of soft coal will come down this fall, but production must be equal to the demand if any of this lower priced fuel is to be obtained. It was stated by Mr. Temple he could sell every ton of soft coal which he has contracted for right at the mine for from $9 to $11 a ton, spot cash.

GAYLE D. STEWART AND SARAVEE F. NOBLES WED

Miss Saravee Fern Nobles, daughter of Mr. and Mrs. Merton D. Nobles of this city, and Gayle D. Stewart of Toledo were married Monday in Adrian at the M. E. parsonage, the ceremony being performed by Rev. Earl R. Rice. After a boat trip to Cleveland and Buffalo the young people will return to Toledo, where at 1408 Palmwood avenue they will be at home to their friends after August 15.

Miss Nobles has resided here nearly all her life. After her graduation from high school she was for some time employed at the telephone exchange, later going to Jackson as operator. She returned from Jackson last spring. Mr. Stewart is the son of Mrs. Ella Stewart, and has resided here much of his life, frequently returning to visit his grandmother, Mrs. Nellie Osterhout. He has held a responsible position as clerk with the Ohio Dairy Company for several years. Mrs. Stewart will reside with her son and bride.

MILITARY FUNERAL FOR PRIVATE ERNEST FELLARS

Funeral services for Ernest Fellers, private, Co. B., 18th Infantry, who was killed overseas and whose body arrived on Monday, were held at the Cambridge Junction Episcopal church Tuesday, July 27, at 3 p. m., with Rev. W. H. Long, of the Presbyterian church of Brooklyn officiating. A military funeral was arranged by the Lenawee County Chapter of the American Red Cross and ex-service men in uniform escorted the body of the deceased from the residence to the church. The pallbearers were Lloyd Glancy, Clyde Glancy, Roy Peavy, Benj. Belcher, Leo Eastlich and C. J. Elliott, all of Onsted, and who were former acquaintances of the deceased. Earl Howe of Adrian had command of the riflemen who gave the salute at the grave, they being Theo. Blaska, Faye Barrows and M. L. Pawson of Onsted and Sgt. W. F. Ward of Adrian. Fred Underwood, Carl G. Brenner and J. N. Price of Adrian and James Lane of Hudson acted as honorary bearers. The bugle was sounded by J. Will Kirk of Adrian.

MRS. HELEN M. FORESTALL, CLAIMED BY DEATH; WAS LIBERAL TO METHODISTS

Mrs. Helen M. Forestall, a resident here for the past 45 years, passed away Saturday at 6 p. m. at the home of Mrs. Annie B. Smith, where she had resided for four years.

Several years ago she sold the house on East Pottawatamie street which had been her home many years to Gustine Sisson and for a time lived with her nephew at Three Rivers, but the longing for her Tecumseh friends grew so strong she returned and this has been her home since.

Owing to her advanced age, she being 81, she had been very feeble of late, but was kindly cared for by Mrs. Smith and Mr. and Mrs. Daniel Austin until the final summons. On Monday the remains were sent to Constantine for interment in the family lot. All of her immediate family, which consisted of her husband and two children, have preceded her.

Mrs. Forestall was an ardent Methodist, her interest largely centering in the Woman's Foreign Missionary society of that church. When she was 60 years of age she took out an annuity in that denomination of $1,000 and about a year ago another of $1,500, making the church her beneficiary to this amount.

MORE NAILS HAVE ARRIVED

For our hardware department we have just received a shipment of Nails, Bolts, Files and a number of other articles. If in need of hardware remember we can supply your wants at prices that will please you.

ROOFING, ALSO

We now have a large supply of roofing as we have just received a big shipment. Certain-Teed Roofing is the ideal material for this purpose. Shingles are exceptionally high in price. Certain-Teed Roofing is superior, so why pay the abnormal price for shingles when you can get this material at a much lower figure? Let us convince you before you buy.

FARM MACHINERY

ONLY ONE TRACTOR LEFT

If you are in need of machinery for harvesting and caring for your crops you can never buy to better advantage than right now.

We have but one tractor in stock at present, a Heider, and you will be showing rare judgment if you purchase it. There is no tractor manufactured that is superior to the Heider and if you contemplate buying such a machine by all means see us before investing. We can make a price on this tractor that will move it quickly.

Then, too, we will take pleasure in showing you our line of Ensilage Cutters, Cultipackers, Sulky Plows and the numerous other implements in our large stock.

Bear in mind, we are always glad to see you.

Editorial Comment

THE RAILROADS AND THE COUNTRY BOY.

Where is the farmer boy who used to dream of "braking" it or firing on the railroad?

Gone!

The day was when railroad workers were largely recruited from the farming communities. To the boy who stood behind a plow and watched a train go by, railroading was romance. And so it was easy for the railroads to get him at a comparatively low wage.

But the railroads were slow. They thought they could keep the wages at low tide, even when the tide was setting high on other shores. The country boy soon found he could earn twice as much in the automobile plant, in the steel mills, as motorman or conducter on city street cars, and in many other lines, and with less risk to life and limb. They took him from that which, to youth, is routine and humdrum, and satisfied his longings for a change and to see what was beyond the horizon.

But it was fatal to the railroads. From a first-class recruit at low wages, they had to take more or less cheap and unintelligent recruits from the big cities. These, as soon as they became somewhat skilled, revolted at the low wages. They struck, or they loafed on the job, or they quit it for something better.

The railroads are now feeling the gaff. The same number of men don't do the same amount of work as in the old days. That means more men but with less efficiency. It means higher wages. And the total result is poor railroading, lost dividends and much higher railroad rates.

Some day, perhaps, the country boy will again lend his muscles and his intelligence to our great system of transportation.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Tecumseh people. Ask your neighbor.

Mrs. F. Stauffer, 102 E. Kilbuck St., Tecumseh, says: "Both myself and another of the family have used Doan's Kidney Pills and we well know the benefit they were to us when suffering from kidney trouble. From my own experience, I feel justified in recommending them to those afflicted as I was. I have a lot of hard work to do and being on my feet so much, put my kidneys out of order. My sight became affected, so that I had to wear glasses. My back would get very painful and I couldn't stand it. Many times I had to go and sit down and get off my feet. I would get dizzy by spells, too. Doan's Kidney Pills, from Wright & Son's Drug Store, is the remedy I always have used when I feel any of these symptoms coming on and it hasn't taken them long to relieve me. I willingly recommend Doan's Kidney Pills."
